

TO BE HANDLED WITH CARE

Matt of Giving Advice is Always Worth the Most Thoughtful Consideration.

A very good rule is expressed in the homely words, "Mind your own business." The desire to help another is praiseworthy, but it may be carried too far, and when it is, one becomes meddling and officious.

This is what makes proffered advice often impertinent. The man who offers it offers only half of the need and the other half at that. If his advice is followed and failure comes, he can only say, "I did the best I could for you."

There are, of course, persons who ask advice, and then thought of the most serious kind is needed. Not what you would do, but what the other man ought to do and can do—that is the only advice you can give him, and then you are probably better off if he doesn't take it.

Cat Was Soldiers' Pet.

The "Grenadiers" cat was picked up by a man of No. 1 company in an encampment in Bulgaria, and embarked with the regiment for the Crimea. The cat went through the campaign in a soldier's knapsack, occasionally peeping out from its shelter, and surveying the novel aspect of a battle with great contentment.

ROADS SHOW WELL WITH PETITIONS

OVER SEVENTEEN THOUSAND SIGN NAMES FOR FARE INCREASE.

110 TOTAL OF OPPOSITION

Railroads Active Among All Classes While Opponents of Boost Seem to Pass Up Petition Method.

Lansing—Figures compiled show that petitions containing the names of 17,613 persons have been received in both houses favoring the fare increase asked by the railroads, while but 110 persons have petitioned the legislature not to allow the proposed increase.

An examination of these petitions reveals the fact that they come from all sections of the state. The upper peninsula is probably better represented than any other section, but Senator Williams is an official of one of the railroads there, and of course is interested in the proposed increase.

The 110 names, representing those who have petitioned the legislature as opposed to the increase, come from members of the state grange and a few commercial travelers. There was a day or two recently when the petitions from commercial travelers began to pour in, but suddenly they stopped. The employers of this class are for the increase, generally speaking, if letters and petitions can be relied upon. Personal letters, for or against, are not included in the above computation of figures.

Labor unions, railway associations composed of railroad employees, large shippers and prominent business men go to make up the majority of the petitions for the increase. Many also come from points along the lines of the Pere Marquette and other railroads running through sections of the state that are sparsely settled and where the taking up of a branch line would work a hardship to the residents.

NOTED PEOPLE ON PROGRAM

U. of M. Announces Talent for Summer Session of 1915.

Ann Arbor—A number of noted educators will appear at the forthcoming summer session of the University of Michigan as lecturers, the program of which was announced Saturday.

In connection with the session the usual performances of the Ben Greet Woodland Players will be given in the open air, and the annual excursion to Niagara Falls will also be a feature. Among the men who have been secured for lectures are the following: Dr. Abram Simon, Washington, D. C.; F. L. Paxson, University of Wisconsin; Regent L. L. Hubbard, Houghton; Regent W. H. Sawyer, Hillsdale; Dr. T. C. Blaisdell, Alma; Fred L. Keeler, Lansing; J. O. Hartwell, Kalamazoo; and F. A. Jeffers, Painesville.

COURT DECIDES FOR DANHOF

Governor's Choice for Superior Judge At Grand Rapids is Confirmed.

Lansing—Peter J. Danhof is the legal judge of the superior court of Grand Rapids, according to a decision of the supreme court. When William J. Stuart died, the Grand Rapids city council appointed Joseph Renihan to fill the vacancy thus created, claiming that because the court was a city court it had the power of appointment. Governor Ferris appointed Danhof and the case was carried into the courts.

The supreme court holds that as the superior court is a court of record the appointing power rests solely with the governor.

MICHIGAN NEWS ITEMS

The city of Port Huron was made defendant in a suit for \$25,000, filed in circuit court by attorneys representing Charles L. Cain, who alleges that because of a defective sidewalk, he fell sustaining serious injuries.

