MANY PAPERS DESTROYED
Son of Late Treasurer Testifies Father
Destroyed Many Documents—
Standard Oil Director Testifies His
Company Contributed to G. O. P.

Washington, Oct. 1.—The senate sub-
committee's renewal of the investigation
of presidential campaign contribu-
tions marked the beginning of
hearings that are expected to bring
many of the leading financiers, politi-
cians and candidates to the witness
stand in the next two months.

Cornelius N. Bliss, Jr., son of the
treasurer of the Republican campaign
committee in 1904, was called to pro-
duce any papers in the files of his fa-
ther's estate bearing on the charge
that Mr. Roosevelt acquiesced in the
acceptance of \$100,000 from the Stand-
ard Oil interests in 1904 and in a fur-
ther demand for \$150,000 from the
same source.

Mr. Bliss the first witness.
Senator Clapp Oliver, Paynter and
Pomeroy were present when the com-
mittee went into session. Mr. Bliss
was the first witness. He said he was
an executor of his father's estate and
had sole custody of his father's pa-
pers.

"Have you found any papers bear-
ing on the campaign funds handed
by your father?" asked Chairman
Clapp.

Mr. Bliss placed in evidence a re-
port from the auditor who examined
his father's accounts when he resigned
as chairman of the Republican com-
mittee. He said the records did not
show any contribution by John D.
Archbold or the Standard Oil com-
pany. Members of the committee ex-
amined the records.

No names of contributors to the
1904 campaign fund appeared in the
records.

Bliss Keeps Names Secret.
Mr. Bliss was asked to read his fa-
ther's letter of resignation to Harry
S. New, which also had been placed
in evidence. The letter set forth that
Mr. Bliss had held as confidential the
names of contributors and the amount
of their contributions in the "last four
presidential campaigns in which I
have acted as treasurer."

"I have persistently refused to make
these reports public," the letter read,
because I regard the relations of cam-
paign contributions to party commit-
tees as confidential. I believe the
right to refuse to make public con-
tributions is as sacred as the right
of a man to cast a secret ballot in the
election."

Documents Destroyed.
Mr. Bliss testified that before his fa-
ther's death the elder Bliss went over
all the documents concerning cam-
paign documents and destroyed them.
He also admitted that he himself had
destroyed other papers left by his fa-
ther, but declared that none had been
destroyed could have helped the sen-
ate committee in its investigation.

William H. Libby, a Standard Oil di-
rector, verified the statement that his
corporation made a heavy contribution
to the Roosevelt campaign of 1904.

WILL SELL FRIGATE NIPISIC
Government to Dispose of Ship That
Weathered a Great Typhoon
in Samona.

Washington, Oct. 1.—The old wood-
en frigate Nipisic, for the last few
years prison ship at the Bremerton
navy yard, is soon to be sold by the
navy department. This historic ship
was over six years building at the
Washington-Bremerton navy yard, hav-
ing been launched in 1879.

The Nipisic has performed many im-
portant duties on the Pacific coast
and in the orient. She survived the
terrible typhoon in the harbor of Sa-
mona in March, 1889, when the Ameri-
can steamship Trenton and Vandalla
foundered alongside her with great
loss of life and the German warship
Seeadler sank with her crew.

TAKE MANY ON AIR FLIGHTS
Aviators at Hempstead Aeroplane Es-
tablish Bargain Days for
Passengers.

Hempstead, N. Y., Oct. 1.—Even
aviation has its bargain days now. So
many persons visiting the aerodrome
here wish to make a short flight in
one of the aeroplanes that the taking
of passengers has become a recog-
nized source of income with a number
of the aviators. In order to get the
industry down to a business basis sev-
eral of the aviators have agreed to set
out special certain afternoons of each week
on which they will take passengers on
"grass cutting" flights across the field
at a dollar a piece.

YOUTH IS SUSPECTED
OF MURDER OF FOUR

Tragedy Near Quincy, Ill., is Laid to
Only Surviving Child of
Family.

Quincy, Ill., Oct. 1.—Ray Pfanschmidt,
age twenty, is suspected of
the murder of his parents, Mr. and
Mrs. Charles Pfanschmidt, his sister,
Blanche Pfanschmidt, and Miss Emma
Kaempfen, a school teacher, who board-
ed at the Pfanschmidt home. Blood-
hounds were taken to the Pfanschmidt
home and immediately took up the
trail, going through the woods at the
rear of the farm. Farmers in the vicin-
ity of the Pfanschmidt home are
openly declaring that Ray Pfanschmidt,
who now is the only surviving
child, committed the deed and
burned the house to conceal the crime.

