HARRY THAW MUST GO BACK TO ASYLUM

SUPREME COURT DECIDES THAT FAMOUS PRISONER MAY BE EXTRADITED. OPINION IS UNANIMOUS

Court Holds That State of New York Must Decide Whether Insane Man Can Be Guilty of Crime. Washington—Harry K. Thaw lost his fight Monday in the supreme court of the United States against being extradited from the state of New Hampshire to the state of New York. In a brief decision by Justice Holmes, which was the unanimous decision of the court, it was held that the celebrated prisoner should be turned over at once to the New York authorities to answer an indictment conspiracy to escape from Mattewan asylum for the criminal insane. Whether his escape from the asylum, while, as his counsel contended, he was insane, constituted a crime, and other questions, the court dismissed with the comment that they could not enter into a habeas corpus proceeding and that they were proper questions for the state of New York to decide. Actually, the celebrated Thaw case—the killing of Stanford White—was not before the supreme court. Merely the question of returning Thaw on the conspiracy indictment was up for decision.

WOMAN CONFESSES MURDER

Awful Crime of Last Wednesday Is Act of Befriended One. Detroit—Mrs. Antoinette Becker, 58 years old, 38 Twentieth street, confessed Sunday night, police say, that she killed Miss Frances Bombolt, the aged woman who was beaten to death in her home at 27 Austin street last Wednesday morning. Mrs. Becker is the woman who sold bread and pastry to Miss Bombolt. The latter often had befriended her, giving her clothing and money. Miss Bombolt was beaten to death with a piece of coal. Mrs. Becker confessed while she was kneeling at her bedside, praying forgiveness for her assailant, who had attacked her first in the coal shed in the rear of her home. Robbery was the motive. A \$10 and a \$5 bill, which Mrs. Becker said she took from "a drawer" in the pantry in the aged woman's home after the killing, was found in the toe of a shoe in Mrs. Becker's home, which Miss Bombolt had given Mrs. Becker two weeks ago for the latter's son. Mrs. Becker confessed to Inspector John B. Downey, who has had personal charge of the investigation, Commissioner Gillespie, Assistant Prosecutor Jansowski, Bertram D. Connolly, stenographer in Judge Connolly's court, Detectives Wilson, Lannan, John P. Smith, Martin Reid and Dibble, who had been closeted with her many hours Sunday afternoon and evening.

P. Morgan & Co. Mr. Zimmerman was active in bringing about the union of the two railroads and was prominent in the sale of the C. H. & D. which for the second time is in the hands of a receiver.

COURT DECIDES RAILROAD CASES

PERE MARQUETTE WINS IN APPEAL INVOLVING BIG VERDICT. BERRIEN JURY IS REVERSED. High Tribunal Hands Down Thirty-Five Decisions Saturday Most Of Which Are Concerning Railroads.

Lansing—Cases affecting railroads formed the bulk of 35 decisions by the supreme court Saturday. The Pere Marquette was a winner in a case for damages brought by Catherine M. Murphy, of Chicago, widow of Dr. Alexander L. Murphy, of the same city, having a \$10,000 verdict against it wiped out completely and the doors barred to Mrs. Murphy against a further recovery. Murphy, while on his way from Chicago to Benton Harbor, got off to stretch his legs at Benton Harbor. His train stopped there for five or six minutes, and when Murphy started to board it, at the cry of the conductor, he bumped into a baggage truck left on the platform by the company, was thrown under the wheels of the moving train and instantly killed. This was the contention of the widow, and a Berrien county jury gave her a verdict for \$10,000, despite the fact that the company alleged that he was guilty of contributing to his own death by jumping aboard a moving train. The railroad appealed and the supreme court rules with it. There was ample evidence, the court says, that the man had plenty of time to board the train before it started to move. The case is reversed without any new trial and judgment is entered for the defendant. Marvin S. Brown, of Toledo, early in 1913 met with an accident on the Ann Arbor. The train started suddenly and he was thrown and his arm mangled, amputation resulting. While in the hospital he signed an agreement with the road to accept \$100 and hospital expenses. Later he sued, alleging that the agreement was got by the road's claim agent while he, Brown, was under the influence of opiates. A Washtenaw county jury gave him \$2,000, but the supreme court orders a new trial for the incorrect admission of certain evidence. The Pere Marquette lost a decision in a suit brought by John Daly, who was injured prior to the taking over of the road by the receivers were named as defendants and filed a demurrer. The court below refused to permit the attorneys for Daly to amend the declaration, but the supreme court says that they have the right to. The case starts all over again. The case of John M. Braun was thrown out of the Kent county courts. It was an attempt to get damages from the Grand Rapids, Grand Haven & Muskegon interurban. Braun was on the step, ready to alight from a car, and was partly off the car when at a signal from the conductor the car started to go ahead. On the ground that Braun was negligent himself, the Kent county court entered a verdict for the defendant. The supreme court says there was enough in the case to let it go to the jury and orders a new trial.

Prison Shop May Not Print Report

Lansing—Warden Simpson has no legal authority to have the annual report of Jackson prison printed in the prison shop, according to an opinion rendered by Atty.-Gen. Fellows. In a letter to the board of auditors, the attorney-general points out that there is a constitutional law which requires that all state printing shall be done by the state printer, who has a contract with the state. If Warden Simpson's report had been printed in the prison shop it would have to be reprinted by the state printer.

