### THE ANKER-HOLTH

SELF-BALANCING CREAM SEPARATOR

### Why the Anker-Holth Cream Separator Satisfies the User

BECAUSE the bowl, being self-draining, makes n-freezing in côld weather.

BECAUSE it is easily cleaned and easy to turn-thats why the "women folks" like it. BECAUSE the bowl has no lead or soft solde the inside in order to effect a balance.

BECAUSE it will get more cream that will make ore butter from a given amount of milk than any

BECAUSE it is the only Separator with a dirt chamber that removes all imprities from the whole milk before it enters the discs for cream separation,

Paint Creates Prosperity

The "run-down" house (there is one near you) is fast going to ruin merely because the owner unwisely neglects to keep it protected with paint. It costs more not to paint than to paint. Paint aves the surface and protects the building from sun, rain, frost and varying weather conditions that bring destruction.

Prosperity demands the protection of all exposed surface with good paint.

ACME QUALITY

HOUSE PAINT gives lasting protection and beauty. It costs less because it takes less and lasts longer Call at our store and let us show you, color samples and assist you in selecting the proper color, combinations that will make your house appear, to the best advantage.
