RIOTS AT PEACE MEETING. Fight Started When Speaker Criticizes President Wilson. Chicago—A riot in a peace meeting in Grant park Sunday resulted in the arrest of eight speakers who had denounced President Wilson. The crowd was composed of persons unable to gain admittance to a meeting in the Auditorium theater, where 8,000 persons demanded that the government set aside its war language—the terms upon which it will make peace with Germany. The Grant park peace meeting was peaceful until George Rook, a speaker, criticized President Wilson. Then rioters and civilians joined in a general fight with a large number of pacifists. Scores of prominent pacifists and Socialists attended the meeting in the Auditorium, among them being Miss Jesse Adams and Dean Robert M. Lovett of the University of Chicago. There was no criticism of the administration at the Auditorium for remarking on the war, but the crowd cheered speakers who said that if this war is a people's war, the people must know upon what terms it will be stopped. "We are told that we are fighting for democracy," said Seymour Steadman, Socialist, "but do we mean democracy for India, for Ireland and for other nations oppressed by the empire of the United States? We mean that we are fighting for the rights of the people." Fort Huron—James Waterworth, 74 years old, for 40 years a Grand Trunk engineer, running between this city and Detroit, died from injuries he received when struck by an automobile several weeks ago. Pontiac—Mrs. Mary Jewell, aged 70, was found dead in the basement of her home. She was stricken with apoplexy while doing a washing machine full of clothes left on a gas stove had burned up. Detroit—Fort Wayne may be converted into a hospital for United States soldiers wounded in France. The government has requested the plans of the fort and they have been forwarded with this view. Central location and proximity to the river are recognized as factors for using the building.

We would suggest that Teddy get his army together and go in training for six months. The same rule applied to France applies to our customers. We want our customers to have the best we can give.
