## County Federation Holds Meeting

The mid-winter meeting of the Washenaw County Federation met at the Michigan League in Ann Arbor on Monday, Mrs. Leona Steger of Chelsea, social welfare chairman of the Federation, presented George D. Hurrell, chairman of the Washenaw County Planning Commission. He said that Washenaw county is the first county in Michigan to adopt a planning commission. Schools are the major problem he said. In 1940 there were some 15,000 children in all the schools of the county. In 1951 there were 25,000 and in 1961 there will be about 31,000.

The planning commission plans the physical growth of the county—the most populated parts are taken care of first. New houses and other buildings are cleared through the Health Department, according to Mr. Hurrell.

Dr. Otto Engelke, director of the Washenaw County Health Department, was unable to be present. Mrs. Meredith Bixby of Saline, president of the Federation, called the meeting to order. Mrs. Walter Soyles of Ann Arbor, president of the Social Study Club of the YWCA, led the members in the salute to the flag.

Mrs. Aid of Ypsilanti, president of the Woman's Study Club and chairman of religious education of the Federation, gave the invocation. Those from Manchester who attended the meeting were Mrs. A. A. Snow, Mrs. Harry C. Sutton, Mrs. Thomas Walton of the Twentieth Century Club and Mrs. A. A. Weibert of the Shakespeare Club.

The 26th annual convention of the Federation will be held in Dexter on Monday, April 21, at 10 a. m. at the Methodist church with Mrs. Robert Lyndon of the Dexter Woman's Club as the general chairman of the convention.

## Community Fair To Be Held Again

Last week a letter to the editor was printed in The Enterprise. This letter, by the vice president of the Manchester Community Fair Board was written primarily to give you, the average citizen, some idea of the problems, questions and difficulties which confront the Manchester Fair Board. The main question—is there to be a community fair again next year or should it be given back to the school as their project—just as it was prior to 1946?

We didn't expect that an active interest in it and not feel that it is an imposition for you to be expected to be on hand. This can only be a community fair when the community takes part in it.

## Jerry McSafety Will Entertain Local Children

One again popular Jerry McSafety is back in town with his master, Wayne Fernilus, to entertain and instruct the children of Manchester school. The little policeman-ventriloquist is presented by Carl Schaeble's and Gage's and will appear at the school's showman to entertain the public after his school talk.

Jerry McSafety's illustrated lectures are practically a command performance with youngsters. He demonstrates with songs, stories and fascinating charts the practical, common-sense safety rules for children of every age.

He leaves a lasting impression in the minds of his youthful audience. Jerry McSafety and Wayne Fernilus have appeared at schools, lodges, churches and many other groups to dramatize the need for careful observance of approved safety rules.

He and his wonderful quick-witted brain child, complete with regulation police uniform, take your best year of preserves in February and we hope that whether you are planning to take your best year of preserves in February or not, you should have Jerry McSafety and Wayne Fernilus at your fair. You should have meeting.

### Exchanges Plan A Boy Scout Day

Thirty members of the Exchange Club and Scoutmaster Paul Kuyper as their guest met at the Emanuel church hall for the regular meeting. The plans for the football bust were discussed with the tentative date set for February 11. Luther Klager was named chairman.

Plans are underway for a Boy Scout guest day to be sometime in March. L. V. Kirk brought the Carr Park project before the group and asked for opinions and suggestions as to the possibilities of promoting its development. He stated that ideas are always welcome and asked the aid of the club in this project. Pres. of the Exchange, Walter Schaeble, appointed George Merrill as chairman of a committee to work with the village on this project.

### 365 Are Guests At Open House

About 365 attended the open house held Monday afternoon at the Emanuel—Evangelical church hall in recognition of Dresselhouse and Davider's fiftieth anniversary in business in Manchester. Fred Lehman, cashier of the Peoples Bank, was in charge of the program and gave a very descriptive account of Manchester as it was fifty years ago when on January 14, 1902, Ed Dresselhouse walked into Manchester to meet Otto Davider and open their new store.

Mr. Dresselhouse had previously taught school for four years at the Silver Lake school. Congratulations to Mr. Dresselhouse and his junior partner, Royal Davidier, were extended by Village President L. V. Kirk on behalf of the community.

