Local Department Responds To Country Fires

George Nollar of Sharon Hollow road, narrowly escaped serious injury and the loss of his tractor in a fire last Friday afternoon. The fire started from a spark from the tractor's battery which ignited a pan of gasoline which Nollar had placed on it while cleaning the radiator.

The flaming gasoline set Nollar's clothing afire when he tried to quench the tractor fire. With the aid of his son-in-law, Oscar Dillard, who brought carpeting to extinguish the flame, the two managed to put out the fire before the Manchester fire department arrived.

The fire department was called out again on Monday to the George Meister farm home at 15490 Below road when a chimney burned out and ignited the cornice of the house. Members of the family were able to extinguish the blaze before the arrival of the department.

Baccalaureate Sunday At Civic Auditorium

Band Practice To Begin June 1st

Plans are underway for the band to begin summer activities. R. C. Sortor, school band director, will again direct the band as a part of the summer recreation program. Mr. Sortor believes that there are enough players in Manchester to make a sizable band if all players will come out to practice.

He hopes that folks will not be bashful. If anyone plays an instrument, he asks that they come out and join the band. The larger and better the band the more fun there will be for everyone.

The first rehearsal will be held Monday evening, June 2nd, at 8:15 in the civic auditorium. It is very important that everyone who wishes to play should try to attend that first rehearsal as plans for the summer will be discussed and mapped out at that time.

Mr. and Mrs. Frank Brown left Saturday to spend a week at Passaic, New Jersey with her parents Mr. and Mrs. Michael Majowicz. While in the east Mr. Brown will attend television school at Emerson's Radio and Television Corporation at New York.

By Donna Sturdevant

On May 28, the Senior Class of 1952 will pay their last respects to their high school days. The thirty graduates chose as their motto, "TRY WE CAN, SUCCEED WE MUST". The class colors are blue and white and the class flower is the red rose.

The following is a tribute to each member of the Class of '52. THAT'S US, THE CLASS OF '52. Here's a little saying, About each classmate dear. We're the Class of '52 And graduation's very near. First there's Joyce and Sammie The leaders of our class. They've got top marks and ratings And anywhere they'll pass. Nancy Budnik is an artist by trade, If she keeps it up, her future is made. Peggy Snyder, of course, likes variety. Her activities show this as you can see— She's a redhead with freckles, the only one in our class. But Kay's tops with us and we're sure she'll pass. Bob E. has made a future plan, He'd like to be a Navy man. Dick has won honors in them all, Football, baseball and basketball. The principal's daughter, Audrey Weed, On many new plans, she'd plant the seed. Like Bob, Ronnie, too, Will soon be wearing Navy blue. Donna S. will leave us all so soon, For she'll be on her honeymoon. Guy Little is a professional lad, Arguing is his favorite fad. Janice Jenkins is quiet and still, Out of life she gets a thrill. Allen Clark is a nature boy, He traps and hunts just for joy. Clinton gave up a lot of his time To help our class along its climb. She typed and wrote for the Venture class. Arlene is quite a studious lass. Sleeping in school was Dave's favorite habit. I hope his end is not like the tortoise and rabbit. Let's think in the future of Marianne, "Try she will, Succeed she can." Dolores, have you set a date, To take Jim as your solemn mate? June has helped our class in a Continued on page 10

A History of Manchester's Class of 1952

In 1939, twenty slightly scared but proud kids started their first year in school. We really thought we were grown up because we were starting to school. Those twenty children were Ben Ford Calloway, Allean Clark, Raymond Dunny, Gerald Frey, Dolores Gonyer, Ronald Gonyer, Ellen Heselschwerdt, David Hopstead, Kathleen Eisenhauer, Dick Kensler, Jim Kroske, Mary Jane McGee, Joyce Schaible, Marlene Schill, Marianne Schook, Mary Ellen Schwab, Rosemary Scully, Ralph Shadley, Robert Shea and Audrey Weed. Miss Reany was our teacher. We all remember her as being a lot of fun.

The first six years went by very fast as we recall them. During that time, we lost a few and gained a few. Our teachers, Mrs. Kappeler, Miss Ackerson and Miss Stables were all very kind and very patient.

