VOLUME SEVENTY-EIGHT \$1.50 a Year In Advance MANCHESTER, MICHIGAN, THURSDAY JUNE 14, 1945 \$1.50 a Year In Advance NUMBER THIRTY-NINE

SEVEN CENTS WILL PUT US OVER TOP.

(By Gene Althaus, MPA)
Did you know that Michigan's lagging campaign for sale of \$ bonds would go over the top in 24 hours if you and I and other citizens transferred just 7 cents out of every dollar in savings deposits into war bonds?

We didn't either. Seven cents, anybody saved, isn't going to cost anybody anything. Invested in war bonds, it will earn 3 1/2 per cent additional return in 10 years. That's the astonishing bargain, the world's best investment, of the \$ bond.

We were interested in a warning from the senate finance committee, of which Senator Arthur Vandenberg is chairman, that inflationary pressure has reached an all time high. The amount of money deposited in banks in tremendous. Louis J. Nims, commissioner of revenue, predicts another buying surge in Michigan as soon as reconversion is completed and consumer goods are available at prices.

In the meantime, why not buy more bonds? We wonder what the late Governor Luren D. Dickinson would say, if he knew about the coming "downward" movement at Macquarie Island. You can't recall that Dickinson smashed the front page with a hard descriptive of the "high life" and "sin" at a governor's conference which he addressed last week.

Twenty-three of the forty-eight state governors have already accepted the invitation of Macquarie. Harry F. Kelly to attend the Macquarie Island sessions, June 20-24. Dickinson spent last week at Macquarie. He was the only one to do so. He was the only one to do so. He was the only one to do so.

Conferees will limit admission to duly accredited persons—governors and members of their staffs and press and radio correspondents. As far as possible, the arrangements have been made to house 25 secret service agents—the national spokesman will be on Michigan June 20-24. To be announced soon. A new summer home for the governor at Macquarie.

If there's any "sin" and other scandalous goings-on at the 1945 Governor's Conference, we hope to know about it. Why? We'll be there! The Michigan Tourist Council, newly re-elected by the legislature and appointed by the Governor, has good reasons to be concerned over potential prestige of Michigan as the Mid-West vacationland.

The annual reports of the state division of forestry to encourage Ohioans to spend their money in their own state. Ohio conservationists would add 500,000 acres to state forest holdings. Eugene Shuler, Knot launch a campaign to sell Ohio as the "Playground of the Middle West."

The Michigan legislature enacted 375 measures, most of them minor in importance, during its 1945 session at Lansing. The one-year budget of \$122,000,000 is the highest on record. It is believed that Michigan can escape another race riot during the reconversion period, city leaders will be thankful. The legislature gave the governor authority to declare a state of civil emergency, in case of riot or disaster, without resort to martial law.

The Finch telecommunication, Inc., offer a facsimile attachment for less than \$100. The facsimile can print a facsimile tabloid newspaper, complete with comics, feature articles, advertisements and pictures, right before your own eyes. The big hitch to date: Photographs do not reproduce satisfactorily.

WIRECOR Inc., a Detroit concern will manufacture a wire-coding device at a price of \$50 up, whereby sound may be recorded magnetically on a thin strand of wire. A young Russian-born scientist at the Armas Institute of Technology, Chicago, made the discovery. We saw our first wire recorder demonstration in New York City in April, 1944, and our second at Higgins Lake early in May. Home recording of radio programs will become commonplace within a few years.

Agricultural Commissioner Chas. Fly refuses to get panicky over the spring's downward and cold weather. Except for fruit, other crop harvests should be good, he insists. The nation's cash income of farmers is due to hold around \$20 billion for 1945. Before the war the previous high was \$14.5 billion.

How they get there. John W. Rice of the Houston Mining Cassette doesn't know, and cold weather. Except for fruit, other crop harvests should be good, he insists. The nation's cash income of farmers is due to hold around \$20 billion for 1945. Before the war the previous high was \$14.5 billion.

