## is Coming Back

Reports from various parts of the country indicate that the dollar is staging a come-back, with apromise of gradual return to its old-time purchasing power.

This is welcome news for all of us who have been wrestling with the cost-of-living problem.

It is welcome news also for the many people in this community who are saving wisely against the time when the dollar will buy a full dollar's worth again.

"Keep on saving," is our advice, The old dollar is coming back.

## The Most Widely Discussed Story That Has Been Written in Many Years

In taking for his theme the most interesting period and the greatest figure in American history, and bringing out by the true story teller's art the romanticattributes which they so plentifully possessed, the author has produced a remarkable narrative—one that will grow in importance as the arrative—one that will grow in importance as the years advance. Around Abraham Lincoln the writer has woven his tale and placed a great cast of characters—sturdy pioneers, men and women, young and old, white and black, rough and gentle, wayward and upright. It is a wonderfully beautiful and moving story.

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bedwith a female trouble and inflammation and had four dectors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound ham's Vegetable Compound and I took 22 bottles, never nissing a dose and at the end of that time I was perfectly well. I have never had occawell. I have a sian as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. In heavitals are many women who are there for sprojeal operations and there

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydis E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydis E. Pinkham's Vegetable Compound after operations have been greater and the standing physicians.
