The fight to unionize baseball has hared up again, with the Pennsyl-iania state labor board accepting jurisdiction in the Pittsburgh base-ball club's case. Casey at the bat may yet be there with a union card

Unionized baseball intrigues us, We are tired of the old patterns in the national game and yearn for such items in the box scores as "out at first under checkoff rule"...
"left on bases; stockholders, 7; directors, 5"..."forced at third by

rectors, 5°. "forced at third by jurisdictional dispute."

The game has become too smooth and peaceful. Gone are the old days of brawls and fireworks every laning. What may be needed are some fisshy interludes where the pickets overturn some automobiles in the outfield, where a game is called on account of tear gas or where some Petrillo of the national fame orders a team to use four players at first, and put on extra shortstops at night games. shortstops at night games.

It seems to us that modern ball players lack the martial spirit. There is too much friendliness and goodwill on the field. Can you imagine Phil Murray taking a third called strike with nothing more than a scornful look?

It's a simpler husker, with about onefourth the usual grease fittings. That alone
saves hours of service time and effort, giving you more time in the field. You can
work in softer fields, too, where heavier
huskers mire down.

This is the husker every family farm
has looked forward to—a machine worth

# **Rural Telephone Service** is Growing Fast!

nmmmmwww

Since the first of the year, we've added 12,000 new telephones in rural Michigan. This record growth brings the total to an all-time high of more than 94,000 telephones in the rural areas we serve.

We've added over 3.100 miles of wire in rural areas, and "unloaded" more than 1,600 overcrowded then by seducing the • musier of pull per in . In addition. 1,400 crank-type telephone sets have been

replaced by more modern equipment. This is only the beginning of our 5-year \$13,500,000 rural expansion and improvement program. Shortages of copper. lead cost to more rural folks than ever before.

and other materials have held us back, but as supplies improve, we'll get going full tilt. Our 1/2-mile free allowance on line construction will enable additional thousands of rural folks to get service without paying any construction charge.

With the telephone becoming more and more valuable to folks in rural areas-for ordering parts, feed and supplies . . . for locating farm help . . . for calling the veterinarian . . . for visits with friends and neighbors-it is our aim to bring the best possible service at the lowest possible

★Long Distance lines and switchboards serving Michigan resort areas are extra busy this summer. On calls to and from those areas, you'll get better service by avoiding the rush hours-10 A.M. to noon and 7 to 9 P.M. Keeping calls brief will help too.
