Chest Drive Nears Half-Way Mark

Manchester's Community Chest drive has passed the \$1000 mark on the way to its goal of \$1400, according to reports received from workers late Tuesday night.

Reports of the soliciting groups break down as follows: House to house and rural, \$500.25; Special Gifts to date, \$300.00; Manchester school children, \$50.00; Ford Motor Company employees, approximately \$100.00; Double A. Employees to date, \$100.00; Total, \$1,050.25.

Only preliminary reports have been received from the special drive workers. This part of the drive should come close to \$1,000 before final reports are in. A number of the house to house teams are still to be heard from.

Special gift workers are urged to see all the firms on their list during the remainder of this week and the first two days of next week and turn all collections by November 7 in to Millard J. Phisus at the Hausser Drug Store.

Manchester's Community Chest Fund is distributed to health and welfare agencies and local youth groups. The money donated by Manchesterites helps fight heart disease, cancer, polio, and many causes of human misery. It aids crippled children, old people, the poor and the blind.

The fund combines many drives into one. Last year, several organizations might have come in to Manchester to stage house-to-house drives if it had not been for the Community Chest Fund formally set up in this town in 1947.

They haven't given yet—support your Community Fund.

B. C. Root With Union Bank Nearly Half Century

Bennett C. Root has retired as president of the Union Savings Bank of Manchester to become chairman of the board. Mr. Root has served for nearly half a century on the staff of the local bank where he started to work after graduation from Manchester High School in 1904. He also holds a diploma from the American Institute of Banking.

A great many interesting things have transpired during the many years he has been affiliated with the bank. A lot of them hinge on the history of the town. As a boy he can remember when the bank opened with his father, Edwin E. Root, the only employee—the cashier. That was in June 1884. The Union Bank officially opened for business with a paid-in capital of \$12,300. To some it seemed a poor year to start a new bank for in 1883 there had been a severe nation-wide panic. Business houses crashed, banks closed doors, and railroads went into the hands of receivers.

It took vision and courage to open a new bank and credit must go to A. J. Waters and Walter Mack who conceived prospective subscribers to help and bugs to raise the necessary capital. The first directors meeting was held June 18, 1884, on the third floor of Art's building.

The first oficers were Benjamin G. English, president; George Helmeringer, first vice-president; Dr. C. K. Kapp, second vice-president; Edwin E. Root, cashier. At that meeting the directors decided to purchase the corner lot on which the bank now stands for the price of \$1500. It was decided to tear down the two-story building known as Union Bank and erect the three-story building which now stands.

From the first year the bank grew steadily and in 1905 B. C. English died and was succeeded by John M. Horman. In that year the bank was sold to the staff—just in time for the national panic in 1907. For a time the bank was in a precarious financial position. Money was almost impossible to come by. The Union bank usually could call upon correspondent banks for whatever they needed. Instead of asking any one correspondent for a large sum, the Union Savings Bank asked each one for a small amount and remained sound throughout.

Many members remember that they early overcame the rigidity of the bank by using real-estate checks for currency and instead of depositing them with the merchants left them and used them as money.

In 1929 at the death of John M. Horman, Dr. C. F. Kapp became president and served until 1931 when Edwin E. Root became president. In 1932, Bennett Root started the long career as cashier and the community chest drive. The report of his life is held by the village and the fine conduct of the bank is proof of his high standards of service. Everyone who knows Bennett Root will share with him the pride of his service to the town.

Mr. Root has been seen since a sewing day at the home of Mrs. Root on Friday, November 10.

Thousands Out For Halloween Festival

He passed the state bar examination both in his home state of Nebraska and in Michigan, and with his wife came to Manchester where he began his law practice in the offices of the late James Waters, Mr. Waters was one of the founders of the Union Savings Bank.

Prior to becoming bank president he served for one and one-half years as the bank's vice-president. Active in civic affairs, Mr. Root is a member of the Washtenaw County Road Commission, village attorney, and secretary-treasurer of the Schaffer Lumber Co. of Jackson and Manchester. He is a past president of the Village and of the Chamber of Commerce. He also served as Manchester's War Bond Chairman and chairman of the Price Control Board.

Other officers of the bank are Frank H. Tirt, first vice-president; and Theodore Kuhl, second vice-president.

A Target For Deer Hunters To Shoot At

Between the dates of November 15 and December 2, this year, the Manchester Enterprise will award the hunter returning home with the largest buck a prize of \$25.00 in cash. The contest is open to all hunters in the township and is a target for deer hunters to shoot at.

If you are a sportsman heading for the woods this year, make sure that your subscription to this paper is paid up or if not a regular subscriber, sign up for the local paper before the first of November. It is not always a real large buck that wins. Don't forget to weigh your deer and get it weighed at the local scale. It may not be the king of the herd, but it may be the largest buck that you can get.

When you pull into town with your trophy, get out and our photographer will snap a picture of it.

Sue Merriman Plays Important Role at MSC

Preparedness in thinking and in action against the forces of Communism was the keynote of MSC President John A. Hannah's talk before women's group leaders, including representatives of A.W.S. Pan-Hellenic, Women's Co-op League and domestic science at Michigan State College.

Spurred by his plea for action against Communism, the women's group leaders were invited to attend as announced by Sue Merriman, chairman of the committee.

"A university is not a propaganda machine for democracy," declared Mr. Hannah. "After we have heard many viewpoints, we must decide for ourselves what we believe are the fundamental issues."

