Young Kipling as a Mimic. The house whose layout and appearance are here illustrated contains near Bideford in Devon and the scene of "Stalky and Company," is report in T. P.'s Weekly as telling an interesting ancedote of Rudyard Kipling, PORCH dating from the time when Kipling himself was a boy at school at Westward Ho.

"It appears that Beckwith, the aquatic expert. came to Westward Ho to give an exhibition from the pier, which was crowded with the usu summer sightseers and a fair sprinkling of boys from the school. After some evolutions in the water the swimmer commenced a series of diving performances, and it was after ational dive from the top of the pier that the spectators were amazed to see a chubby, stocky boy run to the edge of the pier and repeat the dive, with all the mannerisms of the Inquiry elicited the fact that he boy was named Kipling, and it is ident more than any other that the Bideford people remember the now famous author."

"Heat Lightning" Merely Far Away. eight rooms. It is 27 feet wide and be used for a lounging room. The open grate suggests much comfort in
this little reception hall.

## Eviction of Cockroaches Is This Man's Specialty T. PAUL, MINN.—The pronounced unpopularity of cockroaches in restau-

ant kitchens has given rise to a strange business, of which Charle Geraint, 9 West Delos street, is the chief exponent in St. Paul. Geraint guerantees complete immunity from cock-

month or the year.

Nothing worse could happen, res-Nothing worse could happen, res-faurant-keepers say, than the finding It is a mistake to regard sheep simby a customer of a cockroach in his ply as scavengers. Three hundred young cockroaches Overpruning induces the growth of

box of breakfast food is one of the most select places for a nest.

When Mr. and Mrs. Cockroach series in better property on a smell the wonderful powder that send the most select places for a nest.

When Mr. and Mrs. Cockroach series in better property on a smell the wonderful powder that send the most select places for a nest.

When Mr. and Mrs. Cockroach series in the product of a moving van jet by all their family, and good brood mares.

Calves may be fed slage as soon as they are old enough to eat it.

Do not throw away old broken plass that a pligrimage.

Geraint does not pretend to have any influence with mosquitoes, potato bugs, beetles or gnaits. One day a customer who had laken out a guarantee contract lebeled "no cockroaches," summoned Geraint, pointed to a sward of an and looked reproachfully at the cockroach slayer. The ants paid no attentiant of simmlessed of the ants or his money back.

When the man demanded the instant dismissal of the ants or his money back.

When Mrs. Cockroach special tissed if the state of the sign of wards and shelf to the strong of the product of a ward of a cupful of pour two cupfuls of milk and bake in a tube power the pastry flow with a half teach of the big hotel and looked reproachfully at the cockroaches shaped and estant and looked reproachfully at the cockroaches are with the chees, esaed in the ready as the cupfuls of a cupful of pour two cupfuls of milk and before reamy, and the activity of pastry flow with a half teach the cupfuls of pour with a half teach the strong of the pour two cupfuls of milk and before. Flavor with a number of chickens is the white so fix a cupful of pour two cupfuls of milk and before pastry flow with a like the morn with the chees; eason of a cupful of the cupfuls of pastry flow with a fourth cupfuls of a cupful of the twick the case as as alad.

rible had struck the place.

"John!" he called. "Jake! Jim!"
They were his oldest men. Some had been in his service for twenty years and naturally the proprietor wished to give them a cheery greeting on his home-coming. Three men stood before him. He didn't know them. He took several looks, turned to his books for a few moments and once again called the men. once again called the men.

Mr. Fay took a good look.
"What th'"—. He looked hard at the men; then at his other waiters. It was apparent that something revolutionary had happened. It was an avalanche of whiskers. The men led Mr. Fay back to the kitchen. There, in nspicuous place, was a sign reading:
"No one will be allowed to wear a mustache here in the summer."

"No one will be allowed to wear a mustache here in the summer."

Mr. Fay took another look. Not one of his faithful old employes had a mustache. When he started away for a few days vacation they had all kinds of adornments. The joker had scared all the employes and within the last few days the barbers had shaved clean just twenty-five of the employes.

Spray your trees whether they have coupled with proper care about introducing infection, will keep cholers out is just as important as in years of the heavy crops.

control of the nerves."

Judge Torrison ordered Jensen to pay his wife \$12 a week.

enter this expensive-looking hostelry, a porter swooped upon him and enatched from his hands the ancient carpetbag that held his slender ward-"This way, suh!"

"This way, sun!"

He followed the porter to the desk, painfully conscious of the figure he cut, uncouth, out of place. A clerk of lotty mien placed an open register before him.

"Write your name here."

Mark wrote it.

"And your town."

Mark hesitated—and then, with a dogged lowering of his head, firmly wrote the name of that city.

In the dining room that night many smiles were cast at the raw country. He followed the porter to the desk,

"A good many, I expect."
"Dozens!" Henley snapped. "Dozens!" Enough, if I gave em all jobs, to cover the Quinby mills three deep with incompetents in a year." Suddenly Mark felt anger, hot an-

ger, at this arrogant young man, not so many years his senior, who baited philanthropists with as faint scrupling as he rough-handled the seeker of "If that's all you want—what are
