REPORT OF TREASURER

Observations of Financial Conditions As Compared With Village Affairs Year Ago.

The report of Village Treasurer Fish is to be found in another column, and contains much interesting and valuable information. Comparing this report with the one of last year it is found that an overdraft of \$83.50 in the waterworks department has been wiped out. Receipts in the waterworks department the past year were practically the same as the previous year, though there was a slight gain.

In the electric department an over-draft of \$3,246.60 still remains, but this has been reduced \$300 during the year. The revenues of the department were about \$1,100 less than in 1917. Only one month last year shows greater electric light collections than 1917, that was the month of December. The decrease seems to have been effective throughout the year and not confined to the months when there is a shortage of water and consequent cutting down in the hours of service.

- MANCHESTER SOCIETIES. MANCHESTER LODGE No. 148, F. & A. M., meets at Masonic Hall Monday evening on or before full moon. Visiting brothers invited. August Liude, W. M., Ed. E. Root, Secretary.

- G. A. SERVIS is prepared to do all kinds of Dental Work General and Local Anesthesia for Painless Extraction. Office upstairs in Servis Building.

STATISTICS. Old Uncle Eben Jones of Nashville went into a New York life insurance office and requested a policy. "Why, uncle," said the president, "you are too old for us to take the risk. How old are you?" "Ninety-seven come next August," said the old man, and added testily: "If you folks will take the pains to look up your statistics you'll find that mighty few men die after they're ninety-seven."

BILL NEEDS SCRUTINY

Measure to Be Placed Before Voters By Wets in April Election May Fool Many.

Lansing, Mich.—Michigan mothers will be free to bring up their children on the bottle after May 1, 1919, if voters adopt the wine and beer amendment which on April 7 will be submitted to the voters of Michigan by the liquor interests. Such, at least, is the opinion of Walter S. Foster, the attorney who has been making a study of the wet measure for the Michigan Anti-Saloon League.

"The amendment, if adopted, would authorize the legislature to regulate only the sale of liquor," declared the attorney. "It says nothing about regulating the giving away of liquor. Under the amendment any person might give by the drink or by the barrel, any or all such liquors as the measure authorizes at any place, public or private (except licensed saloons or breweries) to any boy or girl, jitney driver, locomotive engineer, electric motorman, member of fire department on duty, habitual drunkard, posted person, inmate of county poor-house, prisoner inside of jail or prison, policeman on his beat, inmate of insane asylum, or anyone else."

SPEED UP ROAD MAKING

Fatal Error to Put Off Day of Beginning Adequate Roads—Need Is Here Right Now.

Without doubt this country is about to speed up the laudable undertaking of building good roads. The year 1919 opened up with prominent public men in almost every state of the union making plans for pursuing the work in a systematic manner. Township, county and state legislatures have passed laws providing for the expenditure of money for good roads and thousands of miles will be constructed this year.

Farmers, manufacturers and other business men as well as drivers of automobiles, trucks, etc., see the necessity of constructing permanent highways across the continent in various directions, not alone for pleasure as well as the various industries of the nation. It has been demonstrated since the United States entered the war, that railroads are unable to handle the vast amount of munitions, stores, food and men in addition to the usual traffic, and at a time of great stress the national highways should be used to speed up the movement of necessities through the use of motor trucks.

To be prepared for any emergency is a victory now and we yankees have had a few ideas punched into us by people never rated as half as shrewd as we. The United States is going to be the top of the world with abundance of blue sky as well as water surrounding, and good road will be a leading factor in making possible the movement of armies not alone of fighting men, but of working men and women, so that we may be able to compete with cheap foreign labor in supplying the world with whatever is needed in the daily activities of all people.

Our railroad facilities, already the greatest in the world, will also be

greatly increased. Our merchant marine will carry our share of the commerce of the world into every port of the globe and many predict that American aircraft will ultimately become an efficient help in more speedy movement of mails, etc., in this country and perhaps overseas. And all this outlook convinces us that we should spend our money rightly in building better and more good roads.

SAW SOME BIG BATTLES

Bridgewater Boy Got in Thick of It—Now Guarding Huns in Their Country Along Rhine.

Germany, 1918. Dear mother: Here I am again, feeling fine. I received your letter last evening and sure was glad to hear from you again. You must be careful and not get the influenza. Just got over having it myself, but am all right now. Am in Germany now; hiked here through Belgium and Luxembourg. It was a nice trip. The Belgian people sure were glad to see us.