Young Pfanschmidt was to be married
in two weeks to Miss Esther Reeder,
daughter of Daniel Reeder, a promi-
nent farmer of Adams county. It is
said that the son's father had disin-
herited him, and last week the father
refused to advance the son money.
It has developed that the telephone
wires leading to the house had been
cut and one farmer declares he saw a
man enter the Pfanschmidt farm Sat-
urday night who fitted the description
of young Pfanschmidt. The son has
not been living at home, but was
working with a grading outfit in
Quincy. The mail had not been taken
from the box at the Pfanschmidt
home since Friday night and the stock
had not been fed. Accompanied by
State's Attorney Tony Gilmer and
Sheriff Joe Lipp, the dogs were taken
to the Pfanschmidt farm. Upon his
arrival at the scene of the fire Ray
Pfanschmidt was cool and collected
but appeared greatly agitated. The
accused son claims that he was at
the home of his sweetheart Friday
night, which is true, but the girl said
her lover left her home about 11
o'clock.

KILLING FROSTS REPORTED
Northwest Gets Touch of Winter's
Blasts—lowa Corn Crop Is
Damaged.

Chicago, Sept. 28.—Killing frosts
were reported through the mid-
dle west and northwest. At Min-
neapolis and St. Paul the thermometer
fell to 35 degrees, and there was a
heavy frost. Killing frosts were also
reported at Millington, S. D., Moore-
head and Winnebago, Minn. At Bot-
tineau, N. D., a temperature of 21 de-
grees was reached. Light snows were
reported at some points in Michigan.

The corn crop in Iowa is believed to
have been damaged by the frosts and
unexpected cold. At Keosauqua, Ia.,
the lowest temperature for the state
was reported, 28 degrees.

In Chicago and Illinois points, the
cold continues, and a light frost is
reported.

MAY END THE COPPER STRIKE
Labor Union Officials Hold Conference
on War at Bingham—Strik-
ers Expect Settlement.

Bingham, Utah, Sept. 28.—Several
union labor officials in charge of the
copper miners' strike are holding a
conference at Salt Lake City. Al-
though reports of the Utah Copper
company's activity were not encourag-
ing, the strikers claim they are in a
position to bring about a settle-
ment.

A number of trainmen who are not
on strike, but who are idle as a result
of the strike, asked permission of Su-
perintendent J. C. Schilling of the
Utah Copper company to take a vaca-
tion.

ACCUSED OF \$36,000 THEFT
Rhode Island A. O. U. W. Grand Re-
corder Arrested at Provi-
dence.

Providence, R. I., Sept. 30.—Charged
with embezzling \$36,000 from the
grand lodge of the Rhode Island
branch of the Ancient Order of United
Workmen, J. Irving Davis, grand re-
corder of the lodge and well known
in fraternal circles throughout New
England, was arrested here. When
the warrant charged Davis with em-
bezzling \$36,000, the police say that
the deficiency will amount to more
than that.

MOB ROUTS POLICE

LAWRENCE LEADER WAVES RED
FLAG AND SHOUTS "SHOOT
TO KILL"

POLICEMEN ARE CUT DOWN
One Officer is Stabbed in Back, An-
other One Has His Head Crushed—
Twenty-four-Hour Strike is on
Today.

Lawrence, Mass., Sept. 30.—Closing
in on a squad of policemen who, with
frank violence, had attempted to
force them to disband, the leaders of
a procession of 5,000 textile strikers
stabbed one officer in the back,
crushed the head of another with a
blow from a club and seriously in-
jured several more.

Hundreds of shots were fired during
the "street battle" and in the rioting
that followed. The police were com-
pletely routed and the strikers con-
tinued their parade. The streets are
crowded with strikers and more
trouble is feared. The city, which is
largely composed of mill workers, is
practically in a state of insurrection.

Workers Gather at Station.
Three thousand of the workers had
gathered at the railroad station to wel-
come several hundred visiting sym-
pathetic workers from nearby mill towns,
who had come to endorse the twenty-
four-hour strike, which began today.

