Manchester Man Dies Of Injuries

The Main Street

The Senior class will hold a paper drive on Saturday, November 10, so if you have any papers for the drive it might be a good idea to call Albert Haller, jr., phone 2811, for pickup although the seniors say they expect to make a systematic canvass of the town. But with this weather—and the snow there is no telling just how fast the campaign will get underway.

And speaking of weather and snow there isn't any point in our mentioning that it has been snowing here—we all know it pretty well, but just for the records—and only for them, we ought to note that at Willow Run they recorded an 8 inch snowfall on Tuesday, November 6th.

Heavy snow hobbled traffic here on Main Street, too, as it swept across the nation's midsection. At St. Louis the storm was recorded as the worst in the past 39 years. School buses here found traveling very hazardous as the drivers attempted to return the children to their homes. Art Cathey, driver of the school bus on the south run was the only bus driver who was stuck and it was after 8 o'clock when he completed his run which usually takes until about 5 o'clock. However, Wednesday, November 7, Supt. V. W. Downing reported that none of the four school buses would be running. However, school continued as usual for those students living in or near Manchester not depending on school bus service. Approximately 150 pupils were unable to attend classes on Wednesday.

We understand, too, that some of the schools in the rural area did not attempt to have classes although a complete check is not available at this time. Enough about the weather—like everyone says we all talk about it but no one does anything about it. Can't quite agree with this either because the village snow plows have been pretty busy trying to clear the streets. No serious accidents have been reported at this time.

OES wishes to announce that donations for the French boy are to be left at Lannom's store not later than Wednesday, November 14.

Mr. and Mrs. Ben Evisizer observed their 40th wedding anniversary at their home last Wednesday.

The fire department was called out Monday when an overheated motor in a car belonging to George Uphaus, caught fire in front of the farm home of Mr. and Mrs. Ray Trolz on M-11. The fire was quickly extinguished but before considerable damage was caused to the wiring of the car.

True to form, Mrs. Glen Bertke managed to bag her limit in squirrels again this year—when on the last day of the hunting season she shot squirrel number 25.

We were interested to learn that Mrs. Roy Lowery has been appointed a Regional Director of the State MOMS Board again this year. She also received a call from the Detroit office announcing that she has been named to the legislative committee of the MOMS again this year—effective immediately.

Victim Struck While Lying On Highway

A 74-year-old Manchester man, lying prone on M-11 in the village Friday night, died of injuries after his body was run over by an automobile driven by Howard F. Higgins, 39, of Manchester.

The victim was Frank Hartbeck, a retired Manchester street employee who roomed in the home of Mrs. Sarah Esch. Mr. Higgins told troopers of the Clinton state police post that he was driving east on City Road (M-11). He said there was another car approaching him and he failed to see Mr. Hartbeck lying in the road until it was too late to avoid running over him.

Troopers said the right wheels of the Higgins car passed over the body. County Coroner Dr. E. C. Ganzhorn said Hartbeck died as a result of a skull fracture, crushed chest and fractured hip, apparently caused by being run over by an automobile. Troopers George Catton and Morris Tubbs investigated. Manchester sheriff's officer Charles Schebor learned that the victim had been driven home earlier in the evening by James Palmer, who said he let Mr. Hartbeck out of the car in front of his home.

Police believe Mr. Hartbeck fell in the road and was unconscious when struck by the Higgins car. Higgins was released after questioning.

Halloween Party Is Huge Success

Manchester Halloween party for the children of the community proved to be the largest on record with approximately 600 persons on hand to watch the parade which formed at the Methodist Church.

The weather was cold and sharp as the kids marched up Main Street to the E. G. Mann mill where prizes were awarded by the judges: Rev. A. A. Weinert, Rev. H. A. Rest, Rev. H. T. Young, Mrs. Henry Eames, Earl Alber, Doris Sutton, Harold Albert, Mrs. Marie Scheurer, L. F. Wurster and Lawrence De Verna.

The rural schools were awarded prizes as follows: first Rowes Corners for their Pinocchio display; in second place was the Spaford school with a circus display and Matteson was in third with a United Nations display.

In Manchester public schools the first grade was in first place with a circus parade; kindergarten was in second place and the fourth grade was third.

The oddest person in the parade was Edna Leir; youngest was nine month's old Donnie Romelhardt, son of Mr. and Mrs. William Romelhardt; fattest male was Frank Strang; fattest female, Dianne Miller; best dressed male was Patey Green as Uncle Sam; worst dressed female, Gaelene Wurster; worst dress male, Christie Allan; worst dressed female, Pete Minor; tallest male, Terry Walsh; tallest female, Minnie. Pair Admit 11 Robberies

Loot recovered—sheriff's deputies... with the arrest of Robert Ross, 18, of 431 Eighth Michigan Center. Fourteen shot-gun, two golf club sets and bags and archery equipment were among the many articles recovered. In the back, left to right, are Deputy Roy Woodall of the sheriff's department and State Police Detective Charles Southworth. In the front are Detective Sgt. Bion Hoeg and Deputy Fred Crampton.

Loot Of Recent Robbery Recovered

Robert D. Ross, 18, of Michigan Center, arrested in connection with a \$1,500 burglary in Manchester Tuesday, Oct. 30 waived examination in municipal court at Jackson and was held in default of \$2,000 bond for a circuit court hearing Tuesday.

Also involved was a 15-year-old Jackson youth, who is being held at the juvenile detention home. He will appear in probate court next week.

They were jailed a week ago Wednesday morning as a result of an anonymous tip given to State Police Tuesday afternoon. They have admitted taking part in eleven burglaries, including the one at Pat's Sporting Goods here in Manchester.

State Police found ten new rifles and shotguns taken from Pat's Sporting Goods Store in the car used by the pair. The loot was concealed between the back of the car seat and the trunk, troopers said. Also found were 21 silver dollars believed taken from the Manchester store as well as the other loot.

A note carried by Ross led officers to \$1,685 taken from the Parma Lumber Co. at Parma in an earlier burglary. Ross had left the money with a friend. Officers did not reveal the contents of the note.

The guns found were valued at \$1,500. Other loot found in the car included two golf bag sets, five badminton rackets, and several cartons of 12 gauge and .22 caliber ammunition.

They are charged formally with breaking and entering in the nighttime and larceny from a building.

Holds Special Services Sun.

A gospel team from Taylor University from Upland, Ind., will have charge of the morning service at 10:30 a.m. and again at the afternoon service at 3:30 p.m. on Sunday Nov. 11 at the Iron Creek church. The members of the team are Don Jennings, trumpet; from Birmingham, Ala.; Ruth Ernst, pianist from St. Paul, Minn.; Jim Constock, speaker from Mason City, Iowa; a ladies' trio consisting of Doris Oswald of Mansfield Ohio; Pauline Breid of Wadena, Minn.; and Mariam Senseney of Brunswick, N.J., will sing. This team will also be at the Norvell village church Saturday evening for a Youth Rally and again Sunday evening. The Norvell church will continue its services every evening during next week. The public is cordially invited to attend these meetings.

Directory Has Safety Feature

Something new has been added to the new Manchester telephone directory being distributed this week by the Michigan Bell Telephone Company.

