## DUTCHMEN AGAIN TAKE CLASS D CHAMPIONSHIP

The Manchester Dutchmen won the Class D District Championship by defeating Pluckney 47 to 21 on Saturday at Napoleon.

The Dutchmen have of course won two previous games, beating Grass Lake on Thursday by a 54 to 22 score and having Cement City on Friday by a score of 31 to 27.

Andrew Lantz took scoring honors for the first game with 16 points while J. Cannon was close behind with 15 points. In the cement city game Cannon took top scoring honors with 13 points. On Saturday the Dutchmen played brilliant ball defeating Pluckney 47 to 21. The first half ended with a close score of 13-13 in favor of Manchester, but in the second half Manchester scored 29 points to Pluckney's 8. Flecker led the Dutchmen with 16 points while Cannon was second with 13.

Manchester will play the first game in the Regional tournament Friday night at Jackson high school, a six o'clock game, having a bye for Thursday night. They will meet Woodland, a team which they defeated last year in the Regionals at Lansing.

Thursday night Hanover-Horton plays Pittsford, and Friday night the winner of the Thursday game will meet Haslet. Should Manchester win Friday's game they will meet the winner of the other Friday night game at the Jackson gym at 7:00 p. m. Saturday.

## FULLILLS PROMISE

A promise made by Capt. Tom Cushman to his adopted grandnephew Merriman when he entered the Air Force was fulfilled Sunday afternoon when he took her on her first plane trip—two hours ride from the Jackson airport over the Irish Hills and Manchester and vicinity. Mrs. Merriman was thrilled by the trip and is looking forward with enthusiasm to her next hop.

We understand the only lamentable feature of the trip was that her daughter, Mrs. Tom Knorr, who was packing up the car, was gesturing in an effort to catch mother's attention, was unnoticed by Mrs. Merriman, but King the sitting in back in the yard, was readily spotted.

## Lady Arbiters Meet

The Lady Arbiters met last Thursday evening March 7 with 52 members present, and appointed the following committees: Good Housekeeping, Mrs. Hazel Hasekewerd, Mrs. Inez Hasekewerd.

New members voted on to be in the April were Mrs. Clyde Hasen, Mrs. Edna Silvers, Mrs. Grace Rhee, Mrs. Ruth Randall.

Members installed at the March meeting were Mrs. Marie Romelhardt, Mrs. Ellen Pratt.

## District Extension Club Meeting

The West Bridgewater, South Bridgewater, Sharon, Iron Creek, and Freedom Extension Clubs held their district meeting at the Emmanuel church hall, with a potluck dinner at noon, March 7. Miss Frances E. Wilson, representative of each group, contributed to the program. Mrs. Paul P. Feldkamp was elected district representative of this group. Two county representatives were present as guests, Mrs. P. W. Smith, Delhi, and Mrs. Wayne Teachout, Lodi.

## CARL F. WUERTHNER REELECTED PRESIDENT

A sticker ticket which materialized over the week end, made the annual Village election much more interesting, but otherwise failed to change the result.

A total of 268 votes were cast as follows: For President, Carl F. Wuerthner 136; Mrs. Don D. Newton, 54; for Clerk, LeRoy A. Marx, 218; for Treasurer, Ed R. Kirk, 209; for Assessor, Roland Grossman, 216; for Councilmen, Charles Eisenbauer, 209; Fred Kuhl, 193; Roscoe Lannon, 200; V. Kirk, 34; Howard Hiezling, 29 and LeRoy Wurster, 14.

## HAVE YOU A SUGGESTION?

In both local drug stores you will find boxes labeled "Suggestion Boxes for the Chamber of Commerce Meeting Tuesday, Mar. 19".

There have been, as there usually are, complaints voiced up and down the street as to the shortcomings of the Chamber—that it has not done this and that, that it should have done. But, as usual, very little constructive criticism has been in evidence, and very few practical suggestions have been made.

Therefore, the officers of the organization have planned a meeting for Tuesday evening, March 19, at which time these boxes are to be opened and all suggestions read and considered by the group. So if you have been thinking up a suggestion, now is your chance to present it. You don't even have to sign your name, just write it out and when no one's looking, slip it into the box.

Of course, if you have an idea that you would like to present in person, you'll be more than welcome. Every member of the group is urged to be present and there will be free refreshments for all who attend.

The students, faculty, and towns people wish to express their gratitude to Mrs. Toburen for this fine gesture.

