NUMBER 1  
WEDNESDAY FEATURES  
BUSY ASSEMBLY

By Owen Johnston  
Wednesday morning, September 13, at a special assembly, a group of high school girls went through a very nerve-racking ordeal called "Cherleader Try-Outs." The election for cheerleaders was held and the ballots were collected as the students left at noon. By afternoon the high school knew the results. The six girls are: Joyce Wright, Mary Ellen Wright, Marion Fox, Leona Stuckert, Mary Ellen Schrab, and Owen Johnston.

RIVALRY RIDES AGAIN

By Owen Johnston  
Friday morning, September 16, the high school had an assembly. Marlon Fox, Donna Sturdevant, Joyce Wright, Mary Ellen Schrab, Mary Ellen Wright and Owen Johnston, the recently elected cheerleaders, gave a short, zippy pep meeting. Then all of the students in the Junior and Senior High Schools went out on the athletic field. In a line that stretched from the tennis courts to the far goal post all the students lined up according to grades. After several false starts the signal was given and in a wave, the students rushed forward picking up all the papers, bags and other trash and put it into large bins. The field was spic and span for the remainder of the football season on Friday night with Clinton; but no one bothered to note which grade finished first so some other way will have to be found to find the best clean-up squad in the school.

VENTURE CLUB  
ELECTS OFFICERS

By Bob Brick

The Venture met Monday, September 13, with 14 members present and elected the following officers: co-editors, Carole Roberts and Shirley Bertke; secretary, Katherine Walchek; treasurer, Patty Kessler; typing chair, Joan Kirk. One of the things the Venture wants to do this year is to visit a newspaper plant in Ann Arbor or Jackson.

F. F. A. NEWS

By Bill Paul  
The F. F. A. boys are planning and getting ready for the Fair which will be held October 13-14 at the high school. We are planning a Home Talent Show for 10-15 at 8:30 p. m. in the school. All students can try out for the show. The entrance fee for the Fair must be in by 12:00 noon on Thursday, October 13.

FIRST GRADES ARE LEARNING READ

By Marianne Schenk  
The first grade started off the school year with an enrollment of 24 pupils for each of the two first grade classrooms. The whole class has learned the poem "A Rainy Day." They are learning all the different colors and they are starting to read from their books "Off We Go."

SECOND GRADES CELEBRATE BIRTHDAYS

By Leola Schenk  
The second grade started off the school year with an enrollment of 38 pupils, 23 of them are boys and 15 are girls. They are making the best of it under the conditions they have to teach. Their teacher is Mrs. Pardee. They have celebrated two birthdays already this year the first one was that of Christine King and the second one was Earl Knickerbocker.

THIRD GRADE STARTS NATURE STUDY

By Leola Schenk  
The third grade started the school year with an enrollment of 25 pupils, 14 of them are boys and 11 are girls. The pupils have been bringing pretty butterflies and pretty leaves to school. Their teacher is Miss Ethel Brown.

FIFTH GRADE HAS SIX NEW MEMBERS

By Bob Brick  
There are 33 pupils in our grade this year. Mary Lou Abrams, Greer Hancock, Barbara McAtee, Louis Wheeling, Nancy Griffin and Blanche Shay are new members of our class. We are having just one grade order for publication. Appointment of Administrator, State of Michigan, The Probate Court for the County of Washtenaw, No. 37944. As a session of said Court, held at the Probate Office in the City of Ann Arbor, in said County, on the 6th day of September, A. D. 1949.

## New Motor Laws Effective Friday

Should know. For instance: Previously you were requested to notify the secretary of state if you sold your car. The code now says you MUST do so. It is a "must" to notify the owner of a parked car if you drive into it when he is absent. Or you MUST tell the nearest police officer about the collision. In Detroit it has been a good habit to drive parallel to street tracks and wait while making a left turn. Now it is the law. Don't stop on the tracks and then try to turn. If you own an automobile and change your address, you MUST notify the Secretary of State for two years, including the time spent in passing through the 1949 legislature. But there are some things about the new code drivers

# WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

President Truman's Board Condemns Strike  
There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life. The President of the United States appointed a Fact-Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

There is no Need for Strikes  
With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insisted upon imposing their own interpretations of their contracts by means of a strike.

**HOW TO MAKE FARM EQUIPMENT last longer**

Every All-Crop harvester is built to give years of service to harvest thousands of acres. But winter damage from rust and neglect can take more out of the life of your machine than actual use. Avoiding this loss is simple:

1. Keep your harvester in a good shed when not in use. Clean out all dirt and trash after each job.
2. At the close of each season, let us make a Free 24 hour inspection. We'll come out to your farm, or you can bring your All-Crop in.

Our inspection and winter tune-up program includes tightening all loose bolts and other parts, listing all needed repairs, complete lubrication, protection of all bright surfaces against rust, and removal of belts and canvas for safe storage.

Your fall tune-up doesn't cost, it pays — in longer machine life and delay-free harvests.