Raynor Haussler, who has been in business 47 years, spoke on the life in the community at the time Dresselhouse and Davider started their implement and harness business. William Kramer did some reminiscing, too, when he told about the Cobble Hill speeder and "little fellas" who used to make up Manchester's ball teams.

Carl Wuertner was also on the program giving some of the public offices of Dresselhouse and Davider. Among the offices held by Mr. Dresselhouse was that of village president, president of the Chamber of Commerce and village councilman.

Both Mr. Dresselhouse and Mr. Davider thanked their guests for attending the open house. Out-of-town guests included Emory Johnson of Detroit, Mr. Giesse, also of Detroit, Mr. Nyberg of Jackson, George Lyke of Plymouth, Mr. Glover, John Deere representative from Lansing, Joe Zartman of New Idea, Inc. of Jackson, Claude Herd of Davison and Harry Walker of Toledo, with whom Dresselhouse and Davider have been doing business for the past forty-five years. Also present was Fred Kuhl who bought the first harness from the store fifty years ago. On behalf of the staff of Dresselhouse and Davider, Densel Fuller presented a gift to Mr. Dresselhouse. The business men of the town are presenting him with a self-winding gold watch and many beautiful baskets of flowers were presented both by the local business men and friends as well as the wholesale houses, who supply the store.

At the organizational meeting which followed, B. C. Root was named chairman of the board. James C. Hendley was re-elected president; Frank H. Tirb, vice president; Theo J. Kuhl, vice president; Dan J. Boutell, cashier; L. A. Marx, assistant cashier and Edward I. Kirk, assistant cashier. Lucille Johnston is bookkeeper and Joyce Wiggins and Ethel Fahy are the assistants.

The stockholders of the Peoples Bank held their annual bank meeting on Tuesday at 2 p. m. with the following directors elected: Charles Waltz, Walter Vogt, Anton Feldkamp, William Kramer, Lawrence Wurster, Stanton Roesch and Carl Wuertner.

The director's meeting followed and the following officers were elected: President, Charles Waltz; vice president, Carl F. Wuertner; vice president, W. W. Kramer; cashier, Fred Lehman; assistant cashier, William Harold Burch.

Mr. and Mrs. Maynard Bowers of Leslie spent the weekend with Mr. and Mrs. Ernest Raymond.

### Iron Creek Farm Bureau

The Iron Creek Farm Bureau met at the home of Mrs. Minat Troitz and Mr. and Mrs. Loren Troitz with an attendance of 39 adults and nine children. The meeting to order, after roll call William Tritz gave a report on the county board meeting and the budget which had been prepared.

Hazel Walker led the discussion on the topic of farm credit. There was also a discussion of the proposed new county building which will be voted on at the next meeting. The rest of the evening was spent playing cards after which sandwiches, cake and coffee were served. The February meeting will be held with Mr. and Mrs. Lawrence Kemner.

### Returns to States

Duane P. Ernst, seaman, USN, son of Mr. and Mrs. Paul Ernst of 220 Beaufort street, recently returned to Norfolk, Virginia, aboard the heavy cruiser USS Albany after three months of duty in the Mediterranean.

While in the Mediterranean the ship visited Athens, Greece; Istanbul, Turkey; Naples, Italy; Cannes, France, and many ports on the African continent.

Mr. Wood read a letter from R. C. Merithew, fair board president, who is vacationing in Oklahoma. Although Mr. Merithew had told the board last December that he was resigning as president effective January, 1952, no definite steps were taken until his formal resignation arrived a short time ago. At that time vice president of the board, D. C. Wood, appointed a nominating committee: Willard Marin, Densel Fuller and Clayton Parr. Their task of selecting suitable elites was handicapped by the lack of knowing whether or not Manchester wished to continue to have a community fair.

Densel Fuller, acting as chairman of the nominating committee, gave a very interesting discussion as to the varied opinions of many in Manchester's rural area concerning just how the fair should be handled. It would have been more effective if some of the persons had been present to express their views, but to be certain seemed to be that we give the community fair another whirl before handing it back to the school. Lack of efficient management in some fields apparently caused a few bottle-necks in last year's operation.