In the seventh grade we entered the high school. Now we were really grown up. We were going to school with the high school kids. That year we had a different teacher for each class—this was really different. There were twenty-three in the class and Miss Brewer was our class advisor. We also started looking to the future for we started to make money for our senior trip.

Norman B. Sulier Announces Candidacy

Norman B. Sulier of Erie, Michigan, announced his candidacy for the United States Congress today. He is from one of Michigan's oldest French pioneer families. Mr. Sulier will campaign on a Republican platform from the Second Congressional District of Michigan.

He was born on the family farm in Monroe county, December 22, 1875. He is the eighth member of a family of nine children, and his early education began in one room country school. He later attended Central High School in Toledo, Ohio. After graduation, he was admitted to St. John's University and graduated from the law school in 1909.

When war was declared, Mr. Sulier joined the Combat Engineers and was assigned to the Pacific Theater as an air field designer. He remained overseas until he was wounded in 1945. While in the Pacific Theater he made five beach-heads and built five air fields. He was wounded during the invasion of Okinawa. He then returned to the United States and remained at Walter Reed hospital in Washington, D. C. for several months. He received five combat medals, including the Purple Heart, and was honored at Walter Reed by the Secretary of War, Patterson, and the President of the United States for outstanding service.

While a patient at Walter Reed Mr. Sulier was asked by the Greek government to organize a program, which could be presented to an American bank requesting a loan. In 1946 this program was completed and a loan of \$25,000,000 was granted by the American Export and Import Bank. Mr. Sulier did not believe that such type loans should be granted by the Federal government during peace time. He believed that such a program would endanger local government and private enterprise. This program was abolished by the Truman Doctrine of 1947, which appropriated \$400,000,000 to Greece and Turkey as an aid against communism in those countries.

In 1946 Mr. Sulier became a close friend of Mahatma Gandhi of India and was honored in 1951 by the government for his help in opposing communism in Asia. He recently testified before the Michigan Legislature concerning subversive activity in education, at the request of the Legislature. Most recently he has been active in the Pacific Theater project on Lake Erie. He has suggested a plan which would protect property owners from Federal or other outside control, which might endanger the future rights of these citizens.

Mr. Sulier has also been working with farm-groups on a program, which would improve their production through local research groups, and increase their sales through better marketing. As a

Fred Alger To Tour County

Mr. Alger was born in Grosse Pointe, Michigan in 1907. He attended Milton Academy, Philadelphia and Harvard University. He was president of the varsity. After leaving Harvard Wayne County Precinct Organizer in the late 1920's, Alger was assistant to the Financial Advisor of the Polish Government from the 14th Congressional District in Poland. After returning to the United States, he became an officer and director of several private corporations.

Mr. Alger has been active in political circles for a number of years. He was president of the Wayne County Precinct Organization in the late 1920's, and was a member of the Financial Advisor of the Polish Government from the 14th Congressional District in Poland. After returning to the United States, he became an officer and director of several private corporations.

Silicones Are Versatile New Family

Women who wield a dustcloth can give thanks to industry for discovering the very versatile family of silicone compounds, and adapting a member of this family for use in a polish that beautifies furniture while it makes dusting easier.

Within the family of silicone compounds are members which do such practical and diverse things as waterproof fabric, keep eye glasses sparkling clean, weatherproof your house's face, and help your car give more satisfactory service.

In furniture polish, silicones do equally practical things. New non-oily silicone-polish makes surfaces so smooth that dust glides off at a touch of the cloth. It is easy to use, and more important, it makes fine finishes so long-lasting, you can see your image in them—because their beauty lasts and lasts—for months.

Expanding industrial uses of silicone compounds will touch your home big more and more in the future—and brightly—but there is no need to wait for easy dusting and furniture beauty. Non-oily silicone polish is available now in handy 10-ounce bottles at your grocery, hardware and department store.

Mr. and Mrs. Alger will be in Manchester from 2:30 P.M. to 3:15 P.M. Chelms at the office between 10:00 a. m. and 10:30 a. m.

Stops will be made at the Saline Hotel in Saline at 1:30 p. m. to 2:15 p. m. Huron Hotel in Ypsilanti from 10:45 to 11:45, luncheon at the Ann Arbor Club in Ann Arbor, Saline, the Carl Schauble Show Room

Early Opening Argued

Up and down Michigan trout streams on the opening weekend fishermen argued: Had the early opening on inland lakes taken some of the pressure off the trout streams? Or did you hold with the school that contended trout fishermen couldn't be wooed away from the bank of a long-awaited opening weekend?

