## The Main Street

Ambrose Lentz, Richard Kyzaniak and Jack Rowe left Sunday for Great Lakes for two weeks of training. The three are in the naval reserves.

The morning mail leaves the post office one hour earlier in the morning—it now leaves the post office at 9:10 a.m.

In the report of the PTA meeting in last week's paper we were misinformed in naming the chairman of the Ways and Means committee. The chairman is Mrs. LeRoy Knickerbocker.

Miss Charlotte Stables has moved from the Scully apartment to the apartment at the Huber house on S. Macomb street. This is the apartment vacated by Mrs. Betty Cole who has moved to Grand Rapids. Miss Stables expects to spend the summer at the home of her mother at Traverse City and has sub-let the apartment to Mr. and Mrs. James Cathey, both of whom are employed at the Double A Products.

If the readers are still following the moving procedures the apartment which Miss Stables vacated at the Scully home on Ann Arbor street will be occupied by Mr. and Mrs. Charles Mills.

Speaking of Mr. Mills, he will be the guest on the Manchester program on Saturday morning at 9 a.m. at which time he will outline his summer recreation program for the children of this community.

Mr. and Mrs. Clarence Walter and daughter Beverly are moving to their new home in Detroit this week.

An interesting event occurred at Cathy Poultry Farm this week when a pure blooded wild Canadian goose hatched three goslings out of five eggs laid. This is a rare event as Canadian geese have not been domesticated fully as yet and they do not multiply as rapidly as other wild fowls.

Mr. Cathey says that these geese will be open to public inspection and hopes to exhibit them at the Community fair in the fall.

New business place has opened at Manchester. Did you ever hear of the Dairy Queen with the trademark "The Cone with the Curl on Top"? We wondered just what Norman and Bernice Higgins would do when they sold their interest at the Higgins Farm Market. We haven't had too long to wait. While on their trip through the west they noticed these cute little stores which are springing up through the country selling a new type of cone. This new cone has a great advantage—especially to those who watch the calories—the butter content is low thus making this cone much less fattening than the ordinary ice-cream cone. And believe me they taste just like the old-fashioned ice-cream cone. We asked Norman and Bernice how they mix the liquid—they don't. It comes from a Dairy Queen plant in Flint all mixed in large containers. All they have to do is to pour the mixture in the spic and span stainless steel machine which has a two horse-power motor and by the time it reaches the front of the machine—out comes the frozen dairy queen. So if you want to try a new desert—try the dairy queen, located just 1/4 mile west of Manchester on M-11. For those of us around here who know Norm and Bernice Higgins, it's really right in their front yard across from Oak Grove. The flavor is vanilla and sundaes are available in all the popular flavors. If you want to take a pint, quart or half gallon home—folks, there are special containers

## County Animal Shelter Dedicated Tuesday

There will be dedication of the new animal shelter of the Humane Society of Washtenaw County at 3113 Cherry Hill road, at 10:30 a.m. The formal dedication will be followed by a luncheon at the Fellowship Hall of the Dixboro Methodist church at 12:30 p.m. Reservations may be made by writing or calling the Humane Society of Washtenaw county, P. O. box 447, or telephoning 20311 Ann Arbor before June 9.

## Applications for Dust Layer

Washtenaw county Road Commission Superintendent-Manager Howard Minier said yesterday that dust layer operations in the county will begin soon on gravel roads.

He advises residents who desire the dust layer treatment on roads in front of their homes or farms to make arrangements as soon as possible. Approximately 235 miles of gravel roads will be treated between now and August, Minier said, and economical operation of the equipment requires that carefully laid-out plans must be made in advance. Minier said residents in the Manchester area may place their orders with Wilbert Buss at the Road Commission's Manchester yard or directly with the Ann Arbor office.

Applications for the treatment must be accompanied by payment at the rate of \$3 per hundred feet of road. The minimum order accepted is for 300 feet. Instructions as to locations which are to be treated must be explicit. Minier cautioned and the sooner the orders are in the sooner will everyone benefit by the program. Approximately 400,000 gallons of the calcium chloride solution will be required for the dust layer program in the county this year, Minier estimated.

## Religious Service for County Infirmary

On Monday evening a group from the Sycamore Baptist church of East Jackson presented a religious service at the Washtenaw County Infirmary. The group presented musical numbers and Paul Collins, choral artist, drew the action picture "Cavalry." Rev. Dallas Berry, pastor of the Sycamore church spoke briefly. His topic was, "The Bible And Its Message." Members of the group were: Mr. and Mrs. Jack Nicholson; Mr. and Mrs. Basil Clark; Rev. and Mrs. Dallas Berry; Mr. and Mrs. Walter Hansen; Mr. and Mrs. Paul Collins, all from Jackson; and Rev. Roy Grindall and Patricia of Manchester.

Mr. and Mrs. Clark are talented musicians and play a variety of instruments. They participate in a religious service given each Sunday afternoon at the Jackson County Infirmary. Their music was much appreciated by the old people and the nurses at the infirmary.

Vocal numbers were given by Mr. and Mrs. Nicholson and Mr. and Mrs. Hanson who sang as a quartette. Mrs. Paul Collins was the pianist for the occasion. The arrangements for the service were made by Rev. Grindall in appreciation of the many friends at the infirmary.

## O.E.S. To Hold Friendship Night

Mrs. Alice Case James a former member of the local Chapter and Mrs. Sylvia Powers, formerly of Horton, now living in Manchester were the guests at the meeting. Refreshments were served by May Hardenbergh and her committee to the thirty-five members and guests.

## State Police Recruits Are Being Sought

Applications for enlistment as recruits to fill vacant trooper positions are now being accepted for next Michigan State Police training school tentatively scheduled to open June 25.

Because of the short time remaining in which to conduct entrance examinations and field investigations, prospective candidates should act immediately in obtaining desired information and filling out application forms. For best and quickest results, they are urged to go to their nearest State Police post, where they will be given complete particulars and supplied with application forms. If preferred, however, they may write to State Police headquarters or the State Civil Service Commission in Lansing.

Married men are now being enlisted in the State Police as well as those who are single. Candidates must be between the ages of 21 and 36 inclusive, not less than five feet, ten inches in height and possess good health.

In addition to a general salary raise granted to troopers last December there has been a new raise in the pay received during the eight-weeks training period, and effective July 1st the five-year step salary range will be condensed into four in order to increase the trooper's earning capacity more rapidly. Troopers also receive subsistence pay and are given their uniforms and equipment.

Membership in the State Police is regarded as a career profession offering interesting work and various security advantages. After 25 years of service an officer also may retire on a pension which in event of his death goes to his widow.

## Matteson School

The eighth graders received presents from the teacher and the Civic Health Club. The teacher was presented a present from the P.T.A. and one from the children.

Monday we enjoyed a Weiner roast and ball game with the McMahan school. Due to the rain we only played three innings. The score was fifteen to twenty in favor of them.