N. J. Prakken, manager here for the company, pointed out that the first page of the directory—the emergency number page—has been revamped to provide spaces for each subscriber to write in the telephone number of the police and fire department of his own community.

"In the past mistakes have been made, with customers hurrying to complete calls for help by looking at the heading on the page for the service wanted, and then calling the wrong number," Prakken said.

"If everyone does his part in listing his own fire number on the top of that page, there'll be fewer lives endangered, and less property lost," Prakken said, in an appeal to users to reduce the number of mistakes made in reporting the outbreak of fire.

The manager emphasized Michigan Bell's desire to assist fire departments in combatting "very real and human mistakes when disaster strikes and panicky calls for help must be made under considerable stress."

"We hope this is a partial solution to the problem, and of real assistance when it's needed most," he said.

This year the new directory which also lists Chelsea numbers, is making its bow in a buff cover, changing over from the grey color of last year. Over 1,400 copies will be used during the ensuing year.

O. E. S. Plans Annual Christmas Party

At the regular meeting of the O.E.S. a report was given by Dealoris Richardson on the Grand Chapter meetings held in Grand Rapids recently. Mrs. Mary Doulet's petition for transfer of membership to the local chapter was received and accepted.

Plans were made for the annual Christmas party to be held at the December meeting for all members and their families. Each is asked to bring a 50 cent present.

The chapter is donating to the local Community Chest Drive. At the close of the business meeting refreshments were served to approximately thirty members by Edna Diefenderfer and her committee.

Iron Creek Extension

The Iron Creek Extension met at the home of Mrs. William Dresselhouse with Mrs. Flora Luckhardt as a guest of the club. She gave a lesson on the making of aluminum trays. Mrs. Malcolm Billings joined the club at the meeting.

Dutchman Lose To Redskins

By Donna Sturdevant
Clinton won the toss and elected to receive the kickoff. The kick was a good one. In four downs they failed to get another first down. Manchester then got the ball on the 35. On the first play Aiken ran around his left end for about 30 yards. Then on the next play Tom Snyder went over. The extra point was no good, but a penalty gave him an extra try. The kick was good, and Manchester led, 7-0.

In the next quarter, Hoelzer passed to Walz in the end zone for a touchdown, the play covering 22 yards. They tried to run the extra point but were stopped. That was all of the scoring in the first half.

In the third quarter, Covell of Clinton drove over the line for Clinton's second touchdown. He ran the extra point successfully.

In the fourth quarter, Hoelzer ran from about the 15-yard line for Clinton's third touchdown. They failed to run the extra point.

Again in the fourth quarter Clinton scored on a 22-yard run by Hoelzer. Carlton converted.

The final score was Clinton 26, Manchester 7.

\$3,144.30 Of \$4,000 Goal Reported In

Manchester Community Fund Drive is almost 24 percent short at the end of two weeks of concentrated effort on the part of 60 volunteer workers. \$3,144.30 has been reported to date.

Can't YOU help the fund reach the \$4,000 goal by Nov. 14th?

Call any of these people if you haven't been reached by a solicitor or if you can possibly reconsider and add to your gift.

Mrs. Joseph Schwab, 4842.
Mrs. Phillip Kern, 5572.
Rev. Carl H. A. Rest, 3861.

These people will see that a solicitor calls on you immediately.

As a citizen of the Manchester area do you realize that your gift to the fund is to be divided 44 different ways? If these 44 agencies came to you individually would you give them less than a dime apiece? A dollar gift doesn't go very far for Sister Kenny polio fund, USO, American Cancer Society, Salvation Army, Crippled Children, Travelers Aid, and the many local and other national groups that receive it.

If you are one who thinks the money spent locally isn't well spent it's time you considered the headlines of neighboring town youth a little more seriously.

There is a thermometer on Main Street showing the progress of the Drive. Watch it and help to make it reach the top. Funds collected to date are

Celebrated 50th Anniversary Nov. 6

Mr. and Mrs. Henry Steina-way were honored Sunday at a family dinner at their home at 410 Wolverine Street here. Mr. and Mrs. Steina-way marked their 50th wedding anniversary on Tuesday, Nov. 6.

The Steina-ways were married Nov. 6, 1901, at the home of Mrs. Steina-way's parents, Mr. and Mrs. Lambert Uphaus in Sharon township.

Mr. Steina-way, a retired farmer, was born Sept. 28, 1871 in Sharon township, the son of Henry and Elizabeth Steina-way. His wife, the former Flora Uphaus, was born April 7, 1877, also in Sharon township.

Before moving to Manchester in 1941 they lived at 6940 Esch Road where their son, Harold, now makes his home.

Both are members of the Evangelical United Brethren Church at Rowes Corners. In addition to their son, Harold, (Continued on page 8)

Mrs. Davidter Had Accepted Position In 1929

Last Sunday Mrs. Royal Davidter was not in her accustomed place at the organ of the Emanuel Evangelical and Reformed Church here for she has handed in her resignation as church organist and choral director.

Back in September of 1929 Mrs. Davidter accepted the position which she has held for the past 22 years. Most of this time she served during the pastorate of Rev. H. S. Rague who came here in June of 1929. He resigned in January of this year.

The choir has doubled in the years that Mrs. Davidter has been its director. When she began her work there were ten girls and now twenty mixed voices make up this group. During this time choir practice has been held every Monday evening. In the 22 years Mrs. Davidter has had only one short leave of absence.

She attended the University School of Music in Ann Arbor and studied organ under the direction of Dudley Vernon while he was organist and choral director at the First Methodist Church of Jackson. At the present time he is organist and director at the Metropolitan Methodist Church in Detroit.

Being an organist and director is no small item and requires many hours of study and practice for cantatas and special performances. She has supervised many although she doesn't remember the exact number.

Sharon Church Will Celebrate Jubilee on 11th

Plans are now complete for the Diamond Jubilee of the Sharon Evangelical and United Brethren Church and a banquet will be held Friday evening, Nov. 9, at the church hall. Rev. Clyde C. Gibson of Detroit, former superintendent, will be the guest speaker.

Sunday, Nov. 11, is the Anniversary Day, at which time Dr. E. D. Riebel, instructor in the Evangelical Theological Seminary, Naperville, Illinois, will be guest preacher. In the afternoon a special service is planned for 2 p.m. at which time an historical pageant will be presented, depicting the building of the church and early activities. This will include a Forum of Reminiscence.

The first recorded meeting of the church dated March 22, 1874,

when the Rev. Edwin Weiss, then minister at the Freedom township church, met with and organized a class of 15 members. The group held their meetings in the Dresselhouse school two miles east of the present church. Two available sites were considered when it was decided to build a church. One at Rowes Corners, and another on the farm of Henry Uphaus, just one and one-half miles east. At a meeting on January 25, 1876, the group decided to build at Rowes Corners with William Schulte, Henry Huesman and Henry Uphaus appointed to a building committee.

At a meeting Feb. 8, the size style and type of building was planned and very soon bricklayers

M. H. S. STUDENTS ATTEND CITIZENSHIP CONFERENCE

By Nancy Budnik

A group from the Student Council attended the Seventh Annual Citizenship Conference at the Rackham Building, Ann Arbor, Wednesday, October 31. The morning program had many highlights of interest such as meeting Harlan S. Hatcher, president of the University of Michigan, and Honorable G. Mennen Williams, Governor of Michigan.

