

THREE PARTIES MEET IN STATE CONVENTIONS

Harmony Prevails at Detroit Kalamazoo and Bay City Gatherings

PROGRESSIVES FAVOR DRY SIDE IN RESOLUTIONS

Tickets Are Named and Platforms Are Adopted—Osborn, Ferris and Roosevelt Are Speaking Stars

The three leading parties of Michigan held their state conventions Wednesday. The following is a brief statement of results:

Republicans at Kalamazoo. Kalamazoo—The republicans held their state convention here Wednesday. It was perfectly harmonious throughout. The big speaking feature was the address of Chase S. Osborn, the candidate for governor, who was received by the convention with great applause. There was practically no friction on the platform.

The only contest on nominations in the convention was on auditor-general, O. B. Fuller being nominated for a fourth term by a vote of 870 to 570. His opponent was Dr. A. W. Seidmore, of Three Rivers. Coleman C. Vaughan, of St. Johns, was nominated for secretary of state by acclamation. The others were re-nominations.

The following is a brief statement of the resolutions adopted. Demand changes in tax system to more equally distribute burden of taxation. Demand improvements in workmen's compensation law to allow greater compensation.

Demand laws improving relations between capital and labor. Demand reformation in primary system to cure present apparent defects. Urge more aid for state highways.

Demand a protective tariff and the fixing of schedules by a non-partisan, expert tariff commission. Condemn action of Democrats in using war as pretext for levying extraordinary tax.

Indorse and commend Republican state ticket. Following is the newly named Republican state central committee:

First district—Geo. W. Yerkas, Ann Arbor; John D. Mackay, Detroit. Second district—E. St. Dubois, Ann Arbor; Clark E. Baldwin, Adrian. Third district—B. B. Gorman, Coldwater; Otto Hing, Kalamazoo.

Fourth district—W. E. Brown, Marcellus; A. A. Anderson, Hastings. Fifth district—Claude T. Hamilton, Grand Rapids; Walter Little, Grand Rapids.

Eleventh district—C. J. Gray, Kalamazoo; M. B. Lloyd, Monroeville. Twelfth district—R. H. Shields, Houghton; Robert A. Douglas, Ironwood.

Thirteenth district—John S. Hagarty, Detroit; Clarence W. Burton, Detroit. At large—Fred Alger, Detroit. A. H. Vandenberg, Grand Rapids. Gilbert M. Dams was re-elected chairman without opposition.

Democrats Meet in Detroit. Detroit.—The democrats of the state held their convention here Wednesday. There was very little friction at the expected opposition to Chairman Shields and what is termed "the organization" did not materialize on the floor. There were no contests on nominations nor on planks in the platform.

The big feature of the day was the address by Governor Ferris which was received with great applause by the delegates. Other speakers were also greeted with enthusiasm. The resolutions were adopted unanimously. They "point with pride" to the democratic national and state administrations, praise President Wilson and Governor Ferris and make a few recommendations for changes in state administration. Among the recommendations are:

Legislation designed to aid settlers on uncultivated land in the state, provide better market facilities, and the employment of convict labor in the preparation of fertilizing material. Submission of a constitutional amendment for the short ballot. State civil service. The establishment of a public utilities commission. Legislation designed to prevent the majority party from controlling election boards. The establishment of a mediation board composed of the governor and attorney general at the time of strikes. The public utilities reorganization is on the same lines as legislation in

Progressives at Bay City. Bay City.—The state convention of the progressive party in Michigan was held here Wednesday and was generally quite harmonious. The big feature of the occasion was the presence of ex-President Roosevelt, the national leader. His address was received with great enthusiasm. Quite an argument followed the presentation of a resolution by Ralph Hall Ferris, of Detroit, favoring the submission of amendments to both the state and national constitutions prohibiting the liquor traffic. The wording was finally made satisfactory to all and the plank was adopted. The convention also went on record as opposing the liquor traffic.

