### VOTE "YES" ON HOME RULE

### VOTE "NO" AGAINST PROHIBITION

L. J. WILSON, Publicity Manager, Michigan Home Rule League, 1933 Dime Bank, Detroit, Mich.

## Speaking of Corkscrews—and Crookedness—

More CROOKED than any CORKSCREW is the FAKE claim of the Professed Prohibitionists that the LEGISLATURE could make laws to regulate the SHIPPING of liquor into Michigan IF the proposed prohibition amendment should be adopted.

The Legislature would be bound by the express terms of the Constitutional amendment which LIMITS Legislative action to the regulation of the making and selling of liquor in MICHIGAN for medicinal, chemical, mechanical and sacramental purposes.

The amendment does not contain any reference to the regulation of the shipping of liquor into Michigan and this fact bars any enactment of the sort by the Legislature.

NOW after making it IMPOSSIBLE for the LEGISLATURE to do anything to PROTECT Michigan from being FLOODED FOREVER with UNLIMITED quantities of Liquor without REGULATION; without RESTRICTION; and without CONTROL, they come forward and try to SHIFT the responsibility onto some future body of HELPLESS lawmakers.

The attempt of the Professed Prohibitionists to SHIRK the responsibility—not only for REFUSING to try to STOP the SHIPPING of liquor into Michigan but also for tying the hands of future LEGISLATURES—is nothing more nor less than an ATTEMPT to DECEIVE the HONEST prohibitionists who have DECLINED to be CAJOLED into supporting a so-called prohibition amendment that was DELIBERATELY so drawn that it would make real prohibition IMPOSSIBLE FOREVER—or until the WRETCHED FAKE should be erased from the ORGANIC law of Michigan.

BUT let us SUPPOSE that the LEGISLATURE could do what is IMPOSSIBLE—let us SUPPOSE that the LAWMAKERS could frame a VALID law to STOP or even to REGULATE the SHIPPING of Liquor into Michigan IF the proposed prohibition amendment should be adopted—

How could LAWMAKERS—elected by PROFESSED prohibitionists be expected to do what the PROFESSED prohibitionists were AFRAID to do?

It would have been easy enough to provide in the proposed prohibition amendment that the Legislature should pass laws to STOP the SHIPPING of liquor into Michigan.

It would have been easy to provide in the proposed prohibition amendment that the LEGISLATURE should pass laws to LIMIT or to REGULATE the SHIPPING of liquor into Michigan—

BUT the framers of the proposed prohibition amendment were AFRAID to put into the proposed prohibition amendment a clause that would Stop, or limit, or control the shipping of liquor to Professed prohibitionists in Michigan.

On the eve of the Election the Professed prohibitionists are BEGGING for the SUPPORT of HONEST prohibitionists in the face of the following SHABBY record—

FIRST—They drew up a proposed prohibition amendment that was so worded that it would FLOOD Michigan with SHIPPED liquor FOREVER.

SECOND—They were AFRAID to tell why they REFUSED to try to stop the SHIPPING of liquor into Michigan.

THIRD—They tried to make it appear that the proposed prohibition amendment was necessary in order to make LABOR sober—when Michigan has the most TEMPERATE, SKILLFUL, INDUSTRIAL and EFFICIENT WAGE-EARNERS in the WORLD.

FOURTH—They tried to make it APPEAR that the proposed prohibition amendment would SAVE the BOY from temptation when as a matter of fact the proposed prohibition amendment would WIPE OUT the law that says that liquor SHALL NOT be SOLD to BOYS.

FIFTH—They tried to make it APPEAR that the proposed prohibition amendment would IMPROVE the condition of the WORKINGMEN—whereas it would throw out of employment fifty-thousand WAGE-EARNERS and deprive of a means of livelihood the 200,000 women and children dependent on them for CLOTHING, FOOD and SHELTER.