After an acrimonious campaign in which race, class, east side against west side, and wet against dry prejudices were skillfully manipulated, Ypsilanti Tuesday voted against the proposed city charter and the commission-manager form of government by a majority of 79, in a total vote of 1,324, nearly the total vote of the city.

Governor Ferris Thursday appointed Dr. John S. Hall, of Detroit, a member of the state board of dental examiners for the term ending December 31, 1915. He succeeds Dr. Edgar A. Honey, of Kalamazoo.

Thinking the automobile in which he was riding was about to be struck by an approaching Pere Marquette train, near Saginaw, Fred L. Sammer jumped and was instantly killed. Fred Carle, who was driving the machine, stuck to his seat and escaped unharmed, except for a few bruises. The auto was but slightly damaged.

Stephen A. Aldrich, 78 years old, former probate judge of Muskegon county, and a veteran of the civil war, died at Lansing Saturday at the home of his daughter, Mrs. W. S. Thompson, with whom he had made his home since the death of his wife, 18 months ago.

One of the young twin sons of Mr. and Mrs. C. B. Hunt perished in a fire that consumed the home in Butman, west of Standish. Mrs. Hunt and her twin sons were awakened by the flames and the mother was able to rescue but one of the children. Mr. Hunt was away at the time.

An executive meeting of the Summer Resort Association of Michigan was held Saturday in the association of commerce building to protect against heavy state taxation. The association wants a law enacted providing that 50 per cent of the taxes levied on resort associations be returned to be spent on improvements at the resorts.

Special short courses to train rural and public school teachers in the fundamentals of agriculture are planned by the Michigan Agricultural college as a new feature of its campaign to carry forward the gospel of "the new farming." These courses will be offered in connection with the summer school to be conducted at the college next June.

No report on its investigation of the Michigan copper strike will be made by the federal house committee, which made an exhaustive inquiry during the spring and summer of last year. Representative Taylor, of Colorado chairman of the committee, said that a discussion of strike conditions now would only cause recrimination and disturb conditions.

Thomas Moleksi, 16, was kicked to death by a colt on his father's farm in Taymouth township near Saginaw Friday. He was leading the colt by a rope tied around his waist. When the animal became frightened, it rapidly wound the rope around the boy's body and being drawn close to the lad, the colt kicked him in the back and head, fracturing his skull.

The annual election of the Michigan Miners, held Tuesday, resulted as follows: President, Harry Elliott, Saginaw; vice-president, Frank Heath, Bay City; secretary-treasurer, Ralph Dearden, Bay City; international board member, Robt. J. Sweeney, Bay City; district board members, Geo. Dunn, Bay City; Chas. Krause, St. Charles. The annual state convention of the miners will be held in Saginaw March 9.

Tomcumb's two newspapers, the Herald and the News, have been consolidated and will be published semi-weekly hereafter under the name Herald-News. The Herald is the oldest paper in the county, having been established in 1849, and since the deaths some years ago of G. N. Stacey and his widow, has been published by F. S. Turner, who will be the editor of the Herald-News. Tom W. Hingay, of the News, is retiring.

Hiram Starks, of Perry, was awarded a verdict of \$18,936 in his \$32,000 damage suit against the Grand Trunk Railroad Co. in which he alleged that sparks from an engine set fire to his elevator in July 1913. The elevator and a large section of Perry's business section were destroyed in the fire. Claims of 75,000 more are represented in several other suits now pending against the company. The defendant probably will appeal Thursday's decision.

Fire originating early Saturday morning in a garage operated in connection with the Berton A. Spring Co.'s undertaking establishment, at Grand Rapids, destroyed the building, which was one of the finest of the kind in the state, endangering the lives of eight persons and causing a loss of \$65,000. Four persons were carried from the building by firemen, and two dead bodies in the building were carried out just as the flames reached the room in which they were kept.

If Senator Morford's bill, introduced today, becomes a law, ducks will be put in the same class as deer, insofar as hunting is concerned. The bill would create tags for ducks just as are now issued for deer. The bill drawn by the Michigan Sportsman's association putting the game warden's department under an independent commission, was introduced Wednesday by Senator Wood.

