Why Do Some Nations Hate America?

Enlightened nations have formed just armies for the purpose of the world in the name of peace. They have not been formed to attack any nation.

Real Check-Up Before Harvest

24-POINT INSPECTION for your ALL-CROP Harvester

Be sure your ALL-CROP is ready to roll. Now is the time for a final check-up for worn or broken parts. It may save you many hours of grain and prevent a breakdown in the field.

Chevrolet trucks give you more powerful performance, thriftier operation

You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate.

Two rugged, wonder-working Valve-in-Head engines—the Thriftmaster 92-h.p. and the new Loadmaster 105-h.p.—bring you performance that saves you time and money.

New Power-Jet carburetion provides smooth, quick acceleration, and the 4-speed Synchro-Mesh transmission in heavy-duty models means faster shifting and greater safety on the grades.

To you, this means wonderful new performance... less time on the road... less time in the haul. So do yourself a favor. Visit our showroom today. Chevrolet trucks have what you want!

Mr. and Mrs. O. M. Way and family attended the Schabelt reunion at Eola, Mo. on Sunday. Plans are underway to hold the meeting next week at the home of Mr. and Mrs. Way here the fourth Sunday in June.

Karen Vore received her AB degree at Greenville College, Greenville, Illinois.

Linda Reck Returns From Girls State

Linda Reck, daughter of Mr. and Mrs. Franklin Reck, has returned home after attending the Girls' State. The Girls' State is divided into cities with counselors for each group and during the course of the stay at Ann Arbor one girl is elected as governor with real camp a page is chosen for their city and it was a girl from this group who was elected as governor.

A song written by Linda, to which she also composed music, was the award in that department for their city. The song is as follows:

Dear Girls State we sing to you
With praises ever true
With sports, election, lectures
We find the time just flew
Though one week soon is past
These friendships we hold fast
We thank directors, counselors
Dear Girls State we sing to you.

Audubon Society
Now Boasts 65 Members

Thirty-five members and friends of the newly-formed Washtenaw Audubon Society conducted a first field trip Sunday morning to the Newcomb Tract at Base Lake, Grwin Dunstan, president.

Two little hands are resting on a bird's nest. A little sun we love is waiting for us just over the hill. We left behind some broken hearts that loved him most sincere. They never did nor never will forget you, Doc. Father, mother, sister and grandpa.

MEMORIAL
CLARK DONALD, in loving memory of Donna Clark, who passed away six years ago June 28.

One of the visiting groups discovered the nest of a sparrowhawk, among the smallest and most easily overlooked birds of the sparrow family.

At a brief business meeting, it was announced that the Washtenaw Chapter of the Audubon Society now has 65 members. The group was set up less than three weeks ago. Mrs. Marion Eich, 2023 Day street, Ann Arbor, was president. Mrs. Marion Eich, who is conducting research at the tract.

NOTICE OF ANNUAL MEETING

The Annual Meeting of School District Number 2 (two) of the Township of Manchester for the Election of School Officers and for the transaction of such other business as may lawfully come before it, will be held at the Civic Auditorium, on Monday, the 10th day of July, 1950, at 8:00 o'clock p. m.

Dated this 3rd day of July, 1950.

Signed, Walter Vogt, Director.

★

FOR THE PURPOSE OF OPERATION

Shall the limitation on the total amount of taxes which may be assessed against property in School District No. 2, Township of Manchester, County of Washtenaw, and State of Michigan, for all purposes except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased for a period of two years from 1950 to 1951, both inclusive to 2 of one percent (0.2%) (2 mills) of the assessed valuation as equalized of all property in the district, as provided in Section 21, Article X of the Constitution of Michigan?

Named Assistant Director of MSC Experiment Station

ROY E. MARSHALL

Named to the post of assistant director of the Michigan Agricultural Experiment Station is Dr. Roy E. Marshall, of the Michigan State College horticulture department. The appointment is effective July 1, 1950.

Long a recognized authority on food processing, Dr. Marshall originated the method from which developed the apple juice industry, offspring of the old time cider.

A graduate of the University of Nebraska, he has an M. S. degree from Oregon State and his Ph. D. degree from the University of Minnesota.

