There is no reason why  
there should be a let-up in business activi-  
ties. There is plenty of money if  
people only used it. There is no  
over-supply of anything, except  
for everything is high; but when  
something is high, people acquire  
it, and then they keep on  
producing, but not profiting.

It has often been remarked that

Fishermen have been having better luck of late and some good catches are reported.

Several large trees that began to show decay have been cut down in the Farm grove.

Mr. Nisie has taken up part of his dock, shafted his boats out of the water and had them painted.

Elmer Owen and family have closed the Willow Grove hotel and moved to their farm for the winter.

Some gravel has been drawn on the roads in this vicinity, but a lot more is needed. The road on the north side of the lake needs scraping.

It is rumored that a road has been projected from the old Adrian Club House property at the southeast corner of the lake up to the Fisher landing. There are some fine cottage sites in that vicinity which would be valuable if only there was a good road around the foot of Cedar hill.

Landlord Nisie and family have about decided to spend the winter in Florida. They plan on driving into Ohio and then to the Atlantic coast, calling on friends who have been guests at the Farm hotel, and then taking up the route south. They will probably depart early in November.

Things begin to look fall-like about the lake but the surroundings here in autumn dress have their attractions for many, and they still come from considerable distances for an over-Sunday stay or for Sunday dinner.

Among the largest parties of late was one of 11 who came from Lansing to spend Saturday and Sunday at the Farm. The party was as follows: Mr. and Mrs. M. R. Carrier, Dr. and Mrs. C. M. Watson, Mr. and Mrs. M. J. Buck, Mr. and Mrs. Lewis James, Mrs. Stella Baker, Boyd Baker, Miss Florence Carrier.

**UICPIS**

Gibraltar seems to fulfill all the conditions of a "desirable residence" for war-impoorved people. There are no taxes, except on alcoholic liquors and tobacco, and the revenue, mainly derived from customs and port dues, shows a handsome balance on the right side. The colony has no public debt, and the prosperity of its inhabitants is shown by the savings bank deposits, which doubled in a year, and at the end of 1918 gave an average of \$250 for each depositor. At present the British civil population numbers about 16,000. There is room for a few more on "the Rock" because the census of 1911 enumerated nearly 17,000 besides Maltese and aliens, who have also diminished since then.
