WILBUR ("WICK") M'LAUREN, Candidate for Sheriff, subject to the Republican Primary.
I am a candidate for the nomination of Sheriff on the Democratic ticket at the August primaries. I do so because I feel that my record as a conscientious public servant, my knowledge of the duties of the office and my experience in handling its civil and criminal business together with my assurance that I should, if elected, I will do more speedily than I would my own, entitle me to their serious consideration. If you want an honest, business like administration of the sheriff's office, vote at the primaries August 25.

THURSDAY, AUGUST 13, 1914

The death of Mrs. Wilson, wife of the president, was a shock to the American people. Her condition had been kept secret until a few days before her passing. The country mourns the loss of a noble woman and sympathizes with President Wilson in his great loss.

It may be that the war in Europe has come just at the opportune moment for this government to assert herself as ruler of the commerce of the seas. There is surely a great opportunity for our manufacturers to get busy at once and secure the South American trade which has mostly gone to Europe. Uncle Sam should obtain all the ships he can, and there must be many idle ones now. There is no need of delay. We advise a thorough investigation of the opportunity by all our tradesmen. The consular department of the government can give much valuable aid. Strike while the iron is hot.

With this issue the ENTERPRISE closes another year and we take this opportunity to thank our friends for their patronage and support. The past has been a good business year with an increased number of subscribers, increased advertising patronage, more job printing and all reasonably prompt in payment. Our correspondents and others who have furnished us with news items have our appreciation and thanks. All has been so harmonious the past twelve months that we shall begin another year next week with renewed efforts to improve the ENTERPRISE still more and work for the betterment of our loved village and her people.

Perhaps it has not occurred to the warring nations of Europe that the conflict they are concerned in is disturbing the peace of the world. It is, however, and it is also costing peaceful nations a lot of inconvenience and useless expense. The money spent annually in Europe by American travelers alone amounts to millions of dollars. Besides, at a time like this, their lives are in jeopardy. They have been making faces at each other over there so long that we had no idea that they would declare war against each other, else the multitude now detailed in the war zone would have come safely home. It is a shame and disgrace besides being a useless and dangerous procedure to go off "half cocked" as it were, instead of giving innocent people fair warning and we don't feel exactly right about it and don't care how soon they know it. They have even planted mines in places where neutral ships sailing over them are blown to smithereens and innocent lives lost. We say stop it at once. Listen to what President Wilson said and let him settle the scrap for you so business can be resumed. Why, you are losing more in "tips" than the whole blooming thing will come to to any of you.

Manchester schools have had a good reputation almost since 1867. The coming year it is thought, gives promise of being more successful even than the last year. The school board in its plans for improvements has been ably supported by the taxpayers of the village and the young people of the village and surrounding country seeking an education, will be given an opportunity seldom obtained in a town the size of Manchester. We have never met the new superintendent, so can not speak of his appearance, but the board says that he comes well recommended. Country boys and girls will find Manchester people are the sort that dispense hospitality with a free hand. Socially and morally Manchester is as refined as any town in the state. We enjoy good lectures, concerts, etc., and patronize good entertainments. Board and rooms can be procured in some of the best homes, by deservingly, well behaved people at moderate prices. There are no better churches anywhere than Manchester, and their influence may be judged by the attendance at the morning services. Copies of the school catalogue are now ready for distribution and we advise the young people of the surrounding country to get one before deciding where to go for an education. Manchester is often criticized by outside people because we have more saloons than some of our neighboring towns. They do not stop to consider that this is a german community and germans drink beer. But there is one thing we wish all to remember, that there is very little drunkenness among Manchester people. Outsiders cause most of the trouble. We point with pride at the number of successes made by Manchester boys and can truthfully say that but very few have gone wrong.

Dr. & Mrs. B. A. Thomas of Detroit, accompanied by Wm. Woodworth, H. T. Bodkin and F. Smith drove here in the doctor's Studebaker Sunday and took dinner at the Manchester house. Several of their old friends had the pleasure of meeting them during their short stay.

The Misses Bertha and Hilda Neyer went to Ypsilanti Sunday morning where they met their sisters Louise who is attending Cleary college, and Amelia of Ann Arbor and all enjoyed a picnic dinner and visit together. Miss Alma Grossman, who attends Cleary college, was also there.

Carl A. Lehman of Ann Arbor was a pleasant caller at the ENTERPRISE office last Thursday. He will be remembered as a son of the late M. J. Lehman, so well and favorably known throughout the county. Carl is a candidate for prosecuting attorney, an office his father held many years ago. He is, of course, a democrat, and his picture will be seen on the 8th page among the fine looking aspirants for office.