SIXTH—They tried to make it APPEAR that the proposed prohibition amendment was INTENDED to BENEFIT the MERCHANTS when in fact the adoption of the proposed prohibition amendment would DEPRIVE these MERCHANTS of the PATRONAGE of fifty-thousand wage-earners NOW BUYING for themselves and for their FAMILIES.

SEVENTH—They tried to make it APPEAR that the proposed prohibition amendment would be helpful to RELIGION, whereas it has been demonstrated that even the mere AGITATION for prohibition has substituted WARD POLITICS for the WORD of GOD.

EIGHTH—They tried to make it APPEAR that the proposed prohibition amendment would be of BENEFIT to CAPITAL when in fact it would JEOPARDIZE ALL capital by setting the precedent of DESTRUCTION OF PROPERTY by BALLOT at any time a majority desires to CONFISCATE—without compensation—on the plea that such CONFISCATION is for the GOOD of the PEOPLE.

NINTH—They tried to make it APPEAR that the fight is merely a campaign against the SALOONS when as a matter of fact the proposed prohibition amendment would destroy over \$20,000,000 worth of property involved directly and indirectly in the MAKING of liquor in Michigan.

TENTH—They tried to make it APPEAR that the adoption of the proposed prohibition amendment would do away with all violations of law in connection with the sale of liquor in Michigan, whereas in fact the adoption of the proposed prohibition amendment would DESTROY all of the REGULATORY laws now governing the sale of liquor in Michigan—Would drive out of business every LAW-ABIDING man now engaged in the liquor business in this State and, in addition to keeping in the liquor business all of those who now violate the laws, HERDES, LOW-DOWN and LAWLESS characters to ENGAGE in BOOT-LEGGING HORRIBLE CONCOCTIONS shipped into Michigan to be sold in place of the LIQUORS now dispensed in this State under the supervision of our most excellent PURE FOOD LAWS—which PURE FOOD LAWS would be wholly inoperative in relation to liquors SOLD in OTHER States for SHIPMENT into Michigan.

ELEVENTH—They tried to make it APPEAR that alcoholic beverages are DEBASING POISONS, even when used in MODERATION, whereas the proposed prohibition amendment expressly provides for the making and selling of ALCOHOLIC LIQUORS in Michigan to be used for MEDICINAL and SACRAMENTAL purposes—for the good of both BODY and SOUL.

TWELFTH—They tried to make it APPEAR that the adoption of the proposed amendment would help the FARMERS, whereas in fact the measure would make it UNLAWFUL for any Michigan FARMER to make CIDER from his APPLES or WINE from his GRAPES even for use in the home.

THIRTEENTH—They have tried to make it APPEAR that the interstate commerce laws would make INVALID a State law against the shipping of liquor into this State, whereas in fact the 1916 American Prohibition Year Book says that the WEBB-KENYON law gives the STATE-SOLE JURISDICTION over the SHIPPING of liquor. MOREOVER the WEBB-KENYON law says that liquor SHALL NOT be shipped into any State with the INTENTION of VIOLATING the LAW of such State.

FOURTEENTH—And NOW they come with the fake claim that "the Legislature will have AMPLE TIME in which to frame the necessary laws governing importation."

"AMPLE TIME"—is Right—Considering the fact that the proposed prohibition amendment would POSTPONE FOREVER any legislation that would STOP, LIMIT, REGULATE or CONTROL the SHIPPING of liquor into Michigan from everywhere on earth.

Is it any WONDER that the PROFESSED prohibitionists have ABANDONED all HOPE for the adoption of the so-called prohibition amendment and are making a DESPAIRING plea for the retention of the county unit law?

#### DIPHTHERIA TRACED TO CATS

Absolute Proof That Domestic Pets Can Be Carriers of Most Dangerous Diseases.

The relationship between the disease of man and of animals has been as much neglected in this country as it has been studied in the tropics. For this reason we are profoundly ignorant of the role which animals play in the play any role at all—in the dissemination of epidemics.

#### Special Interest attaches, therefore, to a communication to the National Medical Journal, which describes how an outbreak of diphtheria in an orphanage was traced back to some cats in the building.