CONFERENCE OF PAN-AMERICANS

FINANCIERS AND BANKERS OF LATIN REPUBLICS TO COME TO WASHINGTON.

DATE SET FOR MAY TENTH

More Satisfactory Commercial and Financial Relations Will Be Discussed at Meeting of Diplomats and Bankers.

Washington—President Wilson has selected Monday, May 10, as the date for the Pan-American financial conference in this city, at which the ministers of finance and leading bankers of Central and South American countries will meet financiers and treasury officials of the United States to discuss the establishment of more satisfactory financial and commercial relations between the nations of the western hemisphere.

In a statement Sunday night, Secretary McAdoo said all of the foreign governments had responded favorably when approached informally regarding the conference, and that formal invitations would be sent them immediately. Congress authorized the conference and appropriated \$50,000 for expenses.

"The secretary of the treasury," said Mr. McAdoo, "is given authority to invite, in his discretion, representative American bankers to participate in the conference. This discretion will be exercised so as to secure the attendance of as large a number as is practicable of our representative financiers, in order that a thorough and comprehensive discussion may be had of existing financial conditions throughout the western hemisphere, and of the measures that should be adopted to strengthen financial and trade relations between the United States and our Central and South American neighbors."

"The secretary of commerce, the members of the federal reserve board, the secretary of state and all other members of the cabinet will be asked to attend the conference. A similar invitation will be extended to the diplomatic representatives of the various Central and South American countries and to Mr. John Barrett, director of the Pan-American Union.

To Discuss Bank Extension. "It is a significant fact that our exports to South America reached the lowest point for the year 1914 in the months of October, November and December, when they were reduced to less than one-half of those for the same months of 1913. This decline is, in great measure, due to the scarcity of ships and the exorbitant rates of freight now being charged."

WOMAN IS CONTEST WINNER

Miss Frances Hickok Will Represent U. of M. in Northern Oratorical League.

Ann Arbor—Miss Frances Hickok of Plainville, Mich., will represent the University of Michigan in the Northern Oratorical league contest at Iowa City on May 7, she being the first woman ever chosen to represent the university in a contest of this sort.

Miss Hickok won this in a contest Thursday night in which she was pitted against some of the best public speakers in the university, she speaking on "The Mission of the New Womanhood." In winning the honor Miss Hickok also won the Chicago alumni medal and the Kaufman testimonial of \$100. J. R. Cotton of Walkerton, Ind., was second and I. S. Toplon of Lake Linden third.

Big Planting of Trout.

Muskegon—The biggest planting of trout fry in the history of Muskegon county, and one of the biggest single plantings in the history of the state, took place Saturday when 300,000 trout fry from the United States fish hatchery at Northville and the state fish hatchery at East Paris, Mich., were planted in county trout streams.

The work was done in a howling blizzard, and the 30 local sportsmen who assisted were forced to drive over almost impassable roads. Despite the weather handicap none of the cans was frozen.

ITEMS OF STATE INTEREST

John Lahnola, who for three weeks has been on trial for the murder of his father at Oskar, Houghton county was found guilty of murder in the first degree Saturday, after the jury had been out all night. Evidence was largely circumstantial. Lahnola, who is 17 years old, was charged with killing his father to the door of his home at night and shooting him down.

The new Masonic temple at Marshall, recently completed at a cost of \$40,000, was dedicated Thursday night by officers of the grand lodge of Michigan.

Reaching for the reins as he stood on the footboard of a wagon, L. P. Ringler, a young farmer of Clarence township, near Marshall, lost his balance and fell. His horses, frightened, started to run, and Ringler was run over by the heavy wagon and so badly hurt that he died in a few minutes.

CANAL BUILDER SAYS HE WILL RETIRE WITHIN YEAR

MAJOR-GEN. GEO. W. GOETHALS.

