Local opinion with in 14 of the 35 counties where it was an issue at Monday's election.

It may be all right to make fun of the van women who attend the spring military openings, but it wouldn't hurt the men a bit to brush the dust of their hats.

If it was the cause of driving liquor out of Russia and England, there may be some justification for it after all. We have heard many say that national prohibition is not far off in the United States and most of those who said it were men who drink more or less.

United States is learning how important it is that we make our own dyes since the war in Europe has shut out goods made only in Germany. It is claimed that 600,000 men in the United States will be thrown out of work unless England can be prevailed upon to let us get dyes from Germany.

In declaring that he will drink no more of the king of England's tea a good example for his subjects. We have often thought how unreasonable are officials of our great railroads in demanding that men who work for them should not use intoxicants when every man knows that the official drink. To be consistent is a virtue.

There is an effort being made in Lansing to oust Jim Helme from the office of state dairy and food commissioner. It will be remembered that Mr. Helme is a fearless man and is not afraid to do his duty. He has broken in upon a lot of grafters and put them out of business, thereby saving for the state and for the people, and he ought to be retained. In conversation with many farmers and others The Enterprise learns that they appreciate what Mr. Helme has done and hope that he and others who are working for the people's interests will be kept on the job until the state is cleared of falcons and food poisoners.

This is pretty cool weather for young chickens.

Ed. and Bennett Root have bought an Overland touring car.

We need considerable wet weather the coming few weeks.

Spring evidently put in its appearance Monday morning.

Monday being a holiday, the saloons and banks were closed.

Vegetation has made quite a jump forward the past few days.

The Easter dance was not well patronized for some reason unknown.

Manchester has lost one saloon through the death of the proprietor.

Blackbirds, robins, sparrows and other birds are busy now getting ready for housekeeping.

The laundry has been moved out of Wurdling & Schaffer's building to Mr. Voegding's house. See advertisement.

The Academy of Forty will hold its final meeting of the season at the home of Ed. E. Root next Tuesday evening.

The frogs have sung their second spring song. One more, according to the old notion, before warmer weather comes.

Five candidates were initiated into the Arbeiter Verein Monday night. The membership is increasing rapidly we understand.

There were \$30 worth of tags sold for the library association last Saturday. The highest amount brought in by one child was \$9.10.

Farmers are beginning to be anxious to do spring work. In fact some have begun, but the continued cold weather is quite discouraging.

Supt. Hatch says that he will change the date of furnishing electricity for ironing purposes from Wednesday to Tuesday, beginning next week.

The Central chautauqua bureau has notified the Manchester chautauqua committee that Aug. 3 to 7 will be the dates of the entertainments here.

They are counting and weighing the mails. Began April 1st. It is a big job and every rural carrier wants to make as good showing as possible.

If business keeps on increasing as it has and composition increases correspondingly, The Enterprise will be compelled to buy a type setting machine.

John Bowler gave away no cigars before election, but handed them out freely after he found that he was elected. He sent a box to the Arbeiter meeting.

We are short of help on account of sickness, which will account for a lack of important news matter that we were unable to set this week and get The Enterprise to press on time.

George Miller, who has been engaged in the livery business here many years, has decided to quit. He will keep one driving horse as he would undoubtedly be lost without it. The barn will be moved and re-built into a restaurant or hotel.

Miss Myrtle Renau played a fine violin solo and assisted Mrs. A. C. Freeman with the other music at the Universalist church. This, combined with the beautiful floral decoration, made the Easter services unusually inspiring. Dr. E. L. Conklin administered the rite of baptism to Mrs. M. J. Gauss and children, Estella and Alfred.

Frank Koebbe, supervisor of Freedom was in town Wednesday. He has been laid up with the grippe and was not able to attend their caucus or give any attention to political matters on account of it. He did not wish to be a candidate this year as he has served the township for 10 years and thinks it a good thing to give the office to some other person.

Among those who came to attend the funeral of George Keck Tuesday were Mr. & Mrs. E. G. Keck of Utica, Mr. & Mrs. W. G. Dieterle, Mr. & Mrs. Wm. Dieterle, Dr. & Mrs. Wm. Kingsley, Spafard, Waters, Sortor, Linde, Houck and Blosser, who went to Brooklyn in two autos, he held a school of instruction for the chapter there, the royal arch degree being conferred. The work was done in a manner very acceptable to the discriminating official, who, with others, expressed his pleasure and approbation in praiseworthy language. The banquet which followed and the social visit conspired to make the evening one of great pleasure to all.

Republicans Gain in Manchester

It was evident early Monday morning that the republicans were making determined effort to reach the goal and some democrats worked just as hard. It was a quiet but earnest effort.
