

Truman Wants Welfare Department; Veterans Will Get NSLI Dividends; Big Four Agree on Austrian Pact

ROOSEVELT CHATS WITH TRUMAN. Another Roosevelt, Franklin D. Jr., chats in the White House with President Truman. The meeting occurred shortly after young Roosevelt was sworn in as congressman from the New York district...

WELFARE: Here for Less. Signifying a law to reorganize the Federal Government, President Truman has ordered a major proposal. He wants a new department of welfare created with its chief officers given full cabinet rank. THE IDEA is not a completely new one. It was heard frequently during the early days of the Roosevelt administration...

'UNIVERSAL MAN':

From every state in the union and in many foreign lands distinguished writers are pouring into the historic little fountain town of Goethe, N.Y., to pay tribute to a man born 200 years ago. The Goethe Bicentennial Convention and Music Festival (June 27-July 1) is presenting an impressive roster of thinkers, writers, statesmen, philosophers, educators and musicians who will seek to re-examine and re-interpret the works and philosophy of Johann Wolfgang von Goethe, the Universal Man, as it pertains to the atomic age.

LABOR: Sod Timing?

Was the postwar lull in demand and consumer demand and increasing higher wages really over? The Ford motor company thought so and said so. COVERED with a list of demands by the United Automobile Workers Union, the company made significant concessions. Instead of pay raises and pension, health and welfare plans as drafted by the union, the company agreed to a pay wage table as drafted by another 10 months.

GERMANY:

The four-week conference of the foreign ministers of the four major powers had ended with a final accord having been reached. The waters party and Russia cleared away obstacles to an armistice agreement with Austria. THE RUSSIAN however, were in there perhaps meant up to the conference. The German and American representatives were in the conference since the party. The conference was a party. The conference was a party. The conference was a party.

**Effective July 2— NEW LONG DISTANCE TELEPHONE RATES for calls within Michigan**

INCREASED RATES for long distance telephone calls between Michigan points, effective July 2, 1949, have been authorized by the Michigan Public Service Commission.

Last December, Michigan Bell requested rate increases for both local telephone service and long distance service within Michigan so it might continue giving the kind of telephone service the people of Michigan demand.

The Public Service Commission's order provides only for that part of the application which requested an increase in long distance rates (including rates for teletypewriter exchange service messages) within the state. But it will provide urgently needed revenue until the Commission is able to finish its investigation of the complete request and rule on it.

YOUR Long Distance operator gladly will give you the new rate to any Michigan point.

**H**E WHO has suffered much speaks many tongues. He can be understood by the dumb. The language of the countless ones who reach for sympathy with small imploring hands. To enable him to be understood he speaks words that bring the quick relief of tears to the eyes and suddenly odd heavy burdens lift.

O you who have grown weary of your load. Shoulder it bravely again a little while. There will be those who may require of you Help to go some link bewitching mile. With greater pain. God will have need of you. At His intercession that you may tell. That of His love. Oh learn the language well.

**B**ETTY CLARK, who has been in the picture business for many years, is now appearing in the new play "The Sign of the Cross" at the Theatre Royal. She has a very fine part to play.

BETTY CLARK

The "Sign of the Cross" is a play that has been running since its first production in 1907. It is a very fine play and is well worth seeing.

Stacy Harris, film actor, who made his screen debut in "The Sign of the Cross," is now appearing in the new play "The Sign of the Cross" at the Theatre Royal.

William Powell, film actor, who made his screen debut in "The Sign of the Cross," is now appearing in the new play "The Sign of the Cross" at the Theatre Royal.

Yet on these walls and in these shadows hang men of all faiths and folk, charity, brotherly love and respect for the eternal virtues.

Here, draped all symbols, may they bear the fluster of wings, like to distant transport, and mark "These shall not kill!" in a devout tongue.

"A marble slab will be the only object in the room." It is that the memory see the devotion of the gallant dead, the sad fortitude of the widow and orphan.

This is the insuperable truth of the Resurrection chamber. The dead will be as a field without rain and fruit.