This date, the cabins at the Keweenaw road commission's park, Deary to Copper Harbor are booked solid for tourists during the month of August! Sunday school at 9:45 a. m. will be increased 500,000 in June. (Continued on page 1)

REPORT ON THE 7TH WAR LOAN DRIVE IN MANCHESTER TO DATE

Quota	Actual
Corp. Bonds 60,000	41,657.50
B Bonds 60,000	15,100.00
G Bonds 18,000	15,100.00
Total	138,000 54,757.50

Manchester still has some \$18,000 to raise in the 7th War Loan. On Wednesday, June 20, the solicitors will meet at the Town Clerk's office at 4:30 p. m. — and Saturday, June 23, will be observed here as Bond Day when a real effort will be made to go over the top.

RATION BOARD TO VACATION SUGAR BLANKS AVAILABLE

After June 20, the local ration office will be closed until September 1st.

Lanning sugar blanks will be available at the stores beginning this Saturday.

WASHTENAW HISTORICAL SOCIETY MEETS IN SALINE

The Washtenaw County Historical Society held their summer meeting in Saline Saturday June 10.

The members assembled at the Saline Library, and a social half hour was enjoyed before going to the homes of Mrs. Carl Curtis, who had invited an inspection of their home and grounds. This house is known to many as the Daverport home, and was built in 1815. Some of the furnishings selected for the Philadelphia Exposition in 1876 are still among the many antiques throughout the house and of special interest to the Historical Society.

The business meeting was held in the recreation room and called to order by the president, Prof. Emil L. Lorch of Ann Arbor who recounted the doings of the society during the past year and stressed the need of a permanent home and meeting place for the society. Preferably the home should be in Washtenaw County, as much as the citizens of Manchester made this possible through their generosity. The Scouts and Cubs extend a hearty invitation to the public to attend the Court of Honor which will be held at 7:30 in the Civic Auditorium.

COURT OF HONOR TO BE HELD HERE JUNE 15

Manchester's Boy Scouts and Cubs will hold their Court of Honor Tuesday, June 15th. At this time the awards will be made for the past year. The pack collected 37,120 pounds of paper, an amount which was paid for by the community.

The following officers were elected for the coming year: President, Ernest J. Almsdinger; Ann Arbor; vice presidents, Walter Knauer, Ann Arbor; Mrs. Luma Seaman, Saline; Mrs. Beebe Carver, Saline; Mrs. B. F. Kuhl, William Cannon; A. Long; Hike-Richard-Widmayer, William Merriam; Lauren Huber; Wayne Press; Charles Widmayer; Ann Arbor; Additional Board members, Oscar Eisenbach, Ann Arbor; Mrs. F. E. Skinner, Ypsilanti; Dr. R. Clyde Ford, Ypsilanti.

Members of the Saline Library board served tea in the dining room of the house. Those in attendance from Manchester were Mrs. Wm Kullenkamp, Miss Edith Kapp, Mrs. Wm. Lanning, Mrs. P. L. Lowery, Mrs. F. C. Houck, Miss Marian Ferrell, Mrs. B. F. Bartless.

Everyone interested in Washtenaw County and its history is invited to join this society.

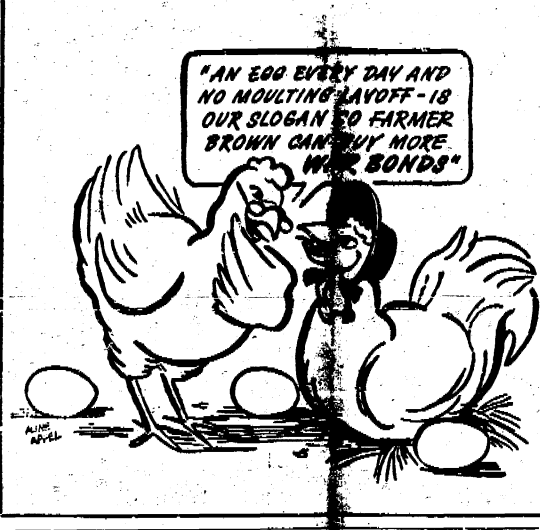

O. E. S. HOLDS SPECIAL MEETING LAST FRIDAY

A large group attended the special meeting of Manchester Chapter No. 101 Order Eastern Star, honoring Miss Jane Lowery who for the past 27 years has been the chapter pianist. The past masters presided over with a courage and Mrs. Ellen Pratt in behalf of the chapter read an original poem written by Isabel Widmayer, who then presented the poem and a gift from the chapter.