After the arrival of the trains 5,000
of the workmen and their sympa-
thizers formed in line to march to the
center of the city. At their head was
Carlo Presca, a prominent member of
the Industrial Workers of the World,
waving a red flag. A squad of police-
men was rushed out to meet the
marchers, with orders to disperse
them. The marchers refused to break
step. The policemen drew their re-
volvers and charged. The crowd fell
back as they saw the weapons, but
gaining courage as Presca and his
aiders spurred them on, they closed in
on the officers, many of them with
drawn revolvers, and a pitched battle
ensued. Policemen Thomas McCarlie
and Special Officer Ludwig selected
Presca. Firing their revolvers into
the air, the officers were about to es-
cape with the prisoner between them
when McCarlie fell to the sidewalk
with two stab wounds in the back. A
moment later Ludwig collapsed from
a blow on the head from a club. The
assailants made their escape.

Exhorts Followers to Kill.
Fred, Presca waved his red flag
aloft again and exhorted his followers
to shoot to kill. The strikers rushed
to shoot the police, wounding many of
them, and then exultantly resumed their
march to the headquarters of the In-
dustrial Workers of the World.

The authorities fear that one of the
greatest strikes in the history of
textile industry is about to begin,
and are considering the advisability
of asking Governor Foss to send state
troops to the scene.

The workers began a twenty-four-
hour strike as a protest against the
imprisonment of Joseph Ettor, Arturo
Giannantoni and Joseph Caruso, who
are to be tried separately for the mur-
der of Anna Lopizzo, who was shot
and killed during the strike riots of
a few months ago.

SOLDIERS PLUNGE TO DEATH
Members of U. S. Service Killed by
Aeroplane Accident Near Wash-
ington—Englishman Killed.

Washington, Sept. 30.—Two more
men died in the effort to conquer the
air. They were Second Lieut. L. C.
Rockwell and Corporal F. S. Scott of
the signal corps.

The men were making a flight at the
College Park (Md.) aviation field when
their aeroplane collapsed while they
were only thirty-five feet from the
ground.

Corporal Scott was dead when the
first of the spectators reached the
wreckage. Lieutenant Rockwell died
soon after he was rushed to a hos-
pital.

Lieutenant Rockwell was the fourth
commissioned officer of the United
States army to meet death in an avia-
tion accident. Two non-commissioned
men in the army also have lost their
lives in air accidents.

Hempstead, N. Y., Sept. 30.—John L.
Yongstaff, a former English army of-
ficer, died here from injuries received
while flying in a biplane with his me-
chanic, Pierre Chavellier.

tion of Thirty-One So-
cieties.

New York, Sept. 30.—A national or-
ganization of the thirty-one legal aid
societies now existing in the large
cities of the United States is to be
effected at a convention here Nov. 15.
The legal aid societies are charitable
organizations which offer the service
of able attorneys to those who are too
poor to pay for this service otherwise.

CRISIS IN BALKANS
GROWS VERY MENACING

War Appears to Be Inevitable—Tur-
key Concentrating 100,000 Men
Along Bulgarian Frontier.

London, Oct. 1.—War between Bul-
garia and Serbia on the one side and
Turkey on the other seems unavoi-
dable, according to dispatches received
here from Sofia and from Athens.
Proclamations have been issued by
both the Bulgarian and Serbian gov-
ernments calling for general mobiliza-
tion of their armies, while Turkey is
concentrating all available forces
100,000 men, consisting of eleven di-
visions of the "Redifs" or reserves, in
the vicinity of Adrianople and along
the Bulgarian frontier.

Reports from Sofia indicate that
crowds in the streets have grown to
tens of thousands, all demanding war at
once while Turkish troops ordered from
Thrace into Albania have been ordered
back to their stations, so that no re-
inforcements have been sent to Salo-
nica, the Dardanelles or Smyrna for
use against the Italians.

Here in London the Balkan situa-
tion is regarded as decidedly serious
only the lateness of the season and
the efforts of the powers to keep the
peace staying off immediate war. Ac-
tively prevailing at the Russian em-
bassy all night and Foreign Minister
Sazonoff completed arrangements to
meet a number of interested diplo-
mats, including the Italian and Turk-
ish ambassadors and Serbian charges
d'affaires today. Hostilities have been
stopped on the island of Samos, where
the rebels are seeking freedom from
Turkey and annexation to Greece.

MAKING PARCELS ZONE MAPS
They Will Be Hurried to Postmasters
as Fast as They Are
Completed.