The motion was made and supported that Stanton Roesch act as a committee of one to contact the Manchester Exchange Club if that organization would consider working with the fair board, in view of the fact that the Exchange Club is Manchester's only working organization of business men.

Another meeting will be held in February and we hope that whether you are planning to take your best year of preserves in February or not, you should have Jerry McSafety and Wayne Fernilus at your fair. You should have meeting.

### Fire Department Has Two Calls

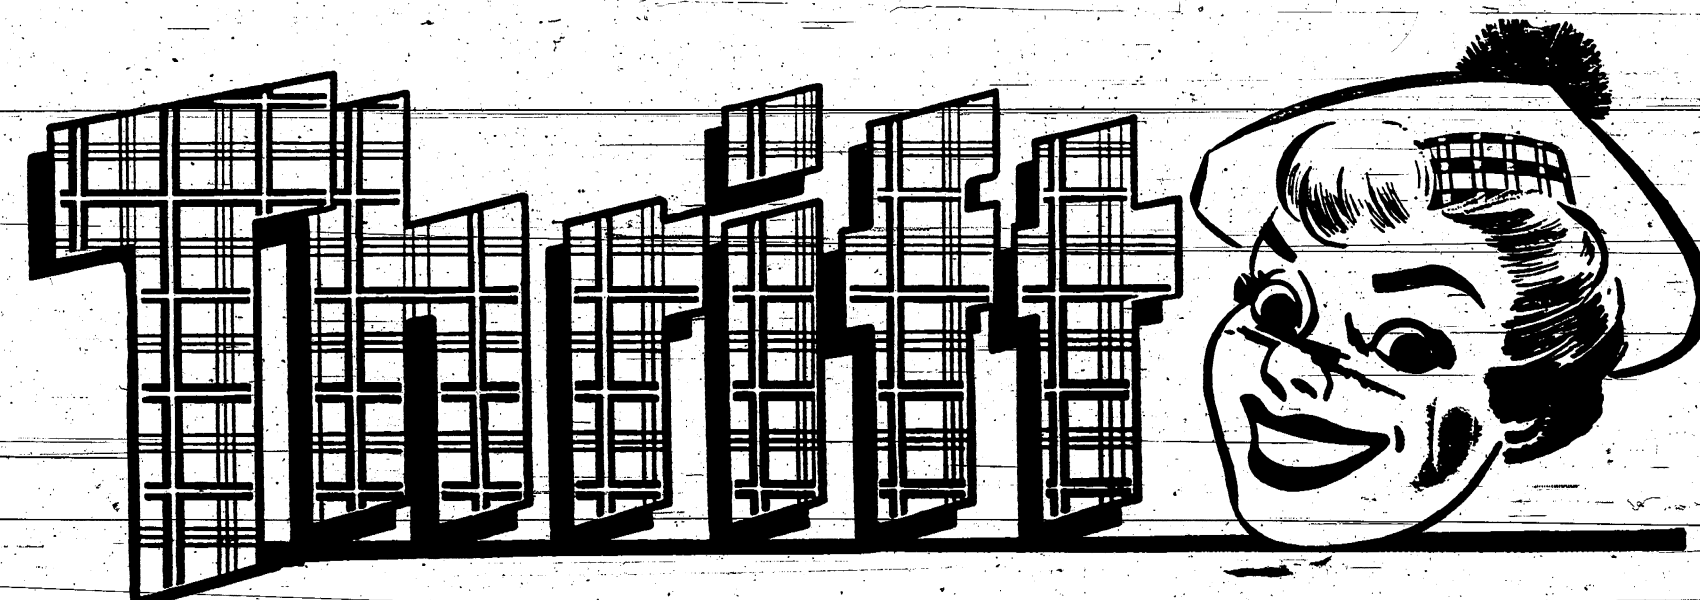

Manchester fire department was called out at 7:30 p. m. Thursday morning to the Clarence Widmayer home at 17500 Ahrens road. The fire was a chimney fire and was confined to that area.

