VERY Family should first subscribe for the village paper then if they need a county paper, take that. If they need a daily paper, take that. If they are farmers they should take a good farm paper and next they should take a paper or magazine to please and instruct the children-if they are fortunate enough to have them-or a magazine containing fashions and receipts for the good housewife. If they can afford it they might also take a good magazine. This ought to furnish them with a supply of suitable literature for the family.
