**Only the KAISER and FRAZER have it!**

Some "NEW" cars are like this  seatroom but no headroom

and some "NEW" cars are like this  headroom but no seatroom

but only the KAISER and FRAZER are like this  plenty of headroom! plenty of seatroom!

**TRUE FUNCTIONAL DESIGN**  
True Functional Design is beauty with a purpose. For example, the STREAM-THRU fenders of the Kaiser or the Frazer are a style feature others have attempted to copy. But the real reason for the design has been overlooked. The true function is to provide more usable space without increasing over-all width. Only the Kaiser and the Frazer have more usable space. MORE SEAT WIDTH! . . . MORE HEAD ROOM! . . . MORE LUGGAGE SPACE! The Kaiser and the Frazer aren't the same old girls in a new dress—they're new from the road up! Best of all these modern cars from Willow Run are yours at no increase in price!

We Invite You to SEE, DRIVE and COMPARE Them, Today!

THE FICTION CORNER A CASE OF JITTERS BY WILLIAM CULBERT

JOHNNY LISTER sat in the barber's chair smiling as he glanced through the pages of the magazine looking at the cartoons.

"Barber can come in here," he mumbled. Then he went back, re-arranging the magazine and set down the clipper.

"If this guy's a barber, then I'm Sam Clemens," Ed mumbled. "I think this guy's been plucked here a trap!"

"I'll go first, Ed," the spokesman for the two said as he began to remove his coat.

"The man called Ed growled, 'I don't like this chance, Dick,' then he hopped on a chair near the wall and pulled the valve to him.

"You don't look like a farmer to me," Ed growled, his voice full of suspicion.

Johnny became shaky when he saw Ed's hand grip something in his coat pocket again.

Ed saw the bolt lock on the inside of the door and said, 'That's right, Dick, we don't want anybody else coming in here.'

Modern Literary Law A Modern literary law makes it compulsory for each educated citizen between 16 and 20 years old to teach one illiterate person between 6 and 10 years of age.

Whitetail Deer Like white flag of distress, the flying tails of the whitetail deer were quickly and disappear through the trees unless the hunter is quick enough to place a killing shot into his target.

High Level Values Farm land values for the country as a whole are now almost double their prewar level and about 5 per cent below the inflationary peak of 1928.

Lights on Trains The first train fully equipped with electric lights was the Pennsylvania Limited, placed in service in June, 1887, between Chicago and New York.

We have added to our line one of the finest Assortments of Bicycle Repairs, so if your bike needs some new parts give us a chance to furnish them.

**HAVE YOU** by chance noticed the array of 1934 cars shown in our window. For some time they have been moving rather slowly but in the last few days we have sold them at a rate that means three Satisfied Customers. They are better than electric and cleaner than normal gas. My new Hot Water Heaters that we can look on the same system.

**TWO WEEKS** ago we said that we had a used John Deere Tractor that we were going to repair and sell and offer for sale which we did and the first man that came to look at it was so delighted with its performance and looks that we traded for a 10-20 McCormick Derwent. Of course we got a little spending money to boot and now we will have to wait and see how we come out on this one after we trade it up.

We have added to our line one of the finest Assortments of Bicycle Repairs, so if your bike needs some new parts give us a chance to furnish them.

**HAVE YOU** by chance noticed the array of 1934 cars shown in our window. For some time they have been moving rather slowly but in the last few days we have sold them at a rate that means three Satisfied Customers. They are better than electric and cleaner than normal gas. My new Hot Water Heaters that we can look on the same system.

**TWO WEEKS** ago we said that we had a used John Deere Tractor that we were going to repair and sell and offer for sale which we did and the first man that came to look at it was so delighted with its performance and looks that we traded for a 10-20 McCormick Derwent. Of course we got a little spending money to boot and now we will have to wait and see how we come out on this one after we trade it up.