The Manchester fire department was called out Tuesday to the home of Mr. and Mrs. Frank Carson of 5035 Happy Hollow road, when Mrs. Carson discovered the living room ablaze. The cause of the fire could not be immediately determined. The entire contents of the home burned except for the kitchen and one bedroom.

The Carsons have one son, 4, who was with his mother at the time of the fire, which was discovered about 8:45 a. m. The home is located about seven miles from Manchester at Pleasant Lake. Damage was estimated at about \$6,000.

Superintendent V. W. Downing has announced that because of the interest of some of the people in the community in the adult education program a general meeting will be held this spring. He also wishes to make clear that classes will include farm-ers if there are enough interested in this type of vocational education to warrant a class. This program along with those in other fields are set up thru the Department of Public Instruction. To date calls have been received at the school stating the desire of various persons to enter classes in vocal music, ceramics, typing, shorthand, book-keeping, sewing, knitting and art. All interested persons are asked to contact Supt. Downing and outline the type of work most interested in.

# MICHIGAN MIRROR

Here's a stopper for upstate voters: How would you like to have your legislature at Lansing controlled by four counties? It's not so far fetched as it sounds. Such would be possible legally under a reapportionment plan advocated by Michigan leaders of the American Federation of Labor and the Detroit C. I. O. In fact, petitions are to be circulated soon by the A. F. of L. asking that reapportionment of the legislature along lines of the 1950 census be initiated by Michigan voters next November. If voters approve, the bill would automatically go before legislators in 1953.

The Detroit-Flint metropolitan area has more than 51 percent of Michigan's present population. Therefore, under 100

percent reapportionment, four counties could dominate the rest of the state in legislative affairs. By concentrating efforts on the election of pro-labor candidates, labor unions could achieve their goals readily. It is the belief of several upstate legislators that four counties, even if they do have 50 percent of the state's population, cannot speak for ALL of Michigan. The argument is advanced by State Senator Creighton Coleman of Marshall that the legislature should act on a "fair" reapportionment plan in 1952 rather than let things drift further.

A resolution sponsored by Senator Coleman, would add two senators and freeze the senatorial districts. This would assure geographical representation whereby such cities as Ann Arbor, Saginaw, Grand Rapids,

Jackson, Battle Creek, Kalamazoo, Lansing and Flint could control the Senate.

The house of representatives would be enlarged approximately 10 percent along federal lines. Population consideration would predominate.

Senator Coleman comments: "Where you have a highly industrial, highly agricultural and highly recreational state such as Michigan, with one of the most varied economies of any state in the Union, a strictly population majority control does not seem to be a suitable control."

Coleman pays credit to Senators G. Elwood Bonine and Edward Hutchinson for work done on the compromise reapportionment plan.

The Marshall senator believes it will be unfortunate to simplify the issue of reapportionment by calling it an outstate-vs. Detroit fight, or an urban-rural contest.

He explains his viewpoint as follows:

"This question cannot be solved by appeals to emotion. Few issues before the legislature are purely city vs. farmer; few purely Detroit vs. outstate. If that were true, the rural interests would not survive the legislative process in Michigan today.

