For the first time since the militant women of England inaugurated their campaign of violence as a means of setting the ballot, suffragettes made a personal attack on King George in London. # TOTAL ACCIDENTS IN STATE REDUCED

TWENTY-FIVE PER CENT LESS AC-CIDENTS SINCE LIABILITY LAW WENT INTO EFFECT.

THIS RECORD OBTÁINED IN A LIT TLE MORE THAN SIX MONTHS

Number of Non.-Fatal Accidents of Same Class of Emuoyes Decreased From 100 a Day to Sixty-five.

Since the workingmen's compensa tion and employers' liability act went into effect, a little more than six months ago, the average number of fatal accidents to employes of persons, firms, co-partnerships and corporations in Michigan have decreased from two a day to three every two days. This means a decerase of 25 per cent.

The average number of non-fatal accidents of the same class of employes have decreased from 100 a day

These figures are furnished by the state industrial board and are based on the fatalities and non-fatal accidents occurring to the employes of a rear admiral in the Turkish navy, little more than 7,000 employers of labor, from the largest railorad, many facturing and mining companies down to the small shops, where the pay roll does not exceed a few hundred dollars weekly. This record is regarded by those who have the administration of the law in charge as conclusive proof of the wisdom of the legislative in enacting the law at the special session one year ago.

### STEAMER LUGANO HITS REEF; 116 RESCUED

Cause of Accident Still Mystery; Officials of Line Have Been Notlfied.

One hundred and sixteen passengers all of whom were emigrants, bound from Spain to Cuba, with the exception of two first class passengers, were taken off the British steamer, Lugano, ashore on the Ajax reef off the Florida coast, by the tug Rescue Sunday after

The grateful passengers were landed here by the tug. All have been housed in buildings along the docks, cots having been prepared for them before the tug Rescue arrived.

The transfer of the passengers from the ill-fated Lugano to the Rescue, was effected in two hours, small boats being used. Of the passengers rescued, 12 were women, 15 children and the remaining 89, men.

#### Boat Hits Reef.

It was 1:30 o'clock Sunday morning when the Lugano suddenly struck the reef. Captain Penwill immediately realized that the position of the vessel was serious. Distress rockets and wireless calls remained unanswered for hours.

Finally the message was picked up by the United States wireless station here. At the same time, it was intercepted by the tug Rescue, bound for this port. The latter vessel immediately set out for the Lugano and had succeeded in taking on her passengers before additional tugs, sent from here, arrived at the scene.

You can greatly lessen this danger from disease if not altogether avoid these heavy losses simply by letting your stock run to "Sai-Vet" -the cheapest and greatest worm destroyer as well as the best preventive of live stock diseases.

It first destroys and expels the deadly worms and gives nature a chance to put every animal you own in a healthy, vigorous condition. It is the best stock insurance you can get because it costs so fittle and does so much. For one-twelfth of a cent a day any hog or sheep can run to it freely and will doctor themselves.