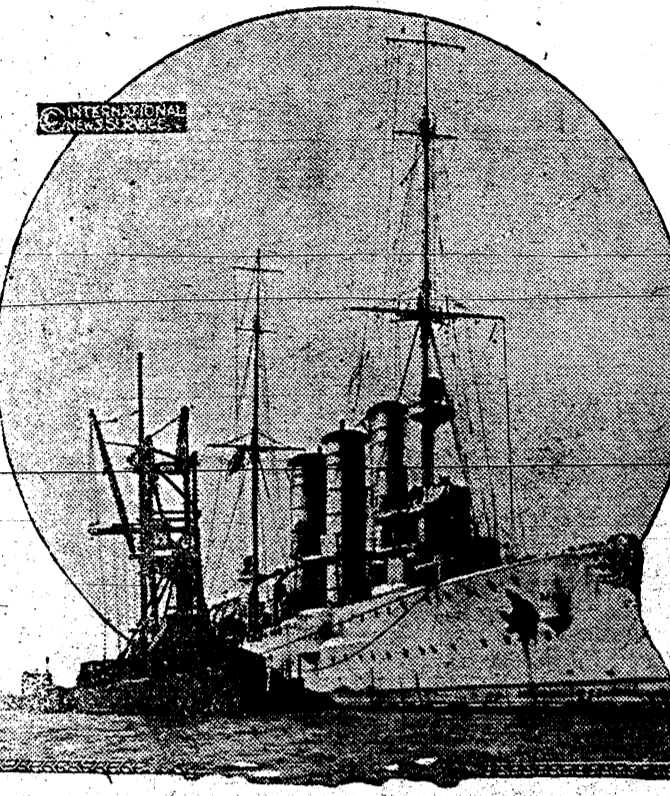

The platform as adopted declares the party in favor of equal suffrage, the short ballot, an improved primary law, non-partisan municipal, township, village, county and judicial elections; the abolition of party columns on state election ballots and provision for grouping the names of party candidates under the respective offices to which election is sought; a national presidential primary and the recall. They also favor a law making every employer grant his employees two hours leave of absence on election day.

The recall plank favor a review of judicial decisions on constitutional questions. The initiative and referendum were also included. Members state central committee were chosen as follows: First district, John F. Smith, Detroit; Wesley L. Nulton, Detroit; second district, John Brown, Jackson; Wm. H. Barrett, Adrian; third district, John Wagner, Battle Creek; V. U. Hingorford, Coldwater; fourth district, O. K. Harvey, Constantine; J. W. Harri, South Haven; fifth district, E. G. Lester, Grand Rapids; sixth district, J. C. Lansing; E. B. Howitt, Birmingham; seventh district, W. O. Lee, Port Huron; W. T. Bopp, Bad Axe; eighth district, D. M. Christian, Owosso; J. C. Hollister, St. Johns; E. Cantelero, Ch. Grand, Paw-taw; Dr. Nelson, Lake City.

Miss Lorna King, 35 years old, of Wilson, died suddenly at the county fair at Alpena, where she had brought some articles to exhibit. Following the recommendation of Assistant Attorney-General Pepper, who investigated the primary election scandal in Flint, the council Monday evening divided the third precinct of the first ward, where the registration and voting frauds occurred, into two precincts. The upper half will hereafter be known as the fifth precinct.

With the intention of holding the largest poultry show ever held in Barry county, the members of the Barry County Poultry association have begun a campaign to enroll in the organization every fancier in the county. The show will be held the last week in January.

GERMAN CRUISER OFF CALIFORNIA COAST

BATTLE OF AISNE STILL GOING ON; BOTH LINES HOLD

Allies Claim Slight Advance, While Germans Insist They Have Repulsed Enemy.

SILENCE FORTS AT ANTWERP

Two Dutch Outworks Put Out of Action in Report From Berlin—Kaiser's Troops Never Cease Furious Onslaught on Allied Lines—Russian Attack, Now Extended Along Entire Battle Front.

