

Vernon J. Brown Offers Solution To Tax Problem

ANOTHER "PAINLESS" tax solution for Michigan's financial mess is now suggested by former Lieut-Governor Vernon J. Brown. Brown would abolish the retail sales tax and adopt, as its substitute, a one percent levy on the gross value of all manufactured products to be paid by consumers.

SEVERAL VETERAN Lansing observers report growing opposition among legislators to Governor Williams' proposed four percent tax on corporation profits. Here is the reasoning: Michigan leads all states today in per capita income from manufacturing. It ranks fifth in wage-earners. Why invite Michigan industry to decentralize or migrate to other states when such action would only reduce employment and curtail industrial wages at home?

LATEST RACKET by bill pushing salesman in Michigan is to believe that Housewife is led to believe that "mail in her vote" on her favorite radio program (with a dollar a week) she will receive the salesman in settlement of her contract which is asked her into buying something which in some cases runs over \$150.

THE RESOLUTIONS COMMITTEE of the Republican state convention sidestepped by majority decision, any move to stir up the membership of the CIO prior to the spring election by attacking the CIO "domination" of the Democratic state convention. Political strategy will be to get out the rural vote. Legislative enactment of the colored oleomargarine bill was in line with this thinking. Legislators feared an impending referendum would cause city voters to flock to the polls.

INFLATION NOTE: County supervisors are to get \$8 a day instead of \$6, in a bill approved by the House of Representatives at Lansing and likely to be OK'd by the Senate. Governor Williams plans to appoint eight study commissions to investigate such state problems as higher education, state services and expenditures, aid to local governments, state and local tax structures, youth guidance, legislative reapportionment and medical services.

THE MICHIGAN DAIRY INDUSTRY, which has opposed sale of also colored to resemble butter, puts a valuation of \$187,125,000 on Michigan's 959,000 milk cows which produced 2,650,000,000 quarts of milk in 1947. Production per cow was 2,679 quarts, a new record. Dairy farmers' income totaled \$208 millions.

New Grade Unit To Be Voted On Friday Polls To Be Open From 2 to 8 p.m. The Manchester Enterprise

Voters of District Two will go to the polls tomorrow, March 11, to decide whether Manchester is to have a new grade unit.

The school board has announced that the polls will be open at the school from two p.m. to eight p.m. Although the law requires the polls to be open only two hours, the longer voting period will allow everyone time to get to the polls.

Three propositions will be voted on. They have already been printed in full in the Enterprise, but they are listed here in brief, to emphasize the point that all voters, whether they are taxpayers or not, are entitled to vote on at least one of the measures.

All voters, regardless of whether they are property owners, may vote on the proposition to increase the tax rate limitation. This limitation must be raised in order to assure the new grade unit. A simple majority of those voting will pass this proposition.

Actual voting of the bond issue is for property owners, their wives or husbands. It is not necessary for a wife to be a joint owner of the property with her husband. If he owns property she also has a vote.

The third proposition, to rescind the present building and site sinking fund, must also be voted by property owners, their wives or husbands. Both of these propositions may be passed by a simple majority of those who come to the polls.

How great is the need for the new grade unit was well brought out in the open meeting held by the Parent-Teachers' Association at the high school last Monday. In one room, the teacher is faced with an enrollment of 50 students next fall. The room has 37 desks and these are crowded against the walls. Next year she will be compelled to give the students only half-day sessions, teaching one group in the morning and the other in the afternoon. Other grades are faced with a similar problem. The only other answer is to rent vacant space elsewhere.

It was brought out at the PTA meeting that the new building will only add five mills to the present school tax. Where taxpayers have been paying about fifteen mills for their school over the past few years, their tax next year will be twenty mills. This amount will be reduced as the bond issue is paid off year by year.

The \$100,000 bond issue runs over a period of fourteen years. If the building costs less, the savings can be placed in a bond retirement fund, which is demanded by investors as a guarantee of the safety of their investment. After a period of several years, the money saved may be used call in bonds.

It was brought out at the PTA meeting that excess millage voted in this election can be used only on bond retirement.

This restriction is a part of the ballot to be voted on. Thus the extra money voted by the taxpayer can only be used to pay for the building, and its furnishing, and for no other purpose.

Harold Burch, president of the PTA, presided at the open meeting and announced that teams would be organized to aid voters in getting to the polls. Parents requiring baby-sitting or transportation may get them through the PTA.