The afternoon was taken up with discussion groups from different schools. These groups discussed topics of interest to student council members and advisers.

There were 1,500 students and advisers at the conference. The Manchester Student Council was represented by Mary Ellen Schwab, Joe Kirk, Nancy Heimendinger, Joyce Hughes and their adviser, D. C. Weed.

KINDERGARTEN NEWS

By Arlene Fuller

Leila Weir was our last October birthday child. Her mother treated with birthday cake and treats for all.

Mrs. Gauss and Mrs. Binkowski made Halloween treats for Lucas Craft in the morning group and Joyce Binkowski in the afternoon group.

We won many prizes at our party. Those who won jack-o-lantern prizes were Nina Strang and Sandra Leddy, first; Kathy Mann and Bonnie Heckaman, second; Larry Schaffer and Ray Wurster, third; Tommy Uphaus and Maureen Kirk, fourth; Carl Miller and Linda Goodell, fifth; and Janice Buss, sixth.

We will buy a doll and truck with our Halloween prize money.

Sharon MacLeod is recovering from an operation at her home. We sent her a card today.

Jon Leeke has gone to Auburn, Indiana, so we are "thirty-nine" now.

Mrs. Kamp and Janet were visitors to our room, too.

We had \$13.75 in our Red Feather Fund this week.

FIRST GRADE NEWS

We saw the movie "What Makes Us Grow" and learned how important good food is.

Bruce Eames had a birthday Tuesday. Mrs. Eames and Brenda treated us to Dixie cups, cupcakes and candy. We thank them very much.

Our room mother, Mrs. MacLeod, and Mrs. Miller entertained us with a lovely Halloween party Wednesday afternoon. We played games and were served a luncheon in hobo sacks which were fastened to a stick to carry over the shoulder. We thank them very much.

SECOND AND THIRD GRADE NEWS

By Arlene Fuller

The second and third grades saw the movie "What Makes It Rain?" Wednesday a. m.

Mrs. Eugene Bentschneider is the third mother to visit the second and third grade room this year. The children and teacher enjoyed her visit very much and are looking forward to more visits from you mothers. The daas are very welcome, also.

Mrs. Short, the room mother, gave the room a happy Halloween party with games, prizes and refreshments Wednesday, October 31.

FOURTH GRADE NEWS

By Arlene Fuller

The boys and girls in the fourth grade had a Halloween party Wednesday afternoon. Their room mother, Mrs. Pippinger, and her helper, Mrs. Knickerbocker, brought cupcakes, pop and candy. In the evening, along with the fun of being part of the parade, they were pleased to get their prize. Christie Allan also took an individual prize.

The reading lessons for a few weeks are about "Boys and Girls of Early Days," "Grandfather's Schooldays" and "The Adventures of the Woolawns" and are very interesting. Miss Ackerson is reading "Caddie Woodlawn" by Carol Brink.

AND SO THE STORY GREW!

By Arlene Fuller

Hermine: "You can't believe everything you hear, Susan."

Susan: "Well, I don't. I simply repeat it."

Have you ever stopped to think about gossip? How it can hurt a person? Yourself, perhaps? A rumor that slipped can grow into a fantastic story. Believe it or not, some people actually believe anything and everything they hear. Some people may not repeat the stories. Yet other people repeat their own twisted version of the story. Harmless little stories can grow into savage things that destroy a persons pride.

Just take this as an example! Perhaps you have listened to Art Linkletter's program. You have possibly heard him tell a simple little story to one person. Then in turn this person tells it to another person. By the time the story reaches about the fourth person you wouldn't recognize the original. Just think, if people can mix up a harmless story like that what would they do to a real incident?

It's the same in school, or any place for that matter. At the time, perhaps, you don't think a story would hurt anyone and probably it wouldn't if it were told exactly right. But after it has been told over and over the "tale" changes in meaning! Now it is a weapon being used against an innocent person!

So be careful when you tell or repeat anything you've heard. Make sure you have all the "true" facts. Don't tell any thing for "fun"! So be very careful! The person GOSSIP hurts may be you!

Life Into Art

Rubens' second wife, Helena Fourment, and one of their children, were probably models for the lovely painting of "Venus and Adonis".

On easy terms as painter and diplomat with Europe's rulers, Rubens painted such historical portraits as "Archduke Ferdinand".

Even his religious scenes, such as "The Ildelfonso Altarpiece", seem to have a pagan joyousness and made use of contemporary beauties and the artist's own children for models.

"Talks Turkey" - Long Distance

Some people chuckled when Sonny Fisher rented a home recording machine to record the noise his flock of turkeys make.

"I sent the recording to a buyer for a super-market chain," Sonny said. "I told them 'My turkeys speak for themselves—listen to this record!' They not only took my birds, but bought the record!"

"Why did they want the record?" I asked him. "Very simple," he says. "They're going to play it over the loud speakers in their stores—and then an announcer on another record reminds the customers that turkeys are plentiful and a good buy."

