THURSDAY, APRIL 17, 1952 FIVE CENTS PER COPY \$2.50 PER YEAR IN ADVANCE

Area Farmers And Exchangites Meet

Manchester Exchangites and farmers of this area enjoyed Farmers' Night at the Emanuel church hall at which time John Merrifield, farm editor of WWJ was the guest speaker. Mr. Merrifield was introduced by toastmaster of the evening Franklin M. Reck, after a welcome by Exchange club president Walter Schaible. The farm editor stressed the important part which the farmer of today plays in soil conservation and that

farmers must look ahead and protect the soil if farming is to continue. He also noted that the farmer must pay his own way as he goes along rather than expect the government to supplement farm income.

George Merriman, local postmaster was the general chairman. William Strickland of Ann Arbor, state treasurer of the Exchange club and Mr. Joe Warner, Dean of the House of Representatives from Lansing were among the guests.

Another speaker of the evening was Dr. Lee Davisson, State Veterinarian, formerly of Manchester. He spoke on anthrax, cattle and swine disease which has been located on farms in nearby counties. He urged all farmers having livestock appearing sick to report same to local veterinarian or to him. He explained the speed with which the disease develops and said that it is communicable to all types of animals and humans, that it is a spore and not a germ and has to be treated as such. Mentioning destruction of affected animals by burning as one of the best methods of destruction he noted that if an animal which died of the disease be buried—but not deep enough—an earth worm which could come in contact with the carcass and later be eaten by a chicken or other animal could produce anthrax again in that animal.

Seventy-eight attended the meeting. Fred Valle of Detroit furnished the entertainment by impersonating instruments.

Washtenaw County Federation To Meet At Dexter

The thirty-sixth convention of Women's Clubs will be held at Dexter on Monday, April 21, at the Methodist church at 1 a. m. with the Dexter Woman's Club and the Child Study Club as the hostesses.

Mrs. Robert Lyndon of the Woman's Club of Dexter is the general chairman in charge of arrangements for the annual luncheon which will be held at 12:30 p. m. Mrs. Meredith Bixby of Saline, president of the County Federation will open the convention at 10:15 a. m. A salute to the colors will be given by Mrs. Earl Savory, president of the Dexter Child Study Club. Mrs. Mavis Kenny, president of the Dexter Woman's Club and vice-president of the County Federation will give the address of welcome. The response will be given by Mrs. Luther Lawyer, president-elect of Milan's Woman's Club.

Program for the convention is under the direction of the American Home Department of the County Federation. Mrs. Horace Campbell of Ann Arbor, who is chairman of the American Home Department will present Miss Barbara Holland of Dearborn, who is director of the Mill Lake Camp for boys and girls, which is located near Dexter. She will speak on camping. Reservations for the luncheon should be made to Mrs. Lyndon the general chairman.

Mrs. Bixby has called a board meeting for 9:30 a. m. at the Methodist church prior to the convention.

Joyce Tirb was selected to go to Girls State in June.

Elisabeth Grossman reported on the Poppy Day arrangements which seem to be progressing satisfactorily.

At the time of the meeting the Community Service Committee reported that all the hospital beds were in use. However there is one wheel chair available. It was decided to purchase another hospital bed with the revenue derived from the magazine drive.

A request was received from the various veterans hospitals. The Michigan Veterans Facility is in need of small articles for the patients such as playing cards, writing paper, stamps, pipes, cigarettes, games of all kinds and so forth. The Auxiliary members are asked to bring an article, either used in good condition or new, for

Continued on page 8

The Proposal

Six Lettermen On Baseball Team

Cocher Larry Soldan's Manchester high school baseball team opens its bid for the League of the Lakes pennant with only six lettermen on the roster.

Soldan has three tested pitchers in Bill Aiken, Jim Kroske and Bob Rhee—all right-handers. Catching may be one of the weak departments where Soldan will count on Bill Bross a 200-pounder, and Les Landwehr, a 190-pound junior. Both lack experience.

Lloyd Ahrens returns to his first base post as does Jerry Fennell at second. Behind Fennell is sophomore Bill Walkowiak, Stan Buss, a senior Dick Kensler at shortstop. Jerry Troiz rates back of Kensler at short.

Soldan has six outfield candidates, but there isn't a varsity turn-out in the group. They are Jerry Schlicht, Len Scheid, Don Van Etten, Doug Brown, Harold Dresch and Fritz Stevens. The latter four are all freshmen.

Mrs. Helen M. Tewes To Speak At PTA

The Manchester PTA meeting will be held next Monday evening at which time Mrs. Helen M. Tewes, specialist on the young child, who has also taught in teacher-training programs at Plymouth Teachers College in New

Mrs. Helen M. Tewes

Hampshire, will be the guest speaker. She was second grade supervisor in the University Elementary school for two years. After an absence of a year she has returned to the University of Michigan and is doing substitute teaching in the Elementary school, together with graduate study towards a doctorate degree.

She is a graduate of Kent State University, Kent, Ohio, and also holds a master's degree from Columbia University.

Because of her keen interest in parent education, Mrs. Tewes was invited to attend the training course sponsored by the National Congress of Parents and Teachers at Northwestern University during the summer of 1946. She was chairman of the Home and Family committee of the Michigan Congress of Parents and Teachers in 1948.

Mrs. H. P. Eames is program chairman for the PTA meeting which will begin at 8 p. m. at the high school. Arthur Cathey will sing several selections as a part of the program.

Scientific Sessions To Be Held April 17-20

For the third consecutive year heart research which has been made possible through the financial support of the Michigan Heart Association will be presented at the 28th Annual Meeting and 25th Scientific Sessions of the American Heart Association to be held in Cleveland, April 17 through April 20. F. Janney Smith, M.D., Detroit, President of the Michigan Heart Association, announced today.

The Scientific Sessions, conducted for a quarter of a century, have become one of the nation's outstanding medical scientific events, attracting medical doctors and research investigators from every section of the United States and Canada.