Sixty Attend Father and Son Banquet at Iron Creek Church

A Father and Son Banquet was held Tuesday, March 8th, at the Iron Creek church hall with an attendance of sixty.

After a bountiful dinner, Rev. Alvin Brasse acting as toastmaster, introduced William Shadle, who gave the welcome to the son, Marshall Norgard responded with a toast to the fathers. Mrs. Faye Van Valkenburg of Tecumseh rendered several vocal selections.

Mr. W. A. Koussae received the award for being the oldest father present; Donald Brasse was the youngest father and his son, Edward Neil Brasse, was given an award for being the youngest son. Carol Howe received the award for being the father with the most sons present.

Letters To The Editor

Dear Editor:

With the week end being a rather heavy one on the election side, I am somewhat disappointed at the lifelessness of our fellow citizens. After many years of complaining, planning, and steam blowing the school issue is finally coming to a head with the proposed addition of a new plant. The paper has been, for the past two weeks, quite well filled with comments regarding this new building. Unfortunately most of it has come from the very spot where I am proposing this venture. It even contained statements from the immediate affected, I. e., those who, if the venture is successful will gain an extra inch for their wood blocks.

We are all disappointed at the absence of comment from that worthy society which calls itself the Manchester PTA. One would think that an organization whose members are parents and teachers would at least come out with a statement as to whether or not it finds the new building feasible. The best it has done so far is to propose an open meeting at which questions could be answered and a description of its last potluck supper.

It does seem a shame that Manchester will have to have its future generation at the mercy of the polls, while its so-called service organizations and clubs are busy eating, drinking and being merry. We trust they will not be too full to come out and vote.

School Booster

Dear Editor:

With all the complaining that has been going on in this column for the past few weeks it is high time we throw some bouquets.

We'll toss ours at the Manchester Exchange Club which seems to be one organization vitally interested in the progress of our village. At least eighteen of their members came out with half page ads endorsing the new school house. May their life be long and their vigor undimmed.

BROWNIES MEET

The Brownies met on Tuesday at the home of Mrs. Lee Allan. Work was started making aprons for the funeral home. The material was furnished by the Community Chest.

The March 8th meeting will be held at the home of Mrs. Malcolm Haselewerdt.

ABOUT TOWN

Tuesday to visit her daughter, Mrs. Reuben Haselewerdt, in Sharon.

Mrs. Walter Feldkamp and John Vogeding of Ann Arbor visited his brother and wife, Mr. and Mrs. Sam Vogeding, on Tuesday. John Vogeding will soon leave for Deborah, Iowa, where he will visit another brother, Henry Vogeding.

Mrs. Eleanor Gumpert is recovering at her home after undergoing an operation at Mercy hospital at Jackson.

REMEMBER TO VOTE FRIDAY!

Remember to vote on the three propositions at the School Board meeting on Friday, March 11. The polls will be open at 2:00 p. m. and will close at 8:00 p. m. The election will be held at the high school auditorium. Anyone needing transportation is asked to call 3811. This service will be sponsored by the PTA.

Also call the same number 2511, if you need a "baby sitter" during the time you are at the polls. The Girl Scouts are anxious to render this service so that everyone will have an opportunity to vote.

DEATH SPRAY: Nazis Had It

Out of Mountain View, Calif., came one of the most chilling, awesome post-war tales of what might have been in World War II. It was a spray called "A" that was a spray so fatal that if a spot of it hit the size of a dime on a person's skin, that person was doomed.

A dime-sized spot, unless wiped off quickly, would kill a man in two minutes. It would penetrate ordinary clothing and some types of paper. The spray was described as being potent enough to knock out whole divisions of men in exposed positions.

THE MAJOR said the stuff is nearly odorless that a person has to know exactly what he is smelling before he can detect it with his nose. It has a faint fruity flavor and looks like crankcase oil.

Speculation was that it was not used by the Germans because of a reluctance to engage in chemical warfare. It was also speculated that what weapons in this field might be possessed by the Allies.

OLIVER TWIST: Fagin Is Inseparable In intelligent Jews would draw little consolation from the violent acts of their fellow men in multi-racial Berlin.

THE FILM was "Oliver Twist," a story familiar to almost every English-speaking schoolboy and apparently familiar to a great many Jews as well.

THE CHARGE that the film was anti-Semitic was based on the Jewish demonstrators. Their demonstration was effective. It resulted in temporary withdrawal of the film.

And, people are funny, in many of the things they do. This was a case in point. They had had a protest for a check which was held up by the police. They had a protest for a check which was held up by the police.