Special News

An attempt will be made here to answer some of the questions that have come to the minds of those following the Basketball Tournament.

A school gets to have a tournament by making application to the State Athletic Association. An accommodation which a school has to offer and its location within a district are factors which help determine the selection.

The officials receive fifteen dollars per night plus transportation costs. Every member of the committee for one round trip to the place of the tournament.

Receipts of the tournament first are used to pay the officials, the cost of trophies and medals, liability insurance and bills. The 25 per cent goes to the entertaining school. From the 75 per cent the transportation of the competing schools (at the rate of 60c per mile one way per trip) is deducted and the balance is divided 50 per cent to the entertaining school and 50 per cent to the State Association.

Winners of the District Tournaments within a Region compete with one another. The winners are made by drawing. The winners of several Regional Tournaments play one another in the first round of the State Tournament.

The winner of the Jackson Regionals play the winner of the Ypsilanti Regionals on a floor near the two schools concerned. The semi-finals are played in Lansing, with Allen Schaffer, High or Junction Field House. The teams in the semi-finals are paired by drawing.

WASHINGTON MERRY-GO-ROUND

WASHINGTON. — Some people are wondering whether the fact-finding board for the meat packing industry took the trouble to read the newspapers. If so, they might not have recommended that the housewife wear the main burden of the cost of increased wages in the meat packing industry.

The fact-finding board, which included Dr. Edwin E. Witte of Wisconsin University, Chief Justice Raymond W. Starr of the Michigan Supreme Court and Clark Kerr, former chairman of the meat packing branch of the war labor board—three able men—decided that a 16-cent pay increase was fair and equitable for meat packing workers. But they added that only five cents of this was "absorbable" by the most industry without price or subsidy relief.

In other words, the fact finders recommended that the big meat packers should pay only the 16-cent wage increase out of their own pockets. The rest would have to be passed on to the consumer or the government. Their report was filed February 7.

However, early in December, long before the fact-finding board was appointed, a number of smaller meat packing plants had already signed contracts with the CIO and AFL for 15 cents an hour pay increase without any strings attached regarding increased meat prices.

The small packers who signed such agreements included Hygrade Food Products of New York, George A. Hormel of Austin, Minn., and others in the Chicago area. Apparently, the fact finders did not take this into consideration. Apparently also, they ignored the fact that Swift and company previously had agreed to a pay boost of 10 cents an hour without any strings attached regarding increased meat prices to the housewife.

For, despite Swift's offer of 10 cents an hour and the smaller companies' increase of 15 cents, the fact finders recommended that only 5 cents of the 16-cent increase could be paid for by meat packers. The remaining 11 cents will be passed on to the housewife—the government does a subsidy.

**BREAD WASTE SCANDAL**  
Department of agriculture statistics have been doing some quiet checking of unscrupulous bakers who violate bread sales regulations in order to cut competition.

Despite the fact that the nation has been forced on a "dark bread" diet to help defeat unscrupulous people of the world, thousands of loaves of good bread are still going to waste, or being fed to pigs and chickens.

It works like this: A big bakery is trying to grab business away from a competing bakery. It will begin supplying grocery stores on a "consignment basis," which means that grocers' shelves are loaded up with supplies of bread in excess of what they can sell.

The following day—sometimes the same day—grocers pile up the unsold loaves and replace them with fresh stock, charging the grocer's store for the bread actually sold. Ideas to promote sales of a particular brand of bread because of its "freshness."

This is a violation of war food order No. 1, but it hasn't stopped. The fact-finding board on general bakers in Houston, Texas, Richmond, Va., San Francisco, Cleveland, Kansas City and St. Louis claim, carrying on the practice on a huge scale.

Instead of making their reduced stocks of one-day-old bread available at a reduced price to poor families, the loaves frequently wind up in garbage bins. One Texas farmer who tipped off the department of agriculture about conditions in Houston said he had been buying thousands of loaves of bread "fresh enough to eat" to feed his hogs and chickens.

**ATOM VS. BATTLESHIP**  
Congress President Truman sees something drastic about it very soon. The fact-finding board says, "turn out to be a study in water-springs instead of atomic energy."

On-the-surface atomic-bomb explosions, the scientists claim, will add nothing to the knowledge already accumulated from previous explosions at New Mexico, Hiroshima and Nagasaki, except that they may learn the size and damage of the world's largest water-sprayer.

Unused Dresses Will Make Attractive Blouses, Jumpers  
By Erta Haley

IF YOU thumb through your closet's preparatory to spring cleaning, you'll probably come across at least two dresses that are sadly worn and unweavable. . . .