From our own survey the opening day thrills looked just about as long and populous as ever, but that's not the real test. The next month will probably show slackening interest in trout because anglers will be diverted to lakes closer to home—at least that's the belief of our Conservation Department's fish division. And thus the terrific drain on Michigan trout will be somewhat relieved.

Put-And-Take Planting

Just how severe this drain has become can be dramatically demonstrated by the heavy planting program required to keep trout fishermen happy today. In our so-called "put-and-take" system, about 250,000 legal-sized trout are planted just before the season opens. The fish are well scattered over hundreds of miles of streams. Presumably large percentage of them are caught on the opening weekend and then they are sold to lake dies or east coast way.

Costly Project

It costs real money to hatch a trout, raise him to legal length, transport him from the hatcheries and release him in a stream that may be many miles away. The figure is said to be about 40¢ per fish. On a million-fish basis the bill is a little alarming—\$400,000.

Whatever fisheries experts think of the idea is another, here our fishermen apparently demand it. Reart operations like that, we think, are a necessary change, and we'll go back to nature's way of maintaining fish populations.

New Rules Point Way

Sometimes in the not too far distant future many of our best trout streams may be restricted to fly-fishing only. The new regulations for 1952 point the way. With fly-fishing only allowed in certain streams—and the limit cut to an adequate ten per day our elaborate and costly trout-planting program may gradually become unnecessary. The money saved may be spent more wisely on stream improvement necessary by erosion resulting from over-zealous lumber operations. That's where man can help nature. But when it comes to helping nature maintain trout population by raising and releasing a million fish a year, man fails to meet the challenge in more ways than one. If you don't believe it, compare the flavor of a hatchery-raised trout and one of Mother Nature's children of the stream! You'll be surprised!

Mort Neff's "Michigan Outdoors" television show may be seen every Thursday at 10:15 p.m. on stations WWJ-TV, Detroit and WJIM-TV, Lansing.

National Guard Announces Goal

Participation of every Guardsman in the 1952 field training goal of the Michigan National Guard was announced today by Brigadier General George C. Moran, the Adjutant General.

To assist in achieving that goal, General Moran today sent letters to the secretaries of Chambers of Commerce in all National Guard communities asking their assistance in promoting adequate military leave policies among local employers.

Michigan's own 46th Infantry Division and several attached units will train at Camp Grayling, the 200th AAA Gun Battalion of Massachusetts and the Upper Peninsula will train at Big Bay on the shore of Lake Superior. All units, totaling more than 7,500 soldiers and men, will be in camp from August 10 to 20.

It is vitally important to our nation's security that every National Guardsman possible receive the invaluable full-time training provided by summer camps. General Moran stated in his letters to secretaries of Chambers of Commerce:

"There is no substitute for this experience which rounds out the training taken in the armory during the year. Absenteeism on the part of a few Guardsmen can cripple the training activities of a unit which is geared to the skill of each Guardsman."

First commanders in all National Guard communities have been instructed to seek military leave for their men to help achieve full camp attendance. For the past five years attendance at field training has averaged more than 90 percent of strength. Individual Guardsmen will be urged to contact their commanders early to make arrangements for military leave.

Favorable military leave policies have already been established by many employers of Michigan National Guardsmen. Military leave with full pay in addition to regular vacations is granted by some employers. Others allow their guardsmen employees two weeks' military leave in addition to regular vacations and make up the difference between regular pay and Guard pay. Still others grant two weeks' military leave without pay in addition to regular vacations.

Giving Blood

One pint of blood for every day in the year was the recent donation of members of the City College of New York Reserve Officers Training Corps to the First Army's blood donor campaign. The ROTC students' 360 pints of blood represented donations from approximately 90 percent of the CCNY corps.

Class History

(Continued from page 1)

In the eighth grade Mr. Hazen was our class advisor. We made money and had parties.