Washington, Sept. 30.—Preparation
of special maps, with zone circles
marked off in red, for use of postmas-
ters in determining rates on parcels
post packages, is being rushed by the
postoffice department. The maps,
125,000 of which are to be printed, are
to be taken from a so-called "lawless"
map of the United States coast an-
nounced by the U. S. geologic survey.
The necessity of obtaining a perfect map is to prevent
the slightest error in computing post-
age, as such would make a consider-
able difference in the rate from any
given point.

The aim is to get the maps in the
hands of the postmasters as much in
advance of Jan. 1 next, when the law
becomes effective, as possible, to give
them time for study.

During Maneuvers in Saxony
Succumbs to Injuries.

Sonneberg, Germany, Oct. 1.—The
death of another German army aviator,
Lieut. Willy Hefer, occurred here.
He was injured during the imperial
maneuvers in Saxony, when his aero-
plane collided with a tree while he
was making a reconnoitering flight. It
was at first believed he was not seri-
ously hurt, but his body was so shaken
in the accident that he never rallied.

BANK SUSPECT HELD

MAN DECLARED TO BE ONE OF
STRIKERS WHO BEAT POLICE LIEUTEN-
ANT BURNS IN CHICAGO—WOMAN, SAID
TO BE HIS WIFE, IS ALSO ARRESTED.

St. Louis, Sept. 28.—A year's chase,
following the \$320,000 bank robbery
in New Westminster, B. C., ended in
St. Louis in the arrest of J. C. Adams,
who was declared to be wanted as
one of the robbers. The arrest of his
supposed wife, known to the police as
Jeanette Little, in Edwardsville, Ill.,
completed the task of the local police
and private detectives who had been
holding Adams since his arrest early
Wednesday morning.

May Be One Who Beat Burns.
Adams, who is also known as Walter
Stacey, was declared by the detec-
tives to have been one of the two men
who beat Police Lieutenant Burns of
Chicago in a saloon where he tried,
single handed, to capture them on the
night of September 19.

When Adams was arrested by the
St. Louis police he was entered on
the books under the name of Stacey,
and a charge of murder placed against
him. It was explained that he was a
suspect in a local case. Mystery was
thrown about his arrest by the St.
Louis police Wednesday and Thurs-
day.

Picture Identified Here.
In the meantime his photograph,
taken a few hours after his arrest, was
sent to Chicago. There it was identi-
fied as the picture of one of Burns'
two assailants.

At the time of the man's arrest, the
detectives could have arrested his
woman companion, who was walking
on the street ahead of him. They
hoped that by leaving her at liberty
longer they would catch another of
the gang, so she was not molested at
that time, but was kept under surveillance
until she left the city Thursday
evening on an interurban car.

Other Man Is Released.
A man met her at Gillespie, Ill., and
the two got off at Edwardsville and
went to a hotel. The two were arrested,
but according to the detectives, the
man was found to be not the one
wanted and was released.

DIGS UP \$75,000 IN LOOT

Treasure Hidden Fifty Years Ago
Is Found on Mountain
in West.

San Juan, Cal., Oct. 1.—Seventy-five
thousand dollars worth of buried treas-
ure was unearthed by a Mexican bank-
er of Ensenada, state of Sonora, on a
mountain ridge in Benito county, last
week, according to a story told by
William Rogers, who says he acted as
the Mexican's guard.

Rogers says his employer carried a
map true in every detail to the topog-
raphy of the section. Two Mexican in-
borers accompanied the banker and
dug out the treasure chest—an iron
bound oak box, partly rotted with age.
It was discovered eight feet under
ground at the foot of a huge oak tree.
The treasure consisted of \$10,000 in
silver bullion and \$65,000 in gold in-
gots.

It is believed the money was buried
by a Mexican outlaw named Vasquez,
whose band operated in that region
half a century ago.

GREET ANTI-HOME RULERS

Liverpool in Big Demonstration for
Leaders Returning From Stirring
Selfish Scenes.

Liverpool, Sept. 30.—The arrival
here of the opposition leaders against
home rule was made the scene of one
of the most remarkable demonstra-
tions ever witnessed in this city.
Throughout the city cheering thou-
sands marched through the streets,
loudly acclaiming Sir Edward Car-
son, Lord Londonderry and Lord
Charles Beresford, who took such an
active part in the stirring scenes at
Belfast.

Throughout the night all railway
trains and electric lines brought thou-
sands of people into the city from
every direction. The landing stages
and streets echoed with the strains
of music from bands, playing hymns
and patriotic airs, mingled with the
voices of the cheering populace.

