

WORK FOR THE UNDERTAKERS

Scarcity of Business and Unpaid Bills Makes Large Margin of Profit Absolute Necessity.

In the United States there are today something more than 20,000 undertakers, declares the Pictorial Review. Attracted by the enormous profits to be made in funeral goods, more men are constantly swarming into the business. At the time the School of Philanthropy made its investigation there were, according to a church paper, 410 undertakers in Chicago. On the average, each undertaker secured a trifle more than one funeral a week. In New York city there were 1,100 undertakers and about 74,000 deaths annually, which gave each undertaker an average of less than four funerals in three weeks. For the country as a whole, the average was less than one funeral a week for each undertaker. Some undertakers got more than one-half of all the business during a given fortnight, leaving 429 undertakers to divide the other half. Many undertakers had no funerals at all during these two weeks. In the course of an entire year they would secure only a handful. Others would get only one or two funerals a month. Yet each undertaker had to keep up his establishment—where he had one—pay office rent, bills for light and heat, clerk hire and other expenses, and, in addition, make a living, all from the profits of one or two funerals a month.

But it is not the lack of business alone that makes necessary this great margin of profit. One of the leading undertakers of New York city said to me: "There is every cent of \$50,000 in unpaid bills on our books. We have to make up that loss or we could not stay in business. So we have to charge high prices and the people who do pay make up for those who don't."

ATROCITIES ARE DISAPPROVED

MORGENTHAU INSTRUCTED TO INFORM TURKEY OF SENTIMENT.

IS NOT OFFICIAL PROTEST

Affect of Note is Merely to Let Sultan Know That Friendly Relations Are Threatened.

Washington—Ambassador Morgenthau at Constantinople was instructed by cable Monday to inform the Turkish minister of foreign affairs that public sentiment in the United States was so stirred by the reports of the Armenian atrocities that unless the massacres ceased friendly relations between the American people and the people of Turkey would be threatened. Officials made it clear that this message, though its importance was by no means minimized, did not threaten a break in diplomatic relations. Turkey already has let it be known that she will not permit interference by any foreign power with her so-called "Armenian policy." As American life or property has not been affected the United States government, without submitting an official protest, merely informs Turkey of the effect continued Armenian atrocities would have upon the American people.

Secretary Lansing said Monday that no representations had been made to Germany regarding the treatment of the Armenians by the Turks. It was learned, however, that Ambassador Morgenthau had reported that the German embassy at Constantinople had filed a protest on this subject with the Turkish foreign office. An announcement some time ago stated that the state department had asked Count von Bernstorff, the German ambassador here, to bring the matter to the attention of his foreign office.

Farm Hand Shot By Hunter. Albion—Benj. Shupe, farm hand on the Anthony farm, six miles west of Albion, has a bad gunwound on the side of his head which was inflicted by an unknown hunter. The stranger was shooting in a woodlot and Shupe went down to tell him hunting was prohibited on the farm. After a minute's talk, in which there was no semblance of heated argument, the hunter raised his gun and fired a load of birdshot at Shupe, who stood seven or eight feet away. Shupe has a bad scalp wound, but will recover. This stranger was not located. He took to his heels right after the shooting.

Dr. Holm Resigns State Job. Lansing—Dr. M. L. Holm, former state bacteriologist, who was recently appointed by the state board of health to have charge of the branch laboratory in the upper peninsula at Houghton, has tendered his resignation. Dr. Holm says that there is altogether too much politics in the state board of health, and for that reason he refuses to accept the upper peninsula job. Within a short time Dr. Holm will open a clinical laboratory in Lansing and will engage in the practice of internal medicine.

Lid Ordered For Chicago. Chicago—Mayor Thompson, in a message Monday night to the city council, announced that the owners of all saloons in Chicago hereafter would be forced to obey the state law, which provides that they remain closed on Sunday. The mayor ordered the city collector to notify in writing all persons holding licenses for saloons that they must comply with the requirements of the state law. There are more than 2,000 saloons in Chicago.

RED SOX ARE WINNERS OF THE AMERICAN LEAGUE 1915 PENNANT

CHAMPIONSHIP WON BY BOSTON RED SOX

Hub Team is Winner of the American League Pennant.

Manager Bill Carrigan Lands His Machine on Top After 'Pretty Fight'—Credit Also Given to Star Outfielders.