The reporting to the Scientific Sessions on heart research sponsored by the Michigan Heart Association, Dr. Smith said, "indicates that this vital work is of nationwide attention. The research to be reported upon is concerned with a type of heart disease known as beriberi heart disease which is detected in certain persons whose diets do not contain sufficient vitamin B-1."

Harper K. Hellems, M.D., Henry S. M. Uhl, M.D., Lloyd T. Iseri, M.D., George O. Clifford. (Continued on page 8)

Consumers To Ask For Rate Hike

Consumers Power Company will ask for a gross increase of \$5,800,000 a year in the gas rate hearing scheduled to begin April 28 before the Michigan Public Service Commission, it was announced today.

Dan E. Karn, president of Consumers, said the proposed new rates would represent an average increase of about 16 percent and "leave the cost of gas to our customers generally below competitive fuel."

Officials of Consumers serving cities served with gas by the Company to discuss the rise in costs and explain the proposed increase.

Increases amounting to \$6,455,000 in four items of annual cost were cited by Mr. Karn as indicating how Company expenses have risen since the present rates were established in 1949. Natural gas supplied by the Panhandle Eastern Pipe Line Company will cost \$4,200,000 more under Panhandle's new rate schedule, he said. The Gas Department portion of the Company's Federal income tax is up \$1,240,000. Gas Department payrolls are \$775,000 higher, and there has been an increase of \$240,000 in the Gas Department portion of the Michigan corporation franchise fee.

The Gas Department earnings amounted to \$4,145,000 in 1951. "Based on the present cost of gas for the entire year, it is estimated that, despite increased sales and the expenditure in 1952 of \$12,900,000 for Gas Department additions, earnings would drop to

Red Cross Reaches Goal Of \$1000 In Drive

Spring Party For Extension District 5 To Be Held Here

Extension members of District No. 5 will hold their annual Spring party on Tuesday, April 22 at the Emanuel Evangelical and Reformed Church here beginning with a potluck dinner at noon. District 5 is one of the six extension divisions in Washtenaw County. Extension groups plan to take part in the annual spring party at Beacon Light, Freedom, Iron Creek, Manchester, North Sharon, Rowes Corners, S. Bridgewater and W. Bridgewater. Arranging for the affair are the Mesdames Floyd Proctor and Everett Stockwell. Mrs. Proctor's two year term as senior representative of the 5th district will expire at this time. Laws governing the term of office of representatives of districts indicate that officers can hold terms for only two successive year terms. Each group may present a candidate for nomination at the spring party. Candidate must be either a past or present project leader, according to a report from the Extension office.

Mrs. Anna E. Brown, Home Demonstration Agent for Washtenaw County, is expected to be present at the meeting. Each of the nine Extension groups plans to take an active part in the afternoon program and each group will bring an exhibit of some completed lesson which they worked on during the year.

Honor Student At Michigan State

Wilma Jean Stark is one of the students receiving all "A's" at Michigan State College for the winter term out of a total basic college enrollment of more than 6,000. Wilma is preparing to be an elementary teacher. This is her first year at Michigan State College. She was salutatorian at Manchester high school in the class of '51 and is the daughter of Mr. and Mrs. William Stark of Ann Arbor.

Fined For Overload

Larry Pepper of Manchester was assessed fines and costs totaling \$124 after pleading guilty in municipal court last Thursday to driving an overloaded truck. Sheriff's officers arrested Pepper while driving over a Manchester township road with a 2,730 pound overload of milk.

Final Reports Show Total Of \$1102.37 Reached

Vandenberg Opens Active Campaign

Lieutenant Governor William C. Vandenberg will be honored at a banquet in his home town of Holland the evening of Monday, April 21, as he opens his active campaign for the Republican nomination for Governor.

William C. Vandenberg

Vandenberg has long been active in community affairs, and was awarded a plaque by the City Government of Holland and the Chamber of Commerce in recognition of his devoted interest and effective services to the community.

As presiding officer of the State Senate, Lieutenant Governor Vandenberg was occupied in Lansing until the legislature adjourned last week. He said he plans to express his views and meet the people of every section of the state, between now and the primary election.

The Republican candidate declared there must be a complete change, if the people of the state and nation are to be protected against socialized control of business, labor and agriculture and collapse of purchasing power.

"Our Government, in both Michigan and the Nation, has fallen into the hands of political playboys. They are not the type of men you would choose as guardians of your own affairs," Vandenberg stated. "I am gravely concerned, because I think it would be shameful to let political dilettantes tear down the fine republic constructed by builders and workers and statesmen."

"Honesty and unwavering fairness to ALL the people are the things most needed in present day affairs. Those who enter public life so they may enjoy a political frolic, at your expense, should find their fun elsewhere, at their own expense."

Girl Scouts To Hold Court Of Awards

Manchester Girl Scouts will hold a court of awards and tea on Sunday afternoon, April 27, at 3 o'clock at the high school auditorium. Parents and families of the girls will be the guests.

New council members for the scout troops include Mrs. James Pratt, Mrs. Franklin M. Reck, Miss Linda Knorpp, Mrs. Harold Strayer and Mr. and Mrs. Marvin Oates. Council members continuing from last year are Mrs. Sydney Leeman, Mrs. Lynn Burch, Mrs. Royal Davidter, Mrs. Jean Wheeler, Mrs. LeRoy Heimendinger, Miss Marie Schneider and Mrs. Paul Kappler.

At the Girl Scout troop leaders meeting at the home of Mrs. Paul Kappler on Wednesday evening plans were made for decorating the girl scout room. It was decided to carry on some sort of activity during the summer months.

It was announced that there are some fifty girl scouts and brownies in various troops in the village and at the present time there are two troops—one brownies and one of scouts—which cannot be registered because of lack of leaders.

