Letters From Mat D. Blosser, Who Took Auto Trip Into New England Section.

(Continued From Last Week) One is, often deceived in the altitude, in driving through the mountains; so gradual are some of the ascents that one scarcely realizes he is climbing skyward.

thriving city among the hills where the Fairbanks scales are made. Soon we crossed the Connecticut river into New Hampshire and were up in the White Mountains at Bretton Woods.

The tax conference is attended by tax commissioners, governors and prominent men in all trades from nearly all the states, and professors from Yale, Harvard and other universities.

Men are here representing industrial concerns, telegraph, railroad, telephone, banks, the Grange, the schools, and many other, if not all, phases of human endeavor.

These mountains seem more beautiful and grander than ever before. During the 30 or more years since the last visit several large and beautiful hotels have been erected in Bretton Woods.

REPORT OF CROPS THROUGH STATE

Corn Seems Banner Crop—Apples Reported Little More Than Third of Average.

Crop reports as relating to corn, potatoes, beans, sugar beets, buckwheat, and some of the minor crops have improved during the last month according to the September Federal-State crop report.

Corn is practically matured and cutting is well advanced. Quality and yield are generally good, except in a few counties. Spring wheat acreage has decreased materially since the war and the crop was very disappointing in yield this year as well as in the previous two years.

Recent reports and threshing returns have caused the oat crop to shrink to 25,716,000 bushels. This is the smallest crop of oats produced in Michigan since 1897. From present information, the average yield per acre is between 18 and 19 bushels, and the quality is very poor.

The hay crop is estimated at 2,544,000 tons, the lightest production since 1913. The quality is 87 per cent compared with a 10-year average of 93 per cent.

The total apple crop of Michigan is placed at 6,153,000 bushels, and that of the United States at 107,000,000 bushels; the lightest production for the country as a whole since 1890.

Indications are that 7,714,000 pounds of wool were produced in the state this year. Last year 8,385,000 pounds were clipped.

friends in dear old Michigan. A fleet of U. S. mine layers were anchored at the harbor and jacksies were enjoying shore leave and visiting with the girls.

The Maine coast is rough and rugged and the beaches are lined with cottages. Bathing, digging for clams and oysters, and fishing attract many from near and far.

CHILDREN TAUGHT CORRECT FOOD USE

Special Courses of Nutrition Lessons Being Prepared at M. A. C. For Michigan Schools.

Too prevalent malnutrition among Michigan school children is the target of a special campaign being launched by the home economics section of the Michigan Agricultural College extension service.

The lessons, which set forth the fundamental principles of correct food habits, will cover everything from the size of meals which should be eaten to the correct balancing of the meals. The first lesson deals with milk and its value in human diet, especially for children.

Boost your city, boost your friend; Boost the street on which you're dwelling. Boost the goods that you are selling. Boost the people round about you. They can get along without you. But success will quicker find them if they know that you're behind them.

Among jurors drawn for the October term of circuit court are: Grant VanDusen of Chilton; Fred Taylor of Cambridge; I. E. Spaulding of Frankfort; Thomas Russell of Tecumseh; Cyrenus Pelham of Woodstock; Chas. R. Dubois of Ridgeway.

### CONCERTS IN ANN ARBOR

Two big concert courses have been announced for the coming season by the University School of Music, of Ann Arbor. As usual they will be given in Hill auditorium.

Special interest centers in the fact that for the first time a series of five strictly orchestral programs will be given in the extra concert series by the Detroit Symphony orchestra, under the baton of Ossip Gabrilowitsch, at each of which a distinguished soloist will appear as follows:

Nov. 8, Estelle Liebling, soprano; Dec. 12, Raoul Vidas, violinist; Jan. 23, Ossip Gabrilowitsch, pianist; Feb. 20, Hans Krumpholtz, violinist; Mar. 27, Benjamin Nyman, violoncellist.

In the regular Choral Union series six programs by artists of world renown will be given as follows:

Oct. 20, Erno Dohnanyi, pianist; Nov. 22, John McCormack, tenor; Dec. 5, Ignaz Friedman, pianist; Jan. 19, Fritz Kreisler, violinist; Feb. 3, Erika Moran, violinist; Mar. 11, Rosa Raisa, soprano, and Giacomo Rimini, baritone.

Included in this series will be the 29th annual May Festival, consisting of six concerts given during four days about the middle of May. Chorus, both adult and children's, will participate, as will also the Chicago Symphony orchestra and a group of leading artists.

# ONE BRAND-ONE QUALITY-One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

Kern Bros. .... 32.50  
Alden Blaisdell ..... 32.50

The bill of Barker-Fowler Electrical Co., for \$432.00 for meter for waterworks pump was laid on the table for further consideration.

Supt. Anglemeyer reported collections of \$778.32 for August electric lights and \$8.00 from the Gimivan Show Co., for lights.

Kern Bros. submitted a written proposition to the Council to take over the management of the electric and waterworks plant and perform all labor except in emergencies where extra labor is required to keep plant running, for the sum of \$200 per month for first six months and \$225 per month thereafter. The proposition is held under consideration until next meeting.

The president submitted a report of the state utilities commission which recommended among other things that the Council contract with Kern Bros. for electricity for lights.

Moved by Kapp, seconded by Wolf and carried that the president and clerk be authorized to draw a warrant for \$1,550 to pay the electric light bond and interest.

Motion by Kapp, supported by Schaffer that the clerk find out how much it cost to run the electric light plant from March 21 to the present time. All voted yes.

Meeting adjourned.