The past masters then retired, and with the regular officers in their chairs the degrees were conferred on five candidates. Guests were present from Chelsea, and Napoleon chapters. Our chapter was invited to visit the Chelsea chapter Wednesday evening.

There will be no chapter meetings through July and August. Meetings will be resumed September with Past Masters and Patrons night. Pot luck supper will be served at 6 o'clock with Mrs. Howard Higgins as chairman.

The sick and flower committee for July and August are Mrs. Patterson, Lillian Leeson, Ruth Lowery and Dorothy Engle. Sunday school at 9:45 a. m. will be increased 500,000 in June. (Continued on page 1)

TO PARENTS AND RELATIVES OF MEN IN SERVICE

The Manchester Chamber of Commerce and the Manchester Enterprise have shared the expense of printing and mailing the directory to the armed forces since 1941, while the Moma Club for some time done the work of addressing the wrappers in which the papers are mailed.

Many changes in address have recently been made and the group would like, at this time, to check the mailing list. Newspapers and properly addressed envelopes will be forwarded.

Please contact M. H. Wolfe, executive secretary of the Chamber of Commerce as soon as possible if your boy in service has moved recently so corrections can be made.

Manchester's Boy Scouts and Cubs will hold their Court of Honor Tuesday, June 15th. At this time the awards will be made for the past year. The pack collected 37,120 pounds of paper, an amount which was paid for by the community.

The following officers were elected for the coming year: President, Ernest J. Almsdinger; Ann Arbor; vice presidents, Walter Knauer, Ann Arbor; Mrs. Luma Seaman, Saline; Mrs. Beebe Carver, Saline; Mrs. B. F. Kuhl, William Cannon; A. Members of the Saline Library board served tea in the dining room of the house. Those in attendance from Manchester were Mrs. Wm Kullenkamp, Miss Edith Kapp, Mrs. Wm. Lanning, Mrs. P. L. Lowery, Mrs. F. C. Houck, Miss Marian Ferrell, Mrs. B. F. Bartless.

Everyone interested in Washtenaw County and its history is invited to join this society.

SERVICES HELD WEDNESDAY FOR MRS. MARY T. GILLET

Mrs. Mary T. Gillet, aged 94, died Monday morning at the home of her grandson Max Somers, in Flint after an illness of two months.

She was born August 29, 1850, in Woodport, N. Y., the daughter of the late Moses and Harriett L. Brown Graham. She was married to Adair Gillet in 1878. Mr. and Mrs. Gillet lived in Perrinton, Mich., until 1909, at which time they moved to Manchester. Mr. Gillet died Jan. 2, 1918. In 1929 Mrs. Gillet moved to Flint to be with her grandson.

Besides her grandson she is survived by four great-grandchildren, and one half brother Charles Holard of Sardinia.

Funeral services were held at two o'clock Wednesday afternoon with Rev. John Bunney officiating and burial in the Gillet cemetery.

Mrs. Alvin Reinold who has been recently released from a German prison camp is spending a 60 day furlough at the home of his parents Mr. and Mrs. Alvin Reinold. He is then to report to Miami, Florida.

Rev. and Mrs. John Bunney left Tuesday to attend the Annual Conference at Central Church Detroit. They will visit at the home of their daughter, Mrs. Maynard Aris at Royal Oak during

PERSONAL MENTION

The burial of Mrs. Ella Vanhook Roberts, 95, of Adrian took place in the family lot here in the Grove cemetery last Friday. Mrs. Roberts was born in this township and although she left here when quite young, she was well known to our residents because of frequent visits to the home of the late Mrs. Carrie Durlock. They were childhood friends.

Herman Waalburg, formerly of Sharon, spent three days last week with his brother and wife, Mr. and Mrs. James Waalburg. He has just returned from navy duty in the South Pacific.

Those from out of town who attended the J. D. Case funeral services were Mrs. Blanche Stone and Mrs. Harold Davidson of Ionia; Mr. and Mrs. Taylor Newell of Goshen, Indiana; Mr. Claude Bean and daughter Betty of Jackson; Mr. and Mrs. Lewis Andrews of Ann Arbor; Mrs. Geo. Schaefer and Ray Hammond of St. Louis.

Sgt. and Mrs. Glen Randall arrived Saturday on a short furlough from a camp in Massachusetts. He returned Sunday his wife remained here with her parents, Mr. and Mrs. Sam Edlin, wisher.