The Main Street

On this bright, sunny afternoon we are pleased to see that the Main street is getting a spring housecleaning—and by the pile of dirt on the village truck we guess it needed it. Anyway this is the weather that makes us think of cleaning the place up just a little.

Seems, that last week we omitted the name of Ronald Jenter when we listed the local volunteer fire department. No offense, Ronnie, the name was overlooked.

The American Legion Auxiliary urges its members to bring articles such as playing cards, writing paper, stamps, pipes, games of all kinds, puzzles, toilet articles, etc. to the next meeting. The articles will be sent to various Veterans hospitals in this area. In some instances these articles need not be new. For further information contact the president, Yvonne Huber.

And speaking of spring—we over at school seems like up is the time when the girls do the treating—they invite the boys—yes, and pay the bills. This change of events will take place Wednesday, Thursday and Friday of next week—ending with the Doe-C-Doe Dance at the high school, which is for the public and is sponsored by the sophomore class. Leonard Schied, Patsy Snyder, Jo Miller and Melvin Lamb are on the committee. Mrs. Robert Crandall is the sponsor and music is furnished by the "Questioners."

The Future Farmers of America and their instructor Robert Crandall journeyed out to the Cathey Hatcher to make an inspection tour of the newly decorated place. Seems that instead of black celotex walls the hatchery boasts of a new coat of white paint.

You know a person can certainly see a variety of sights traveling around town but this is, we think a bit unusual. On Wednesday the Alger Clarks were using their clothesline—but not for clothes. Nope, they had three red fox hanging on the line. Seems their son, Allen Clark had trapped them down near Clinton. Not bad—the bounty on them we understand is five dollars apiece.

Ruth Wurster, who has been clerking at the Manchester Drug Store has been called back to work at the Ford Motor Co. plant here.

Mrs. Hugh Conser received quite a thrill last Friday when she received a corsage of five orchids from her son Pvt. Hugh Conser stationed at Schofield Barracks, Hawaii.

Arthur Jenter is missing from the Main Street this week. He underwent an operation at Mercy hospital at Jackson last Saturday but is improving very satisfactorily.

Bob Spence In West To Buy Horses For Rodeo

Bob Spence left April 8th for Arkansas, Texas and Oklahoma where he is buying rodeo stock for this summer's show. He plans to bring back Brahma calves for calf roping, steer decorating and steer riding. He also expects to bring back a load of Quarter Horses.

These cattle and horses will be used for the first time in a rodeo at the Hoot 'n Holler Ranch Rodeo on May 25th.

Richard Spaford is back at work at the Federal Screw Plant at Chelsea after having his tonsils removed at the Tecumseh hospital.

Manchester's Red Cross Drive at \$1,000 for the village of Manchester, the local drive chairman, Mrs. Alvin Clark, reports that a total of \$1,102.37 has been collected, which is more than fifty dollars over last year's drive. Mrs. Clark expressed thanks in particular to the Boy and Girl Scouts for their help soliciting in the drive and to their leaders, Mr. and Mrs. Paul Kappler, for their assistance, and to Eunice Nichols who represented the senior scouts in the campaign.

Businessmen working in the drive were Harold Alexander, Waldo Marx, F. C. Huber and Alvin Clark.

In Sharon Township Mrs. Raymond Jacob reported \$208.45 over \$187.75 for last year. Working with her were Mrs. Herbert Kenner, Mrs. Russell Fuller, Mrs. Ed Schumm, Mrs. Elmer Mayer, Mrs. Walter Frey, Mrs. Arthur Strahe and Mrs. Reuber Heselachwerdt.

In Freedom Township Mrs. Alton Gehring reported \$180.25; last year the drive netted \$206. Assisting were Miss Florence Haeussler, Mrs. Gustaf Larson, Mrs. William Stark, Mrs. Walter Loeffler, Mrs. Arthur Schoof, Miss Joyce Wright, Mrs. Theodore Kuhl, Mrs. R. N. Wenker, Mrs. Walter Heiber, Alton Finkbeiner.

In Bridgewater Mrs. Don Mackintosh reported \$209.75 and last year the total in the township was \$253.50. Helping were Geo. Bersuder, Mrs. James Pratt, Mrs. William Ahron, Jr., Mrs. L. Couture, Mrs. Valentine Zick, Mrs. Lawrence Tirb, Mrs. Floyd O'Dell, Mrs. Marvin Breitenwischer and Mrs. Linden Luckhard.

In Manchester Township chairman Mrs. Clayton Farr reported \$185 this year over \$149 last year. Helping her were Rev. Alvin Brazeo, Mrs. Martin Keasel, Mrs. William Prescott, Ora Hand, Mrs. Malcolm Billings and Mrs. Ray Johnson.

To date in Washtenaw County, the chairman Ira Smith the total collected is \$64,840 over \$59,380 of a year ago.

Others assisting Mrs. Clark on the local drive were Mrs. Walter Kommer, Mrs. Helen Hughes, Mrs. Larry Soldan, Mrs. Kenneth Fry, Mrs. Clarence Schable, Mrs. Sam Breitenwischer, Mrs. Charles Miller, Mrs. Thomas Walton, Mrs. J. R. Jones, Mrs. Frank Spaford, Mrs. LeRoy Heimendinger, Mrs. Jean Wheeler, Mrs. Frank Tirb, Mrs. Fred Kuhl, Mrs. Lawrence Paul, Mrs. Basil Schwab, Mrs. Lee Allen, Mrs. Royal Davidter, Mrs. George Nichols, Mrs. Hilma Bunney, and Miss Ella Kaenkaup.

County Included In 64 New TV Stations Proposed For State

Washtenaw County can look forward to its own television on two stations which may be built under a plan of the Federal Communications Commission, in Ann Arbor.

The FCC plan, which has just been adopted calls for 64 new stations in Michigan. Most of them will operate in the Ultra-High Frequency range, which is an untapped section of the radio spectrum. Use of this UHF band and expansion of the present Very High Frequency service should eventually permit nearly 2,000 new television stations in every section of the nation. The 108 television stations now operating in the United States are in the VHF range.