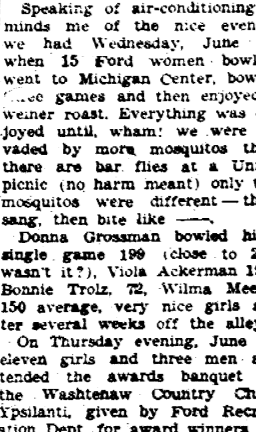

He is well-known to Michigan farmers and fruit growers for his work in pomology, farm fruit storage, orchard pollination and canning.

FACTS FROM FORD'S

By Edna H. Knause

Hello everybody, we mean all those that have the pep to answer. Such nice hot weather that is so all in, he he he, give a darn map that went down the garbage disposal, as I can't expect too much from him. In fact he hasn't been very helpful lately with so many Ford folks who

The SNAPSHOT GUILD

With synchronized flash it is easy to snap story-telling pictures at the wedding reception.

Wedding Reception Snapshooting
YOU knew at a glance that a heavy white envelope in this morning's mail contained a wedding invitation—and that is practically the same as saying it contained as offer of a golden opportunity for making informal, story-telling snapshots.

Many people prefer to concentrate their picture taking on the gay happenings at the reception. There you can snap not only such traditional pictures as the cutting of the cake and the throwing of the bride's bouquet, but you can make pictures of the bride and groom as they receive the best wishes of family and friends, and of the guests as they chat together.

However, in the midst of all this busy excitement the camera user can be very alert—er would have picked in advance. If you're an adaptive camera, it's a good idea to decide to use settings for most of your snapshots. Then the work part of the job is done. A good picture because you had to take time to

that might get to be a regular snap. Of course there were a few cute remarks about the and why what ever at a busy shop like Ford's. Who knows Mr. Ch. told about a little

vacations seem like he would have a great deal to tell me of interesting travel. But he just hangs around the air-conditioned unit all the time.

Donna Grossman bowled high single game 196 (score to 200) several weeks off the alley.

On Thursday evening, June 15 eleven girls and three men attended the awards banquet at the Washtenaw Country Club, Ypsilanti, given by Ford Recreation Dept. for award winners in all the P. and B. branch plants.

The women bowlers here at Manchester seem to have been rewarded for their good team spirit and ability to play with one another for we learned that our league is the top league in the state.

With the parties and pep in the bowlers having come to an end, it is time to pack your gear and get ready for the summer months. It is a very enjoyable and successful time.

By the way Mr. G. your telephone rate is going to increase. I saw the news paper going in every direc-

tion. The increase is \$2.00 a month. The increase is \$2.00 a month. The increase is \$2.00 a month.

Each Michigan Bell subscriber will receive specific information about the new rates with the first telephone bill dated on or after June 20.

The reason for the new rates is a very simple one. The cost of providing telephone service has climbed much faster than revenues. And the rate increases granted have lagged far behind the increases in costs.

In the last ten years, for example, general increases in basic wage levels alone have added \$35,000,000 a year to operating costs. But during the same period, telephone rate increases, including the present one, will

have added only \$21,000,000 a year to revenues. Only recently we received demands from the telephone union for changes in its contracts which, if granted, will add still more to our expense. This, of course, is not provided for in the rate increase just granted.

Even with the present increase, the average telephone bill has risen less than half as much as the prices of things that make up the cost of living. In terms of value—in terms of the working hours needed to pay for it—telephone service is cheaper now than before the war. A telephone in the average home costs less per day than a package of cigarettes, a quart of milk or a gallon of gasoline.

Michigan Bell must keep on adding to its telephone plant in order to expand and improve its service to meet the needs of Michigan people. That requires that more money be invested. And to attract that money from investors, your telephone company must have adequate earnings.

This rate increase, although much less than the amount needed, will help to strengthen Michigan Bell's financial condition—and thus help us to provide you with the kind of telephone service you want, when and where you want it.

A financially healthy telephone company is good for everybody

MICHIGAN BELL TELEPHONE COMPANY

Rate Increase

(Continued from page 3)
increased to a 30 a month and business extension to \$1.50. Long distance rates are not changed by the order.

IN OUR CHURCHES

John Greene New Head of Michigan Bell System

John A. Greene, operating vice-president of the Ohio Bell Telephone Company, was elected president of the Michigan Bell Telephone Company by the latter's board of directors.

Thomas N. Lacy, president of Michigan Bell, said the company welcomes the much-needed relief the \$2,000,000 rate order brings.