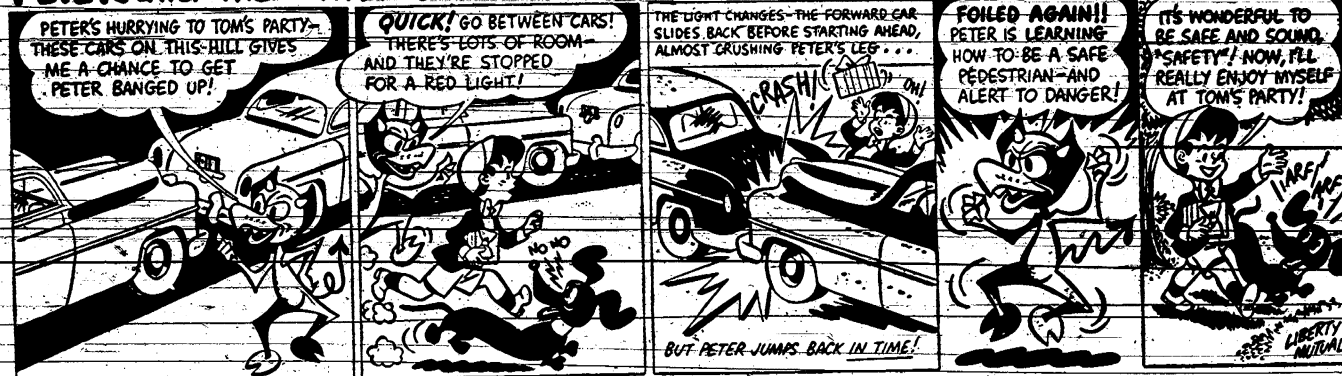

"No thinking person can claim the legislature of Michigan is now rural dominated. Actually, 16 of the 32 senatorial districts include population centers in excess of 50,000. A senator from such a district certainly cannot be said to represent purely rural areas or only rural interests and interests! I certainly can testify to that."

"The real issue and the one to which all citizens of Michigan should direct their attention is how best can reapportionment take place in Michigan so that all interests—fruit, fishing, trucking, railroad, city, town, ship, industry (large and small), the professions, tourists, mining—be given effective representation.

"Some of us believe it can best be achieved by a plan which requires balanced consideration of all groups of people, all the areas, all the interests of Michigan. We do not believe it will be achieved by any plan which permits one group or one area to dominate, control, and dictate to the entire state.

"To this let me add: Whether large urban centers like Detroit were not given proper representation in the past is not the issue now and should not be the consideration in designing

## Sunday Supper

By BETTY BARCLAY

Sunday supper in many American homes is a fairly light meal. Often it's served on trays, pick-up style, with the children gathered around the radio or television set for the family's favorite programs.

This is the time to be informal and to enjoy informal food. But remember that young folks are likely to be hungry after an active outdoor afternoon. So, since meat has been the double-feature of the day—both at breakfast and at dinner—why not serve a cereal dish at supper, incorporating an adequate meat substitute, such as cheese? The recipe suggestion below offers both these nutritional items; and other attractions, too—not the least of which are the quick-and-easy directions for preparation.

### Wheat Meal Supper Dish

1/4 teaspoon salt  
1 1/2 cups boiling water  
1/2 cup wheat meal  
1 cup grated American cheese  
Add salt to boiling water in saucepan. Add cereal gradually, stirring constantly. Bring again to a boil and cook 3 1/2 minutes; stirring constantly. Add cheese and mix well. Pour into 6x4x3-inch pan. Chill until firm. Cut into 1/2 inch slices. Dip slices in flour and saute in small amount of fat, turning to brown both sides. Serve with buttered or creamed vegetables. Makes 6 servings.

## Pimiento Tricks Brighten Vegetables

By BETTY BARCLAY

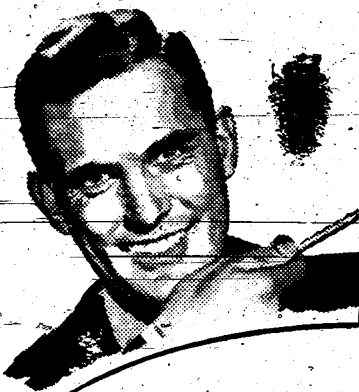

Whole canned pimientos can be the quick-and-easy means of "dressing up" many ordinary dishes. Their mild, spicy flavor and vivid color will vary the monotony of your family's favorite vegetables and give them pretty airs worthy of special luncheons or dinner parties.

Try chopping pimientos into the peas, beans or lima beans. Or dice them into the white sauce for cheerful vegetable casseroles. Use a cookie cutter to shape leaves or flowers for especially festive garnishes that will add piquance to cauliflower, turnips and potato dishes.