London, Oct. 5.—The three weeks' battle in the vicinity of the Aisne river is still undecided. Neither the Germans nor the allies claim any decisive victory, although the French and British troops have advanced beyond the Aisne and are still crowding back the Kaiser's forces. On the other hand, the Germans contend that the great battle remains a draw. They are described in official Berlin dispatches as hammering the French positions at various points with heavy artillery and that attempts by the allies to break through the German lines have been repulsed. These Berlin dispatches report the heaviest losses in the Argonne regions.

The allies' great turning movement continued today and their western wing extended toward Arras. Reports from the other end of the line on the frontier show the progress of the allies to be slow but sure.

German Success at Antwerp. Berlin, Oct. 4, via Wireless to Sayville, L. I.—The following official announcement was made today: "In the siege of Antwerp Forts Wavre, St. Catherine and Dorpeld have been taken and Fort Waelhem invested. Termonde, an important strategical point, has been occupied." Report Repulse of Germans.

London, Oct. 4.—The Germans attacking Antwerp attempted to cross the River Nethe today and were repulsed with heavy losses by fire of the Belgian artillery. At Fort Duffel the Germans were so severely handled by the Belgian artillery that they sent a flag of truce to the Belgian commander asking for an armistice of two hours in which to collect their dead and wounded. Fearing a ruse, the Belgian commander declined.

In taking a new position on the Nethe yesterday the Belgians destroyed all bridges over that small tidal river. They threw up strong intrenchments in positions not commanded by the guns of Fort St. Catherine.

Protected by field artillery, German engineers attempted to throw pontoons across the Nethe, but the Belgians from an advantageous position concentrated big-gun fire on the pontoons and destroyed them. The Germans persisted in bridge building, but eventually were driven back with heavy loss.

Dispatches from Amsterdam say King Albert was an observer of the successful defense of the river. The German attack today was violent, but the greater part of the first line of Belgian defense is intact and the invaders have been unable to threaten seriously the second line. Their most furious bombardment has been against Forts Waelhem and St. Catherine, but there is no reason to believe that either of these forts has been reduced.

The siege guns of the Germans are not numerous enough as yet to endanger these forts, although great damage has been caused by shells.

Allies Claim Progress.

London, Oct. 4.—The allied left has assumed the offensive against the Germans and has made several important advances in their flanking movement, according to the official announcements made in Paris today.

It is announced that the allies "have made progress in the region of Soissons, where some of the enemies' trenches have been captured." The statement of the French ministry of war does not claim that any decisive action has been won, however. It says the battle still is in full swing.

The reports which come from German sources carry exactly the opposite news. One official statement given out today said: "On the western wing a new French attempt to encircle our forces has been repulsed. The French have been ejected from their positions south of Roye."

This statement also claims that the Germans have gained on the eastern end of the long battle line and that sorties made by the French from the fortress of Toul have been repulsed.

The turn in the battle came, according to the Paris report, after the repulse of the German attacks on the line running to the north from Roye to Arras. The Germans had been pounding at the allied lines in this vicinity for three days, most of the fighting being at close range, with many bayonet charges on both sides. This fighting has resulted in terrific losses to both armies.

The plan of the allies is believed to be the same which has been attempted numerous times in the last three weeks. Their object is to encircle the German right and to force it on to the Belgian or Luxembourg border, or to cut the line of communications.

The Germans are strongly intrenched in their new positions, and it is certain that the battle will last for many days with heavy sacrifices.

GERMANS REPULSE ALLIES.

Berlin, Oct. 3, via Wireless to Sayville, L. I.—According to announcement made in Berlin today the great battle in France is still undecided. The Germans are described as hammering the French positions at numerous points by their heavy artillery.

The attempts of the allies to break through the German lines have been repulsed. The heaviest losses have been in the Argonne region. The Germans continue to make steady progress.

The fighting in France, the siege of Antwerp and the offensive operations under General von Hindenburg in the east, all going on the same time, are taken in Berlin to indicate that the German army is not lacking in men.

Struggle With Russians.

London, Oct. 3.—The great struggle between the armies of Russia and Germany, the latter re-enforced by the remnants of the Austrian forces, has begun. Upon the outcome of the series of battles now in progress all along the great front from the Baltic on the north to the Austrian stronghold of Cracow in the south the fate of Germany hangs, according to the opinion of many military authorities.

