OUR SHIP OF STATE
Thou, too sail on, O Ship of State! Sail on, O Union, strong and great! Humanity with all its fears, With all the hopes of future years, With all the sorrows that are past, With all the joys that shall be last, What Workmen wrought thy ribs of steel, What Avails rang, what hammer beat, What forge and what anvil beat, Were shaping thee another day? Fear not each sudden shock and shock, 'Tis but the flapping of the sail, And not a rent made by the gale. In spite of rock and tempest's roar, In spite of false lights on the shore, Sail on, nor fear to breast the sea! Our hearts, our hopes, are all with thee, Our faith triumphant o'er our fears, Are all with thee—as are all these!

Warner's Rust-Proof Corsets
The most economical because the Warner brand on a corset means longer wear and better style than it wears. It carries assurance, too, that every inch of boning and fabric wear is the best, that however hard you wear it, it will not rust, break or tear. In short, that the Warner reputation is behind it.

A thorough student of law. A member of the Washtenaw County Bar for 24 years. Has never been in politics.

THE WISE OLD OWL

CAME BACK. Nearly everyone will remember of Rip VanWinkle, who slept for 20 years.

Being a hen-pecked man, he felt his only friend left was his dog, besides his shotgun, and while wandering in the woods one day he lay down, fell asleep and slept for 20 years.

When he awoke things had changed most wonderfully; his hair was long and snow-white.

Time rolled on; we were under the impression he had taken the Rip VanWinkle course, but could hardly conceive of his neighbor for he has no wife or child. Neither do we know of his having a dog nor a gun.

But behold! last Saturday he "came back" in "daytime." Time had not made but few changes. His hair was not long nor snow-white, as was Rip's, but short and curly. He came to purchase two pairs of overalls. Upon being told the price, it took but a moment to decide to purchase six pairs, again saving 15c a pair, or 90c on the whole purchase.

We have a large shipment of overalls on the road. When these arrive we will be obliged to advance the ones we have on hand 15c a pair to conform to the advance price we are paying. Should these arrive before Saturday we will not advance the price until more power for electric light and water works.

Charles Burtles has been complaining of "not feeling well" for some time. Wednesday he was sick in bed and had high fever and sore throat, and did not rest well last night but the doctor hopes to have him out in a few days.

Farmers, we beg of you, stay on your farms. The people need wheat, corn, potatoes and meat. You know how to supply the demand and prices are so high that you can make good money at it, even if you have to pay your help big wages. Stay on the farm, you will be happier than if you move to town.

Wm. Hoffer received a letter from his brother in Pennsylvania saying that if he could buy him 30 bushels of russet potatoes at \$2.40 or not over \$2.25 per bushel, to send them along. Guess the brother from old Penn. hasn't read the market report on potatoes, \$3.50 offered at Traverse City, 35 cents a peck in Detroit.

THE FARMERS' INSTITUTE

Was interesting and Well Attended. Good Speakers, Good Music Throughout.

One of the most enthusiastic institutes, and surely the best attended in several years, was held at the Ypsilanti church on March 17th and 18th, Thursday, Feb. 15.

The audience that gathered for the afternoon session, the largest filled the auditorium of the church to overflowing, a large number of children were present from the rural schools, as well as our high school.

The meeting was presided over by Clayton Farr, the program opening with a violin and cornet duet by Lowell Parson and Frank Smith, with Miss Beesie Torrey at the piano.

The young men responded to the enthusiastic applause with

The most economical because the Warner name on a corset means longer wear and better style while it wears. It carries assurance, too, that every inch of boning and fabric is the best; that however hard you wear it, it will not rust, break or tear. In short, the Warner reputation is behind it.

Now is the time to select your corset and whether lace back or lace front, you can make no better selection than one of our new Warner's Rust-Proof Models.