Sixty-five cases of diphtheria out of a total of 71 cases, it was found, from the boys' side. After many investigations and precautions such factors in the production of the disease as sanitary defects, contaminated water supply and food were eliminated. Realizing that these must be a carrier of the bacillus, the physician in charge decided to turn his attention to the cats and took away from all their throats.

#### On bacteriological examination it was found that the four cats from the boys' side of the orphanage were suffering from diphtheria; the four cats from the girls' side, although showing other microorganisms in profusion, did not prove to have the true diphtheria bacillus. The cats were destroyed, and after that only ten more cases of diphtheria occurred. They occurred within a few days, showing that they had already become infected when the cats were destroyed. There have been no cases since. This tends to show that cats are, or can be, carriers of diphtheria.

#### Nickel's Possibilities.

A scientist says there is enough high explosive in a nickel, chemically treated, to blow off a man's head. But it wouldn't be a nickel any longer. A nickel as it is enables a man to blow himself off as often as he comes in possession of it.—Houston Post.

### You Can Afford Good Light

You up-to-date farmers who own your property—take pride in your home and love your good wife and children—you should have good light.

The day has passed when good light in the farm home could be considered a novelty or expensive luxury. Nor is it a matter of big investment. Today good light is an inexpensive necessity.

### Pilot-Carbide-Outdoor Lighting and Cooking Plants

have totally changed the old fashioned methods of house and barn lighting and cooking in the country home.

Hundreds of thousands of progressive farmers in all parts of the country have selected the PILOT because they were quick to recognize the value of good light—its safety and the convenience it brings them and their families. These country owners—like yourself—found that they could easily afford the moderate investment for their PILOTS.

So can you afford it. You can afford that new mowing machine, seed drill, and sulky plow. You can afford all the improvements that make your place a model farm, because they save you time and work.

Think of your good wife. She is your business partner. Her duty has been to make your home. She has done it well. She has contributed as much to your success as you have yourself.

#### MARKS OF GOOD BREEDING

Dignity That is Neither Formality Nor Haughtiness—Outward Calmness Imperative at All Times.

A well-bred carriage is difficult to imitate; for in such things it is negative; and implies a long-continued training. You are not required to exhibit in your manner anything that specially betokens dignity; for, by that means, you are like to run into formality and haughtiness; you are rather to avoid whatever is ungraceful and unbecoming.

Problem Follows the Boy. "Have you a boy problem in your town?" asks a writer in the Survey. "There being several boys in our town, we have—Kansas City Star."

Sandy in Doubt. Sandy (to McDougal, returning from wedding festivities)—"Pan, friend, I'll well McDougal—'Thank ya, lad, die. But ya donna ken the girl wif's or ye woul'dna be so sure."—London Opinion.

Marx's Best Running Time. An English horse holds the mile record. Colman, a four-year-old, with 128 pounds up, on July 12, 1900, at the Lingfield course, covered a mile in 1:33 1-2.

Patents. Applications for letters patent must be made to the commissioner of patents, Washington, D. C., and signed by the inventor. The time required in securing the patent depends upon the invention and the facilities that the applicant has for proving his case.

Word of Different Meanings. A "rookie" is a man who is learning to be a soldier—the "raw recruit." The term is English. The word "rookie" used to be used for a variety of things. A gambling den was a rookie. So was a barrack. The frequentest of either became a "rookie."

THEY DROP MIDDLE NAMES. Some Extremely Nice Persons Have Only Two Names in Discovery. Recently Made.

"This is the day of the two-cylinder name, which fact has been proved by cognomen connoisseurs who have looked over every name at Harvard and inspected the persons to whom the names belong. They learned that some extremely nice persons have no middle names at all and seem to get on rather well without them.

