Governor Grosbeck believes that all boxing matches are prize fights and they will not be allowed in this state.

L. Whitney Watkins has accepted membership on the Near East relief organization's emergency grain board and issued an appeal to the farmers

to aid the work. He has full confidence that Michigan farmers will contribute, so have we.

It is a law to shoot ducks, geese, brant, Wilson snipe and jacksnipe, gallinules, black-breasted and golden plover and yellow legs after Sept. 15 and until Dec. 31.

The amount of milk sold in Michigan seems to be four times as much as it was a dozen years ago, yet the milk industry is threatened by the introduction of substitutes, coconut oil and other vegetable fats.

Some time Friday night dogs visited Henry Heimerdinger's flock of sheep, doing some damage. They were also recently in Fred Spataro's and Will Buss' flocks. One of the dogs was shot Monday. Enforcement of the dog license law anticipated ultimately keeping by farmers of a better breed of dogs and eliminating of mongrels, but there seem yet to be some who answer the call of the wild.

Seventeen officers and men of the United States navy and 21 officers and men of the British navy met death Wednesday by the collapse of the giant dirigible ZR-2, which was making a trial trip over Hull, England. The big craft had been aloft 24 hours in bad weather and was flying at an altitude of 1500 feet. The cause of the catastrophe is not known. The craft seemed to buckle and then explode twice, the concussion breaking windows a mile away and the shock being felt 50 miles away. Bodies of several men were taken from the wreckage, which fell in the river. A few men were alive when rescued, but died at a hospital.

ANNUAL JACKSON COUNTY FAIR

Many people say that the Jackson fair is the best county fair in Michigan, and from the fact of attendance and general quality and number of exhibits their judgment is well based. There are three predominant principles carried out by the Jackson fair that considering its size almost put it in a class by itself.

First, it gives its exhibitors and patrons more for their money than any other fair in Michigan. Its departments are open to all, with free entries. No membership is required from an exhibitor, and free stalls, pens and space are furnished, as well as straw for bedding. The gate admission is only 35c and it is often asked how a fair the size and quality of this one can operate and pay the amount for premiums they do at so low an admission fee. The answer is, the enormous attendance, which last year exceeded 150,000 people for six days.

Second, the cleanliness, the economical charges for meals, the dispatch with which the program and entertainment benefit derived each year by attending, and the 300,000 feet of exhibition space in buildings and the 40 acres inclosed are jammed to the fences with the latest word in improvements in the 15 big departments of the fair, that reaches every interest, from childhood to old age. Men, women and children for miles around flock to its gates annually to receive its benefits.

LOCAL AND PERSONAL

School begins September 6. Monday, September 5th will be Labor Day.

Chautauqua begins Saturday afternoon. Mrs. John Schneider is quite ill at her home in this village.

John Stegmiller seems more rational of late but is still in bad shape. F. G. Leeson and family and H. C. Leeson visited Mr. and Mrs. H. Holton at Jackson, Sunday afternoon.

Charles Leeson is enjoying a special day, outing at Vineyard lake with cousins from Clinton and Adrian.

Mr. and Mrs. Fred Widmayer drove to Jackson Sunday to take Mrs. Fassel, who had been visiting their home.

Mrs. August Koebbe returned Thursday from a two weeks' visit with her sons and other friends and relatives at Detroit.

As there will be no Washtenaw county fair this year our readers will have plenty of time to attend the Adrian and Jackson fairs which are always attractive.

Mr. and Mrs. F. G. Leeson drove to Clinton Monday afternoon to see that new nephew, Wayne Franklin, at the home of Mr. and Mrs. F. R. Kaiser.

The cash registers in many garages about the county have been robbed within the past two weeks and we have not learned that the robbers have been apprehended.

Since J. Fred Schaible Logan foreclosure proceedings on the Manchester hotel, the property has changed hands four times and we learn that a Toledo party now claims to own it.

Drivers to or from Chelsea have noticed the mutilation of several fine maple trees along the roadway at the Spaulding farm and on inquiry learned that it was the work of the wind last week Wednesday night. Telephone poles and wires were also blown down.

In conversation with a farmer west of town regarding the construction of good roads, he informed The Enterprise that they were obliged by law to put in a culvert wherever a farmer on the line had a gate, so that he could get to his fields, but on inquiry of Commissioner Cox we learn that that is a mistake, that only one culvert to a farmer is required. However he informed The Enterprise that during the past two years the county commissioner had been putting in more than one, as an accommodation and the farmers put others in at their expense, if they wish them. He stated that it would eat into the appropriation considerably to do all that work at county expense.

MANY FARMERS AT GRANGE PICNIC

Attendance Rivals That of Last Year and Proves Popularity of Meetings.

The picnic-meeting given by Washtenaw Pomona Grange at Pleasant lake in Freedom last Thursday and Friday was a very successful and well attended affair, there being farmers present from all parts of the county. The program each day was both entertaining and instructive, the speakers holding the close attention of a large number of those present and other features provided a pleasing change. The closing program Friday evening was rather hurried on account of a threatening rain storm, however Mrs. Edith Faber of Canton spoke on "The Farm Bureau and Women," making a plea to women to become more active in the business interests of the farm and make a study of matters outside her kitchen affairs and thus be able to help in considering important questions on the farm. She pointed to many branches of the farm work wherein lie the woman's interest, and said we want our women to be interested in legislative work. Mrs. Faber advocated close relationship between the Grange and the Farm Bureau and said that they should work hand in hand. She urged the women to go in for a home demonstration agent and pointed out the many benefits to be derived from this. The speaker also said she had no patience with the farmer who moves to town; said farmers should make farm life so attractive that all will want to remain there.