Mr. and Mrs. Charles Holms and Mrs. Edna Holms and their friends in Ypsilanti.

Mr. and Mrs. Luther Klauer and daughter Janice, Miss Edith Diete of Ann Arbor and Mrs. H. A. Welch returned home Monday after attending the Detroit Derby.

Mr. and Mrs. Sam Vopding were in Ann Arbor Saturday to visit their grandson who is ill. He is somewhat improved.

Sgt. and Mrs. Robert Dwyer returned from their trip and he has gone to California where he is stationed.

Mr. and Mrs. Fred Kooble and daughter of Saline were recent guests of friends here.

Mrs. Anna Gillet who has been spending sometime with her sister in Saline, is spending the week at her home here.

Mr. and Mrs. Henry Cox and family have moved into their home which has been recently built.

Mr. and Mrs. Irving Kenner and family have moved to the house which they bought from Mrs. Charles Hofer on Duquoin street.

Mr. Billy Schaefer has returned to his camp after spending a short furlough with his parents, Mr. and Mrs. Harold Stone. He will accompany his wife and child to remain in Ann Arbor.

Bernard Way has returned to San Diego, Calif., after spending a furlough here with his parents, Mr. and Mrs. O. M. Way.

Mr. and Mrs. Leonard Doherty and Mr. and Mrs. Wayne Salzer attended the ball game in Detroit on Sunday.

Mr. and Mrs. Merrick Durlock have returned from their trip with their daughter and family at Youngstown, Ohio. Mrs. George Stockwell and she returned on a longer visit.

Mrs. Power Brock of Detroit spent the week end at a near Detroit.

Mr. Sam Brown of Gales, Mo., Mexico is here on a furlough. His wife will remain here for the present.

J. Weislander who was in a hospital in Jackson returned Saturday to his home here and is improving. Mrs. Wilmann is now able to be around on occasion.

Mrs. C. F. Knight of Detroit and sister Mrs. Della Lane of Long Beach, Calif., were guests of Miss Marian Farrell Wednesday.

A Market Place ad will sell in

EVELYN PITTMAN WEDS WESLEY FELDKAMP

Mr. and Mrs. George Pittman announce the marriage of their daughter Evelyn Pittman to Wesley S. Feldkamp, son of Mr. and Mrs. Karl Feldkamp of Saline at a double ring ceremony in Emmanuel Evangelical church here on Saturday June 9, at 7:30 p. m. The ceremony was performed by the Rev. H. S. von Eszter. The bride, Mrs. Evelyn Pittman, was accompanied by Mrs. Royal Davalier who played before the ceremony and also the traditional wedding march.

The bride, given in marriage by her father, wore a long, pointed sleeve ivory tulle gown with a sweetheart neckline and a basque waist. Her veil fell from a tiara of orange blossoms and her bouquet was of red roses and lavender sweet peas.

The matron of honor, Mrs. Ruth Hack of Ann Arbor, sister of the groom, wore an orchid gown of tulle and her bouquet was of rose, snapdragons and orchid sweet peas.

The two bridesmaids, Miss Doris Parr of Jackson and Miss Doris Parr of Jackson, wore a gown of yellow tulle and both carried bouquets of snapdragons and sweet peas.

The train bearer, Billie Jo North, wore a peach net gown while the flower girl, Donna Jean Pittman, wore a gown of light blue sheer tulle with a cascade of sweet peas. Both girls are cousins of the bride. All the girls wore crowns of sweet peas and snapdragons.

The ring bearer, Dale Blakeman of Manchester, carried both rings in a white satin pillow.

The best man was Erwin Lindgren of Ann Arbor, brother-in-law of the groom, and the ushers were Richard Hartley of Manchester, uncle of the bride and Ralph Hack of Ann Arbor, brother-in-law of the groom.

A reception at the church hall the following day followed the ceremony. Assisting the best man, Paul Miss from Frank, was Paul and Mrs. Eugene, both sons of the bride. All graduated with the bride.

For her going away outfit the bride wore a yellow tulle suit all white accessories.

The bride is a graduate of Manchester High school and the former school of cosmetology. She is now employed at the Detroit A. P. office.

The shower was given by the parents of the bride and bridegroom and also by Miss Doris Parr at her home.