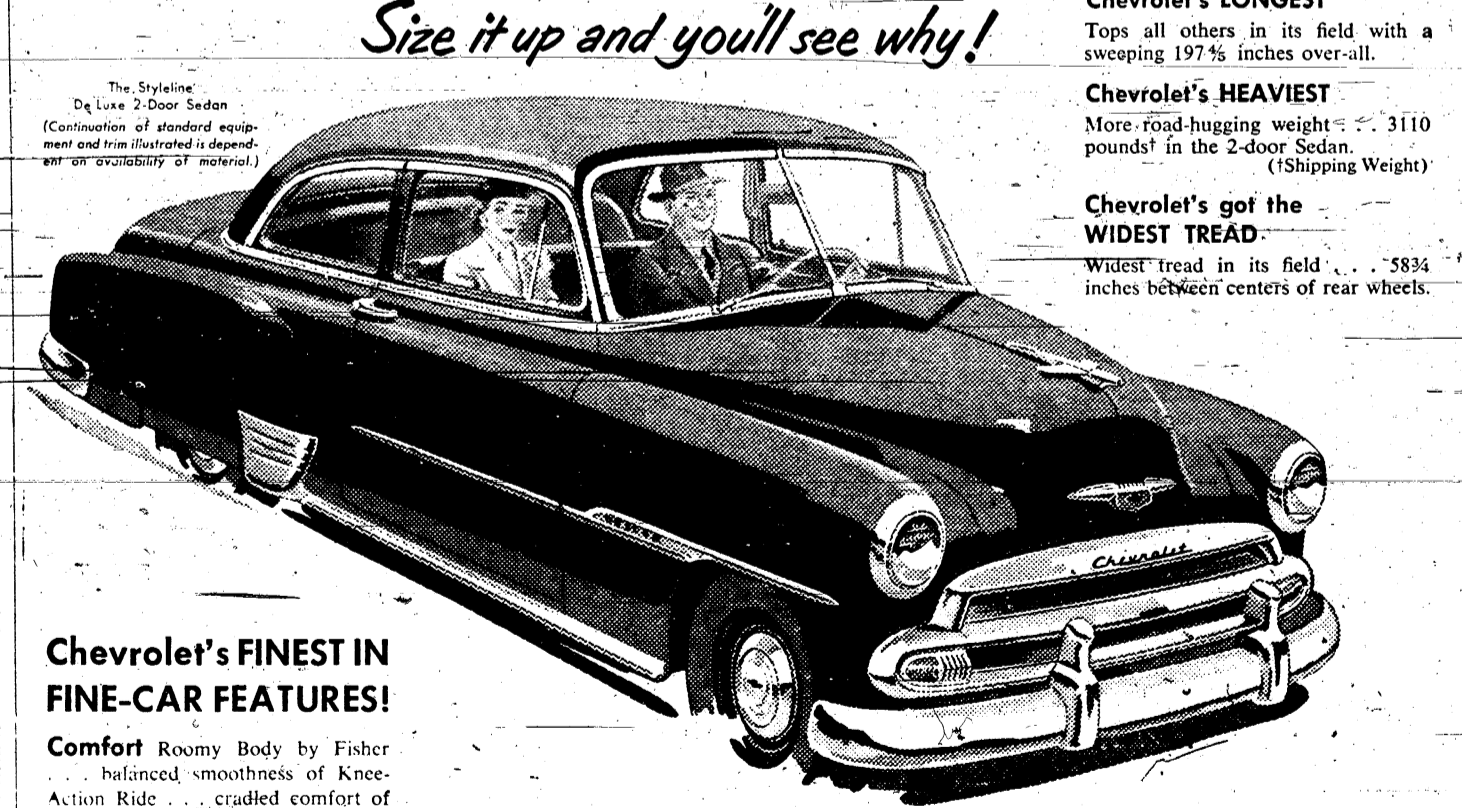

From where I sit, it's not always smart to make fun of someone just because he does things a little differently. I think a glass of beer is the most refreshing beverage there is. You—or Sonny—may prefer something else. But who's to decide one's right and the other's wrong? Let's stay "on record" that everyone's entitled to his own tastes and opinion.

Around the County With the 4-H

By Frank Gendron

As we turn to the month of November, the month of organizing our 4-H Clubs, I wonder how near we'll approach our goal of a 600 membership enrollment. As of October 31, 1951, we had ten clubs organized with a total of 39 girls and 21 boys or 60 4-H members, one-tenth of our goal. On our bulletin board in our office we have a map of the county indicating the location of the 4-H Clubs, as they organize and a thermometer registering the total enrollment. It is interesting to note where new clubs could be organized. Why don't you stop in and see our bulletin board. I'm sure you will find it of interest.

Is your club doing its part to help reach this goal? Let us not rest upon our oars and let the other fellow do it, remember it takes all of us cooperating together to have a successful program.

There's an old saying that if you want something done ask a busy man to do it, not the man who has plenty of time on his hands. The busy man will get the job done in less time than it takes the idle man to give you excuses about why he can't do the job.

I know that you are all busy with the many events in the county, but won't you try to help us reach our goal. If each club increased their enrollment by one or two new members, we will reach our goal.

Oreohids and congratulations to the "Wonder Workers" of Superior Township for the successful square dance held on October 27. To the Webster Community Club for a very successful Achievement program on Monday, October 29.

Our thanks to our many leaders and guests who attended the Leaders Recognition Banquet. We hope we can make this an annual event to honor the many of you for your outstanding work with

4-H youth.

This week is National 4-H Achievement Week. Are you helping to make this a success? We will be looking forward to seeing the posters and window displays by your clubs. Credit will be given toward the club trophy to all clubs putting up such displays.

The Cherry Pie Baking Contest will again be held this year. If you are interested in entering this contest please send in your name before November 31. You must be 15 years old or over to enter this contest.

Attention all electrical and plastics leaders! There will again be a special meeting for all leaders of electrical and plastic clubs. The meeting will be held in the conference room of the Detroit Edison Building, located on Main and Williams in Ann Arbor, at 7:30 on Wednesday, November 14. New ideas and information on electrical projects will be given.

Ray Lamb, 4-H Club agent in will discuss the plastic project and exhibit articles that members will be able to make. I encourage all of you to attend and especially anyone inter-

ested in starting an electrical or plastic club.

Coming together is a beginning. Keeping together is a progress. Working together is a success.

Deer Hunters May Register for Messages

As in past years the Michigan State Police and the State Department of Conservation will cooperate during the 1951 deer hunting season in making a free registration service available to hunters who desire to be reached in camp if an emergency occurs.

Under the plan, a hunter registers at the State Police Post or Conservation headquarters nearest his camp. Before leaving home he should inform his family or office of the station at which he is registering.

In the event of an emergency those at home need only notify their nearest State Police post or Conservation headquarters and the message will be radioed to the specified registration station. Either a State Police or Conservation officer will then deliver the message to the hunter.

The plan also facilitates transmitting messages home if hunters are involved in accidents or reported lost.

Only messages of an emergency nature will be handled. The service is not offered where regular communication facilities are available and can be used without delay.

All State Police posts and Conservation headquarters have supplies of registration cards. The cards also will be available on State Ferries and can be handed to State Police officers stationed at the docks.

In filling out the cards hunters are urged to make sure they give accurate locations of their hunting camps and if necessary diagrams should be drawn. Each member of a hunting party should register.

MICHIGAN MIRROR

More and more hunters are getting the bum's rush in the rural areas of Michigan. The cause: "Sears and Roebuck hunters." According to farmers, the city-guided nimrods show too little regard for property, climbing fences between posts—and even cutting the wire to let the dogs through. They leave the gates open, shoot at anything that moves, from the barn cat to the tractor and then leave with the air that they have been only exercising their God-given rights as lovers of "the great outdoors."

Eight out of 10 rural residents admit they will let hunters on their land if the hunters will only stop at the house and ask. This procedure long has been preached by the conservation department.

But, says one farmer, "They sneak on my property, start two fires in two years and then give me hell because the hunting is no good. Nuts to 'em."

The "big city" hunter is blamed the most—a natural thing—most hunters in the smaller areas know the farmers whose land they are hunting.

mountains and that the automobile industry won't be far behind. Encouragement for the passage of the seaway bill has been received from congressmen.

The cold war is costing us twice as much per soldier as World War II. The reason: Inflation and the fantastic new weapons—which have just as fantastic price tags. Cost per man is \$17,060 for a year. World War II cost, \$7,531 per man.

The new state ferry for the Straits of Mackinac will not be finished in time for deer season. Original plan to put the \$5,000,000 "Vacationland" into operation by Nov. 15 is stymied by shortage of material and skilled labor.

Michigan is expected to contribute \$1,500,000 to the 1952 March of Dimes, \$600,000 more than this year. In the '51 drive Michigan raised \$903,000—National Foundation for Infantile Paralysis advanced nearly \$800,000 to the state for polio care when county shares of local contributions were exhausted.

Nearly \$20,000,000 was divided up among Michigan cities, townships, villages and schools as the first slice of tax diversion money of the current year. The municipalities' allocation is based on a rate of \$1.57 per capita and the schools on the basis of \$6.69 per census child.

In the fiscal year ending last June 30, Washington shelled out \$90,478,420 to Michigan residents. Veterans readjustment and vocational rehabilitation accounted for most of the money—\$77,574,097. Other returns: agriculture department's soil conservation program, \$7,362,175 and new cars for disabled war veterans, \$69,784.