"The adoption of the UHF plan in conjunction with the expansion of VHF means the beginning of a truly nationwide television service, with visual entertainment and education brought to remote areas miles from the nearest cities," stated Dr. C. B. Joffiffe, vice president and technical director of the Radio Corporation of America, which pioneered the development of UHF television. "We are ready to build the transmitting and receiving equipment to bring about this national television service."

When new stations are built, home television receivers will follow quickly, judging from the experience of present television. (Continued on Page 8)

GOV. WILLIAMS

REPORTS TO THE PEOPLE

By G. Mennen Williams
Governor of Michigan

LANSING—This week I will sign the Trucks Bill, technically known as the Michigan Communist Control Act.

This new law bars the Communist Party from the Michigan ballot. It also prohibits Communists on public payrolls, and requires all Communist Party members to register with the State Police every year.

Like most Americans I regret the circumstances which make it necessary to pass such legislation. But I believe the events of the last few years have convinced most thinking citizens that the Communist Party is not a political party in the American and democratic sense of the word.

It's a conspiracy against our liberties, government and our way of life. It's a conspiracy in the interests of a foreign power whose weapons are now killing our sons in Korea.

DANGER: These facts add up to unmistakable evidence of clear and present Communist danger to our country—a danger against which we have a right to protect ourselves by law.

The Trucks bill does not make it a crime to be a member of the Communist Party. But it does make it a crime to be a Communist and sail under false colors, pretending to be something else. It requires Communists to identify themselves as such.

This new law may not be the best way to deal with this problem. We are still feeling our way along in this unpleasant and unfamiliar business of identifying and neutralizing internal enemies.

But all things considered, I believe the Trucks bill is not an unreasonable effort to meet the current threat.

REAL ANSWER: Let me hasten to add that such laws are not, and cannot be, the basic answer to the problem of Communism. Laws to protect against internal conspiracy and to act as a defensive necessity at this juncture. But we shall defeat Communism only by positive means.

We must make our democratic way of life more effective and live up more thoroughly to our own principles of the dignity of all human life. The real answer to Communism includes a greater measure of freedom and better living standards for every people all over the world.

The little people of the world are all trying to get what we have here—freedom, personal dignity, a real opportunity to live a decent living and the right to determine their own destiny.

The real answer to Communism is to help the rest of the world achieve these goals, to lead them along the path we have followed. Communism will be defeated when the human race becomes convinced that these goals CAN be attained by democracy, and CANNOT be attained by Communism.

SEX CRIME BILLS: I was glad to sign into law last week a set of bills designed to protect the public against sex crimes.

More than two years ago I established a Governor's Study Commission to work out such a plan. The chairman of the commission, the Hon. E. J. Connelley, secretary of the Michigan Bar Association, was their able leadership, the commission got the best possible advice and drew up a series of recommendations.

These recommendations were given to a joint legislative committee consisting of Senators Ryan, Diggs and Bryant and Representatives Carroll, Clements and Gibbs. Under the efficient guidance of these legislators, representing both political

parties, the program was translated into the legislation I signed last week.

Together, these bills establish an entirely new method of dealing with sexually deviated persons who constitute a danger to society.

YEAR TO LIFE: The key bill of this program amends the State's Penal Code defining a sex delinquent and permitting courts to sentence such offenders to indeterminate sentences of one year to life.

The idea of this is to base the time served not upon the degree of crime the offender has already committed, but upon the degree of danger he presents to society.

A sex offender convicted of a relatively minor crime may be a very serious threat to the public safety. This law will permit us to put such person under segregation and treatment BEFORE he kills some innocent victim. Under the old law we had to wait until AFTER he committed a serious crime to put him away for a long term.

SAFEGUARDS: Other bills provide safeguards for the rights of sex offenders sentenced to serve one year to life. In general such persons are to be given continuous treatment, and released when it is evident that they have ceased to be dangerous.

Every such prisoner is to get a psychiatric examination every six months while in a state institution. When the examination shows he has recovered from his deviation, the Parole Board may grant him freedom on parole, under strict supervision. If he violates parole he can be returned to the institution until a periodic examination shows him to be cured.

If parole is denied, the prisoner may appeal to the courts for a jury trial to determine whether he is still a sexually delinquent person. If a jury finds him to be no longer a danger to society the court will order him released.

The Parole Board may permanently discharge such a prisoner upon competent medical evidence that he is cured of his sexual delinquency.

With the enactment of these new laws to prevent sex crimes, Michigan takes national and international leadership in dealing with this problem. I say "international" because the report of the Governor's Study Commission on this problem has been favorably reviewed not only all over this country but in Europe as well.

MMPA Meets At Royal Oak

The ever-increasing importance of a farm cooperative in supplying the food needs of a great city was forcefully set forth at the recent meeting at Northwood Inn, Royal Oak, of 260 delegates representing more than 10,000 dairy farmer members of the Michigan Milk Producers Association in the Detroit area composed of 21 counties.

In his report to the delegates, Secretary, Marshall Howard F. Simmons pointed out that from an investment in transport equipment and other physical property of \$7,000 in 1940, Detroit members now have stations, plants and equipment valued at \$1,509,000. This rapid expansion of facilities has been necessitated by city dealers and distributors turning to the Association for receiving station and transportation services, which are rendered at lower cost than individual companies could pro-

THE AMERICAN WAY

Exposure

vide them for themselves.

From one tractor and tank trailer unit in 1935, the transport fleet of the Association now embraces 18 tractors and 31 tank trailers. In 1935 the miles traveled were 77,000 whereas last year 956,000 miles were covered and this year the mileage will be well over the million mark. Similarly, receiving stations have been increased from one outmoded building to eight thoroughly modern and well equipped stations, a fine new manufacturing plant and a maintenance garage servicing Association owned vehicles.

