MANCHESTER LUMBER CO.

Every Farmer should have a Ford Truck because of the profitable results that will follow its use. There is no guesswork about this statement.

The Truck is a reliable beaver of farm burdens and does not Eat His Head Off when not working.

I can now give immediate delivery with other solid or pneumatic tires.

Final drive, enclosed in oil and dust-proof housing. Gear ratio 7 1/2 to 1.

HUBER & WIEDMAN

MANCHESTER ENTERPRISE

Published Weekly By MAT D. & F. H. BLOSSER.

THURSDAY, MARCH 11, 1920.

Will a sufficient number of wool growers of Washington county attend the meeting of the Wool Growers' Association at the Y. M. C. A. rooms at 1 o'clock central standard time, to discuss the system of marketing their wool this season on the plan adopted by the Ohio wool growers? Unless farmers take the time to form clubs or organizations they will have to take their chances with the market as in times past.

We, the undersigned committee, in behalf of the Welfare Association, wish to express our thanks to Hon. L. W. Watkins, Rev. Fr. Haber, Rev. H. J. Schenck, Rev. J. Johnson, Rev. O. F. Schleicher, Perry's orchestra, to the Chicago orchestra for use of tables, the American Oil Co. for community song books, and to all who assisted in making the banquet the best ever; and especially to the farmers who, in the face of the storm to be present. Banquet Com.

WILSON STANDS FIRM

Retire From World Concert or Ratify Article 10 Is His Reply To Hitchcock.

Washington, March 10.—President Wilson restated for Democratic senators today his opposition to any peace treaty reservations which would weaken the full force of Article 10 or otherwise materially impair the provisions of the league covenant.

In his letter he says: "I am sorry that the reservations have come under my notice are almost without exception not interpretations of the article, but proposals to attach them, but in effect virtual nullifications of these articles."

Any reservation which seeks to deprive the League of Nations of the force of Article 10 cuts at the very heart and life of the covenant itself. Any League of Nations which does not guarantee a mutual and permanent peace is not a League of Nations at all. It is a mere scrap of paper, as ineffective in operation as the agreement between Belgium and Germany which the Germans violated in 1914.

The article 10 as written into the treaty of Versailles represents the declaration by Great Britain and Japan which before the war had begun to find so many interests in common in the Pacific, by France by Italy—by all the great fighting powers of the world, of the pretensions of political conquest and territorial aggrandizement. It is a new doctrine in the world's affairs and should be recognized that there is no alternative to the peace which the whole world so longingly desires and so desperately needs.

"Article 10 is not adopted and acted upon, the governments which rejected it will, I think, be guilty of bad faith to their people and induced to make the identical sacrifice to the world's peace."

The new order of force also in fact to the nation which is the world at large to which they are protesting against the aggressions and pretensions of Germany."

URGED TO BUILD HOMES NOW Labor Department Prompts These Intending Construction to Begin Work at Once.

The home builder—he who builds for his immediate use rather than for rental purposes—appears to be getting under way with his building plans. This especially is noted in the central West. The home-building program will be facilitated and augmented if small investment money is made available for building loans. In one or two communities this is being attempted by private organizations brought together for this sole purpose. In other and more numerous cases the regular banks are giving thought to the problem.

The building and loan interest already have formulated a plan under which a system of federal home loan banks would enable them to reduce their first real-estate mortgages and make available for further loans more than \$1,000,000.00 of their assets.

While the Department of Labor is endeavoring to co-operate with state and municipal agencies in getting under way road building and public improvements, and with private interests in their more extensive building operations, it is also directed that home building for the use of the builder should be an important factor in providing better employment for labor during the transition from war to peace production, and for the stimulation of business. For this reason the Department of Labor is making a determined drive for a nation-wide "Own your home" campaign—Chicago Evening Post.

IMPROVE THE SCHOOL YARD Should Be Accorded No Part of the City in Its Appeal to Lovers of Beauty.

The average rural school ground can be made a beautiful one. Some of these are in places where the young in the country learn their three R's are being given like the rest and more will do so as a result of the work done in country home demonstration work. Spading and fall are the time for getting out scrubby and trees. Many home demonstration workers are doing this work. Some of these will be given new head held celebrations this fall.

In Fairfax county, Virginia, the home demonstration agent and the people of a neighborhood completely transformed last spring the Red Hill school yard. The teachers, with the pupils at 4 p.m., came early on the day a pack of bringing with them a splendid array of trees and shrubs, all given by the patrons. The formula

PERSONAL

Mrs. Charles Burtless has returned from Battle Creek.

Miss Lena Haarer visited with friends in Ann Arbor over Sunday.

Mrs. Franklin Spafard visited her daughter Miss Myra Spafard, in Detroit over Sunday.

The Misses Bertha and Louise Nye of Detroit were in town Tuesday and called on friends.

