Legislature Leary of Sigler's "Reform"

PERSONAL AMBITIONS CITED AS BASIS OF NEW MOVEMENT Governor Kim Sigler has a tough time of it in the Michigan Legislature...

Furthermore, the governor has emphasized that he does not look upon the governorship as a step into the limelight...

As for greater power for the governor, here is a quotation from Sigler's message to the legislature: "It is the governor to whom the people look for administrative accomplishment..."

Expansion of Game Division personnel after June college graduations provide men of the necessary technical skills...

Game Fish Violator The Conservation Commission is asking Governor Sigler to include consideration of a new search law in fish and game cases...

LOOKING AHEAD GEORGE S. BERNON State Representative

You Takes Yer Choice In American nobody tells me I can't do all these things...

Farm Training Available To Vets Of War II

Due to numerous requests from veterans, plans are under way to provide the necessary arrangements whereby any World War II veteran may receive One-Two-Job Training in Agriculture.

The Public Law No. 346 entitles any honorably discharged veteran to leave any one of the many trades and occupations in his community and receive a subsistence allowance while he attends the local school in order to provide the facilities for instruction of the technical skills while the practical phases are carried out on the job.

Each veteran should determine his needs and desires and make the proper application for this benefit. He must have employment on a farm where he may do the practical training work.

The length of such training depends on the number of months that were spent in the armed forces. All are entitled to receive one year's training for the first three months in service, plus one month for every month of service thereafter.

The pay received while in training is \$65 if single and \$90 if married, providing all the provisions of the plan are carried out.

Any veteran who is eligible and interested for such benefits should contact Charles H. Osgood, Agricultural Instructor of the Saline High School immediately since the number accepted in the beginning course is limited.

More people drive...
More people want
CHEVROLETS
than any other make of car

True for years—and true for ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—best result of the U.S. War-Authority Quality Test.

Chevrolet's world-famous V-8 engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

LEGALS

Order Appointing Time For Hearing Claims
STATE OF MICHIGAN
The Probate Court for the County of Washtenaw

At a session of said Court, held at the Probate Office in the City of Ann Arbor, in the said County, on the 15th day of March A.D. 1948, Present, HON. JAY G. PRAY, Judge of Probate.

In the Matter of the Estate of WILLIAM T. RUSHTON, Deceased.

It appearing to the Court that the time for presentation of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court.

IT IS ORDERED, That creditors of said deceased are required to present their claims to said Court at said Probate Office on or before the 24th day of May A.D. 1948, at ten o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased.

IT IS FURTHER ORDERED, That public notice thereof be given by publication of a copy of this order in the Manchester Enterprise, a newspaper printed and circulated in said County.

JAY G. PRAY
Judge of Probate
March 18-April 1

ASSEMBLY NEWS
By Jean Ahrens

Mr. Houghton of Clear Collier, Ypsilanti, was here on Wednesday March 18 to give us a short speech on "Preparing for the Future."

SPECIAL NEWS
By Susanne Merriman

Miss Delores Krzyzaniak, a student nurse at Mercy hospital, Jackson, with Sister Mary Thomas and Sister Mary Bernard and Dr. Holstein, addressed the girls of the senior class about entering the nursing profession. They took five girls, Pat Schwab, Ann Little, Evelyn Feldkamp, Joyce Cathey and Suzanne Merriman, on a tour of the hospital on March 4. After a complete tour of the hospital, the girls were taken to the nurses' home for lunch. They were shown about the nurses' home and talked with student nurses about entering the profession. The visit proved very

From where I sit... by Joe Marsh

When Ty Martin went to college last year he took one of his Dad's chickens and made it his college bird. Nobody thought it was odd for Ty to bring a pig to college, because that's what a lot of the boys are doing—not only pigs, but chickens, cows, and ewes... for the student-operated farm.

That way the boys pay part of their expenses. They share in both the products and the profits; also on the work; make their own schedules and rules. They're learn-

Ty's Cow Goes to College

ing not only how to be good farmers but good citizens to boot. And they're learning industry and industry—next to milk it seems to me that their favorite beverage is wholesome, temperate beer.

From where I sit, the more education is linked with practical problems of working and getting on together—and practical habits of industry and temperance—the closer we are to its true purpose.

Please

SECOND & THIRD GRADES

Co-Editors, Joyce Cathey and Patricia Schwab
March 15, 1948

The second and third grades are practicing their song and dance numbers for the operetta.

The citizenship poster is now in the form of a basket full of Easter eggs, and each child has made a cardboard egg with his or her name on it as an individual project.

Smelt Making Strong Comeback

Smelt is climbing a curve on the Green Bay fisheries production charts, but there still is some question as to whether there are enough of them for an old-fashioned run up the streams this spring.

Conservation department records show Lake Michigan smelt production rising from 42,383 pounds in 1945 to 52,788 pounds in 1946, and again to 336,412 pounds in 1947. In 1948, the first two months' production, exceeded 185,000 pounds.

Confirming this charted trend in smelt abundance are fishermen's reports of increasing scarcity of herring in the bay. The herring decreased in abundance once before when the smelt moved in, then made a comeback when the smelt disappeared.

Before the great and still unexplained smelt die-off that began in

1942, Michigan commercial fishermen were taking two and a half million pounds of smelt, besides an estimated five million pounds of sport smelt from streams at the time of the spring spawning runs.

MEAT STRIKE HAS NO EFFECT ON FISHERIES

The current meat packing strike is causing no immediate concern among the state's fish hatcheries, which are customers for 2,000,000 pounds of meat products each year.

The conservation department's fish division reports, the hatcheries have "pretty good stocks" on hand. High prices during the war and after has changed hatchery supply sources considerably, with horse liver, replacing some sheep and pork by-products and supply sources diversified among many small dealers.

The hatcheries are now feeding the million trout—some more than a year old—scheduled for planting at a legal size this year, and many smaller trout besides.

Blood Donors Are Being Recruited Here

Washington county residents are supplying only about 15 per cent of the blood plasma distributed without cost to patients in local hospitals, according to a recent Michigan State Health department report.

Of the 500 plasma units distributed through the Blood Plasma

Protect Your Corn Crop for '48

with an earlier corn than you have been planting

Everyone who knows corn knows that Northrup, King is the leading producer of hybrid for early maturity.

Good Seed
Corn may be hard to get by next planting time.

Northrup, King scatters its production fields and its early maturing single crosses produce ripe hybrid seed.

We Are Taking "Protection" Orders NOW for '48 hybrid for your locality