Mr. Simmons stated that today's freight rates are the same as they were in 1942, despite greatly increased costs of equipment, materials and labor. Station charges also have been maintained at the 1946 level but some must be sought from the O.P.A. due to a loss in today's inflation economy.

Production of milk in the Detroit area is running slightly ahead of last year despite farmers shipping milk to Detroit, due largely to better feeding and care of herds. With sales lagging in other lines of retailing, Sim-

mons stated that fluid milk consumption is holding close to last year's figure even in the face of considerable unemployment in Detroit.

Know Your America

The Legion believes there's no business like show business to whip communism.

To that end, 30 points in the state of Michigan are being mobilized to handle local details of

"Know Your America", a musical pageant sponsored by the Legion, which has its opening date at the Holland Tulip Festival May 16.

Local Legion posts will ask co-operation of Women's clubs, fraternal organizations, civic, service and religious organizations, and church groups in an indorsement of the production.

No admission charge will be made nor will there be any sort of commercialization or advertising connected with the production. Its sole aim is to sell Americanism to the general public.

Narrated by Dale McIntyre of Radio Station WJR of Detroit the hour and one-half show will depict some of the advances which have made our nation great.

In a flash-back to Revolutionary War Days, the pageant will progressively show how freedom of thinking, individual initiative and private enterprise added greatly in bringing about the strong USA as it exists today.

Actual demonstrations of mechanical inventions starting with the electric light and continuing through jet propulsion will be included in the production.

An accompanying exhibit will feature a pictorial review showing replicas of famous American Documents such as the Declaration of Independence and the Bill of Rights.

Climax to the production will be a short plea for a stronger American spirit by State Legion Commander Thomas Roumell of Dearborn.

Roumell stated that recent un-American activity hearings in Detroit reveal that there are still those within our midst who would sell the Land of Opportunity down the river.

The Legion feels that this production would graphically portray the advantages of the American Way of Life in dramatic form, thereby bringing about a re-awakening, a revival and a new surge of Americanism in spirit. That is the reason for the production.

Main vehicle of the traveling show will be an ultra-modern bus, the sides of which open out via means of hydraulic power and form a huge stage.

Special effects through means of music, short movie excerpts and

The Manchester Enterprise

FOREST FIRE SEASON

First few forest fire towermen now are at their observation posts and all primary towers usually are in operation by early April. Secondary towers normally are manned only during the peak of the fire season, summer and fall hazard periods. This year, for the first time, all primary towers will have two-way portable radios. Note the communications set on the back of the lookout climbing the tower ladder.

Ford Local To Elect New Officers

Members of Ford Local 891 will elect officers at the Ford plant on Friday, April 25th. On the ballot are: President, Theodore Roberts; vice-president, Delbert Tallman; Horace Robinson; secretary, Deslyn Krayer; treasurer, Anna W. Palmer unopposed.

One trustee to be elected for a three year term: Daniel Austin, Erwin Blumenauer, Hilma Bunney, El Lapham and William Warner. Charles Knauass, Jr. is running unopposed for sergeant at arms. Committee members (three to be elected): Harold Brisbin, Betty Dorance, Gaylord Knauass, Madelyne MacDonald, Horace Robinson and Robert Tasse.

That Feeling Of Importance

Recently I listened to the President of the United States read an address. It was a good speech! It clearly covered all points it was designed to cover. As I listened I was repeatedly reminded of a statement made by a noted psychologist who said: "Every thing you and I do springs from two motives: the sex urge and the desire to be important."

The theatre, the movies, and now television are advertising and magnifying sex-appeal as the leading urge in the social world. An actress who seeks a contract in Hollywood needs to be loaded with sex-appeal because that is what brings millions of dollars to the theatre box office.

Observers and social workers soon learn that the sex urge is the foundation of the social order and when this is perverted it becomes the most anti-social element with which they have to deal.

In the political world it is different. It is the craving for a "feeling of importance" that drives the politician. The Presidency of our great nation has become a booby-trap for the mad ambition of small men.

The President knows when he stands up to read a speech he will be watched and listened to by millions of people from coast to coast. That knowledge alone inflates his ego. It doesn't matter who writes the speech, the important point is that the President reads it.

We provide and man a yacht at a cost of six hundred thousand dollars (\$600,000.) a year so our President can cruise on the Potomac. We furnish a plane to fly him to his playground and back and to wherever he may choose to go. We furnish millions for him to distribute as patronage to party favorites, and also furnish fat political jobs for his political cronies. These and many other things tend to inflate our President's ego and swell his "feeling of importance." It also warps his judgment and aggravates his ambition to usurp power.

We Americans owe it to our Presidents to reduce these temptations and booby-traps. We should return to constitutional government from which we departed in our wild effort to go along with the Roosevelt Myth.

I have just finished reading "Mr. President" in April Reader's Digest. From it I learned that our country has been blessed for several years with a chief executive who possessed most of the virtues of honesty, sagacity, foresight, and intelligence. He says so himself. Of the many issues which have confronted him he frankly states that he has been right 90 percent of the time and leaves the impression that he firmly believes he has been right the other 10 percent of the time.

In view of the fact that history shows that few, if any, previous Presidents have been right more than 55 percent of the time, this remarkable book reveals the extent we have been blessed by Roosevelt's departure. The 12th chapter, 15th verse of Proverbs helps us understand this remarkable situation.

Years ago a wise statesman said: "True democracy will carry on an insistent search for those wisest and best, and will elevate them to posts of leadership and command."

Isn't it about time for us to nominate and elect men to Congress who will be more than rubber stamps? Statesmen who know the difference between our legislative and executive branch of government; who know that Congress has control of the purse and should decide how money is to be spent; who know that the government wasting our resources can be stopped; who know that Congress can and should put our President where he belongs and keep him there. In short why not elect statesmen instead of baby

Audubon Society Plans Field Trips In May

Washtenaw Audubon Society is planning the following field trips according to Mrs. Schwenkinger of Ann Arbor. All trips will start promptly from in front of the Rackham Building on the University campus. Members can bring their own cars if they like or transportation will be available for those without cars. Members are asked to wear old clothes, bring binoculars and bird guides. Most trips will not last more than two hours.