Miss Viola Dietle and Glenn Shutes of Jackson were guests of Mr. and Mrs. Ed. Detle on Sunday.

W. E. Anderson of Jackson came here yesterday to assist Mr. Horning in instructing new help at the chair factory.

Mrs. W. W. Whiting of Tecumseh and her mother Mrs. Baker, of Detroit visited at Warren Kimble's and George Nicks' Tuesday.

Thompson Brothers who have recently purchased the store and goods of L. W. Harris at Norvell, were in town a few days ago on business at the bank and the Enterprise office.

John Roller of Jackson, a former merchant of Manchester, had his foot injured in an elevator and it was necessary to amputate four toes. He is in a hospital.

Mrs. Florence Case and daughter who have been visiting at Sheridan write that they will go to Lansing to visit friends as soon as trains, which were snowbound move from there they will return home.

Edward Waltz and Miss Dora Lindberg of Detroit have been guests of Miss Lindberg's relatives here this week. Mr. Waltz recently returned from Billings, Montana, where he went for the benefit of his health.

G. Elynn Matteson, who was employed in the Michigan Central ticket office at Jackson, was in town over Sunday, and visited Mr. & Mrs. Alfred Tutuill. He is now assistant in the consolidated ticket office in Grand Rapids.

Fred H. Blosser, master of Manchester lodge F. & A. M., received a telegram Tuesday morning announcing the death of one of the members of the lodge, Wm. H. Ward, in San Luis Obispo, Cal. Mr. Ward was a resident in Manchester many years ago. He lived on "the top yard farm" just west of town. His California friends will give him a Masonic burial.

Old papers at Enterprise office.

LOOK TO THE YARD IN FALL

Attention Now Will Be Well Repaid by Its Improved Appearance in the Spring.

The appearance of the home has much to do with its utility as well as its beauty. A home where there are flowers, trees, lawn, etc., seems more comfortable than where these things are absent. Such a home is always more satisfying, and that, of course, is a quality of utility.

It is a good time to improve the yard, lawn and general appearance of the home. Late fall is a favorable time to transplant many kinds of plants and shrubs, "the queen of flowers," may be set; other shrubs may be transplanted; violets, bulbs of various kinds, sweet peas, etc., may be started for early spring blossoms.

A little time given to the yard and lawn will be worth much to the appearance of your home next spring. Look over the yard and see what improvements can be made. Doubtless you will find that much can be done to make your home more attractive.

Fall Garden Preparation. Land that is to be used for vegetable or flower gardens next spring will be greatly improved by liming it heavily at this season and turning it over with the spade or plow.

Next spring, before planting, manure heavily and turn the soil over again. At that time fine the plowed soil with a disk harrow. Where the spade is used the pulverizing is done with the spade, working the top soil carefully with a steel rake.

Commencing Gardens Valuable. Last year 5,800 war gardens were conducted in Manchester, N. H., as a part of the campaign to raise food for the world. The system of operation was continued this year, and the plots cultivated within the municipal boundaries were known as "Victory Gardens." There is no reason why so good a thing as gardening in the recent past should be abandoned. There are many places of communities, should not be an established custom.

An Opportunity for a Safe Investment

TO THE INVESTOR—There is no mystery about successful investing if you are content to stick to industrial securities. Clearly it must be seen that the great and safe investments of the future which will be profitable will be manufacturing industries and none surer than those engaged in manufacturing food supplies for man and beast.

INVESTMENTS STOCKS—Invest your funds in stocks combining safety of principal with assurance of income affording exemption from Normal Income Tax. Real investments are those in which the element of chance is minimized and this means industrials.

INDUSTRIES—Of all the industries in our land not one presents a better foundation upon which to build a safe and lasting business than that which caters to the absolute needs of man and beast, and pre-eminently among them will always stand the milling and grain business.

THE COMPANY

The Amendt Milling Company is a corporation incorporated under the laws of the State of Michigan for the purpose of doing a milling and grain business along with other activities within its corporate legal rights and privileges.

ENDORSEMENT

The strongest endorsement that can be given any business is, that year after year it has by its logical and careful management been able to keep in the lead with its competitors.

ment, never having defaulted payment on interest or principal. The same can be said of the stock issues of the Amendt Milling Company during its fifteen years of successful operation. It never failed to pay dividends or meet every obligation in full.

In 1905 the capacity of the new mill then built was 250 barrels, with a grain elevator of 30,000 bushels capacity. Today, 1920, the combined capacities of the mills and elevators are as follows:

- Wheat Flour—Daily capacity in 24

FREEDOM

On account of sickness and continued bad roads the Grange did not meet Monday evening, but will try to meet next Monday evening.

Township Treasurer Oscar Schaeble went to Ann Arbor last week Wednesday to settle with County Treasurer Gruner, being the first treasurer in the county to make settlement this year.

