Washington Merry-go-round

WASHINGTON. — It is no secret that there's been considerable talk among the brass hats in the Pentagon building about war with Russia.

However, there can be no doubt about the views of the top military man in the war department—Gen. Dwight Eisenhower.

Two or three weeks ago, Eisenhower was attending a Washington dinner party when people began to talk about war with Russia.

Then the chief of staff proceeded to give a pointed lecture on the foolishness of this war talk, which can be briefly summarized as follows:

"People who want war should only think a few minutes about the sacrifice Russia has made in the past five years — a loss of life and property so large we cannot conceive of it.

"And neither will we, this country is no more anxious to go to war with Russia. Our losses are great, and we want no more.

Shortage of Farm Labor Unknown to Big Harvey Family

Western Maryland claims one of America's biggest farming families and points to Mr. and Mrs. Earl K. Harvey Sr. and their 11 children, 9 boys and 2 girls.

The eldest of the children is Marshall Harvey, now 25, who served in the army. As a lad he helped form a 4-H club and is now assistant supervisor.

Next is Lucile, 23, who was active in the 4-H club until she reached the age limit of 21. She is now married, but still helps to hoe the Harvey potatoes.

Then comes Calvin, who graduated from the 4-H club when he reached the age of 17 last January. Selective service classified him 2-C, giving him an agricultural worker's deferment.

Next is Fanny Mae, 20, who is active in the 4-H club. She is operating with the United States department of agriculture, developed a new potato in Great Britain.

Then comes Freddie, 17. Besides being president of the "Harvey 4-H club" at home in North Grove, where the farm is located, he is president of the Future Farmers of America chapter at Oakland high school.

But this is not because of numbers alone. It is also an excellent agriculturist. 4-H member, and student at Oakland high school.

Next comes Robert, 14. Robert bought a 4-H club calf, nursed it along, took it to the Pittsburgh show, and won a prize.

This year in a church fashioned more than a million years ago by nature, thousands of worshippers will gather for the 25th annual Easter sunrise service.

There will be 20,000 or more people in the Garden of the Gods on Easter morning, but millions more will hear the service in their homes.

It is a grand affair, which is just old enough for him to be called the "4-H baby." He is a member of the 4-H club, and whereof of cattle during school hours.

Then there is Earl Jr., 12. He is also an excellent agriculturist. 4-H member, and student at Oakland high school.

Manhattan Magic

The wild rumors undoubted that navy and army discharges had been frozen reminded us of one of the wildest.

It was the report that Dorothy Thompson (the columnist) would be the GOP candidate for President.

This is how the "story" grew from a joke: At a luncheon date between John ("Inside Europe") Guntner and Philip Jordan of the London News-Chronicle, the Britisher told Guntner he had met Miss Thompson the night before.

"What a woman!" Jordan exclaimed. "I wouldn't be a bit surprised if the Republicans nominate her for President in 1948."

"When Mr. Jordan got home he relayed 'the gag' to H. R. Kulekier-bocker, the war reporter, who passed it on to Randolph Churchill, who called it seriously for his chatter column in London.

One week later it appeared in British news magazines as the "latest tip from well-informed Washington circles and the press."

The final touch was a lulu, it is reported, which caused her to run a straw vote on Miss Thompson's chances!

Wisdom for the UNO from the mouth of a tip. It was overheard at a movie theatre, where "Captain Kidd" was revived.

"Who are all these men fighting?" asked the child. "Pirates," mother explained. "What are they fighting about?" "Trees," said the father.

"What's treasure?" "Gold, silver and other precious things." "Will some of those men be killed fighting for the treasure?" "Yes, I suppose so."

"Why don't they all become friends and share the treasure, instead, Mommy?" "Because they are pirates."

It is no secret that Stalin and Churchill quarreled during the war. After the Tehran confab this anecdote was popular in Moscow.

The Shah of Persia made a gift of an 11-year-old girl to Churchill. Some of Stalin's advisers were shocked by the Oriental custom and urged him to do something about it.