"It is assumed," says a New York Herald writer, "that the ever-growing trend toward efficiency is to be blamed for the dropping of oversize names, for it has long been understood that a person with a two-ply title need not be especially embarrassed about it. In the course of a wealthy man's life it means the writing of about 10,000,000 useless words if he uses his middle name on checks and indorsements and these things have got to be considered.

The Porcelain Club at Harvard, the most exclusive organization of its kind in the country, proves this year the futility value of middle names. There are 15 members this year and five of them are named "Mr. and Mrs. So-and-so." "Now what is the use of adding about it. Why not plant some and get out?"

Had to Kick About Something. "What's the old hen kicking about now?" asked the baker's clerk, as the customer went out. "She says," wrathfully responded the baker, "that the color in the doughnuts are not as large as they used to be."—Judge.

Modern Petticoats. Where the crowds rub elbows, the polite man is now too often one who has something to sell. He is suave, bland, conciliatory, and complaisant, and it is an axiom in business that the poorer the article, the smoother the sales. A grotesque situation—this assumption of the unnatural for a purpose clearly visible to the one it is desired to influence—soften by the concealment of truth.

Sarcastic Gossip. A beginner on a brand-new golf course was having a particularly trying experience on a hole laid across a well-meaning but exasperating plowman. "The fellow did not miss the ball, he hit the ground behind it. His rod, snugging up the position with cold, professional eyes, remarked to his companion: "My word! It wouldn't cost him much if he was plugging with saw-logs!"

Billy Sunday spoke to 11,000 people in Wilsberg's Coliseum at Ann Arbor on Monday.

#### All He Had Met.

A story is going the rounds in London, probably not for the first time, which is worth repeating. It is generally told by an Englishman. A Scotch commercial traveler visited London recently on business. It was the first time he had crossed the border, and he was asked on his return how he got on with the English people. "They were all thoughtful and after the fashion of speech of one from Aberdeen, he remarked that he had not met any. He had only seen the heads of the firms he had called on.

Lines to Be Remembered. "My father's principle was that none but enjoyments of rare occurrence were adequately prized; that neither young nor old could set a proper value on pleasures which they had every day."—Goethe in "Wilhelm Meister."

Domestic Economy. One trouble always begins when someone overpays the lady of the house that she can't afford to buy something that we know we can't afford to buy.—Miracles Journal.

Deep Breathing. Declaring that the benefits of deep breathing are overestimated, a medical person says: "When a person breathes very deeply he exercises the muscles of his chest, shoulders and abdomen, and that is good for him. He studies some blood from his trunk into his feet and hands. If his feet and hands are cold that increases his comfort. These are real advantages of deep breathing exercises once or twice a day." Also, when an American citizen is indulging in deep breathing he cannot talk.

Good Phrases. A good phrase can never become a platitude. "The rosy fingers of the Dawn" is beautiful today, though it may have been hackneyed when Homer put it in the "Iliad."—George Moore in the Atlantic Monthly.

Peculiar Find in Fish. In the stomach of a tuna, caught off Saginaw, Mich., was found a block of wood 5 inches long by 3 inches thick. This chunk of wood has been presented to the Maine Historical society as curiosity.

Mother Went Down Foot. "Mother" how does she grow? asked Katherine. Mother, who was not up on the subject of maternal and not wishing to show her ignorance said: "Now what is the use of asking about it. Why not plant some and get out?"

**LEAVE PRISON IN AMM**  
Young Husband and Wife Sent to the Penitentiary, Start Life Over Again With Brave Spirit and Hope.

Columbus, O.—Start in prison, twenty years old, was received at the penitentiary three years ago for a burglary committed in Adams county. His wife, Mrs. Emma, followed him a year later for the same crime, committed in Washington county. Several days ago both left the prison to begin life over again in Wheeling, W. Va. The board of administration pardoned them at its last meeting.

"I don't know what I am going to do yet," said Earl with a big smile spreading over his face. "All I want to do is to make money and make it honestly. I think I'll find something in Wheeling that will keep us both."

His wife was the cause of one prison guard's downfall. The guard became convinced over her beauty and beauty her notes and letters. A speedy dismissal was the result when the prison romance was discovered.