Caucus notices have been posted for spring election. Both are to be at the town hall, the Democrats on Monday afternoon, March 15, at 2 o'clock, and the Republicans on Tuesday afternoon at the same hour.

SHARON

Paul Wahr spent several days of last week in Detroit.

Ernest Wahr and Joseph Schaefer spent Saturday in Jackson.

Farmers are out every day clearing the roads from snow and ice.

Miriam Ziegler spent last week with her brother Albert at Manchester.

Raymond Jacob is spending a few days in Deerfield visiting relatives and friends.

Mrs. Floyd Pardee has accepted the position of teacher in the Sharon Hill district for the coming year.

The weather is suitable for farmers to do outside work and some are getting up a year's supply of wood.

Raymond Trolz, Herman Romethart and Theodore Ziegler of the Star farm in Grass Lake township spent Sunday with their parents.

Arthur Koebbe has gone to Harden, Montana, where his brother Jacob has a ranch, and they will put in 240 acres of wheat this spring.

Some of Mr. and Mrs. Elmer Trolz's friends surprised them Wednesday evening by giving them a miscellaneous shower. Many pretty and useful gifts were presented. The evening was pleasantly spent in games, and luncheon was served.

Whenever men assemble there is talk about who should be candidates for township offices this year. The Republican caucus will be at 2:00 o'clock Saturday afternoon and the Democratic next Monday afternoon at 2:00 o'clock, both at town hall.

BRIDGEWATER

Geo. Schmidt was in Defiance, O., on business.

Miss Gertrude Scheurer visited in Saline Sunday.

Roy Feldkamp has rented the Norman Watson place.

Miss Edna Schellenberger has been visiting friends in Freedom.

Frank Riedel and daughter have been visiting Mrs. Briggs in Adrian.

Carl Scheurer entertained Julius Schmidt of Ann Arbor over Sunday.

A carload of baled straw was loaded at the Hogan siding this week.

H. R. Palmer was in Monroe on Tuesday to adjust the damages in an automobile collision.

Mr. and Mrs. Earl Stoll of Dundee have been guests of Mr. and Mrs. Charles Scheurer.

Walter Luckhardt sold a registered Red Poll bull to Geo. Helmerdinger and son in Clinton.

William Walter has purchased the Bert Moore farm, west of Wampler lake, and has commenced moving.

D. W. Palmer accompanied Mr. Starnett of Clinton to Manchester on Tuesday evening to attend masonic meeting.

Clarence Feldkamp made a business trip to Buffalo and Mrs. Feldkamp visited at Ann Arbor during his absence.

It is thought that John Wallace has made the record gain on feeding lambs this winter, having made a gain of 30 pounds in 100 days.

The Hunt brothers are in the Center vicinity shearing sheep this week. There are not as many sheep being shorn this year as usual.

Republicans will hold caucus at the town hall next Monday afternoon at 2 o'clock, and the Democrats will meet immediately after they adjourn.

Mr. and Mrs. Lewis Schellenberger who are getting settled in their new home at the Station, were given a farewell surprise by their neighbors before they left the old home.

Miss Fisher, teacher in district No. 3, resigned and closed her school last Friday afternoon, returning to her home in Napoleon. Some of the pupils have gone to other schools.

The funeral of Frank Jenkins, one of the old residents of the Center neighborhood, was held at his late residence last Friday. The remains were placed in the chapel-vault at Clinton and later will be interred in the cemetery here.

NORVELL

Mrs. S. A. Groat is ill with influenza.

keeping as complete a stock of everything as times will permit, also will keep

International Harvester Repairs,

Oliver Plow Repairs, Etc.

We would appreciate the patronage of the public

TOMPKINS BROTHERS

Why They Are Favored by Farmers Everywhere

For nearly twenty-five years the New Deere Sulky and Gang Plows have been the most widely used of their respective types.

Here is the general reason: Farmers everywhere have continued to find that these plows give the best and longest seed bed-making service.

And here are some specific reasons:

- 1—Their genuine John Deere bottoms, made of the best material, tempered perfectly, and shaped exactly right, cut, turn, scour and pulverize to the best advantage. And they outwear any other bottoms.
- 2—Their bottoms reach full depth immediately and stay in the

ground at uniform depth while plowing—they make uniformly

and firm seed beds.

3—Their Quick Detachable Shares makes changing shares a matter of a few moments. They are strongly reinforced against wear, retain their original shape, and always fit closely.

4—Their forged steel frogs neither bend nor break. Nor do their frames.

5—They pull easily because the wheels carry the entire load—no landside or furrow bottom friction.

6—They have the simplest and most dependable power lift ever placed on a wheel plow.

The unmatched record of these plows and the reasons why they have maintained this record are things you can bank on.

Come in and investigate our New Deere Sulky and Gang Plows.