Out of town guests were present from Jackson, Addison, Detroit, Norwell, Brooklyn, Naperville, Ann Arbor, Saline, Bridgeport, Dearborn, Nappanee, Ind., Parma, Grand Lake, Ypsilanti, and Tecumseh.

The couple left Saturday night for a short wedding trip and will remain at the home of the groom, Emanuel, for the present.

THEY ARE MEETING

The Lady Arboretors met Thursday June 7 with 42 members present. Three new candidates were received, Mrs. E. J. J. Paul, Kappeler and Mrs. W. Proctor were received and one new member, Mrs. Edna Duss, was taken in.

Mrs. Virginia Mayer tendered her resignation as vice president, and Mrs. Robert DeWitt was chosen to succeed her.

Reports of the recent convention were given by the delegates, Mrs. DeWitt and Mrs. Hazel Walker.

BOY COUNTY AGENT PLAN WAS FORGED
THAT JAMES J. HILL, then president of the Great Lakes American Farmers, and a large percentage of the county agents.

On Saturday in a rooming house in the early summer of 1943, Jim Hill presented his ideas for carrying agricultural education to the farmer to Edward Gross. In a Chicago club they talked it through the afternoon and well into the evening. Before I was out of bed the next morning, Sunday, Gross called me on the phone to say he had been called to the assistance he wanted was in the operating of the provisions of a bill that would provide for an agricultural agent in every county in the United States that produced anything in the way of grain, feed, live stock, poultry, fruit or any other product of the soil. We worked at that job all through the day and well into the night. The problem was to provide for the building of a large group of farm experts with school of agriculture training in which semblance of partisan politics could ever be introduced.

to remove price ceilings on meat to solve my problem. But what an incentive for butchers and more butchers! Farmers can be. What a handicap is age. The butcher found some dead hogs for me.

A GREEN LAWN. How glorious it was. What an addition to the attractiveness of a home. How we prize it until comes the day when the wife says it must be cut. This concrete would be preferable.

SHARON TOWNSHIP — BOARD OF REVIEW
The Board of Review of Sharon Township will meet on TUESDAY JUNE 19, 1945 at the Sharon Town Hall from 9 a. m. to 3 p. m., at which time the Assessment Roll of said Township will be subject to inspection. Such Assessment Tax Roll as reviewed and approved by said Board of Review shall be the Assessment Roll of said Township of Sharon for the year 1945.

ELMER R. MATER, Supervisor.

RESOLUTION RELATING TO CONSTRUCTING A SEWER
Moved by Hollie Arnes, supported by Walter Schaefer.

That it is deemed advisable and expedient and necessary, and for the best interest of the health and welfare of the community to construct a sewer in and along East Jackson Street through Block L, Morgan's Addition in Hibbard Street, thence southerly along Hibbard Street to the south line of Morgan's Addition in Hibbard Street, Village of Manchester, Washtenaw County, Michigan.

Therefore, be it resolved that the expense of the sewer constructed along the line above mentioned be paid as follows: one-half by the Village of Manchester, and one-half by special assessment according to the benefits to the adjoining property owners (of lands in Granger's and Morgan's addition, Block L, Morgan's Addition, and parcel of land be-

Don't Worry, Son! MY SIGHT WAS IMPROVED BY THE OPTOMETRIST I FOUND BY LOOKING IN THE YELLOW PAGES OF THE TELEPHONE DIRECTORY

The work of that day was the first draft of what became the Smith-Lever bill as introduced in congress. Before it was introduced into law it saw many changes in detail, but retained the fundamental spirit. The most strenuous proof against any partisan political machinations.

By the end of another week an organization had been perfected, and a meeting held at the Union League club, Chicago. At this meeting that meeting were nationally prominent industrialists, railroad presidents, bankers but no farmers. It was that group, following Jim Hill's initiative, that, in time, secured the enactment of the county agent law.

It took four years to get the bill through congress. The most strenuous opposition came from the least likely source, the department of agriculture. The objection of the department was largely based on the one point on which we were insistent, that the agents should be elected and paid by the state university schools of agriculture, the money to be supplied by the federal government. That was the method through which the county agents were not to become "had in with any political machine. The agricultural department wished to name the agents.