Germany now faces the supreme test of checking the great Russian armies which threaten invasion. Unless the Russian armies can be decisively checked all along the line Germany will be forced to wage a retraining campaign in defense of Berlin.

For this decisive campaign an army of 800,000 Germans and Austrians has been assembled just inside the Russian Poland frontier from Cracow through Czenstochowa to Kalisz.

Germans Claim a Victory.

London, Oct. 4.—The battle is still raging along the East Prussian frontier. According to the Berlin reports the Germans have scored a victory over the Russians, who had pierced their center at Augustow. The battle of Cracow is developing more slowly than anticipated. A dispatch from Amsterdam to Reuters' Telegram company says: "The German commander at Konigsberg, East Prussia, has officially an-

nounced that the Russian armies in the battles of October 1 and 2 lost 3,000 prisoners, 18 big guns, many machine guns, and much transport material."

Fresh Troops Meet Germans.

On the Battle Front, Oct. 2.—Heavy re-enforcements for the allies, made up of East Indian troops and territorials, the latter including a Scotch regiment of sharpshooters, have been hurled at the right wing of the German army, which is giving way foot by foot before the terrific onslaught.

The fresh troops are continuing the recent terrible hand-to-hand conflicts occasioned by the intrepid Germans, who are attempting at times ineffectual sorties.

Not only have these new re-enforcements prevented the Germans from breaking through, but they have gained ground, although at a terrific loss.

No intimation has been given by officials regarding the number of fresh men sent against the enemy on the west. Various guesses have been made, some as high as 70,000.

It was learned that further re-enforcements are expected momentarily. Colonial troops are on their way, but a few of whom have been service in South African and other campaigns.

The German forces on the west appear to be wearing out from excessive fighting. Some of the corps have been almost wiped out.

The German attacks in the last twenty-four hours seem to have become less energetic. The allies have been able to re-prepare them and follow up the advantage more easily.

Casualties Are Enormous.

New York, Oct. 4.—A letter received by a New York physician from a reputable source in France contains the startling information that the French losses (killed, wounded, and prisoners) for the six weeks' fighting up to and including the battle of the Marne were slightly over 300,000, perhaps 310,000.

These losses are exclusive of the British casualties, which the writer says, "have been fairly large in comparison to the small number of their engaged army."

If credence may be placed in the French statements that in most cases the German losses were larger than those sustained by the French, it would seem to be a fair estimate of the German losses, in killed, wounded, and prisoners, for the same six weeks at close to 500,000 men in the western theater of war alone, not taking into account their losses in the fighting against the Russians.

Starving Hordes in Vienna.

Venice, via Paris, Oct. 4.—The Vienna hospitals and all temporary asylums for sick and wounded soldiers are fearfully crowded. The city council has decided to build additional wooden barracks hospitals which will be furnished with 10,000 beds.

The army of destitute and unemployed people in the Austrian capital is increasing daily. Thousands are threatened with starvation.

Denies Loss of Zeppelin.

Berlin, Oct. 3, via The Hague and London.—The Throno Gazette contradicts the dispatch from Petrograd which asserted that the Zeppelin which recently dropped bombs into Warsaw was later captured by the Russians. The paper says that the German aircraft returned to its home port intact.

SHORTLY after a war map was put up by a local newspaper a couple of elderly ladies were acquainted at the map for a minute or more, fixing their eyes on the red and black disks that represent the allies and the Germans.

Mr. Sam Smith visited her sister, Mrs. Green at Clinton, Sunday.

Myron Sillworth and family visited friends in Holloway, Sunday.

Mr. & Mrs. O. W. Case visited Mr. & C. J. Robinson at Clinton, Sunday.

Mrs. Henrietta Wolf has gone to Ypsilanti to attend the normal college.

Fred Brigel of Tecumseh attended the progressive convention at Bay City last week.

Mr. John Mosch was seriously ill for about two months in now in good health.

Miss Edna Ranschnberger went to Ypsilanti Monday to attend business college.