Then we started high school. This was the day we had been waiting for! We had forty students with many new faces and many old ones. They were Helen

Brooks, Delise Bross, Nancy Budnik, Allen Clark, Raymond Dumny, Robert Eisenhauer, Kathleen Eisenhauer, Clinton Fisk, Gerald Frey, Arlene Fuller, William Ferguson, Delores Gonyer, Ronald Gonyer, Joan Guenther, Albert Haller, Ellen Heselschwerdt, Jan-

ice Jenkins, Richard Kensler, Verna Kothe, Jim Kroske, June Lannom, Guy Little, James Prescott, Stephen Sauers, Joyce Schaible, Duane Schiller, Marianne Schook, Joyce Schlicht, Jerrol Schlicht, Mary Ellen Schwab, Rose-mary Scully, Lloyd Snyder, Peggy Snyder, Donna Sturdevant, Gordon Taylor, Robert Truxal, Elaine Walz, Audrey Weed and Ernie Wright. Mr. Weed was our advisor and we took on money making projects to add more to our treasury.

In the tenth grade we had Mrs. King as our class advisor. During the year we lost James Prescott, Gordon Taylor, Robert Truxal and Earnie Wright and we gained Patricia Grindall. We had a box social and a concession at the Fair. Our big thrill was the receiving of

our class rings.

During our eleventh year we had Mrs. Queen as class advisor. We put on our play called "A Little Honey." We all had a lot of fun doing it. We also hired an orchestra and put on a St. Patrick's Day dance. We lost DeLisle Bross, Verna Kothe, Duane Schiller and Lloyd Snyder. We gained David Hopstead and Janet MacDougall.

Then came the senior year; it wasn't long now. We were the oldest pupils in school. We had many money making projects during this year. Among these was our play, "Everybody's Crazy Now."

We also cooperated with the Home Economics Club to sponsor the "Holly Hop" dance shortly before Christmas. We had several paper drives and numerous record dances, bake sales, a magazine drive, and sold Fair Booster tickets at the fair. Our class advisor was Mr. Strayer. We also decided where to go on our senior trip, had our pictures taken and ordered announcements and name cards.

Our class consists of William

Bross, Nancy Budnik, Helen Courtright, Kathleen Eisenhauer, Robert Eisenhauer, Clinton Fisk, Gerald Frey, Arlene Fuller, William Ferguson, Delores Gonyer, Ronald Gonyer, Patricia Grindall, Joan Guenther, Albert Haller, Ellen Heselschwerdt, David Hopstead, Janice Jenkins, Richard Kensler, June Lannom, Guy Little, Joyce Schaible, Joyce Schlicht, Jerrol Schlicht, Marianne Schook, Mary Ellen Schwab, Rosemary Scully, Peggy Snyder, Donna Sturdevant, Elaine Walz and Audrey Weed. These have been twelve happy years for all of us. We've all got our eyes on the future which we hope will be equally happy and prosperous.

Our class motto is "Strive we can Succeed we must."

Washtenaw County Employers Urged To Attend W.S.B. Clinic

A wage stabilization clinic will be held at Ann Arbor on

Monday evening, May 19 to acquaint Washtenaw County employers with the Wage Stabilization Board regulations. This is sponsored jointly by the Ann Arbor Chamber of Commerce and the Ypsilanti Board of Commerce at 7:30 p.m. in Room G at the Michigan Union.

This is among the first of a series of such meetings to be held throughout the state, the Ann Arbor clinic will give businessmen in Washtenaw County a chance to raise specific questions concerning their own wage problems.

Surveys conducted recently indicate that many employers are not complying with the regulations and penalties for failure to comply are severe. Other employers have hesitated to grant increases which were permissible without board approval for fear of violating the law. At the Monday meeting Washtenaw County businessmen will have an opportunity to find out just where they stand to learn what wage adjustments legally may be given and which may not, according to a report from the Wage Stabilization Board's Regional office at Detroit.

Registrations Ready For Camp Talahi

The young people of Emanuel are now getting ready for the various camps. Last year sixteen young folks from the church attended the different camps at Camp Talahi near Brighton. Registration blanks have been received and those who desire to go to camp may secure a card through Stanley Buss, chairman of the Emanuel Camp Committee, or Mrs. Birdella Flood, adult advisor of the Youth Fellowship.

The Auxiliary greatly appreciates the anonymous gift of five dollars for this project.

