and James Walkow
Manchester came out second best at the Clinton game on Friday, November 8, 1946 at Clinton by a score of 22-19.

Manchester scored four touchdowns in the first half and made two extra points. The score at the half was 22-9. In the second half the Dutchmen's defense strengthened and the Redskins were able to tally only once.

The most spectacular play of the game came in the third quarter. With the ball on their own 20 yard line Manchester's Charles Steele gave the ball to Roy Gehring on a reverse which scampered 70 yards to the Clinton 6 inch line. The Dutchmen failed to score because of two timely penalties, an offside and backfield-in-motion.

Another group which left Tuesday for the northern peninsula included Lloyd Flood, Paul Marshall, Earl Koebbe and Paul Wilson from Arbor.

North of West Branch is where Frank Lowery, Webster Schill, Walter and Otto Koehnke and Stockbridge and Henry Finkbeiner of Ann Arbor will try their luck.

Mr. and Mrs. Clifford Logan of Springpoint and Mr. and Mrs. Herman Evesett of Saline were Sunday guests of Mr. and Mrs. Paul Feikamp.

Mrs. Frank Block and Miss Mildred Clark of Romulus were Sunday guests of Mrs. Martha Brenion.

Mrs. Brewster returned home with three new hats. The hats will be completed at the rate of \$10 for each month of domestic service and \$15 for each month of foreign service. The maximum payment is to be \$800.

However, additional payments were also authorized.

Surviving dependent relatives (husband, wife, children, mother, father, brothers and sisters) of a service man or woman who died or who shall die hereafter from service-connected causes incurred before September 16, 1946 and whose sole estate be paid a sum equal to the difference between what he has received and \$800.

How much will all of this cost the Michigan taxpayer?

The Michigan Public Expenditure Survey estimates the bill at \$823,923,000. It believes that the general fund will be asked upon to supply \$82,000,000 as an added amount to the \$741,923,000 bond issue. The \$2,000,000 interest cost would be the difference between the Michigan taxpayer.

LANSING TO SUFFER WITH FINANCES

Governor-Elect Kim Sigler and his all-Republican state administration at Lansing are going to have a financial headache of preposterous proportions after January 1.

All because of Michigan's Nov. 5 atomic bomb—the voters' thumping approval of the sales tax amendment and the \$270,000,000 veterans' bonus.

How to solve the problem of operating state public services on revenue short of two-thirds of the state sale tax—the traditional Michigan goose that lays the golden eggs—is sure to give Governor-Elect Sigler and his advisors plenty of worry.

The state legislature will have to wrestle with the problem in the 1947 general session, certain to be convened early in January.

Legislators will be confronted with two tough alternatives.

First, should state services be drastically curtailed or eliminated in order that the expenditures of the next fiscal year (starting July 1, 1947) may be brought into balance with the state's shrinking revenues?

And if so, what services should be lopped off or dropped?

Should the state educational institutions—University of Michigan, Michigan State College and all the others—be granted additional funds for housing of veterans, completion of needed class room building and other improvements long deferred since advent of the Great Depression in 1932?

How about hospital additions? Twenty more glands are needed at the state prison at Jackson. Well, the list is long. Someone must make a decision; someone must make a priority. We sympathize with the legislature trying to work this one out. It's not going to be easy.

Second, should the State of Michigan enact new taxes?

The \$210,000,000 veterans' bonus or example, will be financed chiefly by state bonds. These bonds, if sold at 1 1/2 per cent interest and retired in 20 annual installments will cost well over \$800,000,000.

The interest cost alone would be \$12,000,000.

While the amendment limits a bond issue to \$270,000,000, it also any person who served in the armed forces between Sept. 16, 1940 and June 30, 1946, and who was a resident of Michigan at least six months prior to enlisting in the service and who served the armed forces for more than 60 days shall receive a bonus. This bonus will be computed at the rate of \$10 for each month of domestic service and \$15 for each month of foreign service. The maximum payment is to be \$800.

Surviving dependent relatives (husband, wife, children, mother, father, brothers and sisters) of a service man or woman who died or who shall die hereafter from service-connected causes incurred before September 16, 1946 and whose sole estate be paid a sum equal to the difference between what he has received and \$800.

How much will all of this cost the Michigan taxpayer?

The Michigan Public Expenditure Survey estimates the bill at \$823,923,000. It believes that the general fund will be asked upon to supply \$82,000,000 as an added amount to the \$741,923,000 bond issue. The \$2,000,000 interest cost would be the difference between the Michigan taxpayer.

While it may be early to arrive at conclusions, it is at present point to the likelihood that the state legislature will enact new taxes or will increase present taxes in its 1947 general session.

It is agreed that the financial pinch may not come (continued on page 8)
