Bond Issue Awarded For 2.038 Average Interest Rate

The bond issues for the new school were awarded to the Watling Co. of Detroit. At the opening meeting for bids held last Thursday there were nine firms represented from Toledo, Chicago and Detroit. The difference between the highest and lowest bids was \$6,000 on the total amount of interest being paid. The average interest on the Watling, Lechen bid for the life of the bonds was 2.038 percent. The rate is 2.25 for the first four years and 2 percent for the balance of the term. The tone of the bidding and the rate at which the bonds were obtained is a compliment to the village and its tax paying record.
