- Vast Sum Spent for Food.

The people of the United States spend more than \$40,00,000 a day for food, or nearly \$1,500,000,000 a month. Nearly one-third of the money goes for bread, potatoes, fruits, sugar and other food of a vegetable nature. More than two-thirds is spent for meat, fish, eggs, cheese and lard. The average householder hands over to the butcher more than one-fifth of his shoome. The feeple of this country, consume in a year two and a half billion eggs and near ten and a balt billion gallons of milk. But a large nort of the milk world from the world for said country of the milk would of 200,000,000 gallons of milk. KILLED IN AUTO Flag Day, Wednesday, June 14

A PROCLAMATION

Flag Day, why? In order that by the setting apart of such a day we may be nded of the significance of the flag of our country. In all civilized lands the flag is held a sacred emblem. To show respect for the things for which the flag stands. We honor the flag then not for what it is physically in design or texture or coloring, but for its spiritual significance, for what it represents. In pledging allegiance to the flag we pledge allegiance to those great principles of Liberty, Justice and Equality which are at once the foundation and the bulwark of the

Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I hereby proclaim Wednesday, June 14, 1922, Flag Day. Let flags be displayed on both public and private buildings and let community exercises appropriate to the day be held wherever practicable. Given under my hand and the Great Seal of the State this second day of June,