I was in the last big drive the Americans made. We drove the Germans back 20 miles, advancing day and night. I was on the front when the war stopped. It seemed funny to hear all the big gun stop firing; but all seemed good. I saw all the war I care to see; I was in a good many big battles. No, I'll never say I am unlucky again, for I didn't get a scratch. Tell daddy I'll bring him a souvenir of some kind.

Yesterday I ran across a fellow from Jackson I used to work with; we were glad to see each other. I must close now, hoping this finds you all well. From your son, EUGENE HYATT.

WHERE IS BEEBE?

Manager of Tecumseh Co-Ops. Very Mysteriously Disappears But Accounts Are O. K.

There is considerable anxiety expressed by friends and acquaintances of C. D. Beebe, manager of the Tecumseh Co-Operative association, because of his mysterious disappearance. It appears that he went to Buffalo, N. Y., with stock on Sunday afternoon, Feb. 16. On Monday he was on the market looking after the sale of the stock, and received and mailed home the pay for it, then wired that he would be back in time to attend the annual meeting of the association on Wednesday.

He did not appear, and fearing some accident had befallen him or that he might have been assaulted, two of his friends went to Buffalo in search of him but could not trace him. We learn that his grip was found a few days later at Toledo, which would indicate that he had returned that far, but no clue to his whereabouts can be found. Pictures and descriptions of him have been sent broadcast in hopes of finding him and if alive, of inducing him to return to his family.

It is said that the co-operative business has not been as successful as he hoped. It is also stated that his banker before he left that he had made a real-estate manager face their action. Mr. Beebe's father is well off financially and would be glad to have his son return to the farm.

FARMERS' INSTITUTE

Excellent Program of Music and Oratory, Friday, March 7th, Afternoon and Evening.

The farmers' institute will open at the M. E. church at 1 o'clock p. m., Friday, with a piano solo by Miss Torrey. One verse of "The Star Spangled Banner" will be sung and Rev. Johnson will offer prayer, followed by a vocal solo by Julius Lindbert.

Miss Buehl of Ann Arbor, who was to read a paper in the evening, desires to meet the ladies and it has been arranged to have this meet the discussion.

H. S. Ostler, county agricultural agent, will have a paper on "Lime and Alfalfa" and Mr. Nicolson of the M. A. C. will deliver an address on "The Origin and Value of Pedigree Seeds for Michigan." These will be well worth hearing and freedom, Sharon and Bridgewater farmers, as well as those in this township, should make a special effort to hear them.

The high school orchestra will furnish the music with music afternoon and evening. At 7 o'clock Miss Grossman will play a piano solo, "Michigan, My Michigan" will be sung, Rev. Johnson will give a vocal solo and Prof. W. D. Henderson of the university will deliver an address which will occupy the greater part of the evening.

The J. C. Rockwell "Sunny South" Company.

As a sort of diversion local theatre goers will have an opportunity of seeing something entirely new in the amusement line at Arbelter Hall, Monday evening, Mar. 10th when the J. C. Rockwell "Sunny South" company, the show that leaves you laughing when they say "good night" will make its appearance. This is conceded to be one of the strongest, brightest, most complete and capable colored organizations of the age. The performance is up-to-the-minute in every respect, bright and pleasing from start to finish. It contains more real humor, wit, novelties, original ideas and charming and catchy music than any similar attraction. The management wish to give the public a run for their money and have gotten together a strong and evenly balanced organization that is bound to please the most fastidious seeker after amusement. There is snap and ginger from beginning to end, the music is all new and of that jingly kind that can be whistled after one hearing. There is plenty of fun in the performance, in fact it was built for laughing purposes only and it is generally conceded to be one of the funniest shows since time began. The comedy which abounds throughout is said to be of an unusually diverting character and free from the horse play usually seen in performances of this kind. Mr. Rockwell has not sacrificed quality for quantity, each and every act and feature in its particular line is the best obtainable. If you want to have a good laugh, enjoy the evening and be sent home whistling, happy and contented, at the same time feeling you have received full value for your money, come and see the "Sunny South" company.

The organization is accompanied by an excellent solo concert band and a superb orchestra. The Kooftown parade takes place at the noon hour. Prices of admission are \$5, \$5 and 75 cents. Seats are selling at Snowman's drug store.—Adv.

WOMEN AT THE POLLS

Show Interest in County Tickets by Voting at Primary Election Yesterday.

At the primary election, Wednesday, a considerable number of women cast their first vote. The contest was between County School Commissioner Evan Essery of Ann Arbor, formerly superintendent of our public schools, and E. S. Foster of Chelsea, who was commissioner before Mr. Essery. They were both on the Republican ticket and sought to be nominated as candidates. The women were a little shy perhaps, but the election board took pains to show them every courtesy and they got through with the ordeal without fainting.
