Features of City Building in That to Copy. The writer recently heard an eloquent extemporaneous address by Mrs. Villoughby Rodman on features of Euopean city building that was one of he most powerful pleas for the adoption of sane methods in street building and maintenance ever deliv city. In spite of this and the fact that Mrs. Rodman has talked on the

changes which cannot but appea strongly to every hearer.
Still more does the pathos of the matter appeal to the writer, for in this department has many times appeared very recommendation, urged by Mrs. dman, based on her actual observation of the best solution of the ser eral problems as seen in the noted cities of Europe. Several times have we stated the following: When a street in a German city is to be improved, a sewer (and nothing else) is placed beneath the surface of the street. Laterals are run to the curb property line on every lot, whether public-utility services are placed uner the sidewalks and are reached by a minimum amount of labor by digging from private property or the parkway. How much more sensible han our absolutely "fool way" of putting down a costly pavement this

"Bdith! Edith!" come—again through the hush, a hush so deep that Sweetwater received the impression that the house was empty-save for patient and nurse.

Suspense.

Ten minutes after Sweetwater's arrival in the village streets, he was at home with the people he found there. His conversation with Doris in the doorway of her home—had been observed by the curious and far-sighted, and the questions asked and answered their grumbling with a most gracious promise. He met their bitter course, he could tell them nothing, but that did not matter, he had seen that the house was empty-save for patient and nurse. that the house was empty-save for patient and nurse.

This discovery had its effect upon him. Why should he subject this young and loving girl to further pain? He had already learned more than he had expected to. The rest would come him time. But the first the first testing and talked with normal and the who provided, God said 'I will rain he who provided when he who was no who was no who was no who was no when he who provided when he who provided when he who provided when he who provided when

The Kind You Have Always Bought.

The kind you playe Always Bought.

His is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the gamuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to accrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness.

Genuine Castoria always bears the signature of Castoria that for themselves, but the signature of Castoria always bears the signature of Castoria that full that the child has to rely on the mother's watchfulness.