Washington Digest
North, South Fought Hard
Over President Buchanan

WASHINGTON—Democratic harmony, so far as the Dicker-ent revolt is concerned, remains an uncertain quantity. Democrats, basically, are still Democrats, but there will always be certain adjustments in distance between North and South which existed even before slavery and secession became issues.

People outside of Washington are often surprised that differences still exist between North and South over ancient matters which most of the country has forgotten that it was here that the R. It was an open secret that the North and South were at sectional feuding took place.

He chose to dig up all the unavailing memories his scholarly habit of mind would not let him do. He was talking about the British burned the White House 33 years before.

It was there in an inconspicuous spot, a huge bronze statue, of good workmanship, backed by a wide base, which was the monument to the Civil War.

There is a certain ironic touch in the fact that Buchanan's memory should be perpetuated in stone by a family subsidy, for from 1820 to 1840 he was one of the few members of Congress who joined the ranks of the party.

That is a law created by selfish political interests interests in our two-party system. It does not spring from any defect in the federal constitution.

It began as the Marshall plan then it became ERP, to which has been added ECA, OEEC, UNCTAD, PAEC, ACPM and MACMIF. What they all mean I do not know, except that they are parts of the Marshall plan operations, resulting in corporations in America and countries in Europe.

Hardware And Implement News
By Drouthouse & Davison

HERE IT is Tuesday morning again and time to write our AD again and will say by all reports business in general is picking up again and men are being called back to work even right now in our little burg.

WE HAVE been fortunate to get some rubber tired wheel barrows, large size, sturdily built, a regular man-size wheel barrow. If you want one do not delay.

STEEL POSTS are hard to get but by a little extra effort we have been able to get some. Of course prices are high, but it is the best we can do.

WE STILL have one New Idea Side Rake, tractor drawn with four bars in the reel and this will be probably all we will have this year. Will that old one of yours stand the gaff another season?

SOMETIME AGO we wrote in an Ad that we were going to junk all of our LeRoy and Gabe points for walking plows and also all those that fit the No. 11 Sully, so if you would like one or two for your old timers, better come in the next few days as they are going soon.

DID YOU ever stop to think how much time you could save in sowing your oats if you had one of those John Deere Field Cultivators. If you have not you had better think it over.
Yours truly,

BY A. E. PATTERSON SUBO - More money on a small budget than in the past. Free literature. It is the first in the first century B.C. in the form that draws the big crowd. Champlain Square, three hundred people or more. The idea is simple: to throw the opponent out of the ring, or to the floor. The slightest touch of the knee or finger to the ground is considered a fall. When the contest is ready to go, he stands up with a shout and issues the challenge. If the other is not ready, he yells "Hasta", and the action is postponed long enough for both to leave the ring for a sip of water and a spritz of salt which used to be a ritual for some and safety.

MANCHESTER AG BOYS ENTER TOURNAMENTS - On Tuesday, March 1, the Ag Class entered the district tournaments in speaking and demonstrations. They were pitted against Chelsea and Saline in both contests. Chelsea took first place in both contests, Saline took second place and Manchester came in third.

THE BOYS from Manchester made a fair showing but hadn't had enough practice. Since this is the first time Manchester has ever entered such a contest they gained a lot of experience, although they didn't win.

THE MANCHESTER AG CLASS has been chosen Robert Kothe and Joe Fitzgerald to attend the annual convention at East Lansing which will be held on March 22 and 23. The convention will offer a program for both days which will include the state champion public speaker from the FFA.

THEY will also have the winners of parliamentary procedure and demonstrations.

HIGH SCHOOL ENJOYS TALENT SHOW - Arthur Roy Godfrey and his Talent Show was very successful at Manchester High on Thursday, March 3, with Wilma Alber as announcer.

TO start the program we had the Moon Maids singing "In Always Chasing Rainbows" which consisted of several high school girls. We were very lucky to have with us Frank Sinatra the Second, Joe Fitzgerald, who sang "It Had to Be You".

Bob Crosby, Leonard Stark, sang "Far Away Places" and "The Sunk Spot". Carl Richter, Leonard Stark and Forest Waltz harmonized on a commercial and the "Missouri Waltz".

The Girl with the Sweet Voice, Mary Novacek, sang "Maybe You'll Be There".