James P. Cosgrove

Well known Augusta farmer, announces himself a candidate for the nomination for Sheriff on the Democratic ticket.

Mr. Cosgrove would bring to the sheriff's office, if nominated and elected, eight years' experience as deputy under Sheriff Sutton and Slack.

Mr. Cosgrove enjoys the personal acquaintance and what is more, friendship of hundreds of residents of the county, and being a successful farmer himself and the only democratic candidate outside of Ann Arbor, counts upon the liberal support of those who have learned to know his sterling worth as a tiller of the soil and model citizen in general.

If nominated, Mr. Cosgrove promises to make a clean campaign for election, and, if successful in this, he pledges himself to administer the Sheriff's office to the best of his ability and with strict regard to the interests of the taxpayers of the county. [Adv.]

Mr. Tax Payer.

All those not paying their taxes before Sept. 1st will be charged 4 per cent according to law.

L. F. BLAISDELL, Treasurer.

After Supper Sale

We were quite sure that there would be no lack of buyers at the first Saturday Night Sale—the crowd came—it saw and was conquered—it needed no microscope to discover the remarkable values. The merchandise was here exactly as we advertised it—the prices, well we only know that action began at the stroke of the 7 o'clock bell and continued unabating until closing time.

One can bring a crowd with an offering of big values, but one won't do business unless the prices match the advertisement. We did business.

We have prepared for the 2nd After Supper Sale with another great budget of bargains. We will see a large percentage of the people who came to the first—and a host of friends—because there has been much talk of the plums that were picked at the first sale. So you had better come too—another crop is ready for those who like to buy goods at retail, at less than most stores pay wholesale.

More news on the 8th page. T. B. Bailey has bought a Buick. Frank Merithew has sold Dr. Conklin's farm at Pinckney for him.

Our dealers paid \$1 a bushel for wheat on Tuesday but the price is 96 cents now. T. B. Bailey has sold his farm south of town to Elton Gauntlett and Gauntlett sold to Sam Palmer.

Dr. Klopfenstein went to Toledo Tuesday and brought back a new 1915 Overland, a very handsome car. Gianivan & Good Dramatic Co. all next week under canvas. Better players, better band? That's saying a good deal.

Mrs. Bennett Root left Tuesday for St. Clair to visit her parents three weeks. Bennett will go Sunday for a two weeks visit. Fred Widmayer has begun the foundation for a blacksmith shop in the center of his lot, corner of Exchange Place and Clinton street.

Monday being J. E. Teeter's 91st birthday and G. B. Putnam's 88th, the events were pleasantly celebrated at Mr. Teeter's residence. We learn that Lloyd Conklin would like to move to Albion where his daughter resides. He has the promise of a good position there.

People claim that they can already see a difference in the speed autos are driven through our streets, since a lesson was taught one of them. There was no lack of entertainment on our streets Saturday night and there was a crowd of jolly, busy people, too from all surrounding country.

Miss Edith Diele, who clerks for Yocum, Marx & Co. is taking a vacation this week and has gone to Lansing to visit her sister and husband. Walter Ford and a bunch of the Brooklyn business were in town Tuesday night advertising the picnic at Wampler's lake next Thursday, the 20th. See advertisement on 8th page.

Misses Frances and Louise Goodyear left Wednesday morning for Detroit where they will take the boat for Buffalo, from there they go to Philadelphia, Atlantic City and Greenock, N. J., to visit their brother. The ENTERPRISE press has printed bills for the second Kalamazoo Fischer party at "the farm," Wampler's lake, Wednesday the 19th. The bill says: It's worth going 100 miles to hear Fischer and his orchestra play and sing. "In the valley of broken hearts."

On the 8th page will be found an advertisement of Ann Arbor's big day which most of our readers will be interested in. They intend to have a big time next Wednesday, the 19th, with something doing every moment that is worth seeing and hearing. Let's go. In digging a well last week the workmen discovered coal, samples of which George Sherwood left at the ENTERPRISE office. Coal has before been found under like circumstances and in some fields when digging but we are outside the coal region, only a slight outcropping being found here.

The 28th Michigan Infantry will hold 29th annual reunion at Detroit Sept. 1. Jacob Reichert and John Gumpfer have had a new cement walk built in front of their residences on Clinton street. Phillip Kross of St. Johns has been visiting relatives here and in Freedom this week. He will go to Cleveland to visit his sons. The Panama canal will be opened Saturday for the passage of vessels. A dream of 400 years comes true but not by the people who had the vision.