Panama—Major-General G. W. Goethals, governor of the Panama canal zone, in a speech Saturday night at the annual banquet of the Society of the Chagres, announced his probable retirement as governor within a year.

He said he had requested that he be relieved in favor of a younger man and that the request undoubtedly would be granted. General Goethals declared that he had been opposed to his own promotion together with other officers, when civilian canal employees had been overlooked. He also stated that he had opposed charging employees rent for their living quarters.

STATE AID BILL OFFERED

Measure Would Place Wide Powers In Hands of State Highway Commissioner for Road Building.

Lansing—State aid to the counties, to the amount of 50 per cent of the cost of construction and maintenance of roads, and roads built entirely by state funds if traffic and market demands require, are provisions of a bill now being considered by the roads and bridges committee of the state house of representatives.

A specified tax on real property in the state is to be used as a fund for road construction. The bill would permit the use of convict labor in road work if the governor, the officials of state penal institutions and the highway commissioner shall agree upon its feasibility. Extraordinary provisions against grade accidents and jury to road surfaces are included in the bill.

To bring into existence in Michigan the center of the automobile industry, which has done more for good roads than any other agency, a system of roads second to none in the United States, the bill would place in the hands of a state-highway commissioner or wide powers, extending even to restriction of county road activities when such activities are considered disadvantageous to the general plan of highway improvement throughout the state.

Assistance as high as a degree as 60 per cent, where the governor and the highway commissioner believe the best interests will be served, is a provision of the bill, and main market roads may, in cases of the inability of counties to do the work, be built and maintained entirely by state funds.

Government Revenue is Increasing

Washington—Government revenues have begun to show slight increase, due largely to the usual spring import business with consequent enlarged receipts from customs. The treasury deficit, which a few weeks ago was in the neighborhood of \$35,000,000, had fallen to about \$30,000,000, and in the next few months there may be a further reduction.

Ruble Gets Recess Appointment

Washington—President Wilson Saturday gave a recess appointment to George Rublee, of Cornish, N. H., as a member of the new federal trade commission. Mr. Rublee's nomination was not confirmed by the senate at the last session. The president's action completes the membership of the trade commission, which will organize here next week.

Representative Charles Flowers' bill to investigate commercialized vice through a commission appointed by the governor, also has been officially printed and laid away. The entire estate of Mrs. Hannah Cornell, a well known Kalamazoo church worker who died recently, has been left to the Presbyterian church mission board in New York city. It is said the amount will be nearly \$100,000. Mrs. Cornell was for many years one of the main supporters of the Presbyterian church in this city.

STATE BOARD FOR INSTITUTIONS

DETROIT REPRESENTATIVE INTRODUCES IMPORTANT BILL.

IS COPY OF OHIO MEASURE

New Plan Would Abolish Boards of Control for Each Institution and Have One Board for All.

Lansing—Representative Charles Flowers, of Detroit, Tuesday afternoon introduced in the house a bill to create a Michigan state board of administration, a governing body to supervise the conduct of certain state institutions in lieu of the present boards of control performing such office.

Under the terms of the measure, within 90 days after its passage, governor is to appoint a board of four persons, not more than two from the same political party, who shall be empowered for the full executive administrative and fiscal supervision of the institutions and of the production, manufacture and purchase of all articles required in or by the institutions.

The bill is a copy of the Ohio law and in the language of the draft is intended to provide humane and scientific treatment and care and the highest attainable degree of individual development for the dependent wards of the state. In addition to the duties of the board as enumerated, it shall govern the care and cultivation of institutional lands and the general principles and conduct of business management.

The four members of the board are to receive as compensation, \$5,000 a year each and traveling expenses, and are to reside in Lansing where meetings shall be held once a week. The board shall appoint a secretary at \$3,000 and a fiscal supervisor at \$4,000 a year. Board members and their appointees are expected to devote their entire time to their duties.