Starting time of the first field trip is 8 a. m., April 20, with the destination Pleasant Lake with Dr. H. W. Hann, the leader. The second trip is scheduled for April 27 at 8 a. m. with the destination the Arboretum under the direction of Dean Fisher. May 4th the field trip will be to Whitmore Lake with the starting time set at 7 a. m. with William Lunk in charge. May 11, 7 a. m. the starting time for the trip to Portage Marshes with O. T. Owe the leader. May 18 Cecil Kersting will lead the group on the field trip to Arboretum at 7 a. m. and on May 25th the group will study bird life at Highland Lake under the leadership of Dr. Andrew Berger, leaving the Rackham Building at 7 a. m.

Over 700 Exhibits In Achievement Display

One of the largest 4-H Spring Achievement exhibits in the 4-H history of Washtenaw county was set up in the Ann Arbor High School last Tuesday and Wednesday. Approximately 500 boys and girls exhibited 722 projects with 1930 different articles on display.

An over capacity crowd attended the evening program, which climaxed the two day event, in the Pategill Auditorium Wednesday night.

Betty Bradbury, 17, daughter of Mr. and Mrs. Clifford Bradbury of Dexter, won top honors of the county dress revue which highlighted the evening program. Betty as winner of the county dress revue will represent Washtenaw County clothing girls in the state contest held during 4-H Club Week, June 20 to July 3. Betty is a member of the Learning by Doing Club led by Mrs. Lewis Haselschwerdt and Mrs. Clarence Reddemann.

Rounding out the honor group were second place and alternate to Club Week, Barbara Kuhl, 17, daughter of Mr. and Mrs. Arthur Kuhl, Chelsea, and member of the Learning by Doing Club led by Mrs. Lewis Haselschwerdt and Mrs. Clarence Reddemann.

Complete Costumes: Doris Sanderson, Geddes Shamrocks Club, led by Mrs. Harvey Sanderson, Ann Arbor; Barbara Kuhl, Learning by Doing Club, led by Mrs. Lewis Haselschwerdt and Mrs. Clarence Reddemann, Chelsea; Janet Widmayer, Flying Fingers Club, led by Mrs. T. Riemenschneider, Grass Lake; Kathleen Widmayer, Flying Fingers Club, led by Mrs. T. Riemenschneider, Grass Lake; Mary Lou Sanderson, Geddes Shamrocks Club, led by Mrs. Harvey Sanderson, Ann Arbor.

Handicraft I: Robert Wiard, Stony Creek Woodcrafters, Ira Clow, Ypsilanti, leader; Robert Groeb, Champion 4-H Club, led by Duane Rogers, Saline; Dennis Gary, The Pleasant Woody Kilowatts, led by Andrew Luckhardt, Ann Arbor; Charles Kenner, Handicraft Club, led by Floyd Proctor, Grass Lake.

Club, winner of the Detroit Edison awards are as follows: First, Bridgewater Bees, led by Arnold Wild and Mrs. Lawrence Boettner of Bridgewater, second, Wood and Volt Club, led by Vernon Satterthwaite, Mrs. Walter Wolfgagn and Mrs. Kathleen Hatt, all of Chelsea; third, Champion 4-H Club led by Duane Rogers of Saline; fourth, Pleasant Woody Kilowatts, led by William Stark and Andrew Luckhardt of Ann Arbor.

Tractor Maintenance I: Eleanore Hieber, Saline Amateur Mechanics, John Layher, Saline, leader; Ronald Knapp, Darold McCalla, and Kenneth Zeeb, all of the Ann Arbor Tractor Club, led by Margaret McCalla, Ann Arbor; Donald Proctor, Chelsea Tractor Club, led by Forest Walz, Manchester.

Tractor Maintenance II: Leroy Buss, Robert Kothe, Flying Dutchmen, led by Lawrence Bristle, Clinton; Robert Groeb and Howard Braun, Saline Amateur Mechanics, led by John Layher, Saline; Robert Heller and Walter Beuerle, Jr., Chelsea Tractor Club, led by Forest Walz, Manchester.

Consumers Power Stockholders Meet At Jackson

Justin R. Whiting, Chairman of the Board, addressed a regional meeting of Consumers Power Company's stockholders in the County Building Auditorium, Jackson at 7:45 p. m. Monday, April 14.

Mr. Whiting reviewed the past year of company progress and expansion. A. J. Mayotte, secretary, reported on the annual meeting of the company held in Portland, Maine, April 8. Chairman of the regional meeting was Herman H. Koebel, Jackson Division, Manager.

After Mr. Whiting's talk, films dealing with important phases of the company's business were shown. Refreshments were served following the meeting.

Mr. Koebel said the Jackson meeting is one of 11 the company is holding in its outstate Michigan service area this month. Other cities in the regional program are Lansing, Muskegon, Battle Creek, Flint, Bay City, Birmingham, Grand Rapids, Saginaw, Kalamazoo and Traverse City.

Local Briefs

Mr. and Mrs. J. R. Jones of Detroit were Easter guests of Mr. and Mrs. Clarence Schaible and family.

Mr. and Mrs. Elwood Pniwski and family spent Sunday with her parents, Mr. and Mrs. Michael Janko.

Mrs. John Ronzo of Ann Arbor spent the weekend with her parents, Mr. and Mrs. Robert Schaible.

Mr. and Mrs. Carl Schaible visited friends at Napoleon, Ohio on Sunday.

Mr. and Mrs. Luther Klager entertained for their daughter Janice's confirmation. Guests were Mr. and Mrs. L. J. Fisher of Lansing, Mr. and Mrs. Robert Welsh and Billy and Judy of Bridgewater, Mrs. Helen Welsh also of Bridgewater, Miss Edith Dietle of Ann Arbor, Mr. and Mrs. Harold Dietle, Ed Dietle, Mrs. Marie Scheurer, and Edna Dietle all of Manchester.

