

Household Hints

When using the food grinder or nut, raising glass doors, and a little flour. This keeps them from sticking in the grinder.

A flat blackboard eraser will do a dandy job of cleaning the top of a kitchen range.

Never use metal mesh or wire screens to clean emulsified ketchup as they direct, scratch, or may even chip the enamel.

Place breaded chops or cutlets in the refrigerator for several hours before they are cooked. They will hold the crumbs better.

When using the oven, catch a piece of paper in the top edge of closed door, letting it extend out. As you go about your kitchen work, that little flag will remind you there's something cooking in the oven. It'll be a warning, the paper won't catch on fire.

Before baking your next macaroni and cheese casserole, add two tablespoons of your favorite ketchup. Gives it extra zip and flavor you will like.

Steel knives left in hot water may lose their handles.

Murder in Plain Sight

By GERALD BROWN
"Okay, boss. What's cooking?"
"Something—yes—but nothing that I can't handle myself here."

CHAPTER IV
When Curt began to take his leave, he looked himself out. Stephen he treated like a brother. Sooms as an affectionate friend. It was the woman who bit at his heels most often. Miss Adelaide gloved that turned eye. Spoke shrewdly out of the sulks, simpered, Victoria looked at him, both and Karen's eyes twinkled with an icy fire.

Victoria waited tolerantly, as if she could wait to do so. He crossed to her finally in his regally graceful stride. He took her hand in his big ones and leaning over, whispered in her ear. She laid her brooch head against the firmness of his chest for a moment.

Victoria's eyes were half-closed, mere pencil strokes in her forehead. Her face and Karen's only movement was the tapping of a cigarette in the palm of her hand.

Ann Sizes up the Situation
After a wait of less than five minutes, Ann came from behind a door marked "Private." She was slender and smart in a green draped affair that ended in a lot of gray trim.

HOW TO BUY A USED CAR

as suggested by "Automotive News," the newspaper of the industry
1 Your best guarantee of a good buy is a good dealer. But today's used cars are often offered by "private parties," or so-called "private parties."

2 Shine your flashlight on the engine. Extra dirty? This shows many miles of poor care. Rust spots or streaks on the hood may mean cracks or around places, it shows oil pumping. And your flashlight will spot minor numbers—show at once if they match the title. Next...

3 Turn beam along frame and body—looks suggest "Rebuilt wreck." Grease on running gear means wear. Look for worn pedals, shabby upholstery, dirt, limp rubber around windshield. See yellow or green paint? Look out! May be an evildoer!

4 In car or camp, home or office, always rely on "Eveready" flashlight batteries for a longer life of brighter light. They are the latest in flashlight technology. Ask for "Eveready" flashlight batteries by name. Their extra life and light cost no more!

Time to plant one more crop of cheer
Millions of folks—here and abroad—owe the "cheerful" sight of food on the table to you, Mr. Farmer!

These privately owned, completely operated plants produce for the benefit of the world by all allied nations, bullocks, ships, hospital trains, movable power plants for Russia, valves that make the production of gasoline in a highly competitive field, and machines and trained employees—all at the command of the government when war breaks out.

A Big Vote of Confidence for Senator Vandenberg. We believe that the re-election of Senator Vandenberg presents a challenge to the people of Michigan. The Senator has taken the voice of our State into the highest councils of domestic affairs and into the peace deliberations of the world. He has given our State a prominence and an influence in world events that is unequalled in our history. His re-election becomes a matter of State pride. We are proud of Arthur H. Vandenberg. We are proud that he comes from Michigan. He should be re-elected to the U. S. Senate with an extra big vote of confidence. And remember this—no matter how heavy his responsibilities around the world, he has never failed you and our home State when Michigan interests have been at stake in Washington. Let's get out and vote on Nov. 5. Let's "tell the world" that we support our Senator from Michigan.

Re-elect SENATOR VANDENBERG A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

Want you to know that everything possible is being done to speed deliveries to you, but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZED how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time. It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946 and yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941. This means it may take many months for the Chevrolet Motor Division to reach peak production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUANTITY AT LOWER COST—and, for the present at least, "where just isn't enough Chevrolets to go around" just as we wish there were. However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division is doing its best to deliver the Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and good will—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING. Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you consider the best condition until you secure delivery of your new Chevrolet, by getting it in to us for scheduled service now and we'll repair it for you. Remember—old weather is hardest on old cars. Please see us for a complete check-up today... And, again, thank you!

FRANK H. TIRE

ELECT THESE GREAT LEADERS. SENATOR VANDENBERG. KIM SIGLER FOR GOVERNOR. Senator Arthur H. Vandenberg, acclaimed the "most useful member of the U. S. Senate," is the key American statesman at the peace tables of the world. He is a recognized leader in vital legislation benefiting all the people of Michigan and America. Kim Sigler has promised clean, honest, aggressive government for Michigan. He has proved his ability to keep this pledge. Michigan needs good government. It needs Kim Sigler. Senator Vandenberg and their working group. In these Republican candidates you have the opportunity to select aggressive men with outstanding ability for great leadership. Go to the polls November 5—vote Republican! FOR THE GOOD OF MICHIGAN

RETAIN YOUR CIRCUIT JUDGE

JUDGE JAMES R. BREAKEY, JR.

