GIVES 100 CAMELS AS GIFT. Victory of India Receives 'Temperate Drinking' Kind of Animals From Indian Ruler. Calcutta, India.—The gift of a hundred camels from the King of Bahawalpur, a valuable war donation. The King's camels are considered in the respect of the finest in the world, but the purpose of this gift is to be used as a means of transport for the British Flying Corps.

GERMANS TO REWRITE BIBLE. The Hague.—According to a copy of the German newspaper Kreuzzeitung of Berlin, just received here, the Germans are going to rewrite the Bible. The article says: "We are further proof were needed of the immeasurable superiority of the German, intellectually and morally, over the rest of mankind. It is to be found in the mental attitude of our people toward the Bible as compared with that of other nations. The English regard that book as their most valuable commercial asset, and use it mainly as a form of barter with savage tribes for their good will, their assistance, and the supply of their natural products, and in England it is regarded solely as a means of propagation of that spirit of hypocrisy which has stood the British in such good stead for ages to hoodwink and despoil other races. "It must be one of our first tasks on the conclusion of this war, when Germany shall rise out of its ruined power and vitality like another phoenix, to set a board of qualified experts to work to produce, not only for our own benefit, but also for the moral uplift of mankind, a new, a more forthright, a purer Bible, instead of the German spirit of Kultur and morality."

WORMIONS IN ODD PETITION. Ask That Navy Regulations Be Waived to Permit Them to Wear Their Own Underwear. Salt Lake, Utah.—In order to permit members of the Mormon church who wear temple undergarments to enlist in the navy, Lieut. Edwin Guthrie of the local navy recruiting office, has asked authority from the bureau of navigation to modify the regulations. Lieutenant Guthrie reported that he had had much discussion with the recruiting men who have applied for enlistment in the navy but who are bound by religious scruples to wear a prescribed type of undergarment. The church garment does not conform to the regulation navy garment, and hence the lieutenant has taken steps to have the regulations waived so as to enlist Mormons who have heretofore been advised by navy officials that they must comply with United States regulations or stay out of the service. The Mormon garment is similar to union suit, covering the entire body, and of uniform material. FLAG FOR BUNKER HILL. FOOD BILLS ARE INTRODUCED. Washington.—Two more important food measures, backed by the administration, it is understood, have been introduced in the senate by Senator Gore, chairman of the agriculture committee. One would authorize the president to appoint a controller-general of supplies for the war period and the other would prevent interstate or foreign shipments of calves and cows for slaughter. The measure proposing a controller provides in cooperation with other federal agencies and to avoid competition between American and British, and French services are prepared to furnish them temporarily, just as these two services now exchange machines as well as similar necessities. Latest Type in Service. America, of course, is expected to severely away. The strain of the war is a matter of months. Just now the single seat fighting scout is the machine of the hour. Such machines must stand the terrific strain of fighting tactics—rolling, looping, nosediving, side-slipping. It is no unusual thing nowadays to see a pilot seemingly fall out of control 2,000 feet or more and then flutter out and sail safely to the ground. Maximum price-fixing plans, as explained by Secretary Houston, do not contemplate a maximum price on staples generally, but application of the principle only when a food corner is in sight. The agriculture department has a flag to see the purchased one, and without a specific menu and other ceremony, unfurled the Stars and Stripes on the monument to one of America's greatest shows. PICNIC TIME IS NOW

HERE
When about to put aside your work for a day's outing, let us suggest a few things for the picnic lunch.

Butter Krust Bread

is ideal for sandwiches. Use with this some of our good dairy butter with potato meat, real ham loaf, potato, tuna, or fresh boiled ham, minced ham or meat loaf. Some good pickles—sweet, sour, dill, or chow-chow. Olives—plain, stuffed or ripe. We always have a good supply.

Take along some Oranges

Bananas or Lemons for lemonade; or a bottle or two of Armour's Grape Juice.

Take some Cookies or Cakes

Why not try Ward's Cakes now? They are just like home-made (Six varieties). They will give you the makings.

Paper Plates, 5c per doz.