The American Legion Auxiliary will observe Poppy Day on May 23 and 24. All members who have not been contacted, but who are willing to sell poppies are asked to contact Mrs. Rolland Grossman. A number of articles were donated for boxes being prepared for the Michigan Veterans Facility at Grand Rapids and the American Legion Hospital at Battle Creek. The Auxiliary greatly appreciates the anonymous gift of five dollars for this project.

gift.

The guest speaker of the evening was D. G. Bachman, director of Washtenaw County Council of Veterans who spoke on the various functions of the Council. At the close of the meeting refreshments were served by Mrs. Frank Lowery, jr. and her committee.

number of ways. She'll be rewarded one of these days. They're waiting for soldiers to come home. Pat and Elaine never roam. Joan G. has friends by the score. We're sure in the future she'll have many more. Bill F. likes the ladies fair. If not with one he'll be with a pair. Always neat and sharp as a pin. Ellen H. is out to win. Rosemary and Joyce are suited to a tee. It's secretaries they want to be. "Better late than never," is true,

Gerald, it's you I'm talking to. Jerral and Bill stick together. Through sun and rain and stormy weather. Now last but not least before we go. Albert Haller, our president, was head of the show. Mr. Strayer has helped us through our final year of '52. He advised us on many things to do. And has proven kind and also true. Before we make a parting of the ways. On this particular day of days. We'd like to thank each one of you. That's us, The Class of '52. Thanks a million. The Seniors of 1952.

We will to the Freshmen our good looks and winning personality.
To the grades we will all our happy memories of good old M. H. S. and we've had a lot of them. We leave to the faculty and school board peace and quiet until the next class of peace-loving seniors.

Catheys Attend Meeting

The Ful-O-Pep dealers from Ohio, Michigan and Indiana gathered with executives of the Quaker Oats company at the spacious farm estate of the Anderson family near Maumee, Ohio, last Thursday in celebration of the opening of the new Anderson Farmers Corporation warehouse at Maumee and also to announce the opening of another mill by Quaker Oats at Lawrenceburg, Indiana, on the Ohio river just south of Cincinnati, Ohio.
The manager of the new mill, Jack Frost, was present along with midwestern managers, G. A. LeGros of Cedar Rapids, Iowa, and also Deny Dennerlein of "Man the Farm" radio show.
Mr. Frost explained that a complete line of Ful-O-Pep feeds will be manufactured at the Lawrenceburg mills.
After a delicious outdoor barbecue, the meeting closed with movies at the warehouse. Arthur Cathey represented the Cathey Hatchery at the meeting.

Short School Holds Baseball Record

Over seventy parents and children

of the district attended the picnic at the home of the teacher, Mrs. Erwin Haeussler on Sunday, May 18th.
The pupils beat their fathers at baseball.
Eighth grade pupils who will attend Manchester high school from the Short school are: Janice Schultz, Arthur Allan, Carl Buss, and Arthur Rolston. Mrs. Haeussler will teach again at the Short school next year.

Immunization Clinic Handles 217 Children

Over 5,000 Washtenaw county children have been served in the county-wide Immunization Clinic sponsored by the County Medical Society, the Health Department and the schools. Children served in Manchester by the clinic included 217 and out of that number 126 were vaccinated for smallpox, 184 for diphtheria-tetanus.
While pleased with the results, Dr. Bradley Harris, president of the County Medical Society, expressed concern for those children who remain unprotected. Immunization early in infancy in the office of the family physician, followed by booster shots in the school programs sponsored by the Society should provide 100 percent protection for all children according to Dr. Harris. Health Department records show a failure of some 20 to 30 percent in meeting this goal.
The tetanus and lockjaw shots received in the clinics will protect only those children who have previously received the complete series of inoculations. When the tetanus injections in the clinics is the only tetanus shot received, protection will not be achieved, according to Dr. Otto K. Engelke, Health Director of Washtenaw county, until two additional shots, administered at approximately one or two months intervals are obtained. The Health Department strongly urges that parents whose children have not previously been protected for tetanus, complete the series started in the school clinics, by taking their children to their

family physician for the necessary additional shots.
In Chelsea 261 children were vaccinated, 166 for smallpox and 210 for diphtheria-tetanus and 11 for all three. In Saline of the 290 vaccinated, 196 were for smallpox and 274 for diphtheria-tetanus and three for all three.