Miss Estelle Vogelbacher is attending business college at Ypsilanti. She boards with her sister at an Arbor.

Mr. Fred Lehman is at the sanitarium in Battle Creek taking treatment. Her husband is spending his vacation with her.

Mr. & Mrs. Fred Tag of Clinton visited at Frank Leason's, Sunday. Charles Angelmeyer and family were also called during the day.

Mr. McOwen attended a delightful social given by a number of pupils at Mrs. M. M. Truesdell at Jackson last Wednesday evening.

Mrs. T. J. Ferrall and daughter Elizabeth went to Concord Monday to attend a universalist convention held at Rev. Gibb's church.

We have a letter from Mrs. Mary Smith of Marquette, Mich., asking us to send the ENTERPRISE to Mr. W. F. Lott instead of Mr. Mand Boyer.

Wm. Rutkowski of Lansing is running for prosecuting attorney on the democratic ticket and many of his Manchester friends hope that he will be elected.

Miss Maude Gopffeld, who had been so ill the past several weeks, was able to walk outside last Saturday and stopped at the ENTERPRISE office for a short call.

Mrs. Wm. Burdette and daughter Hazel, accompanied by Mat D. Blower, went to Lansing Sunday in the automobile. The ladies will visit Mr. & Mrs. B. F. Burdette a week or more.

Mrs. Will Kern, who has been in poor health for the past few years, was taken to an Arbor by her husband, Monday and placed in the homeopathic hospital here where she will undergo an operation next week.

The W. G. F. U. social held at Mrs. Sam Palmer's was attended by about 50. The genuine hospitality of the hostess, an interesting program and dainty refreshments made the afternoon a most enjoyable one.

Mr. Merifield of Scotts came here Monday from Kent, Ohio where she had been visiting and went from here to attend a universalist convention. She will come back for a visit with old friends and neighbors.

Dan Chase of Adrian and Rev. Hewitt of Tecumseh were pleasant callers at the ENTERPRISE office Monday night. They had been to Ypsilanti to attend the funeral of Rev. Dr. Gardner of the Episcopal church.

Dr. & Mrs. Brigel and mother, Mrs. L. C. Bidwell took a trip through the country Tuesday visiting several towns taking supper in Elmfield. They report a delightful trip the country being beautiful in its entirety.—Tecumseh Herald.

We learn that Tip and Dan Patterson of Dowagiac passed through town last Friday and called to see some old friends who unfortunately were not at home. These men were former residents of Manchester, their father being a shoemaker and went on crochets.

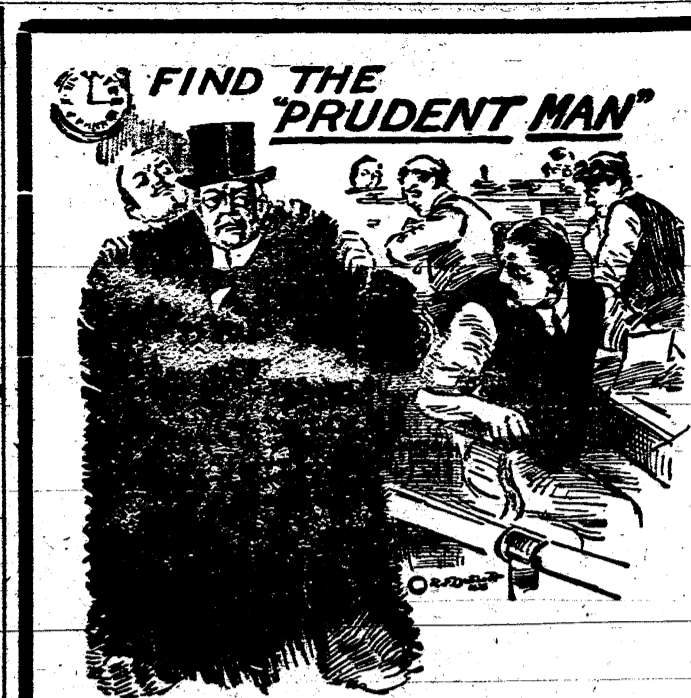

Mr. & Mrs. Henry Lesson left today for the west. They will first visit their daughter Mrs. Will Payne and husband at Kansas City and while there expect to have a visit from a brother, John Lesson of Oklahoma, whom they have not seen in 40 years. They will also visit a sister of Mrs. Lesson, Henry Gillett at Leona, Kansas.

