WEEKLY NEWS ANALYSIS Truman Ignores Program Setback, Insists Congress Is Cooperating; Approval Seen for Vets' Pension

LEADERS' NOTE: When Truman announced his new pension plan, it was expected that it would be approved by Congress.

PRESIDENCY: 'Say It Isn't So'

Was President Truman smiling as he said "say it isn't so" in his speech to Congress?

This seemed a fair question when Mr. Truman, despite multiple setbacks, declared his new pension program.

But the President shook off these reverses by ignoring them in his speech to the United States Congress.

MR. TRUMAN had a different three major setbacks as he attempted to have his campaign pledge enacted into law.

First, he had to overcome the opposition of the House of Representatives.

Second, he had to overcome the opposition of the Senate.

Third, he had to overcome the opposition of the public.

Many observers took the view that the President's remarks indicated adoption of new strategy.

It was surprising to appear that a veterans' pension bill in some form would be enacted by the 81st Congress.

THE HOUSE OF REPRESENTATIVES passed the bill on July 1, 1946.

THE SENATE passed the bill on July 1, 1946.

THE PRESIDENT signed the bill on July 1, 1946.

THE BILL will take effect on July 1, 1947.

THE BILL will cost \$1 billion a year.

THE BILL will provide for a pension of \$100 a month.

MIRROR of your MIND

Do people who gamble always hope to win? Answer: The average person who takes an occasional "fix" may be only trying to forget life's harsh rule that you do not get something for nothing.

Can you give yourself "back treatment"? Answer: Literally, no. As I have said before, such treatments must be given by a physician.

Did you tragically weep children's mind? Answer: Yes, reports a Swiss psychiatrist who treated child refugees to Warsaw, Poland.

Question: My new plastic tablecloth has made the ends of the breakfast table sticky. How can this be removed from a varnished birch finish and not ruin the finish?

Answer: Try wiping the sticky places very lightly with benzine, being careful not to press hard on the finish.

Question: Can anything be done to stop the radio interference caused by our oil furnace? Some say to ground the furnace. Our furnace is on the main floor so we have no basement.

Answer: Radio interference from oil burners, motors and other electrical equipment can be eliminated, but this calls for the service of an expert electrician or radio serviceman.

SEE the difference!

No car has captured the look of tomorrow the way Ford has. No wonder the Fashion Academy of New York has selected Ford as "Fashion Car of the Year." Study those big "Picture Windows," for instance. The rear window alone is 88% bigger.

FEEL the difference!

Take the wheel and feel the instant response of new "Equo-Poise" Power. Feel how the new "Magic Action" Brakes are 35% easier acting. Feel the comfort of Ford's "Mid Ship" Ride on smooth "Hydra-Coil" and "Para-Flex" Springs.

SAVE the difference

Ford gives you more for your money with your choice of 100 h.p. V-8 or 95 h.p. Six "Equo-Poise" engines—up to 10% more economy... up to 25% with Overdrive.

Kaiser-Frazer invades new price field!

Kaiser... new price \$1995

now world's lowest-priced big car

BE BIG IN 1949

It has always been our goal to build bigger, better automobiles that mean more to you. To make the best use of the big factory at Warren, Ohio, we have a great engine plant in Detroit. In Cleveland, we have equipped the world's largest plant for the making of steel. Our engineering department and our sales department have worked overtime to reduce manufacturing and distribution costs. To give you the greatest quality of new automobiles, we are giving you the greatest value in the form of greatly reduced prices. It is our hope that you will be able to buy a big American family car with a really big price tag.

LOOK WHAT THESE NEW PRICES SAVE YOU!

Hardware And Implement News

AS IT looks, spring is here for keeps and it is high time to be thinking about your garden seeds for the season. This year we have contracted our bulk seeds from the Ferry-Morse Seed Co. of Detroit. This company has been in the seed business as long as the writer can remember and their reputation still stands high today. So buy your seeds in the bulk and see what you are buying.

SPOTLIGHT ON SPORTS

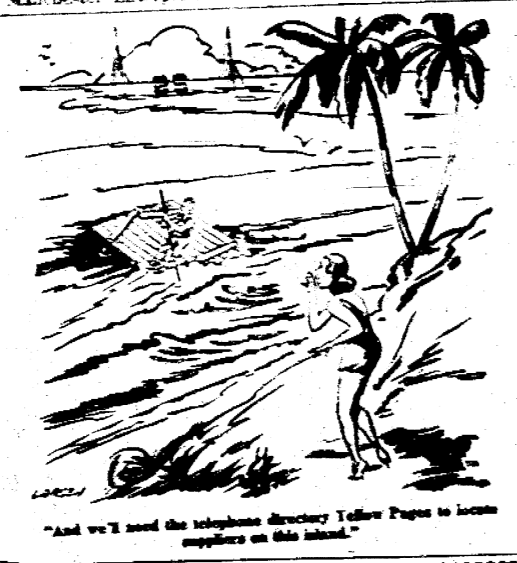

BY A. E. PATTERSON

SUFFERIN' CATS!

There's a lot of fishermen who don't care to go after the bowlinkered whoppers, but if it's right they love to fish. They're missing some good boats right in their own back yards. You don't need an expensive tackle, a fancy leather outfit, and a strayed chair from the electrical department of the state prison to land a 100 pound blue cat, and you'll get as much of a fight from him as you will from most of the sporty fishermen from the deeper seas.

The big whittkey fellows are night feeders, though, and you'll have better luck if you're after them early in the morn', or late at night. Catch 'em before they get a general rule... but you can offer each some of the smaller rascals roaming around during the day. Dough-bait with cheese, and dough-bait with liver are favorites with the cat. Of course, he's not a very pretty hombre, but who cares when he's going after the big ones! Sufferin' cats. 'Ve got myself a whopper!

it's ROADMASTER!

WHEN this sight greets you in your rear-view mirror—master, better give over!

Overtaking is just about the ablest performer on the road today—and wise drivers long ago learned the only thing to do with ROADMASTER is give it road room and a salute as it passes.

Reason is—ROADMASTER is something excitingly new in fac cars.

Big, yes—stretches a gorgeous eighteen feet, with all that stretch means in comfort and inside stretch-out space.

But part and parcel of every one of its 4,400-odd pounds is the fastest footwork on the highway. Action is the key of every part, from its 150-hp Fircball power plant to the swift, silken, unbroken surge you get from Dynaflow Drive.

As a matter of fact, action's even invited by the price tag. By the pound, by the inch, by any yardstick you want to lay against it, it's the buy of the fine-car field.

For proof, just gather a few delivered prices on other cars and bring them around. We'll show you so much more for our dollar you'll waste no time getting an order in.

BUICK alone has all these features

250-inch DYNAFLOW DRIVE - FULL-VIEW VISION from mirrored glass area - SHOCK-RESISTANT drive shafts - LIVE SPRING INTERIORS with Deep-Cushion cushions - Backgrounding QUADRUPLE COIL SPRINGING - Live FIRBALL STRAIGHTLIGHT POWER with SELF-SETTING VALVE LIFTERS with FULL-POWERED ENGINE MOUNTINGS - DUNEK LOW VENTILATORS - Low-pressure tires on SAFETY RIBS - DUNEK BEARINGS, main and connecting rods - BODY BY FISHER