These amounts don't include other federal programs—research, airport expansion and building, highway development, railroads, shipping mines, postal rates and many more too numerous to list.

Says Rep. Gerald R. Ford, Jr. (R-Mich): The U. S. Department of Agriculture has become a political organization "bogged down with bureaucracy" and seeking to control farmers. He told the Kent county Farm Bureau that "the USDA now spends \$30 for every \$1 it spent 20 years ago... might better spend more money in the field and less at the top."

Arms orders continue to pour in on the auto industry but peak output is still many months away. Orders total something in excess of \$6,000,000,000.

The Midwest will become a "depressed area" unless the St. Lawrence seaway is built, according to Lt. Gen. Lewis A. Pick, chief of army engineers. He echoed the argument long voiced by Michigan that the steel industry is moving east of the Appalachian

To The Editor

October 19, 1951

Dear Friend,

Because of the adjournment of the Congress and the fact that I will be out of the country until Dec. 5 on a military supply investigation with the Bonner Subcommittee on Expenditures in the Executive Departments, I am discontinuing my weekly news reports to the citizens of the Second District of Michigan until the opening of the 2nd Session of the 82nd Congress next January.

I hope that the 40 weekly reports which I have made since the beginning of the 1st Session of the 82nd Congress last January have served a useful purpose. I sought to keep the citizens of the Second District advised of my views and my activities in Congress and have encouraged my constituents to express their views to me.

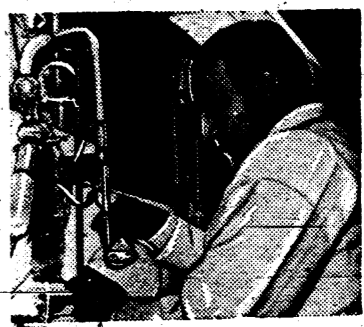

Sincerely,
George Meader.

Clean Game Boards

Do sticky finger marks on game boards and wooden toys used by children cause you trouble? Clean, dry and then apply a thin coat of two of fresh smelt. Then a quick sweep with a damp cloth will clean the board or toy.

STRANGE AS IT SEEMS, a beneficial drug has come from one of man's worst enemies, a disease-producing streptococcus. Mr. Frank Alford, shown at work in Lederle Laboratories, spearheaded the work which harnessed the man-killing germ to produce Varidase, streptococcal-nase-streptodornase. If you choke on this name, it's an enzyme product which is helpful in treating deep chest infections, blood clots and gangrene, among other things.

Feathered Weathermen

A number of birds, including the owl and cuckoo, are very sensitive to changes in the weather and often begin calling when the sky begins to be overcast. Though they are responsive to such changes, and may notice them even before a human, this should not be regarded as an ability to prognosticate the weather.

Sen. Blair-Moody, a veteran of TV's "Meet the Press" program, will face Michigan's top newsmen over the discussion table Dec. 6, at the "Meet the Senator" program sponsored by the Central Michigan Chapter of Sigma Delta Chi, professional journalism fraternity. The panel discussion and dinner, scheduled for Kellogg Center at Michigan State College, East Lansing, is expected to attract more than 150 newsmen, editors and interested persons.

On the panel: Guy Jenkins, chief, Booth Newspapers bureau at the Capitol; Jack I. Green, Associated Press; Douglas Graham, United Press, and Hub George, Detroit Free Press. Moody's comment: "I hope they don't knock me out of the ring."

NOW 24-POINT INSPECTION

of your ALL-CROP Harvester

Just phone us or stop in and register for our ALL-CROP Harvester checkup. We will send a competent mechanic to your farm and make the 24-point inspection there.

There's no obligation. If your Harvester is in good condition, we will tell you so. If it needs repairs, we will tell you what it needs and estimate the cost.

It's a good idea to know the condition of your equipment. It costs no more — and often less — to have repairs made ahead of time.

GIVE ANY DESSERT A PARTY FLAVOR; TOP IT WITH FROZEN WHIPPED CREAM

General Electric Consumers Institute

Whipped cream makes any dessert seem special. But usually it means extra last-minute rushing to whip it up just before serving-time.

When whipped cream mounds are frozen, remove mounds from wax paper and place in moisture-vaporproof material in convenient numbers for serving.

Place 1 cup heavy cream in small mixer bowl. With 2 front beaters, beat at a high speed (Speed 12) until almost stiff.

To thaw whipped cream, remove from wrapping and leave at room temperature on counter, or on warm or cool cake or pudding.

Under the statute, a total of 92,970 valid signatures are necessary to permit the Board of Canvassers to order the issue voted on in November.

Since the petitions carried upwards of 150,000 signatures this means approximately 44 percent of the signatures could be invalid and the election could still be ordered.

However, after a spot check of 10 percent of the signatures, conducted in 12 Michigan cities, showed an average of 37.5 percent of the signatures were invalid.

I considered the issue much too close for guess work and recommended that a complete check was very much in order.

The people of Michigan should be very much concerned with the results of this check, for many of the errors uncovered reflect a tendency that is somewhat general throughout the country.

Other outstanding errors were instances in which circulators swore by affidavit they were qualified to circulate the petitions when they were not qualified electors under the present statutes.

The signatures of some of the signers were indistinguishable and had to be discounted, while others signed the petitions twice.

Most common of the errors were the many cases in which signers swore they were registered voters in a given district, whereas they actually lived and were registered elsewhere.

Initiative and referendum are constitutional privileges of the people. Yet, I believe that if we hope to protect our privileges we must exercise reasonable care and caution in exercising them.

One of the features of the new Country Store under construction in Renfro Valley, Kentucky, will be a large jar of jelly beans plainly in sight for all children to sample. John Lair, proprietor of the store from which CBS's "Renfro Valley Country Store" will be broadcast, explains that the reason for the jar is a sentimental one. Indeed: Seems that when John was a youngster he got his first taste of "store-bought" candy at Uncle Billy Poynter's old store in Mount Vernon, Kentucky. He fondly remembers that Uncle Billy had a soft spot for barefooted little country boys who hopefully eyed the contents of his candy counter. . . . which, incidentally, will be transplanted intact to the new Country Store. He never failed to give a child a "free sample" whenever obvious lack of funds made it necessary. And so John will see to it that all the little girls and boys who enter the new Renfro Valley Country Store can enjoy the same treat that endeared Uncle Billy Poynter to his young "customers" fifty years ago.

The sympathetic listener wrote in to commiserate with Chichi on her illness—but wound up saying anyway "you have one thing to be glad for—you had sense enough to turn down that Barry Markham when he proposed!"

AIR-DENDA: A brand new feature of The American Magazine, to be devoted to discussing the best in family entertainment, was launched with a special mention of CBS-TV's "Mama."

Since the lower peninsula on pheasants, ruffed grouse, fox and gray squirrels, and woodcock closed last Monday, November 5, the conservation department reminds hunters that shooting continues throughout the state on ducks, geese, rabbits and woodchucks. Sharpshooting and prairie chicken, legal only in Crawford, Kankakee, Missaukee and Roscommon counties, and on Beaver Island, also finished last Monday.

Waterfowl shooting does not close until November 25. Both cottontails and snowshoes can be hunted through December 31 in the southern lower peninsula. Woodchuck hunting is the same as for rabbits except for no closed season above the Straits.