# HOME RULE SALOONS

Saloons in "Home Rule" territory are bold and defiant, producing every kind of crime.

The following are "Home Rule" produced crimes:

Home Rule drunkard insults woman and is shot.  
Home Rule boy, while drunk, kicks his mother to death.  
Home Rule man of wealth, being drunk, shoots head waiter.  
Home Rule cafe gave nation notorious murder trial.  
Home Rule saloons produce and shelter immorality.  
Home Rule saloons foster gambling and obscene pictures.

The following data was furnished by a man who until recently was one of the "wets."

His business partner, who was a splendid artist, became more and more a slave to drink until in a drunken row in a saloon he committed suicide. This so affected Mr. Rice that he became a temperance man and he is now giving his time and ability with no compensation, for the cause of prohibition. The following are from his personal observation and personal knowledge:

- "In Dennison, Ohio, under Home Rule, a drunken white man, coming from a saloon insulted a colored woman and was shot."
- "In Princeton, Indiana, under Home Rule, the County Option law having been repealed, a boy spent all of his money in a saloon and was refused more liquor. He went home and beat his aged mother until she gave him money. He returned to the saloon and spent what she had given him. He went home again and asked for more money. His mother pleaded with him on her knees. He beat and kicked her so she died within an hour."
- "In Fort Wayne, Indiana, under Home Rule, a man of wealth got drunk in one of the so-called model bar rooms. He went to the Anthony Hotel and in his drunken condition he shot and killed the head waiter."
- "In this same city, under Home Rule, some of the saloons have wine rooms for women which are in reality loafing rooms and headquarters for common prostitutes."
- "In Indiana, under Home Rule, gambling goes on in nearly every saloon. This is especially true of many of the Fort Wayne saloons where there are also pictures in the penny slot machines too vulgar and obscene to be described."
- "Do not forget Harry Thaw, who in New York City, under Home Rule, killed Stanford White in a high-toned cafe. This deed has cost millions of dollars."
- "In a saloon in Massillon, Ohio, under Home Rule, girls were kept for immoral purposes and rooms were rented upstairs. The proprietor was arrested but continued to run his saloon. This was by no means the only saloon in Massillon of this character."
- "In Cincinnati, Ohio, under Home Rule, one saloon on Vine street kept women for immoral purposes and rooms were rented upstairs. There were many such saloons in this city."

(Signed) CHARLES RICE.

What Mr. Rice stands ready to prove regarding Cincinnati saloons and the other Home Rule saloons mentioned, he also said regarding some of the saloons of Youngstown, Ohio; Parkersburg, West Virginia when it was under Home Rule; Akron, Canton, Cleveland, Columbus, and other Ohio cities. "What the Home Rule saloons do with all boldness seems to me too base to be described in further detail and I am therefore omitting much of the data which has been given me by Mr. Rice, over his signature."

Home Rule saloons are cesspools of iniquity, breeding the same kind of vice, poverty and crime that come from other kinds of saloons. We, the citizens of Michigan, have taken a vow to do all in our power to banish forever this social cancer, this economic parasite and this moral vitriol.

Politicians and the dry and wet forces have filled The Enterprise so full of advertisements this week that there is nowhere near as much reading matter as we would like to have. Copy came late and we had no time to prepare for it, so in it went—but not all of it for more than six columns of copy came too late for us to handle it.

Hallowe'en was duly observed by the town boys Tuesday evening. Reuben Buss of Sharon has brought suit to recover loss of a horse injured by Byron Hall's auto last September. Byron was driving home from Chelsea and passing the Okla. Buss tells a different story and it will probably take a jury to decide which is right.

Republican and Democratic Boosters Touring County Make Visit To Manchester.

Something less than a dozen autos loaded with enthusiastic republicans and politicians swept into Manchester, Wednesday afternoon. Banners on the autos read "We want Lind for sheriff."