The terms of the first four members appointed by the governor are to expire respectively, August 1, 1916, 1917, 1918, 1919 and those boards of control in the institutions affected will be automatically abolished if the bill passes, August 1, of this year.

MORE TROUBLE IN PORTUGAL

Democrats Proclaim General Barreto As President of Republic.

London—General Antonio Xavier Correia Barreto has been proclaimed "president of the Republic of Northern Portugal" by a congress of democrats, who have been in session at Lamego, according to a dispatch received here Saturday by the Fabra News agency from Madrid. This news reached Madrid by way of Badajoz.

The course of the republic of Portugal, since its establishment, five years ago, following the assassination of King Carlos, has been marked by political dissension and strife. Reports of royalist agitation from Lisbon have been more or less frequent, and these latterly have been superseded by indications of another movement, the democratic or radical, which in the last few months has shown itself strongly opposed to the existing republican government.

PLEAS OF GUILTY OFFERED

Five German Reservists Admit Part in Passport Conspiracy.

New York—Carl Ruroede, a German American, and four German reservists, brought to trial in the federal court here Monday on indictments charging them with conspiring against the United States by obtaining false American passports, unexpectedly withdrew the previous pleas of not guilty and threw themselves on the mercy of the court. All five pleaded guilty.

Ruroede, who was accused of operating a bureau for the issuance of false passports, was sentenced to serve three years in the federal penitentiary at Atlanta. The others, Arthur Wilhelm Heinrich Schaefer, a reserve lieutenant in the German army, Walter Mueller, August Meyer and Herman Wegener, were let off with fines of \$200 each.

TELEGRAPHIC FLASHES

London—The steam trawler Bernice, used as a British mine sweeper, has been sunk in the North sea, according to a dispatch received by Lloyd's agency. Her crew of nine men were lost.

Berne, Switzerland, via Paris.—It is stated here that France and Germany hereafter will exchange captured army officers who have been incapacitated. Heretofore only privates have been exchanged.

Brownsville, Tex.—Jose Vanconcelas, minister of education under Eulalio Gutierrez' brief regime in Mexico City, and a party of 15 other persons Saturday crossed into Texas at Grulla under fire of Carranza soldiers.

## GOOD FOR EITHER FARM OR VILLAGE

Plans for Cozy Cottage That Has Been Designed for a Dual Purpose.

HAS MANY EXCELLENT POINTS

extreme of Comfort in Interior, With Most Artistic Outdoor Appearance, Has Been Achieved by the Perfectly Round Plans of the Architect.

A cozy cottage for either farm or village is shown in the perspective and detail drawings.

Find seats for people that a farm cottage may be ornamental as well as useful and it may contain most of the local improvements that many subjects would be much more reasonable than those of the concealed, dreary-theatrical water.

The latter may be densely ignorant and believe the world ends at a wall just west of their door. He knows that each platform guard is supposed to and does arrest just 50 cents for the subway company when ever he alms a door.

Unhappily the passengers would only crowd into the door until they filled the space, touching each other solidly in every side. Then from the rear comes a guard, roaring, "Step into the car! Move inside! About the guard catsap! He spreads his arms wide, and with an inconceivable summoning of brute force, he jams ten persons through the door.

Some of those already in slip up and slip down, and perhaps a few dislocate a shoulder or so. But holding his victim in with one arm, the guard hauls the door with the other. Perhaps he finds in the eyes of some tired business man who is half in, half out. Then the guard seizes one or two of the outermost passengers, cries "Don't be rough," and throws them back on to the guard catsap.

Kerosene and gasoline engines have been so much improved that pumping water for house and barn use on the farm is quite a pleasant job. The cost of a house water tap is less than that of the edge of the door. It is also a protection against storms in the winter.

Such small houses on farms are not expensive to build and they make comfortable homes for owners and tenants. They are made of material to solve the help problem on large farms. You couldn't drive a tractor through a house of this size. Not if he has a family of small children.

The idea has been tried on a good many farms in the East and it works all right.