HIS RECORD

James R. Breakey, Jr., was appointed Circuit Judge by Gov. Harry Kelly on May 29, 1945, to fill the vacancy caused by the death of Judge George W. Sample. Judge Breakey had gained a wide experience as a practicing attorney in the courts of Michigan and in the Supreme Court of the United States. His record as your Circuit Judge for the last 16 months follows:

- JUVENILE DELINQUENCY: Judge Breakey shortly after taking office arranged with the staffs of the Ypsilanti State Hospital and the Neuro-psychiatric clinic of the University Hospital at Ann Arbor to make psychiatric examinations of all juvenile delinquents coming before the Circuit Court. These examinations, which are made without added cost to the taxpayers, afford the court the best scientific opinion in the study and disposition of these increasingly numerous cases. Today every juvenile delinquent granted probation must have a minister or priest as spiritual sponsor and a businessman as adviser in employment. DIVORCE: Divorce actions make up 52% of the cases before the Circuit Court. Judge Breakey is married—happily married for 17 years. He presides over divorce cases with a sympathetic understanding of the distressing issues at stake. His decisions are rendered with a complete knowledge of the law and judicial procedure, to which is added full human experience. He initiated in this Circuit Court the pretrial conferences in divorce cases. This has saved the court time and the taxpayers' money. Only nine fully contested divorce cases have been tried since June, 1945, although 688 divorce decrees have been entered. GRAND JURY: Judge Breakey's continuance of the grand jury investigation crushed a \$1,000,000-a-year gambling combine. One person was found guilty, 15 pleaded guilty and fines and costs totaling \$15,800 have been assessed. This is more than the amount appropriated by the Board of Supervisors for grand jury work. The grand jury, therefore, has not cost the

county a penny of the taxpayer's money and has resulted in a respect for and enforcement of the law.

COURT RULES

A complete revision of local court rules has been adopted as proposed by a special committee of the Washtenaw County Bar Association, and approved unanimously by the Association membership.

AS OUTSTATE JUDGE

Judge Breakey has been assigned by the Presiding Circuit Judge of Michigan to try cases in Courts in Detroit, Flint, Midland, Pontiac, Bay City, Monroe, Jackson, St. Joseph, L'Anse, Houghton and Eagle River.

BAR LIBRARY

In co-operation with the Board of Supervisors he has established a Washtenaw County Bar Library now housed in the Court House, open to all attorneys. This is especially helpful to young lawyers who have not yet acquired a private library.

DOCKET

The overcrowded Circuit Court docket caused by the long illness of Judge Sample has been cleared so that before the October, 1946, term began, six jury trials for this term were disposed of.

Up to October 1 of this year not one appeal from his decisions had been taken to the Michigan Supreme Court.

### Democracy Marches On

Delegates from local units representing the more than 15,000 members of the Michigan Milk Producers Association convene at Lansing on November 7 for their 50th annual meeting.

In the traditional manner of a democracy, these Delegates were elected by the general membership and speak the majority voice of all Association members on matters of major policy and administration.

Because these Delegates represent a large and important segment of all residents of this area, it follows that what is good for MPPA members likewise reacts to the public good.

The inter-dependence of dairy farmer and general public has been recognized by MPPA from its inception 50 years ago.

It has prompted Delegates to foster new scientific safeguards for public health protection.

It has led Delegates to sponsor production methods for increasing the quantity and quality of milk to meet increasing public demands for nature's best food at its very best.

It has enabled Delegates to set up administrative procedures for cooperative marketing and mutual aid which cost less than one per cent of gross sales, far less than administrative costs of the American Red Cross, Community Fund and similar activities.

It has resisted taking temporary advantage of abnormal conditions to obtain "quick money" at the expense of sound long-range planning.

It adopted more than a decade ago the far-sighted excess plan which authorities on milk marketing have called the best ten-year, year-out program ever devised for the advantage and protection of both milk consumer and milk producer.

Out of this background of successful operation, Delegates on November 7 will lay broad plans for sound future growth.

And action of the Delegates, you may be sure, will adhere to those basic principles of Democracy on which MPPA has operated for more than three decades—Awareness that what is good for the milk producer must be likewise good for the milk consumer.

**Who Gets Off Easiest—Men or Women?**

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.  
 It would be the same in our town—take any family. Thad Phibbs evades his Missus spending the day at home, with no hot office to attend to. And Sue carries Thad his trenchcoat with U...ays; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).  
 Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work to do. He knows how to get up, run a house, and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.  
 From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.