A colored man, Club sang songs and then the visitors hurried away as Saline, Milan and Ypsilanti were yet to be visited before the day closed.

Over the hills from the north at noon today came rolling "midst a cloud of dust, a number of auto bringing the Ann Arbor band, Gov. Ferris, Congressman Beakes and the county democratic candidates and boosters. They gave a hearty welcome by the local democrats and all took dinner at the Manchester house.

The band played, calling a crowd together. When Gov. Ferris was introduced, he made a short speech and he and the band sped on to visit other places. Congressman Beakes was the next speaker, then he too faded away. Prosecuting Attorney Carl Lehman was one of the last to speak in the county was to follow, when The Enterprise went to press.

What do school books cost you? Massachusetts has had free school books for 32 years. In 1913 they cost the state 79c for each child enrolled.

Fifteen (15) states have a mandatory free school book law.

Cost of school books to the state per child enrollment, in 1913, in the following states which have free school book laws, were—

Maryland, . . . . . 82 cents  
New Jersey, . . . . . 81 cents  
Pennsylvania, . . . . . 76 cents  
Vermont, . . . . . 76 cents  
New Hampshire, 92 cents  
Wyoming, . . . . . \$1.23

California prints her own books and furnishes them free to the state. California has printed her books for thirty (30) years.

Private schools and students may buy them at the following prices: Third Reader 19c; Fifth Reader 22c; Advanced Arithmetic 33c; Advanced Geography 54c; Hygiene 15c; English II 26c; History II 31c; Civics 31c; Writing books 4c; Speller 11c.

First books are lower priced than above.

Are you satisfied with the Michigan system?

We propose a law whereby the state shall furnish the school books used free or at cost.

VOTE NOV. 7 MICHIGAN DRY YES FOR PROHIBITION NO ON HOME RULE

Vote for a Square Deal and Defeat "Home Rule" VOTE NOV. 7 MICHIGAN DRY YES FOR PROHIBITION NO ON HOME RULE

VOTE NOV. 7 MICHIGAN DRY YES FOR PROHIBITION NO ON HOME RULE

On Nov. 7 every voter will receive ballots for four Constitutional Amendments. Two of these relate to the liquor traffic and two do not. Your special attention is called to the two amendments relating to the liquor traffic.

Every voter must vote twice on the liquor traffic. Every enemy of the saloon must vote "YES" on the Dry State-wide Amendment to Article XVI, Section 11, for prohibition. Every voter, wet or dry, who believes in the square deal, will vote "NO" on the "wet" or so-called "Home Rule" Amendment to Article VIII, Section 30.

Who wants the so-called "home rule" amendment? The saloon crowd, brewers and distillers. Who are fighting the "home rule" amendment? The United Dry Federation of Michigan, including the Michigan Anti-Saloon League, Michigan Grange, Michigan Gleaners, Michigan State Sunday School Association, The Trade Union Dry League, W. C. T. U., and other great organizations, both Catholic and Protestant.

What the "wets" want in Michigan is to defeat state-wide prohibition and nullify county local option. And to do this they hope to deceive enough dry voters so as to get a majority, November 7.

AMENDMENT TO THE CONSTITUTION Providing that every incorporated city or village, and organized township shall have the right to determine whether or not there shall be prohibited therein the manufacture and sale of malt, brewed fermented, vinous, distilled or intoxicating liquors.

AMENDMENT TO THE CONSTITUTION Providing for prohibition in the state forever of the manufacture, sale, keeping for sale, giving away, bartering or furnishing of any vinous, malt, brewed fermented, vinous, distilled or intoxicating liquors, except for medicinal, mechanical, chemical, scientific or sacramental purposes.

AMENDMENT TO THE CONSTITUTION Providing for prohibition in the state forever of the manufacture, sale, keeping for sale, giving away, bartering or furnishing of any vinous, malt, brewed fermented, vinous, distilled or intoxicating liquors, except for medicinal, mechanical, chemical, scientific or sacramental purposes.