It is not necessary to use expensive brick in which it is designed to give a comfortable, cozy appearance.

It will be noticed that the concrete walk is wide and that it leads up to

### How New York's Subway Guards Earn Their Wages

NEW YORK.—The New York subway company selects its burliest and most honest employees to act as platform guards. It might be thought a waste of good money by some to pay these men to stand in the open air, but the company has a different view.

It is not the men who are paid, but the wages they receive. The subway company has a different view.

### Fire "Fan" in Chicago Is Host at His Own Blaze

CHICAGO.—William F. Stewart is a fire fan. So is his wife. A big fire broke out in the city of Chicago, and Stewart, who is a fire fan, was host at his own blaze.

## The FINEST COGNAC

Do you ask, Philanthropist, why I often come with pleasure on my visits, with my wife and my children, to the FINEST COGNAC, I do not fail and about twice a week all winter.

The large front chimney is intended for looks. It makes a decorative appearance in the end of the house, as the chimney brick is partially exposed. There also is an extra large fire in the kitchen for the furnace smoke pipe.

The plan of the rooms provides for living room, dining room and kitchen and one bedroom. However, the wide window seat in the living-room makes very comfortable sleeping quarters for children or when there are three grownups in the family.

The kitchen is made especially large to make room for a dining table and there are extra men in for meals. The kitchen is not completely enclosed, but has a door leading to the living room. Also a table in the kitchen makes a great convenience for early morning farmers are supposed to have.

The rear of this little house may be made as attractive as the front by the use of the rear window with wire screens and by growing a climbing vine on the outside of the wall. This veranda is 21 feet by 5 feet in size, which makes a splendid addition to the house. It is also a protection against storms in the winter.

Such small houses on farms are not expensive to build and they make comfortable homes for owners and tenants. They are made of material to solve the help problem on large farms. You couldn't drive a tractor through a house of this size. Not if he has a family of small children.

The idea has been tried on a good many farms in the East and it works all right.

It is not necessary to use expensive brick in which it is designed to give a comfortable, cozy appearance.

It will be noticed that the concrete walk is wide and that it leads up to

CASTORIA For Infants and Children. Mothers Know That Genuine Castoria Always Bears the Signature of J. C. Watson. Use For Over Thirty Years. CASTORIA. Perfect Remedy for Constipation, Sour Stomach, Diarrhoea, Worms, Convulsions, Feverishness and Loss of Sleep.

Catarrhal Fever. Couldn't Fear Her. A young woman was recently introduced to a 'viable old lady' as 'sister to Socinian artist.' Instantly she exclaimed: 'I should have known the relationship, my dear, by the name. I never saw two faces more exactly alike in contour and color. But Mrs. G.' interrupted the girl. 'I am only his sister-in-law.' 'Which makes it all the more wonderful,' continued the other, 'with the exception of the eyes, which are identical. I should have known the relationship, my dear, by the name. I never saw two faces more exactly alike in contour and color. But Mrs. G.' interrupted the girl. 'I am only his sister-in-law.'

Make the Liver Do its Duty. Nine times in ten when the liver is right the stomach and bowels are right. CARTER'S LITTLE LIVER PILLS. Cure Constipation, Indigestion, Biliousness, Headache, Dizziness, After Eating, Stomach Pain, and all Liver Troubles. Genuine must bear Signature of J. C. Watson.

IS CHILD CROSS, FEVERISH, SICK? Look, Mother! If tongue is coated, give "California Syrup of Figs." Children love this "fruit laxative" and it cures all the troubles of the stomach, liver and bowels so nicely. A child simply will not stop playing to enjoy the bowels, and when the bowels are clogged with waste, liver gets sluggish, stomach sour, then little one becomes fretful, nervous, feverish, doesn't sleep or act naturally, breath is bad, system full of cold, has sore throat, stomached watery, sour bile and undigested food passes out of the system, and you have a well aged child. Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never causes any trouble.
