The Manchester Enterprise

Eighty-second year Entered as second-class matter in the Postoffice at Manchester, Michigan under the Act of March 3, 1909.

Maine Potato Growers Present Their Case

According to the information received in the several articles which have appeared in this paper, the potato industry in Maine is in a state of depression.

During the recession period following the war, potatoes among other commodities were under the so-called "cheap" market. Naturally, the price of potatoes has advanced to a point where it is now a source of profit for management and stock.