The Conservation Department reminds hunters to get their deer licenses early. Sudden runs on upstate license supplies by last minute purchasers have exhausted dealer's normal stocks in previous seasons. Each year a good number of deer hunters change their purchasing location causing an oversupply in some areas and shortages in others. The department again stresses that sport hunting and fishing licenses are no longer sold at its regional and district offices.

Clean Game Boards
Do sticky finger marks on game boards and wooden toys used by children cause you trouble? Clean, dry and then apply a thin coat or two of fresh shellac. Then a quick sweep with a damp cloth will clean the board or toy.

Hunting News

A generation ago, electrical appliances for the home were practically non-existent; today more than 90 such work-savers are available. Tomorrow—how many?

And every one of them needs proper and adequate wiring for satisfactory service, says the General Electric Consumers Institute. Three of them—the clothes dryer, the electric range and the electric water heater—need 230 volt, three-wire systems, and because many houses, especially those built many years ago, are equipped with only two-wire service, it's a good idea to check with a utility company if you plan to install a range, a dryer or a water heater.

You can get three-wire service—but you have to ask for it. (Most new houses include three-wire service in their original plans, to meet the needs of modern electrical living.)

Plan for Enough Circuits
When you're planning a new home, providing enough circuits to meet any present or future requirements is simple—and inexpensive. But to re-wire a

house once it is completed is difficult—and expensive. So it's a much better idea to do the job right the first time.

Have You Enough Outlets?
Needless to say, all the circuits in the world won't help if there aren't enough convenience outlets to make use of the electric power the circuits supply.

The FHA regulations for home-building and the National Electrical Code specify one convenience outlet to every 20 feet of perimeter. That means at least one in every wall; if the wall is broken by a doorway, you'll need two on that side to avoid the danger of long unsightly extension wires across or up-and-over the doorway.

The importance of having enough outlets is particularly obvious in the kitchen, where most electrical appliances are centered. In that room, outlets spaced over work surfaces, about five feet apart, will give you enough places to plug in toasters, waffle irons, roasters, sandwich grills and other equipment without resorting to three-way plugs (and probably a blown fuse).

The SNAPSHOT GUILD

In this shot the sunlight is coming from behind the girl. Her face is shadowed, but with flash on the camera, her boy friend can make a shot that has all the charm of the backlighting, but yet shows her face to good advantage.

Using Flash in Daylight

THE young man using a flash attachment on his camera in broad daylight, isn't trying to offer competition to the sun—he's merely trying to throw a little light on his subject in spots the sun doesn't reach.

The reason for using flash outdoors in daytime is to brighten the shadow areas when picturing people. Suppose, for example, you're shooting a girl wearing a wide-brimmed hat; flash will help you, for it will brighten the area normally shaded by the hat brim. Similarly, it may be of use when you are picturing a baby in his carriage. The light from the bulb will reach in under the carriage top.

However, there are two quite important things to remember in making shots of this sort. You must work at fairly close range, say six to ten feet, since the light of a flash bulb will not be effective over a longer distance. The second

Pretty, isn't it? But the successful performance of all these electrical aids to modern living depends on the wiring system you choose for your home. Be sure you have an adequate one.

Never A Dull Moment On "FHY"

It can't be dull on CBS-TV's daytime drama, "The First Hundred Years." The adventures of Chris and Connie Thayer (played by Jimmy Lydon and Olive Stacey) and their lively parents range all the way from brushes with the underworld to the elder Thayer's nomination for Mayor—and nothing's ever simple! And roundabout these high spots of adventure, the young Chris Thayers cope with the sometimes tender, always engrossing problems of newlyweds.

As Told to Betty Blake

Though **FRANKIE THOMAS** (who plays the title role in "Tom Corbett, Space Cadet," 24th century science fiction adventure story over ABC-TV) is not a Bostonian by birth, he favors New England food. And one of his favorite menus is the popular **Bran Bread-Baked Bean supper**. "But," says Frankie, "to suit my taste the bread must be home-made and served warm and moist the way my mother does it." Here is her recipe:

MOLASSES BRAN BROWN BREAD

| | |
|------------------------------|------------------------------------|
| 1 cup ready-to-eat bran | 1 egg |
| 1/2 cup seedless raisins | 1 cup sifted flour |
| 2 tablespoons shortening | 1 teaspoon baking soda |
| 1/2 cup New Orleans molasses | 1/2 teaspoon salt |
| 3/4 cup hot water | 1/2 teaspoon cinnamon (if desired) |

Measure bran, raisins, shortening and molasses into mixing bowl. Add hot water, stirring until shortening is melted. Add egg and beat well. Sift together flour, soda, salt, and cinnamon; add to bran mixture. Stir only until combined. Fill 2 greased cans (baked bean cans, 4 1/2 inches deep, 2 1/2 inches across) about 3/4 full, or spread in greased loaf pan (9 1/2 x 4 1/2 inches). Bake in moderate oven (350° F.) about 45 minutes for canned bread or about 35 minutes for loaf bread. Remove from cans or pan, slice and serve hot.

Yield: 2 loaves, 4 1/2 x 2 1/2 inches, or 1 loaf, 9 1/2 x 4 1/2 inches.

Be Alert For The Careless Pedestrian

Will YOU be the nation's millionth traffic victim? Chief Charles Schebor today asked that question of every citizen of this city.

"This month or sometime next month," he said, "motor vehicle traffic will claim its millionth victim. It could be somebody here in Manchester. It could be you, or a member of your family. Or if you are not a traffic casualty, you as a driver could cause that millionth death."

"It's not a pleasant thought. But it's one way of saying—drive carefully, observe the traffic laws, and, on these dark days, walk with extra care."

Chief Schebor issued the forceful reminder as part of the continuing effort to save lives and prevent injury and loss by traffic accidents in Manchester. Special emphasis this month is being placed on pedestrian safety, the November state-wide emphasis program sponsored by the State Safety Commission.

"When motor vehicle fatalities pass the million mark," said Chief Schebor, "it will mean this country has had almost twice as many people killed in traffic as in all nine of the wars we have fought. It means an average of 20,000 traffic deaths a year for 50 years. That is a terrible price to pay for the convenience of the automobile, and it will be even more terrible to you if one of these deaths or

some lasting injury happens to a member of your family." The all-time high traffic toll came in 1941, when almost 40,000 persons were killed in motor vehicle accidents.

"There have been fewer traffic deaths in the post-war years," said Chief Schebor, "and credit must be given to the widespread efforts to save lives. All of us working together, every driver and pedestrian, as well as thousands of individuals and organizations, can hold down the toll."

This is the danger month for the pedestrian. He is hard to see and he doesn't know it. Nearly 8,000 pedestrians were injured and more than 400 killed in Michigan last year. Almost twice as many were killed in November as in the summer months.

Last year there were 35,000 traffic deaths, and so far in 1951 the toll is increasing as more cars and more drivers cover more miles than ever before.

"That millionth death probably will happen in December, but it can be postponed if we all drive and walk with extra care."

"Don't YOU be that one in a million!"