(By CHARLES H. CROWELL.) After as pretty a struggle as the most enthusiastic baseball fan could possibly wish for, the Boston Red Sox finally won the American league championship for 1915. Up to almost the last game it was anybody's race, but few games separating the leader and tumbler. To Bill Carrigan belongs the credit. His earnest, aggressive and at times quarrelsome methods were of vast importance in the long grind. The Red Sox got away to a poor start owing to sickness and injury, and it was not until the season was well advanced that the players got together, assumed the lead and once out in front they clung tenaciously. When Jake Stahl was deposed as manager of the Red Sox the place was given to Carrigan, and since that day Bill has been making good in every sense of the word. He is an exacting leader. He finds out what a player can do and then insists on that man doing his full duty. A sluggard has no business on that team. Carrigan has compelled his stars to work as hard as the recruits. He is a strict disciplinarian and will brook no interference with his methods. Kept Players on Toes. Starting the season with as classy a staff of pitchers as a manager could desire, an outfield that could not be beaten, and a strong infield, Carrigan kept his men on their toes all the time. His college training gave him a finesse and to some extent a diplomacy unexpected in one of such aggressive methods. To begin with, Joe Wood went wrong during last winter, and was slow in rounding to. Wagner, his star keystone sacker, was also incapacitated. Dutch Leonard, his first string pitcher, got in bad with President Lannin, but Carrigan overcame all obstacles and finally landed his team on top. The Red Sox outfield, Speaker, Lewis and Hooper, has worked together for six years and they know how every player who has been around the circuit once hits, and where he hits. This trio is the best defensively in the league. Speaker's war club and marvelous speed on the bases; Hooper's well-known trick of waiting out

an opposing pitcher and Lewis' steady hitting, brings them to a point of excellence second to none. The Detroit outfield, Cobb, Crawford and Veach, may equal them in many respects, but they do not surpass them. Speaker, with his tremendous speed, can play a shorter field than any other center. Hooper and Lewis possess arms of steel and it behooves an opposing player to watch his steps whenever he makes what looks like a sure single, or he may be thrown out at first. Many fielders may have as many assists at the end of the season as this trio, but that is because most American league basemen know when and where to stop. The individual and team play of these three have been one of the most important factors in keeping the Red Sox in the lead and eventually capturing the flag. Pitchers Worked Well. Outside of the illness of Wood and the sulkiness of Leonard, Manager Carrigan has not had to worry a great deal about his pitchers. "Babe" Ruth, George Foster and Ernest Shore, Vean Gregg and Mays, have all done mighty well, not only in the box, but also at bat. Ruth has a batting average well above the .300 mark. Joe Wood, the star of the string, is one of the rare individuals who does well everywhere in his attempts. He is a fine fellow personally and is well liked by his companions on the club. The Red Sox, besides their strong outfield and classy staff of pitchers, has an almost ideal infield. Hobblitzel, Barry and Gardner, are hard to beat and many blossoming base hits have been nipped in the bud by this quartette. And then, in case of accident Galsner, Javrin and Wagner are always on hand to fill any gap. Few interviewers have ever been able to talk to Carrigan as to his success. He is not bashful, but his gruff, unfriendly manner makes him doubly hard to thaw out. Because of this, few characteristics of his have come to the surface. Off the ball field he is unusually silent and thoughtful. Carrigan has had an extra load to carry, as he was promoted to the leadership of the Red Sox over his teammates, and in some cases he found others were not so certain that Carrigan was the man for the job. He has had to contend with cliques, with lesser lights aspiring to his official head and with disgruntled players. But his roughshod methods have overridden all obstacles, until now he is recognized by players and "fans" alike as the first man of the Red Sox. Took Up Baseball. He was born in Lewiston, Me., thirty-three years ago, of a family of modest means, and was selected for a clerical vocation. It was impressed upon him that to succeed in this life he must learn the ways of the world. So "Bill" dutifully allowed himself to be dragged daily to school

and this school changed the vocation of "Bill" after life, for it was there he first became imbued with a love for baseball. Carrigan early exhibited a skill in the popular sport and was selected as catcher of the high school team in his first year. He played four years on the Lewiston high school nine and then acquiesced in the desire of his parents to attend Holy Cross college. While at Holy Cross Carrigan made his impression on the big league scouts, and especially those of the Red Sox, who in 1906 prevailed upon Carrigan to give up all other thoughts of after life for the padded mitt, bat and ball. He played his first professional ball in the autumn of 1906 with the Red Sox, but, being inexperienced, was sent to Toronto the following year. He was recalled by the Red Sox in 1908 and was substitute catcher for that year. In 1909 Lou Criger, the veteran, was released and Carrigan became the regular catcher for the Red Sox, playing that position in the world's series against the Giants in 1912. He now enjoys the happy distinction of being the only playing manager in the American league.