Don Mackintosh and Joe Vargo of Detroit were Saturday dinner guests of Mr. and Mrs. Don Mackintosh and Hiram Martin.

New Anti-Epileptic Drug Announced

A new anti-epileptic compound was described today before the Federation of American Societies for Experimental Biology, now in its annual meeting. Dr. Ben King Harned of Lederle Laboratories, where the new drug was developed, read the paper.

According to the report, the drug has shown best results against the grand mal, or grand seizure, type of epilepsy. This drug is generally referred to as Hibicon or technically by its full name, Hibicon chloroethylphenamide.

Clinical tests at a number of hospitals and research centers show that the drug, which is administered orally, is well tolerated, and that it is effective in cases where other established anti-convulsants have failed.

Dr. Harned emphasized that Hibicon is a new compound, with a chemical nucleus never before used in the treatment of epilepsy. While its full possibilities are not yet known, it has shown great potential in treating several types of epilepsy.

Another recent paper on this new drug stated that a comparison of its action in a number of cases of epilepsy showed that its efficacy is of the same order as that of dilantin sodium, but that Hibicon could be tolerated without unpleasant side effects.

The drug was synthesized by a research team under the direction of Drs. J. H. Williams and Samuel Kushner. The Pharmacology team was under the direction of Drs. Harned and Raymond Cunningham, and clinical testing was conducted by Dr. J. M. Ruesegger.

Mr. and Mrs. Ed Steele, jr. and family were Sunday dinner guests of Mr. and Mrs. Ronald Jenter.

Ford Local To Elect New Officers

Members of Ford Local 891 will elect officers at the Ford plant on Friday, April 25th. On the ballot are: President, Theodore Roberts; vice-president, Delbert Tallman; Horace Robinson; secretary, Deslyn Krayer; treasurer, Anna W. Palmer unopposed.

One trustee to be elected for a three year term: Daniel Austin, Erwin Blumenauer, Hilma Bunney, El Lapham and William Warner. Charles Knauass, Jr. is running unopposed for sergeant at arms. Committee members (three to be elected): Harold Brisbin, Betty Dorance, Gaylord Knauass, Madelyne MacDonald, Horace Robinson and Robert Tasse.

State Conducting Two New National 4-H Awards Program

Two brand new national 4-H awards programs—Bread Demonstration and Entomology—are being conducted by Michigan for 1952.

The Bread Demonstration program broadens 4-H members to learn and to show others the skills involved in making breads, rolls and other baked foods, and their relation to family diets. Through demonstrations, the members develop poise, confidence, leadership and speaking ability, and by watching other demonstrators learn new ideas and methods. Awards in this program, which are provided by Standard Brands—line of honor medals for county champions, individual and team members, while each State winner, both individual and team, receives a \$20.00 U. S. Savings Bond.

In the Entomology program, 4-Hers learn about insect pests, and how to protect against destructive species to insure good crops, keep food free from insect contamination, and maintain healthful conditions in the home and community. The winner in each participating county receives a merit medal and the state champion is awarded a 17 jewel wrist watch provided by Hercules Powder Company. Also, educational trips to the national 4-H Club Congress in Chicago next November will be presented to twelve sectional winners, six of whom will be selected to receive a national award of a \$200 college scholarship each.

The programs are supervised by the Cooperative Extension Service. County Extension agents will furnish complete information.

Health Department Gives Advice On Insecticides

Now that spring has arrived with its promise of warm weather, the Health Department thought it might be helpful to discuss the health aspects of one of the better insecticides, Parathion.

Many farmers and fruit growers have had experience with this spray because of its increasing popularity. It might be well to review the precautionary measures necessary in its use.

Parathion is a highly effective insecticide but it is also highly dangerous to human beings. Thoughtless or careless handling of parathion liquid mixtures may cause serious illness or death. Skin contact with the liquid or with the dusts must not be permitted and breathing in the vapors, dusts, mists, aerosols or sprays containing it must be avoided. Parathion can, however, be handled safely if all precautions are strictly observed.

First—The most important precaution to follow in handling parathion is to avoid breathing in the vapors, dusts, mists, aerosols or sprays containing it. Always wear a respirator while handling parathion. The respirator should be of an approved type and fit the face without air leaks. No respirator can be effective if the filter is saturated. Names and addresses of suppliers can be obtained from your local or state health department.

Second—When using the spray mist during spraying. When spraying or dusting, consider wind direction. Where possible, work to windward. This means the spray or dust to drift away rather than toward you.

Third—While conducting field applications, either with dry dust or spray solutions, wear clean clothing including a cap, daily. Wear a hat, educational trips to the national 4-H Club Congress in Chicago next November will be presented to twelve sectional winners, six of whom will be selected to receive a national award of a \$200 college scholarship each.

The programs are supervised by the Cooperative Extension Service. County Extension agents will furnish complete information.

NJVGA is a sound, self-help program and I personally am grateful to the organizations and individuals who have developed it.

The Master of the National Garden Vegetable Contest, Dr. H. H. Newson, reaffirmed the resolution pledging assistance to NJVGA adopted at the last Grand convention.

Contest rules, it was emphasized, give full credit to gardening projects also entered in 4-H and FFA competitions.

Adult guidance for the contestants is provided by rural youth leaders on the local, state, regional and national adult advisory committee is Prof. Grant B. Snyder, head of the Department of Vegetable Production at the University of Massachusetts, Amherst, Mass.

Other NJVGA competitions open to those who enroll in the production-contest, are the state vegetable contest and a judging, grading and identification competition. These are also based on 4-H and FFA projects.

State winners in these two competitions, it was explained, are also eligible for national and awards presented by the W. A. Rorer Foundation and the Vegetable Growers' Association of America.