FOR AN OLDER "NECK BOW" THERE ARE TWO OF US—two adults—with reasonably good appetites. That means two ration books, with their limited, very limited, number of red coupons. It was 12 days before the next lettuce coupon could be used and I had only 20 valid red points to last through those 12 days. I stood before the meat case in the market looking wistfully at a rib roast of beef. How I should like to carve that at a dinner table, and sink my teeth in a luscious rare slice of it, but I had only 20 red points and 10 days to go. Beside me was a woman, the mother of five children, the oldest under 10 years, the two youngest not yet past the milk and stool stage. They needed seven ration books, with two adult stomachs to fill. The woman did not hesitate. She ordered the roast, and had points to spare which she was fearful she would not be able to use. It would take something more than Sen. Arnes' proposal

WAR BONDS

KEEP UP THE PRESSURE!

Another word for depression is deflation. Here's the best insurance against deflation we know of. Buy WAR BONDS as regularly as you reap up your tires, and you can build up a reserve for smooth riding in the future.

This reserve is needed for a definite purpose. There has been a steady depreciation of your soil fertility, livestock, buildings, equipment and fences. FASTER during wartime because of stepped-up production and fewer replacements. It has been like the gradual leak of a tire, easily overlooked.

You need a fund of WAR BONDS to replace these depreciated items FIRST, to ensure the EARNING POWER of your farm. It's the surest way to guard against deflation.

A Bell for Adano

John Hersey

THE STORY THIS FAR: The American troops arrived at Adano, a seaport town, with Major Joppolo. An American officer in charge, Sergeant Borch, the Major set out immediately to win the friendship of the citizens, and to improve their living conditions. He desired to repair their bell, which the Germans had taken. Major Joppolo talked with Father Pensavoglio, the town's leading priest, and he was assured to repair the bell, which was to be replaced by a new one.

The people were just in the middle of the proceedings when the American officer in charge, Sergeant Borch, came to the town and announced that he had to go to the front. The Major promised the priest that he would succeed in repairing the bell.

CHAPTER IV

"You could have read the proclamations which our friends will post. Fatta. You would not have had anything to lean against while reading because the proclamations will be posted on the walls upon which you depend. The hour of the reading that is to be about five o'clock would have been for you, because it is the hour when you are able to overcome with spirit and are able to lift a bottle of wine to your lips.

"But the others will read, Fatta. They will learn that the Americans are our friends. They will know of the changes. They will learn of the promises of the proclamations which are to be different. For them, Adano will be a new town, and life will be different. For you, it will be the same. You will do wrong, and you will be punished. Adano will still be a place of fear.

"Look at the lady Fatta, people! Do not be like him. Hear the proclamations. Acquaint yourself with the new Adano! I have cried."

And Mercutio Salvatore moved the drum around behind him and marched off to the several other places convenient for shouting, and in his own way to tell the people about the changes which were to come.

Father Pensavoglio could not remember when so many people had gathered in the Church of San Angelo. It was a pleasure, certainly it was a pleasure, to have so many come to the Church of San Angelo.

But now Father Pensavoglio had a thought which made him very uneasy. What if the Major's plan should not come? Think of the shame. Think of how the other priests would laugh. Think of how this large crowd, would complain. Think of how his own faithful would flock on the Sunday to the other churches. Think of preaching to empty pews.

It was already five minutes past seven. The senior acolyte had already whispered in his ear that it was time to begin the mass. And the Major had not come.

The Major, at that moment, was sitting in his office having a breakfast of fruit and discussing with Borch and the other officers, who never went to church, the matter of the bell. Major Joppolo sat with his feet on the huge desk eating fruit. Borch sat on the end of the desk also eating, and the little Zio stood at attention in front of it, not eating but wishing he were.

In the Church of San Angelo, meanwhile, Father Pensavoglio was growing frantic. Most of the seats in his crowd, the lovely crowd, kept turning toward the door instead of facing the altar, as if they were waiting for someone to come in. The door opened at the fourth of nine. That is a month's time. Consider how long things are done in our Army, perhaps not much has been done with the bell. Where was it sent, Zio?

Zio said: "To the provincial government at the town of Vicinara."

Major Joppolo said: "Perhaps it got no farther. Perhaps the bell is still sitting in its crate in Vicinara."

Zio grew excited: "Do you think that is possible?" he asked.

The Major said: "It is possible. We must find out."