Red Lines Up The Laughs

When famous comedian Red Skelton, who has just made his debut on television with the NBC-TV "Red Skelton Show," gets a laugh—it is no happenstance. . . . A painstaking craftsman, Red has certain invariable methods for insuring a fresh and constantly flowing vein of humor. He notes funny motions, expressions, etc. that he has observed during the day — he keeps transcripts of casual conversations, he uses a tape recorder to record local accents — and he tries out his new routines on close friends before doing them for an audience. In fact, Red is a living definition of a "working genius!"

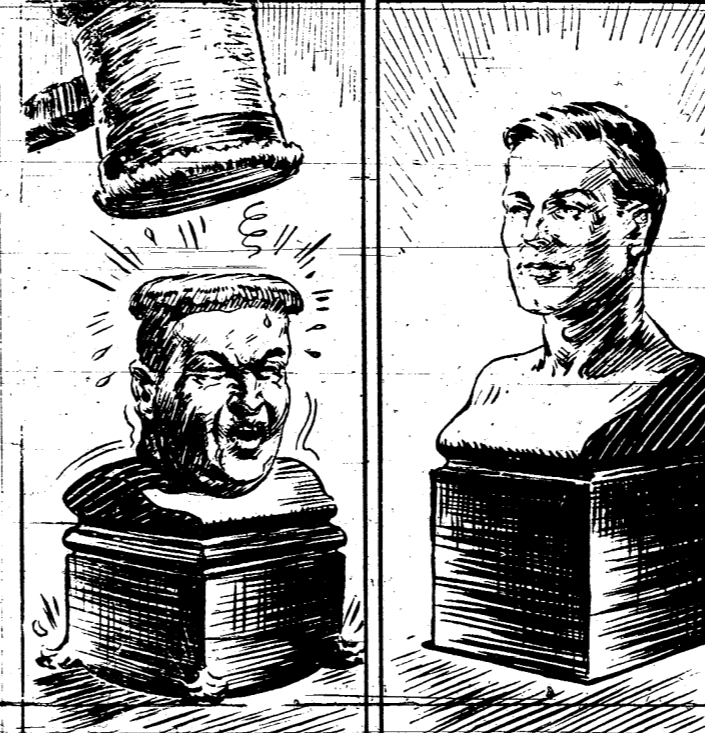

Yes—You're Seeing Red

All four of these gentlemen are one — the ebullient Red Skelton, whose Sunday night program, "The Red Skelton Show," is currently being viewed on the NBC channel. Red's amazingly mobile face allows him to do lightning fast changes in characterizations and is one of the secrets of the versatility for which his comedy is noted. He tries out a new comic role on family and friends before doing it for a real audience, usually has them convulsed with laughter in spite of their supposedly critical approach to his antics.

plasterers and carpenters were employed. Jacob Jhans was the bricklayer and Joe Kramer the carpenter. The young people raised money for the bell. The church was dedicated on Nov. 12, 1876, with Bishop Rudolph Dubs officiating. This was during the pastorate of Rev. A. Nicolai.

There have been 23 ministers at the church in the past 75 years. One young man of the congregation entered the ministry. Rev. A. D. Burch, now pastor of the Whiteford Evangelical United Brethren Church, and one woman.

Mrs. Lydia Koebbe Stantion, served the church as a missionary to China for a period of years. Some of the outstanding improvements include a balcony constructed in 1919, in 1928 Sunday school rooms were added, 1942 an Austin pipe organ was installed, 1946 a full basement with oil burning heating, and in 1949 the church was redecorated, involving new ceiling, replastering walls, indirect lighting and new carpeting.

The Rev. A. A. Weinert, is in the fourteenth year of his pastorate. Superintendent of the Sunday school for the past 28 years is Clyde Gieske grandson of one of the building committee, William Schulte. The administrative council appointed the anniversary committee to work with the pastor. On this committee are Miss Mildred Gieske, Mrs. Laurel Breitenwischer, Mrs. Vernon Dresselhouse, and Mrs. A. A. Weinert.

The ladies aid banquet committee include Mrs. Roland Kothe, Mrs. Clarence Vogeding, Mrs. Antoinette Feldkamp and Mrs. Fred Kennedy.

Longfellow once said, "Joy, temperance and repose slam the door on the doctor's nose." He didn't state that this repose should be on good resilient bedding, but it's true that only on the proper sleep foundation can complete, restful repose be obtained—the kind of repose that will make one healthier, happier and more efficient.

Both the bride and bridegroom were graduated from Roosevelt High School and attended Michigan State Normal College.

Grape Jelly—Everybody's Favorite!

by Frances Barton

Everyone loves grape jelly. It's a national favorite. And grape jelly is fun to make, too—the short-boil way. With powdered or bottled fruit pectin—jelly making is safe and sure. No more jelly failures. No more jelly that doesn't jell. That's because natural fruit pectin provides the proper balance between the sugar and fruit acid and insures perfect sweet spreads every time.

And remember—children love to help in the kitchen. Preparing fruit for jelly is fun for them. So let them pitch right in and help you with this initial step in jelly making. And another reminder—always select fully-ripe fruit for your jelly. No need to sacrifice precious flavor nowadays. Tested recipes with natural fruit pectin always recommend flavor rich fruit—fruit that has reached the peak of its ripeness. So start today and make rows and rows of sparkling grape spreads to be enjoyed all through the year.

GRAPE JELLY Yield: about 12 six-ounce glasses 5 cups juice 7 cups sugar 1 box powdered fruit pectin To prepare the juice. Stem about 3 1/2 pounds fully-ripe grapes, and crush thoroughly. (Concord grapes give best color and flavor.) Add 1 1/2 cups water; bring to a boil and simmer, covered, 10 minutes. Place in jelly cloth or bag and squeeze out juice. Measure 5 cups of juice into a large saucepan.

To make the jelly. Measure sugar and set aside. Add powdered fruit pectin to juice in saucepan and mix well. Place over high heat and stir until mixture comes to a hard-boil. At once stir in sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with turns from spoon, and pour quickly into metal spat, and pour quickly into glasses. Cover jelly at once with 1/2 inch hot paraffin.

GRAPE CONSERVE Yield: about 12 six-ounce glasses 4 cups prepared fruit 1 tablespoon grated lemon rind 1/2 cup lemon juice 7 cups sugar 1/2 pound seeded raisins 1 cup finely chopped nut meats 1/2 bottle fruit pectin To prepare the fruit. Strip skins from about 3 pounds fully-ripe grapes. Bring pulp to a boil and simmer, covered, 5 minutes. Sieve to remove seeds. Chop or grind skins and add to pulp. Measure 4 cups into a very large saucepan. (If wild grapes, Malagas, or other tight-skinned grapes are used, stem, crush, and simmer with 1/2 cup water 30 minutes. Sieve and measure.) Grate the rind from 2 medium-sized lemons. Measure 1 tablespoon into saucepan with grapes. Squeeze the juice from 2 lemons and add 1/2 cup to fruit.

To make the conserve. Add sugar, raisins, and nut meats to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in bottled fruit pectin. Then, stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover conserve at once with 1/2 inch hot paraffin.

State Buys Three Land Tracts In The Sharonville Area

The state conservation commission approved the purchase of three tracts of land in the Sharonville area for \$52,750 at their monthly meeting last Friday.