From our local dime store we had Lullaby Lannom, June Lannom, who sang "My Last Goodbye". Right from the Midwest came The Song Bird of the

Midwest, Nancy Budnik, who sang "I'll Always Be In Love With You". Linda Rock contributed a piano solo. The Dolly Sisters, Elaine and Mary Ann Waltz, sang "Tootle-Loole-Doole". There was also group singing.

The highlight of the program was a quartet, Bill Merriman, Dick Krzyzaniak, Bill Cannon, June Lannom, giving us "It Happens When I Dance With You".

On Thursday evening, March 17, at eight o'clock, at the high school, Godfrey will put on his talent show for the public which is free of charge. It will be a broadcast of this program including some songs dedicated to the Irish.

Good Baby Chicks Pay Most Profit

Those who feel that baby chick bargains pay off even though more of them die when young are probably very wrong. At least figures compiled by Howard C. Zindel, M.S.C. poultry specialist, shows a definite relation between baby chick mortality and laying flock mortality.

Poultry flock owners that lose less than 10 per cent of their chicks up to 24 weeks of age had seven per cent of their hens die off after pullets were placed in the laying houses. On the other hand, flock owners with 30 per cent or more mortality in baby chicks up to time hens were put

PRIMARY SCHOOL FUND GETS \$115,000 FROM BELL

DETROIT, March 3.—The Primary School Fund will be richer by nearly \$115,000 as a result of action by the Michigan Bell Telephone Company in turning over to the state the unclaimed balance of a \$1,500,000 refund.

Refunds resulted from a 1946 order of the State Supreme Court reducing unclaimed toll rates. Most of the unclaimed charges were for calls made at public telephones. The money first goes to the State Board of

Michigan State College On the Move

On the move at the home of Mrs. W. E. Proctor on Tuesday evening after a brief meeting a book report was given by Mrs. W. E. Proctor. The title of the book was "The Bride of Fortune" by Harriet Knapp and told of the life of Jefferson Davis and his wife, Nannette, and their part in the Civil War.

A delicious luncheon was served by the hostess, assisted by Mrs. Robert Kappeler. The next meeting will be held at the home of Mrs. W. E. Proctor on March 15 and the topic will be "The Story of a Heroine".

FARMHOUSE PLANS MUST DIFFER FROM CITY DWELLINGS

Are your plans for remodeling or building for a farmhouse or a plan that will give a direct approach to the house entrance have certain needs that other houses do not.

In planning you should consider the location of the house, the customs and habits of the family and changes that may occur in family needs over the years. Olivia Meyer, rural housing specialist at M.B.C. has some suggestions for farmhouses.

Places to transact business and keep farm records are essential. You need space for storing canned goods, home produced foods and supplies. A space to accommodate the water system, frozen food storage and other equipment must be considered.

On the farm you need to plan for some place besides the kitchen where workers can change outer clothing; keep work clothes, boots and shoes, and wash up. A rear hallway or entry to permit people to reach the kitchen, workroom, basement stairs and living rooms without interfering with the housework is a convenience.

You will find a workroom or utility room convenient for doing the laundry, processing large amounts of food and taking care of other tasks that are inconvenient to do in the kitchen needs liberal space for storage, a large stove and refrigerator and for serving family meals.

Fri., MARCH 4, 1949, at Marx & Marx Store
Wed., MARCH 9, 1949, at Marx & Marx Store
Fri., MARCH 11, 1949, at Marx & Marx Store

Tues., Mar. 15, 1949--Last Day

The Twentieth Day Preceding Said Election

As provided by Sec. 3, Chapter 3, Part II, P. A. 306, 1929 and Sec. 1, Chapter 3, Part II, P. A. 1939, Act 31, P. A. 1941, and Act 291, P. A. 1945.

From 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

WALDO MARX, Township Clerk.

WE SAY Vote Yes ON ALL THREE

MANCHESTER NEEDS more school space. A new grade unit is vital to the interests of everyone, not only to parents of school children who will suffer if forced to sit in overcrowded classrooms, but to everyone with town's interest at heart.

We, the undersigned, have faith in the future of Manchester as a growing community and as the educational center of an ever-increasing area.

Manchester takes pride in providing good educational opportunities for its children. With a new grade unit this fine record can be maintained. We want no classes in vacant store rooms.

VOTE YES on the Bond Issue!

IT TAKES TWO Propositions to assure new grade unit.

- To borrow the money.
- To authorize a higher tax limitation.

All Citizens can vote on the Second Proposition whether taxpayers or not. Therefore all voters are urged to come to the school building between two and eight o'clock Friday (tomorrow), March 11.