Sue Merriman, discussion committee chairman, is the daughter of Postmaster and Mrs. George Merriman of Manchester. In the October 21 issue of The Michigan State News, she is pictured with two other civic workers, Mrs. President Hannah on plans for instituting the discussions in all women's living units.

SCHOOL LIBRARY TAKES ON NEW LIFE

With the acquisition of some 35 fiction books in the past week it was hoped that a movement had been started which would make the attractive material in this department more readily available to the school children. It is felt by most that this initial collection is well rounded and that it contains material for every taste and interest.

Although the campaign, and it is looked upon as that, has only just been officially announced as of the date of this paper, word has gone around among the students that the "good books" are on hand and the response has been most encouraging. Many students have asked to have books even before they were fully catalogued.

I think that parents and the school board should note the fact that the books in the new collection are of the highest quality and are both capable and eager to go forward with well planned efforts to interest students in reading.

"Tom Sawyer" and "Huckleberry Finn" are two of the most popular of all books and are so popular and well loved that they need little comment. They are so popular and well loved that they need little comment.

I think that parents and the school board should note the fact that the books in the new collection are of the highest quality and are both capable and eager to go forward with well planned efforts to interest students in reading.

"Tom Sawyer" and "Huckleberry Finn" are two of the most popular of all books and are so popular and well loved that they need little comment. They are so popular and well loved that they need little comment.

BETTER WITH BUTTER! Image of a woman and a child.

Life is Better With Butter. Butter is a colored imitation. Aside from the delect and fraud which would result from permitting yellow oleomargarine to be sold in this state, it is a health hazard.

KEEP MICHIGAN PROSPEROUS. But the one foundation on which Michigan's two and one quarter billion dollar dairy industry is built is the "butterfat" and the "butterfat" is the foundation of the dairy industry.

Having in the state's greatest source of agricultural income and agricultural products, Michigan's dairy industry.

It is not just the dairy industry that is being undermined by which out-state interests who are seeking to make more money for themselves. If we allow yellow oleomargarine to be sold in the butter market it invites cheap imitations of other dairy products.

PROTECT YOURSELF AGAINST FRAUD - PROTECT YOUR STATE'S PROSPERITY

PROTECT YOUR OWN and Michigan's Prosperity. WARNING: The first year Canada allowed substitutes to be colored was in imitation of BUTTER and Dairy Farmers there 50 MILLION DOLLARS. That loss happens in Michigan... where 600,000 people depend on Dairy for their livelihood.

D. C. Weed Attends Science Conference

A University of Michigan sponsored conference on the teaching of science in the small high school was attended by D. C. Weed. The conference was held Oct. 28 in the Mackinac Building, Ann Arbor. Problems of class room space, laboratory facilities, equipment and storage room were among the factors considered. But Never the Twain Shall Meet

John Dawson, Democratic congressional candidate, Monday repeated his offer to debate his Republican opponent "any time, any place, before any group."

Dawson's opponent, George Meader, yesterday declared that he had agreed to debate Dawson in Willow Village but had received no word of acceptance.

"Mr. Meader may have received no acceptance," said Henry Owens, Democratic County Chairman, "but not because of any refusal on my part. We have a post office receipt dated October 27 for the letter of acceptance made to me by Mr. Meader, who acted for Mr. Meader."

"I personally told Wm. Owens added, "that Dawson's original offer held good right to election day. And, referring to Mr. Delaurier, the Democratic campaign secretary, who resigned our office to meet with Meader and thus let the public discover what the main issues are and where the candidates stand on them."

Dawson suggested that though confusion appeared to reign in GOP headquarters, the main thing was to have the debate. "Let us have done with the charges and counter-charges," he said. "Let us get ahead with the talking. We will arrange the debate in Willow Village." And we will arrange other debates wherever Mr. Meader declares himself available."

The text of Owens' letter of acceptance to Wm. dated October 26 follows: "Dear George: This will confirm Mr. Delaurier's statement made to you by telephone on October 24. Mr. Dawson stands ready to debate Mr. Meader at any time, any place, before any group."

Remember in November ELECT Senator John B. MARTIN

State Auditor General
"Guardian of Your Tax Dollar"
VOTE REPUBLICAN NOV. 7

CONGRESS Is The Last Bulwark Of LIBERTY

Meader knows this better than the average person because of his experience as counsel for The Senate War Investigating Committee.

As Counsel for that Committee, Meader deserves the major share of the credit for the committee's exposures of poor performance on war contracts, of over-payments, of graft, corruption, carelessness, and stupidity in war procurement, by the bureaucrats appointed by the President.

IN THE LAST EIGHTEEN YEARS THE POWER OF CONGRESS HAS BEEN DECLINING WHILE THE POWERS OF THE EXECUTIVE BRANCH HAVE BEEN INCREASING!

If elected Meader will endeavor to reverse this trend and give these powers back to the people's representatives, the Congress of the United States, as the founders of our Republic intended, and where they must ever remain if liberty is to endure.

It is imperative therefore that we elect a man to Congress who believes in a Republican, Representative Form of Government instead of Government by Bureaucracy.

A vote for Meader is a vote to preserve and strengthen the powers and functions of Congress against further encroachments by the executive branch.

The constitutional plan of checks and balances of power between the Executive, Legislative and Judicial branches of government is in jeopardy. The present administration is drunk with power and seeks to run everything without interference on the part of either Congress or the Courts. How far can we go in this direction without complete loss of liberty?