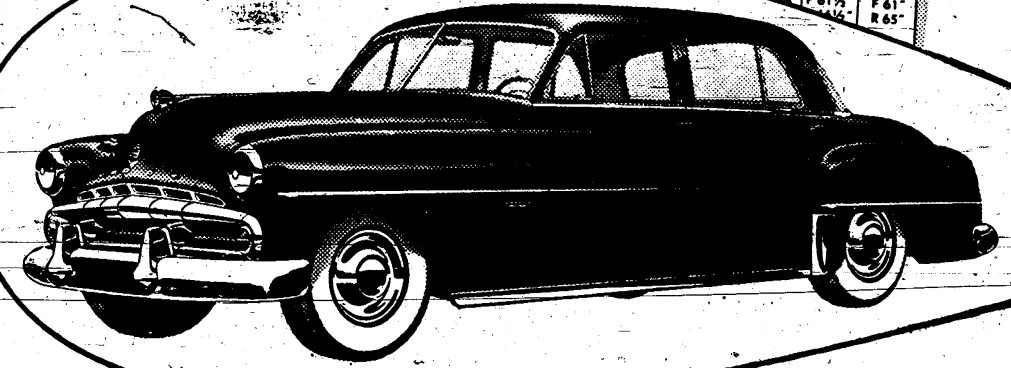

### Pimiento Party Beans

1 package frozen lima beans  
1 4-oz. can or jar whole pimientos  
1 7-oz. can mushrooms  
2 tablespoons butter  
1 small onion, minced  
Salt, pepper  
Boil lima beans in 1 cup salted water ten minutes. Saute minced onion in butter, add mushrooms and liquid, and add to lima beans. Boil gently for another five minutes, season with salt and pepper. Garnish with leaves or other shapes cut from whole canned pimientos with the aid of a cookie cutter.

**Around the County With the 4-H**

How close did we come to our goal of 600 4-H members? Well, with three more days to go, we now have reached a total of 450 different 4-H members enrolled in winter 4-H Clubs. Last year a total of 361 members enrolled, therefore, I believe we have made a very substantial increase in our 4-H membership, and should have, from all directions, one of the largest and most successful years in 4-H club work in our county. There are a number of clubs that I know of, who still have not sent in their enrollments. I would like to remind them to get them in as soon as possible as the deadline is January 15, however, we will grant a few more days, if necessary. I anticipated a total enrollment of 500 different 4-H members. If this becomes true, it will mean that we have increased membership in 4-H winter clubs by 139 new members. This has been accomplished by the excellent cooperation given by all the 4-H leaders, parents, and members. My thanks to all for your support in helping us reach such a high enrollment.

comments on them and any other suggestions you may have for improving our 4-H program. If possible, would you try to have them in the office not later than January 22 as the 4-H council is meeting on this date and could take prompt action on your recommendations.

**Feeding News**

Government records show a tremendous waste in farm grains in 1951 due to poor feeding practices.

Since early last fall we have been advising local farmers to save home grown grain and buy **KELLOGG'S COMPLETE FEED AND CONCENTRATES** as well as **ATLAS MILL FEED** in order to have their own grains available later this year when prices would be higher for both purchased feeds and grains left in farm storages.

There is a **KELLOGG** plan for every feeding purpose... let us help you plan for more profit.

This is a national election year and if your confidence in this year's feeding program is backed by grain saving purchases, available farm grains will last until the next harvests are completed.

## Reorganization Planned

Because of overcrowded schools in Freedom township, the first steps were taken in the proposed consolidated school district for Freedom township. The electors of the Pleasant Lake school met at the school and voted on the annexation of nearby school districts with the vote 25 for and one vote against the proposal. The voting was limited to the general questioning of whether any annexation is desirable.

The school districts which are nearby and apparently are interested in the project are St. Thomas, with 14 pupils, Knubler with 12, Silver Lake with 20, Dresselhouse with 21 and the 36 pupils of the Pleasant Lake school. The Rogers Corners school of 28 and the Girbach school with eight pupils are apparently not interested.

Michigan law at present gives no specific statute in covering the organization of a consolidated school. The proposed project of Freedom township district has another interesting feature. Out of it may develop a building project at Pleasant Lake which will serve not only as a public rural school but as a community house for the Pleasant Lake area.

The school board at Pleasant Lake has already decided to build a two-room school building for between \$40,000 and \$50,000. The Freedom township board which has accumulated a bank balance of around

\$20,000 from sales tax refunds has discussed frequently the possibility of using the funds for a community school building project for the area. Several initiatory steps must be taken according to H. C. Thayer of County School Superintendent Julius Haab's office.

## Everett School News