And he took a piece of toilet paper from his brief case and began a letter.

To: Lt. Col. R. N. Sertorius, C.A.G., Vicinara, Prov. of Vicinara.

"From: Major V. Joppolo, C.A.G., Adano, Prov. of Vicinara."

Bel: Bel belonging to town of Adano.

"Undesignated would very much appreciate your assisting investigation of records of provincial government of Vicinara to see if you can trace . . ."

The service in the Church of San Angelo was taking a most unusual course. Having completed the supplication, Father Pensavoglio started reading the litany of Saint Joseph. It was the longest litany he could think of and he repeated the words without any sense of their meaning.

"Joseph, most valiant, Joseph, most obedient, Joseph, most faithful, mirror of patience, lover of poverty, model of workman, ornament of the domestic life, guardian of virgins, safeguard of families. . ."

Suddenly Father Pensavoglio broke off. He had had an idea. He beckoned again to the senior acolyte and whispered in his ear: "Have old Guzzo ring the bell.

"Now, father?"

Reduce Size of Cobs by Increasing Grain

Proper Fertilization Produces Better Corn

How corn growers can avoid the common mistake of increasing cob size by increasing grain yield is the subject of a new bulletin from the Illinois College of Agriculture.

Professor Snider cited tests at the college's experimental field near Urbana, Ill., to show that the proportion of grain to cobs is increased when a corn is grown on fertilized land. Since cobs have little or no feed value and are so low in plant nutrients that they have virtually no value as fertilizer, the grain yield is of great importance.

On the fifth day of the harvest a bell stood in line in front of the shop of the baker Zapalla. There were many women, mostly dressed in black, and a few men. They were in loud voices, each clamoring for audience.

"After mass he left quickly, to avoid the embarrassment he knew would result from snuggling too much with the crowd. He took time only to tell Giuseppe that he had a letter from the Major. He had it after mass, and he looked into the face of the blonde.

SNAPPY FACTS about RUBBER

Rubber contracts and ripples into an unbroken state in much the same way as an earthquake moves across the surface of the ground.

From April 1, 1942, to August 31, 1942, the total amount of natural rubber imported into the United States was 214,142 long tons. India and Ceylon supplied 23.2%; 31.9% came from Latin America, and 13.2% from Liberia. The remainder was obtained from other sources in transit when sources were lost to Japan.

How many carry more than the total number of persons from bonded by security police carriers in the United States.

FIRST IN RUBBER

HOUSEHOLD HINTS

Do not allow your vacuum cleaner bag to become filled with dirt before you empty it. It should be emptied frequently so as not to interfere with the flow of air.

If brown grime becomes lumpy, place a damp cloth in the jar with the sugar and cover it tightly.

Don't be annoyed by a food chopper that won't stay firmly anchored to the table. Put a piece of sandpaper, gritty side up, on the table before screwing the chopper in place above it.

Bell a cracked dish for about three-quarters of an hour in enough sweet milk to cover it. The crack in the dish will become almost invisible.

Place a small hand brush, bristles side up, in the soap dish. Keep the soap on top of the brush and when you need to use the brush it will already be full of soap.

Two spoons nailed to the wall about two inches apart makes a good place to hang the broom (upside down).

An old Turkish towel is good for removing dust from upholstered furniture. Wet the towel, wring it dry, and spread over piece of furniture. Beat with a broomstick. Escaping dust clings to the towel.

If your furnace has a tendency to rust in a damp cellar choose a dozen or more cool days during the summer to burn papers in the fire box. This will help prevent replacing pipes and other metal appliances every few years. A better precaution, of course, is to remove the cause of the dampness, but this is often costly since it means extensive re-siding of cellar walls.

Stretch your metal balls by adding oil to the hamburger.

When boiling potatoes for mashing, cut them as for french fries. Much time and fuel will be saved.

Flat stones pressed beneath a porch that rests directly upon the earth will retard wood decay.

Keep all-covers new looking. Iron them on the wrong side.

TO CONVERT FUEL OIL FROM FARM CROP WASTE

While there has been talk and experimentation for several years about obtaining several by-products from corn stalks and other farm waste, the United States department of agriculture now comes out with a full-fledged program for extracting liquid motor fuel from corn cobs, peanut shells, fax shells, oat hulls, cottonseed hulls and burnt and sugarcane bagasse and other farm waste.