But with a twinkle in his eye Stalin said: "Don't worry. By the time Churchill makes up his mind she will be an old woman!"

The Press-Box. One sane voice was raised among the international babble of threats and protests. It was Cordell Hull's eloquent plea for patience, reason and co-operation.

Off We Go! AVIATION NOTES

WORLD AVIATION FAIR The first postwar international aircraft trade exposition and flight demonstration will be held at O'Hare field, Fort Cook, near Omaha, from July 21 to 28 and will be known as the World's Fair of Aviation.

Preliminary plans are based on an attendance of 250,000 persons and the expectation that at least 2,000 light planes will be flown to Omaha for the flight events.

Special performance exhibitions will include both military and civil aircraft.

The fair will be managed by Stedham Acker of Birmingham, well known as a director of air shows at Birmingham, Denver, and program director for the national aviation clinic at Oklahoma City.

Must Have Air Markers. It is apparent that the purpose of air markers cannot be achieved if there are only a few widely scattered throughout the country.

Ernest, the "4-H Baby." There is a Guy in the act to be outlined by Robert. Guy also raised a calf and took it to the Pittsburgh show.

WHAT IS... The first aircraft to receive an air mail, a new biplane, which is undergoing flight tests at Wright field, Ohio.

COYOTE HUNTING Ted Hagan and Al Binder were busy to Minnesota hunters who came in to hunt coyotes by plane.

A Safe Crash Landing. Through the cool good offices of Sam Sponsorer of Anacostia, Calif., in re-examining a plane, he and his wife, Violet, discovered around the first plane site, are well and happy.

AVIATION... Charles G. Altemus who lost a leg in the Altemus while serving with the British, is practically assured of a grant to study in England.

OLD VETERANS RETIRE Back in 1930, Boeing built a number of 247-2s for United Air Lines. These were the last of the two-engine low-winged transport planes.

Seeds in the Night. At the Greenwell Village, Conn., "Churchill's" speeches prove he's just an old fellow teller.

EDGE ON ATOMIC ENERGY... Dr. Arthur H. Compton of Washington University, St. Louis, Mo., one of the leading atomic scientists, who played a leading part in the development of the atomic bomb.

JAPAN'S POLICY... Is being reorganized by Lewis J. Valentine, former police commissioner of New York City.

Red! Won't Have to Worry About a Room... FORT WORTH, TEXAS.—Life may prove to be too short for "Red" Mullins, who escaped from jail here by creating his body with saline and squeezing himself through a drain pipe.

Britain's Future Queen Likes Music

She Wants It Sweet, Hot; Is Fond of Dancing. LONDON.—Britain's 19-year-old Princess Elizabeth is a Bing Crosby fan and has collected scores of recordings by the American crooner which she plays on her phonograph.

The blue-eyed princess used to regard Clark Gable and Errol Flynn as her favorite actors. It was disclosed by the American press that England's Laurence Olivier is "top" among the screen players.

Like her mother, Elizabeth is tall — 5 feet 7 inches — dignified and plump. Her eyes are very blue and her brown hair is worn wavy.

Her daytime hours are filled with public engagements and study, but whenever she can the princess likes to ride, dance and act.

YOUR  
PICTURES  
Don't forget our invitation to have your pictures published in  
this paper. Remember, it costs you nothing.  
Be sure to call on the photographer with one of your parents  
during the hours mentioned below. We want no one to be dis-  
appointed.  
Remember too, to tell your folks that adults and family  
groups will be taken and proofs submitted free of charge,  
although they will not be published.  
We are having Wolta Studios take your pictures expressly  
for this Community Feature. However, your parents must  
examine proofs to select the poses they prefer us to print, and  
at that time, they can arrange to get additional photographs  
from a studio representative if they wish.

