DOINGS OF M. N. G. AT CAMP GRAYLING

DO NOT KNOW WHAT TO DO WITH GUARDSMEN WHO REFUSE TO SIGN NEW OATH.

OFFICERS DISCUSS QUESTION

Ten Days Required to Muster in the Guardamen-Poles Will Answer the Call for Volunteers.

Portage Lake, Grayling-Worry over the status of the M. N. G. with the war department is frankly manifested both by the militia heads and of-ficers of the U. S. regulars. They don't just know what they can do with certain guardsmen who refuse to take the federal oath. They fear a repetition on a minor scale of course of the Texas affair, when National Guardsmen refused to take the The worst of it is the court. martial trials there are yet to be adjudicated. A number of men here, willing to go to Mexico for the period of their state enlistment, refuse to sign anything that may bind them The number is small, according to officers but the problem is serious. Regular army officers met with all the commissioned officers of the M. N. G. to discuss the question.

Bersey Lauda State Guard.

"The Michigan National Guard officers and men have done remarkably well during the last week in their mobilization," said Colonel Bersey, but if we had had the equipment for the recruits which we have had to enlist, and had been blessed with a little time to study more thoroughly the recent law before we were asked to work under it, we could have done much better

"But at that, the guard considering the handicap it was under, has done something the citizens of the state should be proud of, and the citizens, too, have come to our assistance in excellent shape.

"Employers of labor, so far as I know, have not balked at their men-leaving. No soldier has refused to go, something which in these times should be a subject of congratulaeral railroads to disregard the long-

Know Nothing of Future Plans.

While General Kirk and Major Daniel W. Smith both declared they know absolutely nothing as to the future plans of the Michigan troops there seemed to be an air about division headquarters that the stay in Camp Ferris will be of short duration.

In fact, there are many who do not believe the troops will remain here a week, but nothing of an official na-

ure has been given out. The men are being put through This is far ome severe training. from the same kind of an encampment as former ones have been. Previous ly it has been more in the nature of a vacation-now it is work. The officers evidently intend to harden their men as rapidly as possible. No pri-London—That Russian forces now vate may leave the grounds without occupy the entire Austrian crown land a pass, duly signed and countersigned,

Ten Days to Muster in M. N. G. Captain Wells. senior officer 23 signed to muster in the Michigan National Guard, says that it will require 10 days at the Grayling camp to many ter in the guard and complete inventory and turn over to the United States army the guard's property. Until this is done the Michigan guard will not be reported to the department commander as ready for transfer to

the border. 200,000 Poles: Would Answer Call.

That 200,000 'trained men members f the Polish Falcon alliance of the United States, would answer amy call for volunteers issued by President Wilson within two days, was the assertion of Chiof Commander of the Sixth District W. N. Skarzynski, in Musker on.

Commander Skarzynski is at Muskegon arranging for the district convention of the Falcons July 2.

"Fully 4,000 of these men reside in the sixth district." he said, "and 150 Muskegen Falcons are among the most willing to go."

MICHIGAN NEWS ITEMS

Mrs. Eva J. Steenaed of Kalamazoo was acquitted last week of a charge of infanticide by a jury in circuit court. It was alleged that Mrs. Steenard poured carbolic acid down the throat of her newly-born babe. The defense was based on temporary insanity and the contemtion that the baby was born dead.

O. Hyde, 50 of Morgan, was probably fatally injured when a motor car Hyde and four others to the ground, The other occupants of the car were not seriously hurt. The car landed right side up.

According to a ruling by Attorney General Grant Fellows any provision of a municipal charter attempting to provide for woman suffrage on strictly municipal matters cannot be upheld because the constitution of the state impliedly forbids the extension of the right of suffrage in such manner.

The result was a bargain and sale of the fish by the hotel management

to Mr. Williams so that "Jackie" might not feel homesick. The fountain was stilled so that the last member of the family might be captured, and a

"Human Fly" Has Crowd Gasping: Just Wants "Chew" COLUMBUS. O .- It was a moment of great excitement. People collected

there on the sidewalks, six floors below where the painters on their trail board swung in the spring breeze, close to the side of the new building. A man on the scaffold was signaling one below. In his voice there was a CHEW! startling note of eagerness. He was pointing to a rope upon the end of which, just leaving the ground, was a can of paint. As it rose, foot by foot, the voice of the man above grew moredistressed. People passing stopped to look. A little crowd began to collect. Were they to witness some great tragedy which the newspaper would

sickening to think of how hard is concrete and how soft and mashable is the human organism. A woman turned with a little scared cry. The hearts of strong men stood still. Then a daredevil youth drew close to the building, so close that he was nearly under the swaying scaffold—so near that he could distinguish the words of the man screaming high above. "What's the matter?" asked a man in a bated voice, as the youth drev away, starting to leave.

CHECKERS VERY MUCH IN FASHION.

Found! A new use for an old game.

From who suggested checkers as a summer resort indoor sport may no. have been a genius, but a visit to a popular water front amusement place near Baltimore will prove that it was a happy idea.

At this resort the management has installed half a dozen small tables, each with a checker-board top. There the checker "fiend" may get five cents worth of diversion, or more if his pock-thook can stand it. In addition to the place of the games are on.

It is possible that checkers are destined to take the place of bowling at the subtract of the place of the pl

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employes, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such

Railroads Urge Public Inquiry and Arbitration The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railways be disposed of by one or the other of the following methods: proposals and the proposition of the railways.he.dianosed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate-Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or

2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike. The Interstate Commerce Commission is proposed by the railroads as the

public body to which this issue ought to be referred for these reasons: No other body with such an intimate knowiedge ployes as wages; and the money to pay increased wages can come from no other source than the rates paid The Interstate Commerce Commission, with its con-

The rates the railroads may charge the public for transportation are now largely fixed by this Government board. and the succession commerce commission, with its con-trol over rates, is in a position to make a complete investigation and render such decision as would pro-tect the interests of the railroad employes, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts. The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

HAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest coses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbedility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable. only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decreed, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.