A Third Proposition, to rescind the present building fund levy of three mills, will also be offered. This fund will no longer be needed.

We Say Vote YES On All Three.

VOTE YES ON

(Bonding Proposition)

Shall School District No. 2, Manchester Township, Washtenaw County, Michigan, borrow the sum of One Hundred Thousand Dollars (\$100,000) and issue its bonds therefor, for the purpose of erecting and furnishing an additional school building in said District, said bonds to mature in each year as follows:

\$7,000 in the year 1950	\$8,000 in the year 1957
\$7,000 in the year 1951	\$7,000 in the year 1958
\$7,000 in the year 1952	\$8,000 in the year 1959
\$8,000 in the year 1953	\$8,000 in the year 1960
\$8,000 in the year 1954	\$8,000 in the year 1961
\$8,000 in the year 1955	\$5,000 in the year 1962
\$7,000 in the year 1956	\$5,000 in the year 1963

(Only Taxpayers, their Wives or Husbands can Vote)

VOTE YES ON

(Tax Rate Limitation Increase Proposition)

Shall the limitation on the total amount of taxes which may be assessed against all property in School District No. 2, Manchester Township, Washtenaw County, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by one and four-tenths per cent (1.4%) of the assessed valuation of all property in the School District for a period of twenty (20) years from 1949 to 1968, both inclusive, for the sole purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of One Hundred Thousand Dollars (\$100,000) to be issued, if approved by the qualified electors of the School District, for the purpose of erecting and furnishing an additional school building in said District?

All Citizens Can Vote. Taxpayers or not. (You must be over 21, a resident of Michigan six months and of this school district twenty days, and a citizen.)

VOTE YES ON

(Proposition To Rescind Building and Site Sinking Fund Tax Levy)

Shall the three (3) mill tax levy voted by the electors of District No. 2, Manchester Township, Washtenaw County, Michigan in 1945 to create a building and site sinking fund, which levy is still in effect for the year 1949, be rescinded for the year 1949?

School Propositions Favored By 3-1 Vote

300 Voters Go To Polls; Advisory Committees Appointed by Board

FACULTY GIVEN CONTRACTS

By a better than 3 to 1 majority the voters of District No. 2, Manchester, declared they wanted a new and bigger school building for their children and were willing to pay for it. A grand total of 314 electors cast their votes in this important election. Two hundred and eighty-eight taxpayers voted on the three propositions.

Proposition No. 1-To borrow \$100,000, received 219 votes in favor and 69 votes opposed.

Proposition No. 2-To raise the tax limitation, on which any qualified elector could vote, received 246 Yes votes and 68 No's.

Proposition No. 3-To rescind the Building Improvement Tax had 224 votes cast in favor and 64 against.

At its regular meeting Monday night, the school board pushed plans to get work on the new grade unit underway as soon as possible.

Application for the bond issue of \$100,000, voted by District Two last Friday, will be made this week. On Tuesday, the board conferred with architect Paul Kasurin of Ann Arbor on plans. Mr. Kasurin assured the board that work on preliminary sketches would begin at once, and that very soon these would be submitted to the board for approval. After that, working drawings will have to be made.

To advise with the board on the building program, a citizens committee has been appointed consisting of Carl M. Schable, Alvin Clark, Mildred Uphaus and Dr. A. P. Holstein. Suggestions will be welcome from any interested citizen.

Letters To The Editor

Dear Editor: Now that the village elections are over, comes a time to review our achievements. It is gratifying to note that over three hundred brave souls ventured the trip to the school to cast their vote in favor of a new building. The effort expended, however, must have been quite great as only a mere one hundred and nine had recuperated enough to venture a second trip to the village hall to cast their vote for the council. In its younger days our nation took its politics seriously but the decadence of old age is showing its signs more and more.

We sincerely hope, now that we have given the school board the go-ahead sign, it takes us into their confidence and periodically gives us an explanation of its progress. It is annoying to learn of Swissland and a friend who was told by a friend's friend. In as much as our school board president is an elected official, and though most of us look asleep, there are still some left interested in how their money is being spent. (We hope)

To the new council we dedicate all the headaches of the past council, and new ones which the future will uncover. We hope that one of their first considerations will be to place a load limit on trucks which use our battered up streets to pursue for business. The State Highway Department issues an ultimatum each spring for every summer leading in order to protect public highways. The monotony of rebuilding streets every summer is leading in an uncomfortable drain on the taxpayers' purse.