Before any remodeling is attempted, the dress should be cleaned or washed thoroughly and ripped apart completely. . . .

At the beginning of this article I spoke about the possibility of your finding two dresses in the closet. . . .

THE OLD JUDGE SAYS...

TED: "Gee, and I sure wonder what  
 you mean by that new movie about the  
 old judge. He's a real character, isn't he?"  
 OLD JUDGE: "Well, it's true most of  
 my life I've seen a case as extreme as this in  
 real life. You see, they are so low and the  
 judge, but it does mean one thing—  
 chronic alcoholism is a terrible thing and  
 we've got to change our ideas about how  
 to help them."  
 TED: "In what way, Judge?"  
 OLD JUDGE: "We've got to realize that  
 excessive drinkers are suffering from more  
 than a craving for alcohol. According to  
 psychiatrists and medical men at one of our  
 great universities, the alcoholic is a sick  
 person. The study of hundreds of cases shows  
 he is suffering from some serious, and in  
 emotional condition... just as in the case  
 of that poor chap in the picture. Fortunately,  
 they represent only a very small percentage  
 of those who drink."  
 TED: "Is anything being done to really  
 help these folk, Judge?"  
 OLD JUDGE: "Yes... a great deal in  
 clinics throughout the country. And with  
 the cooperation of the sobering patients  
 who sincerely want their product used only  
 in moderation."

## What the TELEPHONE WAGE SETTLEMENT Means...

... TO THE PUBLIC

Recognizing their responsibility for maintaining a  
 vital public service, both union and management  
 representatives made concessions that averted a tele-  
 phone strike recently. • Settlement means that the  
 welfare and security of the public were not imperiled  
 by a general curtailment of telephone service; that  
 business and industry were not handicapped by a  
 lack of communications in their efforts to regain  
 full stride.

... TO THE EMPLOYEES

The settlement provides basic wage increases of \$5  
 to \$8 a week for non-supervisory male employees  
 and \$5 to \$7 for non-supervisory female employees.

The increases boost Michigan Bell's hourly basic  
 wage rates an average of 18%, or 17 cents an hour.  
 • This is in line with the national pattern of recent  
 wage increases in other industries, and is subject to  
 governmental approval under the national wage  
 stabilization program.

... TO THE COMPANY

These new wage adjustments, together with those  
 granted recently to supervisory employees, will add  
 about \$6,500,000 to Michigan Bell's annual pay-  
 roll. • The settlement means that the Company  
 can keep moving ahead with its big expansion and  
 improvement program to the end that the kind of  
 telephone service wanted can be provided when and  
 where it is wanted. • With both employees and  
 management pulling together, Michigan Bell looks  
 forward to the busy months ahead with complete  
 confidence.

REPORT ON THE RUSSIANS..... BY W.L. White

INSTALLMENT FIVE. "This morning," says Kirtley, as we climb into the waiting Zex, "we visit for factory." In his bright lexicon, a factory is any place where something is produced. This one turns out to be a collective milk farm. It was once a village.

though Soviet doctors have less training than American doctors, their people probably get better medical care than do many Americans in the lower income groups, who cannot afford good doctors and yet are too proud to go to charity clinics. And Soviet medical training has made great strides in recent years.

Today I visit Eric and Joyce at the embassy and am invited to lunch. Never have simple, vitamin-stuffed dishes like canned pineapple and tomato soup made with condensed milk tasted so good.

Afterwards Joyce and I follow Eric to his room. He brings out a list. "This is the itinerary they've worked out for the Ural trip. It's too long. Lots of places I'd like to see, but my chamberlain says it's impossible to do."

It is necessary first to go to Leningrad. The reporters are excited because Eric has agreed to take half a dozen of them along. So far none of them have been able to get ready.

As we drive from the Leningrad station to our hotel, we get a good look at the city. It is a beautiful, spacious, well-planned city. This encirclement was only broken by the Russians late in 1942.

Idle dollars involve a loss of earning power. If you have money to invest, ask yourself these three questions:

1. SHOULD I keep so much idle cash?
2. WHAT is the purpose of my investment?
3. SHOULD I invest to obtain a steady income?
4. SHOULD I invest for income and capital growth?

A PLANNED INVESTMENT PROGRAM may be arranged to suit your individual requirements. Simply call our office or sign the Coupon below. An inquiry invites no obligation.