AMERICAN JOCKEY WINS

The American jockey Archibald headed the list of winning riders in the summer meeting at Hoggsparten, Berlin, recently concluded, with seventeen firsts in forty-eight races. The victories of the American rider were very popular and in racing at least there was no trace of anti-American feeling. Second place was taken by Jockey Rastenberg, riding for the Weinberg stables, for which Fred Tarral, the old American jockey, is trainer. Rastenberg, who is serving with the German field artillery and was given a furlough for the meeting, rode 25 firsts in fifty-six races. Other German jockeys follow to the rear, the next rider, Pineschke, riding only seven winners. Gratitude for Wagner. The report that Hans Wagner will be made manager of the Pirates must be wrong. Barney Dreyfus, owner of the club, is too grateful to Hans for the great infielder's years of service to hand him anything like that. New Motorcycle Record. Arthur Chapple today holds a new motorcycle record for a mile. He recently covered the distance in 37.25 seconds, one-fifth of a second better than the mark he made last year.

TWO DAY TRIP IS GREAT SUCCESS

AUTOMOBILE CARAVAN COVERS TWO ROUTES FROM LANSING TO GRAND RAPIDS.

\$400,000 IS SUBSCRIBED

Enthusiasm Along Both Routes is So Great That Cheering is Made Difficult Task For Drivers.

Lansing—With bands playing and the greatest enthusiasm prevailing, the caravan of automobiles that left here Friday morning for Grand Rapids arrived in Lansing Saturday night, recording one of the greatest efforts yet made for the Wolverine paveway, a proposed highway from Detroit to Grand Rapids. Vice-President Prudden announced that nearly \$400,000 had been subscribed and subscriptions are coming in daily. Percy Wilson, of Chicago, official of the National Association of Cement Manufacturers, who made the trip, says that nothing in this country has ever compared with the efforts of the Wolverine association. That the road will be a success practically assured. The return trip from Grand Rapids to Lansing was made via Cascade, Alto, Clarksville, Lantz, Odessa and Sunfield, a route that is desirable but as yet not determined due to the Ionia Portland, Saranac route which the automobile caravan traversed Friday on the trip to Grand Rapids. The board of directors must decide which route is to be named, and as there is so much enthusiasm along both routes there is some question which one will be favored. The small town of Alto subscribed \$40,000 Saturday. The proposed road, if built of cement or macadam, will cost upwards of \$2,000,000, and there will be an united effort to build it of such material. But in the event funds are not available, it is almost certain a gravel road will be built. The road would connect the metropolis of the state with Grand Rapids, second largest city in the state, with the capital of the state, a point half way between.

WASHINGTON GARDNER GIVEN PRESENT

Albion—The national organization of the G. A. R., of which former congressman Washington Gardner, of Albion, was commander-in-chief two years ago, presented Mr. Gardner with a solid silver tea service, at the national campment in Washington. President Wilson was one of the three thousand persons attending the meeting at which the presentation was made. The service, which has just been received at Mr. Gardner's home here, is of a special design and will be an heirloom in the Gardner family. City Less in High Court. St. Johns—The supreme court holds that the city of St. Johns was responsible for an accident to James E. Brown, of Lansing, a M. U. T. motor man. In June, 1913, a roll of sheet steel fell or was pushed on him. It was standing in front of a local store. The city contended that some boys were hunting rats and pushed the steel over. The court holds that the lower court erred and that the city is liable. Brown sustained a broken leg and other injuries which, it is said, will cripple him for life. Little Girl is Fatally Burned. Saginaw—Mrs. J. Lemonek attempted to start a fire with kerosene, and Jennie, her 7-year-old daughter, was fatally burned. Mrs. Lemonek sustained serious injuries and her baby narrowly escaped death, when the oil exploded. Jennie, with her clothing ablaze, picked up a smaller child and rushed with it to a nearby ditch, where she quenched the fire. MICHIGAN NEWS ITEMS. John R.