WIFE MUST GO TO SCHOOL
Philadelphia Magistrate Issues an
Order in an Odd Case—Girl
is Thirteen.

Philadelphia, Pa., Oct. 1.—"You
must send your wife to school until
she is fourteen years old or you will
be arrested and fined," warned Magis-
trate Boyle after imposing a fine in
the case of John Palasis, whose wife,
Annie, is only thirteen years of age.

The young wife and her father were
arrested on a warrant, charging them
with failure to comply with the com-
pulsory education law. When asked
why she did not attend school, Mrs.
Palasis, who wore short dresses, said
she had no time to go to school, as
she had to get her husband's meals
and look after other household duties.

Mazing May Be Fatal.
San Francisco, Sept. 28.—Stewart
Lane, nephew of Franklin K. Lane, is
dying in a local hospital as the re-
sult of having at the University of
California. He was kept out all night
tied to a tree. Pneumonia followed.

The Fair Peoples Bank Dr. M. F. Stein Wierthner Bros. Kramer & Seckinger Yocum, Marx & Co. Union Savings Bank Louler & Hofer are buying and shipping a good deal of hay. There was a hard frost last Thursday night but it did very little damage here. Albertine Mahrie has returned from a six weeks' visit in Orosoro and Detroit. How many auto drivers do you suppose observe the speed limit of eight miles an hour in the village? Dr. Stein the Detroit optician will be at Dr. Conklin's office next Monday, Oct. 7. See advertisement. Everyone of our six rural mail carriers will get a raise of \$100 a month as they go more than 24 miles in making their rounds. The village have begun to fill the ditches where waterpipes have been laid and tested and others may be tested at once. The weather is not as warm as farmers would like and it looks like rain when they want pleasant weather to complete their work. Mr. & Mrs. R. M. Tenter will go to Lima to visit his daughter, Mrs. Gray and husband, and son, and other friends a few days. John Jackson returned home Saturday from near Cement City where he has been doing mason work for Mr. Eberts who has a fine residence on his farm. Sloat's billiard room has been newly papered and painted by George Sherwood and it looks fine. We learn that Charlie intends to put in another new table. President Louler and Dr. W. A. Klopfenstein went to Detroit Monday to see the representative of the bonding company regarding the water-works proposition. The pipes to be used in installing a new heating plant in the high school building arrived a few days ago and the men are at work on the job. The boiler arrived Tuesday. Misses Louise Goodyear, Ruth Martin, Edna Henderson, Omaha Schabbe, Ruth Ager, Mable Merriman and Ellen Hill went to Ypsilanti Monday where they will attend the state normal the coming year. It is distressing to learn that as the winter approaches and the farmers are preparing to market their poultry, or fattening it for market, that he has to be warned to keep his chicken house securely locked against the nightly visits of the always ready chicken thief. The amusement season is not open yet people, especially farmers are too busy to pay much attention to amusements and that may account for the slim house when the Hooser male quartette appeared at Arbeiter hall for the benefit of the library association. The singing was very good. There was not a large crowd out to the progressive rally last Friday evening. The speeches were very good however, especially that of Mr. Hodge, candidate for sheriff. The music by the girls' orchestra was splendid, one of our citizens remarked that it was the best he had heard in town. At 1:30 next Tuesday afternoon our citizens will have the opportunity of listening to a speech by Woodbridge N. Ferris the democratic candidate for governor. He and a party of prominent politicians will come here in automobiles and if the weather is fair the speaking will be from the Manchester house porch otherwise at Arbeiter hall. Charles Brooks of the Washtenaw Agency, Ann Arbor, has made a sale of the Manchester house to Esob Silkworth of this village. This will be good news for our village. The house has been closed since the fire and we learn that many traveling men have gone to other towns who ought to have remained here over night. The house will be put in such shape as will make it one of the best in the country. A badly smashed up auto in front of Frank Palmer's residence Tuesday morning told of a mishap some driver had the night before. Enquiry revealed that George Smith of Tecumseh was the owner and he ran into the cement cross walk at a rate of speed that induced the occupants of the car to dismount in a not too graceful manner. During the day Hayden's motor trucks were brought here and the car was loaded on and taken away. President Louler telegraphed the bonding company at New York regarding the water works proposition and received reply that they had not taken up the matter. He therefore called a special meeting of the council Saturday night. A motion was made for the village to take hold and finish the contract, but wiser heads think it better to go slow. Engineer Champ of Toledo is in town today making estimates so that the village may go ahead and complete the waterworks.