The department says that experimental laboratory investigations by their chemists indicate that from 95 gallons of liquid motor fuel can be obtained from a ton of corn cobs or cottonseed hulls and that about half of this is in the form of ethyl alcohol.

Experimentations have advanced to the semi-work stage at the D. of A. northern regional research laboratory at Peoria, Ill., and results are so promising that the work is to be enlarged so that it now may be evaluated on a semi-commercial scale.

Since 1920, human deaths from pulmonary tuberculosis in this country have decreased 54 per cent. In 1921, consumption of wine as a result of tuberculosis was 1.5 million gallons; 17 per cent. of this now has been reduced to 262 per cent.

Mrs. Lewis Alber, Ruth and Norma and Mrs. Marie Abdon were in Ann Arbor, Saturday. Mr. and Mrs. Wallace Sloum of Jackson were Sunday guests of Mrs. Sloum's mother, Mrs. Leta Sloum and family.

phone problem asserted that in 1920 almost 2 1/2 million farm homes had telephones and that by 1940 this number had decreased to about 1 1/2 million, a decrease of about 40 per cent. Rates for farm telephones have increased from about \$1.38 to an average of \$1.80 at the present time. He also pointed out that 75 per cent of the nation's farms numbering a 166,000 still do not have telephone service.

Some 30,000 smaller telephone companies in the nation would be the chief beneficiaries under the bill as borrowers from the fund to modernize their plants, rebuild existing lines and construct new ones. Loans would be made on a self-liquidating basis at an interest rate of 1 1/2 per cent with 35 years in which to repay the principal.

Considerable interest has been aroused in the measure introduced by Senator Lister Hill (D., Ala.) which would provide for a special fund of 100 million dollars and create a federal agency to be known as the "Rural Telephone Administration."

This administration would administer the law and the fund with authority to make loans to telephone companies, or to individuals, corporations, states, municipalities, utility districts, or to non-profit cooperative associations, also to the Rural Electrification Administration for the purpose of financing the construction of lines.

The strap-on milk stool will save considerable time as well as provide another step forward in proper sanitation. After the stool has been strapped on, it need not be touched again until milking is finished. Sit on the stool around the waist.

Piноп Baby Given War Bonds

THE WINNER - Little 15-month-old Harolyn Cheryl Meyer of Trenton, New Jersey, official piноп girl of the USS New Jersey, was made piноп for use in obtaining her future education. Governor Walter E. Edge made the presentation. The child's father, an Army Air Corps pilot, is a prisoner of war in Germany. He has never seen his little beauty queen. She is held by her mother, Mrs. Harry C. Meyer.

struction, rehabilitation, modernization and operation of telephone systems, exchange lines, or other facilities for furnishing telephone service to persons in rural areas who are not receiving adequate service. The measure also provides for improvement or betterment of existing service to persons in these areas.

Senator Hill, as a result of considerable study on the rural telephone problem, when start missing, accuracy count will be reduced considerably. If more than one leg is desired, the conventional three legs can be added to this type of stool.

Rotation and Proper Fertilization Solution
SOYBEANS were defended against the charge of being "a menace to soil improvement" by a group of Purdue university agronomists.

No other crop has had such a spectacular career in America as the soybean, which in little more than a decade has been catapulted into fourth place in value among crops grown for grain or seed in this country. No other crop in history has been so feared by farmers as a potential destroyer of fertility.

Reviewing the results of an eight-year test, these experts drew the following conclusions: "Soybeans are no more soil-depletive in minerals than are corn, alfalfa or some other crops on an equivalent yield basis."

Pointing out that all crops when grown and removed from the land deplete the soil minerals, the agronomists recommended that extra amounts of phosphorus and potash fertilizers be used in any crop rotation that includes soybeans in order to replenish the plant food removed when beans and other grain are sold as a cash crop.

Concerning the danger of soil erosion when soybeans are grown, they declared: "The problem of erosion with soybeans is much the same as with corn. On rolling land, soybeans should be planted on the contour, preferably drilled solid and should be followed by a winter grain or cover crop."

"On acid soils, limestone or marl is the prime need of soybeans. Without lime on such soils, fertilizers have little effect. These soils after liming usually gave marked response to phosphorus and potash fertilizers."

Inoculation also pays.
