Mr. Pierce has one of the heaviest producing herds of cows in this part of the country. During the months of January, February and March receipts for butterfat from about 20 cows will total around \$300. Here is a chance to secure some good young dairy stock.

We can not go wrong if we elect General John P. Kirk. Ask any of the boys who lived with him for nine months during the Spanish American war, or any of the boys who lived with him for seven months down on the border. They will tell you "Yes, by all means yes."

For Sale—Span iron gray Colts, Span browns, Span bays, all well matched and good size. Also one bay and one gray Colt. William Logan.

Ask any of the lawyers of Washtenaw county about John P. Kirk's ability and they will tell you that it is O. K. and that he is experienced in the law.

Just unloaded, a car of Cedar Fence Posts, 30 per cent live timber, price 18 cents each. Dresselhouse & Davider.

# TO THE CITIZENS

of Washtenaw County:

THE election to be held on Monday, April 2nd, is one of immense importance to the people of this county, because the office of Circuit Judge is to be filled.

In a county like ours, where the courts are the chief guardians of law and order, no local office compares in power and influence with the office of Circuit Judge. There is not a man, woman or child in the county whose security and protection are not dependent on the integrity and fearlessness of the judge who sits in the Circuit Court. The selection of such an officer is a matter of such serious concern that political partisanship should have nothing to do with it.

George W. Sample is an attorney of excellent training and of ripe experience. He is a graduate of the Law Department of our own University, and has successfully practiced his profession in this county for fifteen years. He is respected and trusted by all who know him as a man of solid character and high ideals. He already has a notable record in the public service, for his work as a member and president of the Ann Arbor School Board has shown his capacity and faithfulness as a trustee of the people. While he is a man of convictions, he has never been a narrow partisan, but has always maintained a fair and open-minded attitude toward those who did not agree with him. He has never been associated with persons or interests hostile to the welfare of the public, and as a judge he would be free from entangling alliances affecting his attitude toward public questions brought before his court. He would be a judge to whom anyone could freely go for help and counsel, and from whom everyone in the county, whether high or low, would obtain a sympathetic hearing and full and equal justice.

We therefore ask you to support Mr. Sample, not as a favor to him, but as an act of service to the community in which we live. We do this in the interest of no party, but because of our strong personal belief that he is the candidate best fitted for the office.

Very truly yours,