Albert Grossman and Edwin Bower and family of Jackson came here Sunday to visit relatives and Mrs. John Grossman went home with them. Mrs. L. A. Carey and daughter, Mrs. Frances Dewey and daughter and Mrs. Carrie Fogall of Jackson visited their sister, Mrs. F. D. Merithew, and husband and other relatives here Sunday. Mr. & Mrs. Hiram Parr, who left here on the 3rd expecting to visit relatives in England, returned home Tuesday night. The European war was declared after they left home and they were unable to get passage on the liners.

An Auto Factory For Manchester?

Providing the Village Demands a Site and Our People subscribe for \$15,000 in Stock. A few days ago representatives of a Motor Car Co., from Detroit were here and President Kingsley showed them desirable sites for a factory of that kind. They were quite favorably impressed and have written him that they would like to get his idea of their proposition would appeal to the people here, before the board came to look over the site, etc. They claim to have contracted for all the cars they could make the first year. Have passed all the experimental stages, and have dies and patterns so they could start turning out cars in 60 days. The plant would require from 50 to 200 men at production increased. If \$15,000 is furnished by Board of Trade they agree to deposit to be held in trust, this amount of stock, with the understanding that after the third year they are to start paying the same back at the rate of no less than thousand dollars per year, they to pay 5 per cent on unpaid balances.

Palmer-Randall Annual Reunion

Over 100 Members of the Families Meet at Randall Sisters in Bridgewater, Friday, Aug. 7th. A tent had been made of canvas stack covers under which long tables were erected and loaded with things good to eat and drink and there the eighth reunion was held of the two families who have been so closely identified with the affairs of this section since the early pioneers came from "York state" and settled in the then new west. Fred Randall, the president, called to order, and all sang "America," then Carlos Holmes offered prayer. Mrs. O. J. Harper, secretary, gave an account of the last meeting and Treasurer Wm. Johnson told how carefully he had managed the finances and saved \$18.49 for future blowouts. Mrs. W. C. Palmer of Brooklyn gave some historical data: Those who have passed to the great beyond since the last meet are Mrs. E. C. Calhoun of Manchester, Mrs. Babcock of Norvell, Mrs. By Randall of Ollinton, Mrs. E. J. Bindall of Jefferson, Mrs. East Miller of Cement City; there has been an addition of four by birth. Little Leone, Lucie of Napoleon gave a recitation and pleasing remarks were made by Dr. E. N. Palmer and brother Ara of Brooklyn, Angelo Palmer of Jackson, Mrs. Josh Palmer of St. Clair. Letters were read from some who could not attend, one from Mrs. Cole of Norvell, who is the oldest remaining member of the family. Another was from people visiting abroad. Mrs. R. D. Palmer of Napoleon sent a recitation. Songs by Hazel Brooks were enjoyed and concluded a pleasant afternoon. Carlos Holmes was elected president, Mrs. Bert Martin secretary and the funds will remain in Will Johnson's hands. The next meeting will be held at Don Palmer's, south of Ollinton, the second Friday in August 1915.

The Jackson County Fair Some idea of the size of the coming Jackson county fair, which is to be held at Keesley park, Sept. 14 to 19, may be gained from the fact that more than 100,000 square feet of tent space will be necessary to house the exhibits which will be entered by farmers and manufacturers of Jackson county. These figures, however, do not cover the entire space necessary for the exhibition as fully as much more space, not under canvas, will be used in housing stock and concessions. Farmers throughout the county are entering into the promotion of the fair and there is no apparent reason why the exposition should not be a success. Every day will be a big day. There will be plenty of free attractions and hundreds of exhibits of all kinds. The racing program will equal any similar list of events in neighboring counties. Races are to be staged in which Jackson county horses only can be entered. Attractive prizes are to be offered for these events. As the Jackson county homecoming is to be held at the same time as the fair many former residents should be attracted to the county during that time. The program list for the fair is already out and is being distributed. W. B. Benoit is secretary.

She will come home soon but expects to live in Royal Oak. THE UNIVERSAL CAR. Buyers to Share in Profits Lower Prices on Ford Cars. Effective from August 1, 1914, to August 1, 1915, and guaranteed against any reduction during that time: Touring Car \$490 Runabout 440 Town Car 690 F. O. B. Detroit, all cars fully equipped. (In the United States of America only)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 800,000 cars between the above dates. And should we reach this production, we agree to pay as the buyer's share from \$40 to \$60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914, and August 1, 1915. For further particulars regarding these low prices and profit-sharing plan, see F. C. HUBER, Prop. T. E. SCHAIBLE, Sales Representative.