Declaring that they are a menace to minors, prosecuting attorney Michener has ordered them abolished. Owners are given the few remaining days to get rid of their stocks. The prosecutor asserts that in the case of punch boards the prizes offered are nearly valueless. At a meeting of farmers a committee was appointed to ask the state railway commission to compel the Pere Marquette to reopen its telegraph office at Valley Center and build a new depot. The last building of any size on the village of Marion's main street was destroyed late Monday night when the three story frame dwelling owned by Ben Sharp was burned to the ground, the loss exceeding \$2,500. Gay Tracy taught the grammar room last Tuesday during the absence of Miss Conklin.

The primaries and grammar grades held their Christmas exercises in the high school room Thursday afternoon.

The Spafard school, May E. Cash, teacher, reports the following as neither absent nor tardy for the month closing Dec. 18: Grace McKinzie, Elvora Hensley, Anna Lillian, Martha, John and Fredrick Boss.

Miss Lulu Newton, who has been teaching Latin and English has resigned on account of ill health. Supt. Smith and Miss Kirchhofer have taken charge of the English classes the past two weeks. The board expects to have the vacancy filled after the holidays.

The last regular meeting of the Alpha Sigma was held Monday evening and an interesting program was rendered. The debate, "Resolved, that the policies of labor unions are beneficial," was decided by the judges the Misses Ada Stringham, and Julia Kirchhofer, Edmond Macomber, Miss Dwyer was appointed to act as critic for the evening. Term's report of the secretary was read, also the treasurer's and the society has a balance of \$39.00 on hand. The meetings have been well attended and great interest is taken in the work. The officers elected for the coming term are as follows: Gay Tracy, president; Marie Bowins, vice president; Margaret Mabrie, secretary; Donald Silkworth, treasurer; Marie Roberts, chaplain; Harold Brownell, marshal.

The reception given by the high school girls to the high school boys and teachers last Friday evening was one of the most pleasant entertainments ever held. The room was tastefully decorated with evergreen, Christmas bells and pennants. No labor was spared to make it attractive. The play given by senior and junior girls was clever and the parts were all well taken. It showed careful study and practice. The song "The Hat of Other Days" was amusing and so heartily were the girls encored that they had to repeat it. The Christmas letters to Santa were full of good jokes. The piano duet by Helen Wurster and Mae Biedel also the solo by Mamie Hoffer were greatly appreciated. The Christmas fishing pond brought each a gift and it was truly amusing to see what each received. Refreshments were served after which Christmas songs were sung and the company departed with many good wishes for the high school.

ZEPPELIN BOMBS

KILL 90 PEOPLE

German Airmen Make Raid on Warsaw—Many Slain.

NEW BATTLE FOR CAPITAL ON

Francian and Polish Two Detachments That Fought Them Across Burning Bridge—Wiser's Forces Within 15 Miles of City.

London, Dec. 23.—A Central News dispatch from Posen on Sunday states that, according to a report from Warsaw, that city was bombarded by a Zeppelin. Eighteen bombs were dropped, demolishing two houses and killing 50 persons, including a number of women and children. Later six bombs also were dropped from a German aeroplane, but small damage was done in this supplementary bombardment.

A heavy mist was hanging over the city when the Zeppelin approached. Owing to the hazy atmosphere the presence of the great airship was not detected until it was about a mile from the city.

A minute after the Zeppelin was sighted no less than forty high-angle guns mounted on housetops and at street corners were raining a fusillade of shells about the flyer, but the raider seemed to bear a charmed life. It swooped across the city, letting go highly explosive projectiles as it passed on an unswerving course.

After completing a circuit above the city the airship turned leisurely in the direction of the German lines and, apparently unhindered by the terrific fire of the Russian guns, disappeared in the mist.

Field Marshal von Hindenburg's army, which is advancing on Warsaw over a wide front between the Vistula and the Pilica rivers and which on Friday occupied Lowicz, reached the new Russian positions along the Bzura river and southward to Rawa and another big battle is in progress.

The Russians retreated across the Bzura river, destroying the bridges behind them. Two German detachments, which followed over a partly burned bridge, were attacked and are said to have been annihilated. Fifty survivors being taken prisoners. This is only the beginning of the great battle for Warsaw, from which the Germans are now only 20 miles away. Stern resistance is expected from the Russians who have been heavily re-enforced. The Russians are continuing their operations against East Prussia. An Austrian sortie in force from Przemysl failed and many prisoners and guns were taken.

VICTORY IN ARGONNE CLAIMED BY BERLIN

London, Dec. 21.—A Times correspondent in northern France says: "The allies have advanced. Their troops are reported to have passed Middelkerke and to have broken through the German line just below Dixmude."

Berlin (by wireless), Dec. 21.—The following official statement was received by wireless from Berlin: "The fighting at Neuport continues favorable, but no decision yet has been reached. The French attacks between La Bassée and Arras and on both sides of the River Somme have resulted in failure, with severe losses to the enemy. On the Somme the French lost 1,200 men in prisoners and about 1,800 dead; our own losses were under 200.

"In the Argonne forest our successful attack resulted in the capture of some 7,500 prisoners in addition to war material. There have been no important developments elsewhere on the western front."

London, Dec. 21.—The allies' advance in Belgium is fast gaining momentum. The Germans are being forced back all along the Flanders front with great losses in killed, wounded, prisoners and war material, according to reports reaching here.