A 340-acre parcel belonging to the Stanley Porter estate was purchased for \$14,000. The James G. Pierce tract of 662 acres was purchased for \$31,000 and a 160-acre tract owned by Harry Barton was bought for \$7,750. The 1,162 acres are in Jackson and Washington counties.

The vote on the purchase was 3 to 1 with Comr. Joseph Rahilly of Newberry casting the dissenting vote. Comr. Lawrence Gotschall of Baldwin, Harold Glassen of Lansing and George Griffith of Grayling voted for the purchases. Commission Chairman Richard Fletcher of Bay City did not vote and Comrs. Donald McLouth of Detroit and Peter Calcaterra of Norway were absent.

The Jackson County Conservation league opposed the purchase of the land pointing out that the state owns considerable land which has not been improved and advocated improving the land the state now owns instead of purchasing additional tracts.

At present there are available these new publications: For the small fry: Papa Small books by Lois Lenski; Follow the Leader by Bryant; The Egg Tree by Milhous; and Danny and Danny, a tale of Dinosaurs. Juvenile readers books: Have a Penny by Haywood; The 69th Grandchild by Hunt; Too Many Turtles by Brock; Davids Trains by Wooley.

For the Juniors: American Adventure series Wild Bill Hickok, Chief Black Hawk, Fur Trappers of the North West and Squanto and the Pilgrims. Others books include Prairie School by Lois Lenski; Captain's Daughter by Elizabeth Coatsworth; Cedar's Boy and Trader Round the Horn by Stephen Meader; The Black Stallion's Fury by Walter Farley; Red of the Mountains by Jack O'Brien; The Freddy Books by Walter Brooks; Dark Sunshine by Dorothy Lyons. Under the title of Romance are: Miss America and Where the Heart Is by Janet Lambert; Black Spanish Mystery by Betty Cavanna; To Tell Your Love, Organically Cupcakes, and The Sea Gulls Woke Me, all by Mary Stolz.

For the adult readers the following books are now at the library: "This I Remember" by Anna Eleanor Roosevelt; I'm a Lucky Guy, Frank Galbreth; Renny's Daughter by DeLa Roche and Time to Remember by Lloyd Douglas.

Manchester Couple Wed in Church

Rev. Karl Rest officiated at a lovely double ring wedding ceremony in the Emanuel Church in Manchester Saturday evening at 7 o'clock when Mary Ellen Wright, daughter of Mr. and Mrs. Merle Wright, became the bride of Wayne R. Trolz, son of Mr. and Mrs. Ray Trolz, all of Manchester.

"I Love Thee," "Through The Years," and traditional wedding music was presented by Mrs. Royal Davidter at the organ with Mrs. Millard Wright of Kenton, Ohio, aunt of the bride, singing "Because" and "Calm as the Night."

The bride, given in marriage by her father, chose for her wedding a white skinner satin gown fashioned with lace yoke and high neckline with rhinestone trim. The bride's full train was edged with lace. Her tiara was trimmed with pearls and held her fingertip veil. She carried a white Bible topped with a white Amazon lily and a cascade of white roses engaged steppers.

Miss Joyce Wright, maid of honor for her sister, was gowned in a floor length creation of beige satin. The full skirt was of net pencil striped with satin and she carried an arm bouquet of yellow mums which matched her hair.

In lavender and green identical to the maid of honor were her bridesmaids, Mrs. James McAtear of Cincinnati, Ohio, and Mrs. Raymond Jacob, jr. Acting as his cousin's best man was Raymond Jacob, jr., Little Linda Jacob, daughter of Mr. and Mrs. Herbert Jacob, was flower girl, wearing white brocade organza over light blue, fashioned with a hoop skirt.

For her daughter's wedding Mrs. Wright chose a purple crepe dress with rhinestone trim and black accessories and a corsage of yellow roses.

Mrs. Trolz, the bridegroom's mother, wore navy blue with navy

necessaries and a corsage of red roses. The ushers were Duane Trolz, brother of the bridegroom, and Herbert Wright, brother of the bride.

A reception was held in the church hall for 200 guests following the ceremony. The table was centered with a three-tiered wedding cake which was served by Mrs. Frederick Wurster and Mrs. Herbert McKeever, assisted by Mrs. Milton Grossman and Mrs. James McKeever. Miss Mary Ann Hyde had charge of the guest book.

Leaving on a honeymoon in Florida the bride was attired in a brown gabardine suit with brown accessories. Pinned to her brown and white wool coat was the Amazon lily from her bridal bouquet.

Both the bride and bridegroom are graduates of Manchester high school and she is employed at the Manchester Country Market and Wayne is employed at the Manchester Ford plant.

The couple plan to live in their new home which is under construction just west of Manchester.

Out-of-town guests at the wedding were present from Kenton and Cincinnati, Ohio, Wyandotte, Detroit, Clinton, Grass Lake, Jackson, Monroe and Melvindale. Prior to the wedding, showers were given by Mrs. James McKeever, assisted by Mrs. Jean Dorr and Mrs. Paul Rest, and a rehearsal dinner was given by Mr. and Mrs. Raymond Jacob, sr., with Mrs. Herbert Jacob the co-hostess on Friday evening.

Carl Toburen's Granddaughter Married

YPSILANTI.—Carley Elehear Austin became the bride of James Edgar Ferguson, son of Mrs. K. V. Ferguson of Woods Rd. and the late Mr. Ferguson, in a 3 o'clock ceremony in St. Luke's Episcopal church.

Rev. Hugh C. White read the nuptial ceremony, which was followed by a reception in the formal lounge of Charles McKenny Hall.

The bride, daughter of Mr. and Mrs. Burley G. Austin of S. Grove St., wore an ivory satin gown and carried phloxenopsis, spray orchids and stephanotis. Medallions embroidered with seed pearls outlined the net yoke of the gown and the full skirt extended into a train. Her fingertip veil fell from a satin crown embroidered with pearl medallions.

Nancy Barenow of Ypsilanti was the honor maid, wearing a violet taffeta faille frock. The bridesmaids, Mary Ellen Tsikouris, Marian Evans, Ann Cleary, and Phyllis Gundrum, were gowned in American Beauty and rose-pink taffeta faille.

Mary Margaret Silkworth, as junior bridesmaid, was attired in a ballerina gown of violet taffeta faille. The attendants all carried bouquets of sweetheart roses, miniature orchids and English violets. In their hair they wore bands matching their gowns and trimmed with veiling.

Robert Ferguson attended his brother as best man. Guests were seated by George Menzi, William Sweet, Alfred Fagerstrom, and Paul Ungrodt, jr.

Mrs. Wilfred Graubner and Norma Welch of Detroit assisted at the wedding. Pouring were Mrs. Edward B. Sweet, Mrs. Harry Wismer, Mrs. Spencer Davis, Mrs. O. R. Yoder, Mrs. John E. Burnett, Mrs. Donald F. Comstock, Mrs. Lester Miller, and Mrs. Donald M. Silkworth.

When the couple left by plane for a week's honeymoon in New York City, the bride was attired in a gray tailored suit and topper with black accessories and a corsage taken from her bridal bouquet.

Both the bride and bridegroom were graduated from Roosevelt High School and attended Michigan State Normal College.

Mr. Ferguson is a second lieutenant in the Air Force, awaiting orders for assignment to an Air Force base.