The state leader announced that eligible boys and girls can obtain enrollment cards and further information on the program from all NJVGA Junior and adult leaders, 4-H and FFA club leaders, and NJVGA National Headquarters, Amherst, Mass.

It is Further Ordered, That publication of a copy of this order each week for three successive weeks, previous to said day of hearing, in the Manchester Enterprise, a newspaper printed and circulated in said County.

Justice of Probate.

Mr. and Mrs. Fred Alber were dinner-guests of their daughter and husband, Mr. and Mrs. Harold Alexander and family, at their home, 1117 N. Main St., Manchester, Mich., on April 10-17-24.

LOCAL NEWS

Mr. and Mrs. Fred Alber were dinner-guests of their daughter and husband, Mr. and Mrs. Harold Alexander and family, at their home, 1117 N. Main St., Manchester, Mich., on April 10-17-24.

Mr. Allen Albert is a patient at the Tecumseh hospital where she was taken last Thursday.

Mrs. Oscar Bahmiller entertained at a birthday dinner for her husband on Easter Sunday. Guest were Mr. and Mrs. Albert Weinberg and Mr. and Mrs. E. J. Bahmiller of Chelsea, Mr. and Mrs. Albert Bahmiller of Grass Lake, Mr. and Mrs. Harry Bahmiller of East Lansing, Mr. and Mrs. Jerry Bahmiller and Mrs. Elaine Van Neusen, all of Ann Arbor.

Mr. and Mrs. William Schaffer were Easter Sunday dinner guests of Mrs. Christine Blosser.

Mrs. and Mrs. Ed Hayes of Manchester and Mrs. Thomas Iwanicki of East Lansing, were Sunday dinner guests of Mr. and Mrs. Clara Arnold.

LEGAL NOTICE

Order Appointing Time for Hearing Claims and Determining Same.

State of Michigan, The Probate Court for the County of Washtenaw.

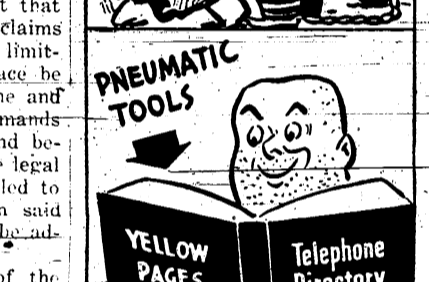

At a session of said Court, held at the Probate Office in the City of Ann Arbor, in said County, on the 24th day of April, 1952.

Present, Honorable Jay H. Payne, Judge of Probate.

It is the Matter of the Estate of Henry W. Sumpster, deceased.

It appearing to the Court that the time for presentation of claims against said deceased has expired, and that a time and place be appointed to receive, examine and adjust all claims—and demands against said deceased by and in favor of said Court; and that the legal heirs of said deceased entitled to subject the estate of which said deceased died seized should be adjudicated and determined.

It is Ordered, That all of the creditors of said deceased are required to present their claims in writing and under oath as provided by statute, to said Court at said Probate Office, and to serve a copy thereof on either by registered mail or by personal service, upon the following persons, to-wit: Clara Yungster Reck, the executrix of said estate whose address is 405 W. Main, Manchester, Michigan, on or before the 4th day of June, A. D. 1952; or on such other persons, said Court and place being hereby appointed for the hearing and adjustment of claims in favor of said deceased at the time of the death of said deceased and of those of which the deceased died seized.

Harvest is a breeze

with your own ALL-CROP Harvester

You're ready for each field, as soon as it ripens. You ride out in front, ahead of the dust and dirt. And your own two-play tractor provides the power you need. It's the easy, low-cost way to harvest every threshable crop.

Now is the time to buy equipment to beat both the weather and the labor shortage. Here's ALL-CROP Harvesters on hand. See us now and get the best.

Evening meetings on the first Wednesday in every month at 8 p. m.

Count ywide Program On Careers In Nursing

A program on nursing as a career is being launched in Washtenaw County by the Nurses' Association in cooperation with the Alumnae Association, the University of Michigan School of Nursing, St. Joseph's Mercy hospital, school of nursing, and several other organizations.

This is planned for eleventh and twelfth grade girls in all the schools of Washtenaw County. This is not only for girls who are already interested in nursing, but for all girls in these grades in order to acquaint them with the field of nursing as a career.

In past years, programs on nursing as a career have been held in individual high schools throughout the county on specified dates. The sponsoring organizations agreed this year that one central meeting would provide opportunity for a more outstanding program and more stimulating discussion. High school principals have agreed to this arrangement and advance registrations indicate a high degree of interest according to Julia Dupuy Smith, the committee officer in Nursing. All reservations are made through the individual high schools.

The date for the meeting is Thursday April 24th with a luncheon at the First Methodist church, 120 S. State Street, Ann Arbor.

The SNAPSHOT GUILD

Arbor. Welcome will be given by Mr. Nicholas Schreiber, principal of Ann Arbor High school. "Profile of a good Nurse" by a leading physician and a style show of nurses uniforms, caps, etc., and a short play by the Future Nurse Club of Ann Arbor High school.

The next meeting will be held on May 14th and refreshments will be served by Mrs. Florence Lowrey and her committee.

Capture the Easter Bunny With Your Camera

Now I don't suppose any of us are particularly excited about taking a picture of an Easter bunny—whether its twitching nose proves it much alive or its rainbow colors proclaim its artificiality. But when said Easter bunny comes into the picture in a secondary role, to serve as an object of interest for your favorite family, that's a very different matter. We've written frequently before about how much life your pictures gain when you give the child the right moment when the camera first spies the basket or nest that is his present.

I also want to remind you that Easter is a day filled with beautiful colors. So whether you make color slides or snapshot prints, do at least a part of your shooting with color film. You know, you can now get color film that will fit in the simplest of cameras—so there's no reason why you shouldn't record the joy of Easter in its natural hues.

—John van Gulder