It will be for us to keep reasonably well posted on events in war-torn Europe that we may realize what an awful thing such a war is. We must maintain neutrality, sympathize with all nations involved but avoid leaning aid to any. Although we know that these countries were preparing for the struggle, yet for so many years, that we never dreamed that real war would be declared at this time.

With all that preparation do not think they will be through this year or next. This is a war to the finish we believe. After the first great defeat, which must come ere long, President Wilson succeeds in inducing the belligerents to listen to his peace plans. The war and the opening of the Panama canal will divide the United States in securing trade relations with other countries of the world and we should hasten to make suitable preparations for it. Such an opportunity has never before come to our people. The patient waiting policy of a president in the past we should pause with all we should earnestly and persistently push forward to gain the confidence of the commercial world.

Local Items

Mr. Kitchener of Chicago came Wednesday night for several days' visit with his brother.

Dan Gage has shipped five cartons of celery and will have more to ship besides cabbage, carrot, etc.

David Woodward drove to town this morning with Prof. White orchardist at the agricultural college but had been looking for his fruit farm.

Charles Hildinger who lives between Napoleon and Brooklyn called today to renew his subscription. He urged us to put up a big sign as he comes near making a mistake and getting into a saloon.

J. E. Seckinger's family are all reported sick with something resembling the grip Joe was at the store one day this week but was taken over and is again at home. He has good help to look after the store, however.

During midday it is like summer weather.

There are still some good catches of fish reported.

A thunder storm and just a little rain, at noon today.

The boiler in Faulhaber's mill is undergoing repairs.

Mr. Olson was in Jackson and Hudson Monday on business.

Hedges & Weinsider have shipped six cars of celery.

May Swift is having Will Kramer painted her building.

Mrs. Gove is visiting her parents in Springfield this week.

Essentialissima Verain met with Mrs. Hildinger yesterday.

Mr. Olson was raising lumber for Charles Marlinas yesterday.

Charles Bartleson has shipped in about 4000 Idaho lemons this season.

It will be considerable older and after we have cooler weather.

A few weeks more of good weather and fall farm work will be finished.

The trees have begun to show some color or a variety of colors, a fall.

We notice that there are blossoms on the squaw vines as well as nearly ripe squawberries.

Truck gardeners are entering and shipping their fall crops which have been very good.

Excursions to the fields and woods are being made by those who wish to gather a supply of moss.

Will Kern has wired Addie Gillett, George Oleson's and Mrs. Howard's, residences for electric lights.

We will thank all the rural school teachers who send us reports of attendance at their schools and other items of interest.

The new lights installed on the Electric Light building were lighted Saturday night and were praised and appreciated by all who chanced to go that way.

Here this Wednesday 8 and no frost yet to do in doors and windows are open in some and the trees are in blossom. Gardeners are green and flowers are in bloom.

The new lamps were put on the bridge, the other lamps on Exchange Bank look like old fashioned three coat poles, and the people are talking about having the new system of electric lights installed.

Manchester chapter O. E. S. is making preparations to celebrate its 11th birthday on Friday evening. Degrees will be conferred by past officers of the chapter and of course a banquet will be a program of music and speeches.

Continuous Light Service Wanted.

A petition was circulated among the business men of the village Saturday and was signed by nearly all, asking that the village council be authorized to contract for a continuous electric lighting service during the winter months, beginning Nov. 1st.

The lights are not turned on early enough. For the past two weeks the lights have been turned on at 8 o'clock and on that morning the lights are turned off half an hour too soon to accommodate us. Others tell us that it is so with their homes.

Members of the council have said that it would not pay to run all day. How do you know, is never having been tried and no business has been made up Sunday with Mr. & Mrs. Will Heasler.