Prof. Putnam, who recently came to Ypsilanti from Oregon, said this was the first meeting of the kind he had attended since coming east, he had been studying the crowd to see what they were like—and he liked them. He said the farmer is being converted industrially, economically, politically, religiously and socially and in amplifying his statement said he understood that nine out of 10 farmers in the county belong to the Farm Bureau. Prof. Putnam was proceeding pleasantly and forcefully in his remarks when threats of a rain storm became so strong that he declined to hold his audience longer, and the meeting quickly came to a close.

Mr. and Mrs. Lloyd Conklin of Albion, having attended the Camburn reunion at Wampler lake, Friday, drove here to visit his son Roy and family over Sunday.

Rev. Orr Winton of Ann Arbor was in town this morning on his way to the Nettles reunion in Bridgewater. Miss Nellie MacDonald of Detroit came yesterday to visit Mr. and Mrs. Earl Delker.

Weybelle Concert Company to Open Chautauqua

The Weybelle Concert Company, which opens the program of the coming Redpath Chautauqua, is composed of remarkably versatile singers and players. Vera Weybelle, feature artist of the company, is rarely accomplished both as a violinist and as a contralto soloist. A native of Denmark, she studied in Copenhagen, where her art received instant recognition in concert and opera. Miss Weybelle possesses a voice of remarkable richness, beauty and power.

TO PUT GRAVEL ON ROAD NEXT WEEK

Completion of Work Will Make Continuous State Road West to Jackson.

J. S. Cooper of the firm of Cooper & Neyer of Birmingham, who have the contract for graveling the good road west of town, arrived here Tuesday accompanied by Geo. M. Bennett, and at once set to work unloading machines, trucks, etc., to be used on the job.

The screen has been set up in the gravel pit on what was the Thorn farm and they expect to have everything in order to begin hauling gravel next Monday. If not hindered by bad weather or breakdowns, they will make short work of the graveling job.

The firm of Cooper & Neyer has several jobs going north of Detroit and has the reputation of doing good work. There will probably be a chance for some of the farmers to help on the job of hauling, though the firm has one or two big trucks.

MANY AT PIONEER'S FUNERAL

Charles Uhl of Bridgewater Well Known in This Section.

Among the relatives and friends who came to attend the funeral of Charles Uhl, who died at his home in Bridgewater last Sunday, were Mr. and Mrs. John Mast, Mr. and Mrs. H. Flegel, Mrs. Henry Iron, Mr. and Mrs. Martin Kassemann, Mrs. C. F. Liken, Mr. and Mrs. Will Kuehn of Sebawa, Mrs. Albert Zimmer of Bay City, Mr. and Mrs. Ed Uhl of Flint, Mr. and Mrs. John Uhl, Mrs. John Layner, Mr. and Mrs. Will Brady and daughters Gladys and Doris of Unionville, Charles and George Rung of Buffalo, N. Y., Eugene Sauer of Norwell, Mary Saffran, Mrs. John Riedel and son of Chelsea. Mr. Uhl was one of the old pioneers of Bridgewater, coming there when the township was a howling wilderness, perhaps still inhabited by Indians. He had been a familiar figure in this section of Washtenaw county and was widely known.

The annual reunion of the Troj and Meyer families was held at Wampler lake, Wednesday, Aug. 17, with 55 in attendance. A sumptuous potluck dinner was followed by a program and the remainder of the day was spent in games and contests. The following officers were elected for the ensuing year: William Troj, president; Mrs. Albert Troj, 3rd, secretary; Mrs. Ruth Dresselhouse, treasurer. The next reunion will be held Aug. 17, 1922, at Sand lake.

Last Saturday evening, Miss Sophia Schmid, sister of Nathaniel Schmid of Ann Arbor, and aunt of Miss Marie Kirchhofer of Hollywood, Cal., was struck by an auto and received a fracture of the skull which caused death. Miss Schmid was 69 years of age. She was quite well known in Manchester. Miss Kirchhofer, who was a guest of Mrs. Geo. J. Hausstler, was informed of the sad fatality and was taken to Ann Arbor Sunday morning by Mr. and Mrs. Raynor Hausstler.

Air-Way ELECTRIC CLEANER

Light Weight—An Air-Way Advantage You Will Appreciate

Ask any woman who has used the new Air-Way Cleaner to give you an opinion and she is sure to tell you enthusiastically about its lighter weight. For weight means work—especially in carrying up and down stairs, moving from one room to another, taking out and putting away in the closet, etc.—and so it is not surprising that those women in particular who have used other cleaners should so strongly endorse the light, simple, easy-running Air-Way that does so many more things with so much less effort.

Ten Days' Free Trial

Let us show you the Air-Way and how to get rid of the summer's dust.

Fordson TRACTOR

\$625.00 F.O.B. Detroit. "Henry Ford Was Right When He Said"

"The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.
