"Billy, there is another thing which the police did not bring our and which I did not volunteer, but which you and I felt in the pocket in which I ought to know. My excuses for not having stated it before are practically having stated it before are practically to comply with his request. The case, as those I-gave in Bruce's which was an unus case, namely, because I do not be fair, had been presented to me by lieve it has anything to do with the Mrs. Dace, and I would not have lost crime and because I wish to shield it for a great deal, but at the end of a certain individual from annoyance a couple of minutes' search, which and publicity. Under the same unexpanded every nook and cranny of

and publicity. Under the same under the derivative of my raiment. I was compelled to give my raiment. I was compelled to give it as a privileged communication I will tell it to you. It is this: There is one more person, at least, who knew that Uncle Abner occasionally had considerable sums of money on "And you had it last—when?" were and you had it last—when?" were of my large that the course of my large that the cours had considerable sums of money on hand, and to whom I imparted in a casual conversation the circumstance of this particular amount being in the house. I had a little visit with her yesterday on my way downtown after my quarrel with my uncle. In it I told her of Bruce's misfortune:

Also, I once left my keys at her house through my mind until I recalled the occasion of its last use.

"Last evening. After the theater I gave the friend who was with me one of my cards with the request that he call me up some evening when he was house through my mind until I recalled the occasion of its last use.

"Last evening. After the theater I gave the friend who was with me one of my cards with the request that he call me up some evening when he was a longer through my mind until I recalled the occasion of its last use. Also, I—once left my keys—at her house through an oversight and they remained there several days. And lection of putting it back in my upper while. I should bitterly resent even the intimation that she was a conscious party to the crime, it is never the less a crevice through which the information may have leaked. I suppose you would like to hear me out on this line. He slipped his arm

pose you would like to near me out on this line." He slipped his arm through mine, drawing me closer to him.

"By all means. It may prove decidedly interesting. My promise goes to this angle of the case as well as all others. Shoof ahead."

## A Hold-Up

An Oppressive Trust.

Before the Coffee Roasters' Association, in session at Chicago on Thursday, Thomas J. Webb, of Chicago, charged that there is in existence a coffee combine which is "the most monstrous imposition in the history of human commerce."

There is very slight exaggeration about this statement. It comes very close to being literally true. There is a coffee combine in Brazil, from which country comes the bulk of the coffee used in the United States, which is backed by the government of Brazil and financed by it, which compels American consumers, as Mr. Webb said, "to

put up the money through which this combine, There were formerly revenue duties imposed upon all coffee entering the United States. Those taxes were denounced as an imposition upon the people; as taxing the poor man's breakfast table, and the

thereafter Brazil imposed an export duty upon-coffee up to the full amount of the former customs taxes in this country. The revenue which formerly went into the treasury of the United States was diverted to the treasury of Brazil. The poor But this was only the commencement. The "valorization" plan was evolved in Brazil.

Through this plan the government, using the revposes, takes all of the surplus crop in a season of large yields and holds it off the market, thus keeping the supply down to the demands of the market and permitting the planters to receive a much higher price than they would otherwise have done.

The United States consumes more Brazilian cof-

fee than does the rest of the world. We are best customers of Brazil, and Brazil buys little from us. Now Brazil is promoting, financing and maintaining a trust designed, and working effectively for the purpose, to compel American con-sumers to pay an exorbitant price for the coffee they use. What is the semedy?—Seattle Past Iaelligencer-Nov. 19, 1911.

Standard statistics of the coffee tradeshow a falling off in sales during the last two years of over two hundred million pounds. Authenticated reports from the Postum factories in this city show a tremendous increase in the sale of Postum in a like period of time.

While the sales of Postum invariably about malest live and the product of the control of time. known breakfast beverage during 1911 is very likely due to a public awakening to the oppression of the coffee trust.

Such an awakening insturally disposes the multitude who suffer from the ill effects of coffee drinking to be more receptive to knowledge of harm which so often comes as a result of the use of the drug-beverage, coffee.—Battle Creek Benning Newt—Dec. 13, 1911.

## POSTUM

is a pure food-drink made of the field grains, with a pleasing flavour not unlike high grade lava.

### A Big Package About 1½ lbs. Costs 25 cts. At Grocers

Economy to one's purse is not the main reason for using Postum.

It is absolutely free from any harmful substance. such as "caffeine" (the drug in coffee), to which so much of the nervousness, biliousness and indigestion of today are due. Thousands of former coffee drinkers now use Postum because they know from experience the harm that coffee drinking causes.

Boil it according to directions (that's easy) and it will become clear to you why-

### Economic Wintering of Breeding Sheep

The economic wintering of the farm flock is dependent to some extent on their condition at the end of the grazing season and the time at which they have been bred to produce lambs in the spring. If breeding ewes came into the sheds at the beginning of winfer thin and weak from scant pasturage or undue exposure or a combination of the two it will require larger requirities of more expensive feed to the ration in a satisfactory manner.

Women's Secrets

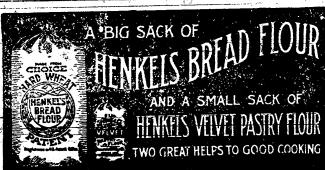

doesn't always hit the mark.

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prestas Buffalo, N. Y.

## .FORD.

The Motor Car with a Record in All Parts of the World for Useful and Satisfactory Services. FORD Model "T," the Motor Car Which Delivers Expectations Without Disappointments. LOWER IN PRICE AND HIGHER IN QUALITY.

The lightest weight 4-cyl. car in the world, size, power and capacity considered-60 pounds for every horse power. If heavy weight is valuable in a motor car, why do not the makers of the heavy

Ford Model "T" Fore Door Touring Car, Fore Doors Are Detachable, For Only \$690, Fully Equipped

the public and carries that snap and grace in appearance that has been the characteristic of all previous FORD models. Many times you are asked the question-Why buy a FORD? The answer is this-You are asked to buy a FORD car for what it will do-based upon what it has done. You are asked to buy a FORD car, because it is a better car—not because it is a cheaper car. You are asked to buy a FORD car because it is the product of HENRY FORD, who is conceded the world over to be the one great genious in the Automobile industry—the man who has forced refinements and improvements in Automobile construction along original lines. No such word as "RISKS" or "CHANCE" can be applied or can be used when you bny a FORD car. You are buying an Automobile that will serve both you and your family—serve your pleasures and your business—that will enter into your life, to the fullest possible extent, with a price that you can well afford to pay, and with an assurance of such conomy in operation that the maintenance of your car will not prove a burden to you.

Many a man has bot his car and then gone "BROKE" running it. The only men that can afford 50 per cent of the various makes of cars sold today, are men of independent means. Unless you are inancially able to throw money away, find out what it is going to cost after you have paid the agent his price. Don't get stuck with a car that costs as much to keep a year as you paid for it. There is where a FORD buyer is safe—nobody, not even competitors, scoffs any more at FOED claims. We have proven too conclusively that in addition to selling a Touring Car for \$690 That's as well built as any \$1500 car made, the car can be driven by the most inexperienced operator, at a lower upkeep cost that

Write, call or 'phone No. 233 for an hour's demonstration and we will convince you that the FORD car is all we claim for it.