**Reddy Kilowatt SOMETIMES GETS  
HOT ENOUGH TO BLOW A FUSE TOO!**  
If you could see inside one of the electric  
wire heads of a wall outlet that carries an  
outcrop like the one pictured here, you  
would see hundreds of glowing, crawling  
Reddy Kilowatts fighting to get through to  
the appliance you want them to operate.  
This condition always exists when the  
wiring is overloaded or is inadequate,  
causing dimming of lights and inefficient  
operation of appliances. Many times when  
these little fellows are crowded so closely  
together they get plenty HOT, overheat-  
ing the wire and causing it to blow out the  
fuse, interrupting the service completely.  
This inefficient, wasteful, costly condi-  
tion is easily corrected by bringing the  
wiring in your home UP-TO-DATE. Addi-  
tional wiring will enable you to enjoy all  
the benefits of complete electrical equip-  
ment.  
**Adapted Wiring  
SERVES AND SAVES**  
If you plan to build or remodel your home,  
provide adequate wiring and  
plenty of electrical outlets.  
Your new home will be ready to  
welcome you in the most comfortable way.  
We'll gladly make you  
suggestions regarding your  
wiring.

DRAINAGE STRUCTURES AND  
STABILIZED AGGREGATE SUR-  
FACE ON M-11 FROM BRIDGE-  
WATER TO SALINE, WASHTEN-  
AW COUNTY  
PROJECT: S 81-49 C5 (\$202 (1))  
Not classification required for  
this project is 14 E.  
Sealed proposals for the con-  
struction of this project located in  
the Towns of Bridgewater and Sa-  
line, Washtenaw County, will be  
received from contractors having  
1946 Michigan State Highway De-  
partment pre-qualifications, in the  
Senate Chamber, State Capitol  
Building, Lansing, Michigan, until  
11:00 A. M., Eastern Standard  
Time on Thursday, April 18, 1946,  
and will then and there be public-  
ly opened and read. Proposals may  
be mailed to Room 424, State Of-  
fice Building, Lansing, Michigan.  
The work will consist of grad-  
ing, placing the necessary drain-  
age structures and stabilized ag-  
gregate surface course.  
The Department's Standard Spec-  
ifications (1942 edition), its cur-  
rent Solls Manual, the plans for  
this project, the special provisions  
governing subletting and assign-  
ing the contract and the employ-  
ment and use of labor, and the  
proposal blanks (all of which are  
essential parts of the contract)  
may be examined at the district  
office of the Department at Re-  
dford, Michigan, and at the Michi-  
gan Road Builders Association,  
Lansing, Michigan, but may be  
obtained only at the office of the  
Contract Estimate Engineer, Room  
424, State Office Building, Lan-  
sing, Michigan, up to 5 P. M., of  
the day preceding the opening of  
bids. A fee of three dollars will be  
charged for furnishing plans or  
proposal blanks.  
Special provisions governing  
subletting or assigning the con-  
tract and the employment and use  
of labor will accompany the pro-  
posals for the work. Full coopera-  
tion in carrying out the special  
provisions will be required. Min-  
imum wage paid to labor employed  
on this contract shall be as fol-  
lows for Zone 1: Skilled labor  
\$1.50 per hour, intermediate labor  
\$1.15 per hour, Unskilled labor  
\$1.09 per hour. Other rates as set  
forth in the proposal.  
A certified check in the sum of  
\$7,000.00 payable to Charles M.  
Ziegler, State Highway Commis-  
sioner, must accompany each  
proposal. All such checks will be  
returned promptly after the bid-  
ding, except that those of the  
three lowest bidders will not be  
returned until execution and de-  
livery of the contract are com-  
plete.  
The right is reserved to reject any  
or all proposals.

**Planned Investment Programs**

There are four major purposes for you to aim at when invest-  
ing in stocks and bonds:

1. You can invest to provide a reserve fund.
2. You can invest for the primary purpose of obtaining in-  
come.
3. You can invest with the object of getting both income and  
possibility of capital growth.
4. You can invest for capital growth, disregarding the fac-  
tor of income.

Members of our organization will help you set up a PLANNED  
INVESTMENT PROGRAM to accomplish your individual re-  
quirements. A program in diversified securities can be arrang-  
ed to return from 4 percent to 7 percent annually, based on  
current yields. Your inquiry will entail no obligation.