"Amounting to \$5,500,000 after taxes, the increase is definitely in the consumer interest," Lacy said. "For good telephone service should be—and is—continued to our customers."

"While it will help to strengthen the company's financial condition and will aid us in doing the kind of a job the people of Michigan want us to do, it is not the only solution to the problem. It is insufficient to insure adequate earnings short of a long-term program of cost-cutting and revenue-increasing measures."

Successing March as vice-president and general manager, will be William M. Day, vice-president and general manager, W. C. Patterson, vice-president.

The changes are effective July 1.

A noted civic leader of Cleveland, Greene has been in the telephone business 35 years, and the inadequate return received by the former Chicago Telephone Company following his graduation from the University of Chicago in 1914.

He is a native of Norfolk, Neb., where he was a member of the executive committee of the Ohio Bell Company since 1945.

Greene's community service in Cleveland has centered chiefly around the Welfare Fund and the Community Fund. As president of the former, he was honored by the 40 & S Society of the American Legion as Cleveland's "First Citizen of 1942."

In 1944 he was awarded the Distinguished Service Award by the Cleveland Community Fund.

Lacy, who has been with the Bell System 44 years and with Michigan Bell since 1925 when he was named chief engineer, is a one-time "toy operator" who was vice-president and general manager from 1934 to 1946 when he became president.

A widely-known civic leader, Marsh has been in the telephone business 42 years. An vice-president and general manager since 1946, he has been the company's operating head during the difficult postwar years when Michigan Bell has spent nearly a quarter billion dollars on new construction to meet the unprecedented demand for service.

In addition to the \$2,000,000 increase, the company was allowed to increase its rates by an amount of \$720,000 to allow for revenue decreases which have occurred since the December 1948 application. These included the elimination of overtime charges on one unit calls in the Detroit area.

Manuel Church—Rev. H. S. Rouse, pastor. Sunday school at 9:45 a. m. morning worship from 10 to 11 o'clock. Please note the change time. The department up, meeting with congregations in worship.

Meeting of Historical Society Held Saturday

Members of the Historical Society met Saturday afternoon, June 24, at the Pioneer Hotel in Manchester. The meeting was held in the auditorium. The secretary reported 52 new members for the year ending June 30, 1950. The membership fund for the year ending June 30, 1950, was \$1,000.00. The total revenue for the year ending June 30, 1950, was \$1,000.00. The total revenue for the year ending June 30, 1950, was \$1,000.00.

Howell Taylor, custodian, reported a number of fine gifts to the historic collection. Dr. F. Cleve Clever, the historian, gave a brief history of the organization from its beginning as the Pioneer Society of Washtenaw County in 1873. This early Society was reorganized in 1929 as the present Washtenaw Historical Society.

Mrs. Flora Reinhard gave a resume of the meetings for the past year, reviewing briefly the subjects presented by the various speakers.

The president, Herbert Hicks, spoke of the splendid cooperation of officers, executive board and members in the organization of the year ending June 30, 1950. He then led to Spring House, the colonial tavern and the hidden treasure of the organization.

St. Peter's Episcopal Church, pastor, the Rev. Wm. J. Spokes, chairman of the nominating committee, presented the report of her members, Miss Adelaide Rieger, secretary, and Mrs. J. E. Spokes, treasurer, M. E. A. Leader.

Says Schools Doing Marvelous Job
The Michigan Education Association has worked for the improvement of education in Michigan. During the past ten years great and unusual progress has been made.

The schools are doing a marvelous job, says Mr. Smart. "The Michigan Education Association has worked for the improvement of education in Michigan. During the past ten years great and unusual progress has been made."

"In the year ahead we must continue to supply more and more highly trained teachers to meet the increasing school population. We still have too many boys and girls in Michigan who have never been able to attend a full-day session of school; too many people are still on staggered shifts and part-time schedules."

"A good education begins with a capable and well-trained teacher. To provide every school system with its full quota of well-trained teachers has not been possible during the past ten years. The demand for elementary teachers still far exceeds the supply."

"We must continue to encourage the best of our high school students to become teachers."

"The Michigan Education Association, the Department of Public Instruction, and the teacher education institutions must be urged to provide opportunity for in-service education to keep the next two years we hope that all Michigan teachers will have at least four years of teacher-education."
