Parmelee testified before the Interstate commerce commission at a final hearing on the carriers' re-quest for a 25 per cent increase in quest for a 25 per cent increase in freight rates. He followed a num-ber of opposition witnesses. Parmelee said that since 1939 rail-road wages and the prices of fuel and supplies had increased more than 50 per cent, with a resultant ise in railroad operating costs of more than two billion dollars a year.
This, he said, was offset only by the temporary increase in freight rates, granted last June by the ICC. about 200 million dollars a year in additional freight revenue.
