VOLUME EIGHTY-ONE MANCHESTER, MICHIGAN, THURSDAY JULY 1, 1949 NO. FORTY-ONE

### Drive With Care Over Week-End Is Warning

Another big Fourth of July week-end is approaching, let's not observe it with an accident record. All motorists are urged to drive carefully during this period. The tendency of many motorists is to speed the short holiday in places far distant from their homes. In order to be first at his favorite fishing hole, lake or resort area, the motorist has a tendency to drive at break-neck speed. This is a dangerous habit, and the occupants of his car and other motorists.

Last year 44.7 per cent of all fatal accidents in the United States were attributed to excessive speed. In order to be first at his favorite fishing hole, lake or resort area, the motorist has a tendency to drive at break-neck speed. This is a dangerous habit, and the occupants of his car and other motorists.

## AS WE WATCHED IT

by JAW

Rain again took the spotlight and grow only tough work is being given as a breathing spell and chance to talk about other things that go on at the ball diamond besides the actual game. There are a few we do so like. The greatest problem still seems to be in securing good and speedy umpires.

We definitely do not like to see participating league playersumping in the middle of the game, but behind the plate or on the bench, even if they are the favored and best players of opposing teams.

This shows a tough burden on the officers of the league but we do feel that if our league is to continue to get it there.

A second item which has been bothering us all season is the poor sportsman ship shown by both players and spectators. More than once have we seen a player in a state attempt to get the ball, crash into the umpire or other obstruction, and have his efforts rewarded with a "time out" or "ejection" without a word being said.

The bench jockeying is often quite bad when the Merchants take the field. To us it seems very poor to have such talk as "You know we buy merchandise from you" and "What would you do if we don't buy your goods" being heard from the benches at the players of the Merchants' team. After all for that one night they are all for and if the only occupation of all the other league players is to forget for that time, then let us also forget what the Merchants do to us. We believe in the game of jockeying, but let us keep it within the limits of the game.

And finally there are a few minor items which should be taken under consideration. There is the matter of having the field properly watered. We believe this should not be left up to the players or the officers of the league. Two teams are watered to start a game on an adequately laid out field, rather than just a couple of hoses. We believe in watering the field. We believe in watering the field. We believe in watering the field.

## Ten Ways To Get The Most Out Of Your Vacation

Whether you get the vacation away or stay at home-get the vacation attitude of mind, relax, and enjoy yourself. Let your family and your friends know you are going away-choose the place that will give you the greatest change and pleasure.

If you are staying at home-vary your usual routine and do things in a vacation way.

And finally there are a few minor items which should be taken under consideration. There is the matter of having the field properly watered. We believe this should not be left up to the players or the officers of the league. Two teams are watered to start a game on an adequately laid out field, rather than just a couple of hoses. We believe in watering the field. We believe in watering the field. We believe in watering the field.

Raymond Jacob, Jr. and George Goodell in blue and white delphinium. The bride is the daughter of Mr. and Mrs. Floyd Jacob and the groom is the son of George Grossman, all of Manchester.

Mrs. Russell Seyfried of Galesburg, accompanied by Mrs. Roy Little. The bride, who was given in marriage by her father, wore a candle light satin gown with a fitted bodice having a sweetheart neckline edged with dainty lace and long sleeves edged in points over the wrists, also edged with lace. Lace and ruffles extended across the front of the bodice and skirt and edged the cathedral train. Her fingertip veil of illusion net was caught with ribbons of the valley and fell from a tiara of orange blossoms. She wore a double strand of pearls given her by the bridegroom and carried a bouquet of white roses, gypsophylla with flower tied satin streamers and centered with an orchid. She also wore an antique gold brooch which had been worn by her great grandmother.

Another week has rolled around and all that we received in the past week was a No. 12 New Idea Tractor Spreader. According to our waiting list the first one that lets us know that we are getting the spreader.

To those who would like to try the 2-4-D Weed Killer we say that we now have it in gallons at a greatly reduced price and also in quart. Why worry about the weeds when it takes so little effort to do away with them.

We still have another one of those Rod-Flu Lawn Mowers, the kind with revolving blade underneath the only kind that will cut back lawn and other tall weeds.

We just received another shipment of steel clothes line posts, the kind when properly set in cement will last a life time, providing you do not live to long.

For some time 22 caliber rifles have been hard to get but at the present writing we have in stock one Marlin Bolt Action Repeater with 22 caliber and one single shot Bolt Action Remington. If you are thinking of buying one come in and let us show you what we have in that line.

We also received some 6 1/2 lb. bear cans and some four and five lb. aluminum levels.

—Fare in buses of a glorious Fourth.

They were able to push four runs across the plate. The Merchants tallied a lone hit in the fifth inning and cycled up on the short end of a 4-0 score.

Tuesday night game Double A team played host to the Tecumseh Products, but one would hardly have recognized them. Tecumseh hit Erben with average regularity and his team managed to hold up with a striking exhibition of hitting. A connection of base hits and errors gave out Tecumseh's pitcher in the fifth inning. The Merchants were booming only in the first and last innings. In the first they made short work of the Tecumseh starting pitcher with four hits and four runs. Morton took over at this point and held the Double A scoreless until the seventh when they made three hits to score more runs.

Thursday A. J. (after the Monday) the local baseball team returned. In the first game Double A beat the Merchants in a 4-1 score. In the second game Double A beat the Merchants in a 4-1 score. In the third game Double A beat the Merchants in a 4-1 score.

## "Speed Kills - Take It Easy"

This is the traffic safety theme to be stressed during the month of July by police agencies of Michigan, according to Sergeant C. M. Miller, commanding officer of the Detroit Police. The campaign is part of a year-round traffic education program sponsored by the Michigan State Council under the title of "Operation Safety."

"Modern, smooth-running cars are going to start with croquet balls and girls; horseshoes (boys). If you want to enter drop divisions as well as age groups, you have a chance and every winner gets a prize. Let's be sure we get the real city change by having a contest for the most miles driven by a car in the state. ## Cycle-Train Accident Fatal To Rudolph Budy

Rudolph Budy, 39, of the Bronx, New York, died Saturday afternoon at Mercy hospital in Jackson of a skull fracture sustained in a crash when he and his motorcycle were thrown against a Michigan Central freight train at the W. Main street crossing here.

An inebriated crew from the Jackson train, which was stopped at the crossing, was alerted and desperately to save his life. Mr. Budy died of a fractured skull and neck and other injuries. He was traveling west on W. Main street behind his station wagon, which was driven by a friend, Clarence Budy of Manchester. His son Eugene was also in the car.

Clarence had stopped at the crossing when he saw the approaching train unable to stop. He was thrown from the station wagon, hit the curb and the impact sent him and the motor cycle against the slow moving freight train. Mr. Budy and his son had arrived Friday evening to spend their vacation at the home of E. J. Budy and family, who live on a farm on M-11 just west of Manchester.

Witnesses said the car was proceeding west on W. Main street when it was struck by a train. Bobby and an older brother Billy were attending a Sunday school picnic at the home of Mrs. Main St. on W. Main street. Bobby was struck by the automobile. Dr. Thompson was called and the boy taken to Mercy hospital where he is recovering. His condition was considered good.
