Former Townsman C. W. Case Again in Land of Oranges and Lemons.
Santa Ana, Cal., Feb. 7, 1921.

A REAL GRIEVANCE
The railroad official invited the town citizens to communicate his troubles.
'I want you to give orders,' demanded the visitor, 'that the engineer of the express train which passes through Elm Grove at about 7:15 p. m. be restrained from blowing his whistle on Sunday mornings. 'What prompts you to make such a ridiculous request?'
'Well, you see,' explained the citizen, 'in an undertone, "our pastor preaches until he hears the whistle blow and that confounded express was 20 minutes late last Sunday.'

Wanted: A National Policeman
The farmer does not get enough money for the food he sells; but the consumer, who buys it, pays too much. It is high time that Uncle Sam constituted himself a policeman to protect both producer and consumer. If he keeps the in-between boys from raiding the Public-Feed melon-patch, the producer will no longer have to put up with so small a return and what is just as important, the public will not have to pay exorbitant prices for food.
The Farm Bureau, expressing the mind of the organized farmers of America, are setting out to convince Uncle Sam that he must act. It is only by national mobilization that the farmer can hope to secure action on this and other questions whose solution vitally affects the future of our farming industry. The Farm Bureau Movement deserves the support of each and every citizen.
